COMMITTEE DAY

AGENDA

January 25, 2024
10:00 a.m.

90 Church Street, 4th Floor, Conference Rooms 4 A/B, NYC, 10007

I. COMMITTEE ON ESTABLISHMENT AND PROJECT REVIEW

Peter Robinson, Chair

A. Applications for Construction of Health Care Facilities/Agencies

Acute Care Services- Construction

Exhibit # 1

	<u>Number</u>	<u>Applicant/Facility</u>
1.	231308 C	New York-Presbyterian Westchester (Westchester County)
2.	231311 C	Samaritan Medical Center (Jefferson County)
3.	231332 C	NYU Langone Hospital-Long Island (Nassau County)
4.	231348 C	Long Island Community Hospital at NYU Langone Health (Suffolk County)

Cardiac Services - Construction

Exhibit #2

	<u>Number</u>	<u>Applicant/Facility</u>
1.	231326 C	Auburn Community Hospital (Cayuga County)
2.	231351 C	St. Charles Hospital (Suffolk County)

Diagnostic and Treatment Centers - Construction

Exhibit # 3

	<u>Number</u>	<u>Applicant/Facility</u>
1.	231261 C	Weill Cornell Imaging at New York Presbyterian (Kings County)
2.	231299 C	Weill Cornell Imaging at New York Presbyterian (New York County)
3.	232063 C	ODA Primary Health Care Network, Inc (Kings County)
4.	232124 C	Community Health Center of Richmond, Inc. (Richmond County)

B. Applications for Establishment and Construction of Health Care Facilities/Agencies

Ambulatory Surgery Centers - Establish/Construct

Exhibit # 4

	<u>Number</u>	<u>Applicant/Facility</u>
1.	222044 B	Sorin Ambulatory, LLC d/b/a Sorin Ambulatory Surgery Center (New York County)
2.	232088 E	Sheepshead Bay Surgery Center (Kings County)

Diagnostic and Treatment Centers - Establish/Construct

Exhibit # 5

	<u>Number</u>	<u>Applicant/Facility</u>
1.	231114 B	Prime MD Center, LLC (Nassau County)
2.	232080 B	ALEF Health Center LLC (Richmond County)
3.	232106 B	New York Healthcare and Wellness (Bronx County)
4.	232133 B	Namo Health Inc (New York County)

Dialysis Services - Establish/Construct

Exhibit # 6

	<u>Number</u>	<u>Applicant/Facility</u>
1.	231361 B	Tidal Home Dialysis (Kings County)

Residential Health Care Facilities - Establish/Construct

Exhibit # 7

	<u>Number</u>	<u>Applicant/Facility</u>
1.	202035 E	Hilaire Care Network LLC d/b/a Pine Forest Center for Rehabilitation and Healthcare (Suffolk County)
2.	222260 B	Oxford Nursing Home (Kings County)

Home Care Service Agency Licensures

Exhibit # 8

Changes of Ownership

- | | <u>Number</u> | <u>Applicant/Facility</u> |
|----|----------------------|---|
| 1. | 222103 E | Lincare Of New York, Inc.
(Geographical Service Area: Albany, Broome, Cayuga, Chemung, Chenango, Clinton, Columbia, Cortland, Delaware, Dutchess, Essex, Franklin, Fulton, Genesee, Greene, Hamilton, Herkimer, Jefferson, Lewis, Livingston, Madison, Monroe, Montgomery, Oneida, Onondaga, Ontario, Oswego, Otsego, Rensselaer, Saint Lawrence, Saratoga, Seneca, Schenectady, Schoharie, Schuyler, Steuben, Tioga, Tompkins, Ulster, Warren, Washington, Wayne, and Yates Counties) |

(Geographical Service Area: Ulster County) |

D. Certificates

Exhibit # 9

Certificate of Amendment of the Certificate of Incorporation

Applicant

Lake Shore Hospital Foundation, Inc.

Open Door Family Medical Center, Inc.

Certificate of Amendment of the Articles of Organization

Applicant

Pontiac Nursing Home, LLC

Restated Certificate of Incorporation

Applicant

The Guidance Center of Westchester, Inc.

II. ADJOURNMENT

****Agenda items may be called in an order that differs from above****

NEWYORK-PRESBYTERIAN WESTCHESTER HOSPITAL ARTICLE 28

NETWORK DESCRIPTION

The New York and Presbyterian Hospital (NYPH), an existing, not-for-profit corporation, has the following divisions:

- Columbia Presbyterian Center (1,022 beds) - 622 West 168th Street, New York (New York County), New York 10032
- Allen Hospital (196 beds)-5141 Broadway, New York (New York County), New York 10034
- New York Weill Cornell Center (744 beds)-525 East 68th Street, New York (New York County), New York 10021
- David H. Koch Center (135 beds)-1283 York Avenue, New York (New York County), New York 10065.
- Lower Manhattan Hospital (180 beds)- 170 William Street, New York (New York County), New York 10038
- Westchester Behavioral Health Center (247 beds) - 21 Bloomingdale Road, White Plains (Westchester County), New York 10605
- Westchester Hospital (288 beds)-55 Palmer Avenue, Bronxville (Westchester County), New York 10708
- Brooklyn Methodist Hospital (591 beds) – 506 Sixth Street, Brooklyn (Kings Count) New York, 11215

NYPH is the sole member and passive parent of NYP Community Programs, Inc. (NYPCP). NYPCP, formed in 2014, is the sole member, active parent and co-operator of New York-Presbyterian/Hudson Valley Hospital (128 beds) and New York-Presbyterian/Queens (535 beds).

Re: 202035 Hilaire Care Network LLC d/b/a The Woods Healthcare Estates

Date: January 16, 2024

Long Term Care Ombudsman Program Review:

The Office of the State Long Term Care Ombudsman has received and reviewed the application for change in ownership submitted by Hilaire Care Network LLC d/b/a The Woods Healthcare Estates. The proposed owners do not currently own or operate any facilities in New York State; therefore, the Office has no information to review for this application. Based on this, the Office has no objection to the approval of this application.

Re: 222260 Oxford Nursing Home

Date: January 16, 2024

Long Term Care Ombudsman Program Review:

The Office of the State Long Term Care Ombudsman has received and reviewed the application for change in ownership submitted by Oxford Nursing Home. The proposed owners currently own the subject facility, and the application is to transfer ownership interest from one deceased member to these two existing members. The Office has a quarterly presence in the facility. Based on the Office's review of any programmatic interactions and complaints received for this facility, the Office has no objection to the approval of this application.

Attachment C - Workforce Questions/Initiatives

1. What is the current availability of professional/paraprofessional workers to staff your program? Who are the competing employers? How do you propose to successfully compete? Include training, recruitment, and transportation strategies. How do you coordinate with the Department of Labor or any other local workforce initiatives?

RESPONSE:

This application involves the change of ownership of an existing, operational LHCSA, and there is no projected change to the LHCSA's existing staffing or services. The LHCSA provides Home Infusion Therapy delivered by Registered Nurses (RNs) to patients in their home. The medications and supplies for the IV therapy are provided by KabaFusion NY, which holds a New York pharmacy license and serves this population. Lincare employs RNs to perform these home visits. The LHCSA does not provide paraprofessional services and thus does not employ any paraprofessional staff, such as home health aides. All RNs are required to have reliable transportation and a valid driver's license. The RNs are reimbursed by Lincare for business use of their vehicle as well as travel time. The LHCSA's existing RNs perform all of the infusion visits for Lincare's existing patients, and Lincare does not need additional RNs or other staff at this time to continue to serve the LHCSA's existing patients.

The competing employers are Coram Healthcare, Option Care, Amerita, Optum and Upstate Homecare, which are other Infusion Pharmacies that employ nurses to provide IV therapy to patients in their home.

In June 2022, Coram Healthcare and Optum closed several offices in New York State, creating a deficiency of available pharmacies able to provide appropriate medications and nurses to provide home infusion services. Since those closures, the LHCSA's patient volume has more than doubled, and the LHCSA was able to hire and train additional qualified nurses and support staff to manage the increased volume of patients.

Notwithstanding the fact that the LHCSA does not need additional RNs or other staff at this time to serve its existing patients, the LHCSA continually seeks to upgrade its staff and hire RNs with excellent IV skills and at least two (2) years of experience as an RN, so that it can continue to provide highly-specialized home infusion services to its patients. The LHCSA and its proposed management company, KabaFusion, utilize a formal nursing orientation and ongoing training program. All employees attend comprehensive training sessions that address all of the policies and procedures, infection control, infusion therapies and equipment used. Local clinical competency training is also provided, whereby the RNs are trained to document clinical competency for procedures performed in the home such as vascular access device management, sterile IV dressing change, peripheral IV start skills, infusion pump competency and other items. Nurses then have supervised field visits to document that they perform all infusions and procedures correctly in the home.

2. What impact will the initiation/expansion of your program have on the workforce or other health care providers in the community? How will you minimize any adverse impact?

RESPONSE:

As stated above, this application involves an existing, operational LHCSA, and there is no projected change to the LHCSA's existing staffing or services. As such, the applicant does not expect to have any adverse impact on the workforce or other healthcare providers in the community as a result of this project.

3. What measures will you adopt to promote retention of specific categories of your workforce?

RESPONSE:

The LHCSA does not experience employee retention issues because it offers highly competitive compensation and benefit packages and provides excellent, ongoing training, professional development, and support. There will be no change to these benefits.

1. **What is the current availability of professional/paraprofessional workers to staff your program? Who are the competing employers? How do you propose to successfully compete? Include training, recruitment, and transportation strategies. How do you coordinate with the Department of Labor or any other local workforce initiatives?**

RESPONSE:

This application involves the change of ownership of an existing, operational LHCSA with two (2) branch locations in New York City and Rockland County. There is no projected change to the LHCSA's existing staffing or services. The LHCSA provides Home Infusion Therapy delivered by Registered Professional Nurses (RNs) to patients in their home. The medications and supplies for the IV therapy are provided by the LHCSA's affiliated pharmacy. The LHCSA does not provide paraprofessional services and thus does not employ any paraprofessional staff, such as home health aides. AOM offers full-time and per diem opportunities and provides nurses with mileage, parking, toll reimbursement and travel time as appropriate. The LHCSA's existing RNs perform all of the infusion visits for the Agency's existing patients, and AOM does not need additional RNs or other staff at this time to continue to serve the LHCSA's existing patients.

The competing employers are: Accredo; Amerita Specialty Infusion; Bioscrip Infusion Services; CVS Coram HealthCare; Focus RX Pharmacy Services Inc.; Infusion Options,

Inc.; Optum Infusion Services 100, Inc.; Option Care Health; Pentec Infusions of New York, LLC; Region Care Infusion; and Promptcare Home Infusion of New York LLC, which are other Infusion Pharmacies that employ nurses to provide IV therapy to patients in their home. Also, hospitals, nursing and assisted living facilities, who employ nurses, are AOM's competitors.

Notwithstanding the fact that the LHCSA does not need additional RNs or other staff at this time to serve its existing patients, the LHCSA continually seeks to upgrade its staff and hire RNs with excellent IV skills. The LHCSA utilizes a formal nursing orientation and ongoing training program. All employees attend comprehensive training sessions which address all of the policies and procedures, infection control, infusion therapies and equipment used. Local clinical competency training is also provided, whereby the RNs are trained to document clinical competency for procedures performed in the home such as antibiotics, parenteral nutrition, chronic inflammatory disease therapies and intravenous immunoglobulin therapy and other items. Each office currently employs approximately thirty field nurses to provide the home infusion services. At present the LHCSA does not coordinate employment efforts with the Department of Labor or local workforce initiatives since the LHCSA only hires registered nurses.

2. **What impact will the initiation/expansion of your program have on the workforce or other health care providers in the community? How will you minimize any adverse impact?**

RESPONSE:

As stated above, this application involves an existing, operational LHCSA, and there is no projected change to the LHCSA's existing staffing or services. AOM will continue to recruit new talent on an ongoing basis, and utilize existing contracted nursing agencies throughout the service areas to provide additional nursing support. Therefore the applicant does not believe that this application will have any impact on other nursing providers in our service areas.

3. **What measures will you adopt to promote retention of specific categories of your workforce?**

RESPONSE:

The LHCSA does not experience employee retention issues because it offers highly competitive compensation and benefit packages and provides excellent, ongoing training, professional development and support. There will be no change to these benefits. American Outcomes Management, LP has always enjoyed continued tenure of its employees. The field staff average tenure is at present 10.4 years. The LHCSA's internal staff average tenure is 12.1 years. AOM's reputation and the endorsement from field staff and patients have enabled the LHCSA to continue to recruit new talent. AOM plans to implement a more in-depth employee satisfaction survey process to elicit feedback from staff of all levels in order to continue recruiting the best candidates.

Attachment A - Workforce Improvement

What is the current availability of professional/paraprofessional workers to staff your program? Who are the competing employers? How do you propose to successfully compete? Include training, recruitment, and transportation strategies. How do you coordinate with the Department of Labor or any other local workforce initiatives?

Health Quest Home Care plans to utilize the existing staff at Hudson Valley CHHA. All staff will go through the regular screening, interviewing, and on-boarding process as all Health Quest Home Care and Nuvance Health new hires and if qualified, will be asked to join Health Quest Home Care. For new talent, recruiting efforts have included posting job openings on websites including organizational websites (Nuvance Health), Indeed, Glassdoor, and LinkedIn, as well as hosting career fairs when appropriate. When necessary, a third-party recruitment company is used to help recruit PTs and RNs. In order to attract talent, Nuvance Health and Health Quest Home Care offer competitive compensation and comprehensive benefits including medical, dental and vision benefits, as well as supplemental benefits such as generous paid time off, a wellness program that supports personal health and well-being, 401k matching, and tuition reimbursement opportunities. Nuvance Health has also developed a generous Employee (Talent) Referral Program, pursuant to which referring employees receive a bonus per referral of an eligible employee. There are sign-on bonuses for RNs, PTs, and home health aides in addition to the referral bonuses that go to current staff. For home health aides, there is an agreement with Attentive Care in Albany that trains/certifies individuals to become home health aides. Nuvance Health will hire candidates prior to the training, pay them an hourly work pay rate while going to school and pay the fee of their training program if there are interested applicants. This program can only run with six or more students, but recruitment would be expanded to look for applicants in both counties. Nuvance Health has also reached out to local colleges and the local BOCES to discuss initiating classes locally. Leaders have also presented at local colleges to raise awareness for open positions.

What impact will the initiation/expansion of your program have on the workforce of other health care providers in the community? How will you minimize any adverse impact?

There is expected to be no impact on the workforce of other providers in the community. As noted above, Health Quest Home Care plans to utilize the existing staff from Hudson Valley CHHA and staff currently working at Health Quest Home Care in Dutchess County may select to work in Ulster County.

What measures will you adopt to promote retention of specific categories of your workforce?

As noted above, Nuvance Health and Health Quest Home Care offer competitive compensation and comprehensive benefits including medical, dental and vision benefits, as well as supplemental benefits such as generous paid time off, a wellness program that supports personal health and well-being, 401k matching, and tuition reimbursement opportunities. Specifically at Health Quest Home Care, there are several programs in place to promote retention. There is a

large sign-on bonus for RNs and PTs spread out over the first year of employment. Staff can grow by becoming preceptors for new home care staff and promotion is always encouraged from within when leader positions open. Regular inperson "stay" interviews are conducted with staff to discuss what staff feel is working well and what may need additional attention. Managers are available to provide support to staff in the field and will co-visit a patient with staff when needed or when managing a complicated patient to provide additional guidance and mentorship. Staff are also provided with agency phones to avoid charges on their personal phones for work-related business. Additionally, as part of a large health system, home care staff can take advantage of any educational offering that the network is sponsoring, allowing them to keep up clinical competencies and learn new skills.

Attachment A - Workforce Improvement

What is the current availability of professional/paraprofessional workers to staff your program? Who are the competing employers? How do you propose to successfully compete? Include training, recruitment, and transportation strategies. How do you coordinate with the Department of Labor or any other local workforce initiatives?

The LHCSA has been operational for over twenty years and has enjoyed fantastic retention of employees, especially management level employees, due to its high-quality operations and generous compensation and benefits. In fact, the agency employs a number of individuals that have worked for the operator for over 10 years, and as many as 30 years! Even during the highly competitive labor market that emerged following COVID, the operator continues to be able to attract and retain employees to serve clients. Competing employers in the region are predominantly licensed long term care communities, other home care agencies and the local hospital, UPMC Chautauqua. After approval of this application, the operator will continue the past practices that have brought the agency success in recruiting and retaining employees. The agency currently coordinates with the Department of Labor and participates in interviews at the DOL as well as recruitment programs that have been restarted since the pandemic. The agency also collaborate with BOCES to recruit talent and conducts its own training through its approved training program.

What impact will the initiation/expansion of your program have on the workforce or other health care providers in the community? How will you minimize any adverse impact?

Approval of this application will not create an adverse impact on other health care providers in the community because it is simply the continuation of an operational agency. The agency has excellent linkages with other providers in the community and will continue to foster those relationships to avoid adverse impact.

What measures will you adopt to promote retention of specific categories of your workforce?

The agency has recently hired a Director of Training and team development. This position is aimed at maintaining the agency's excellent retention for line staff in particular, which is tracked quarterly. We find that when line staff is given the proper tools, including training, to succeed at their job duties, the result is excellent care and a satisfied employee who remains with the agency. We also continue to foster excellent leadership in our managerial staff, who support each other and also step up to fill needs as they arise. We also regularly promote from within and encourage staff who are interested to continue their training and education to empower them to move up in the organization.

Attachment A - Workforce Improvement

Availability of Professional/Paraprofessional Workers to Staff Program

This application involves the change in the ownership of an existing, operational LHCSA that provides nursing, home health aide and personal care aide services exclusively to residents of the affiliated ALP. An ACF Common Application to change the ownership structure of The New Village View SP LLC, an affiliated, certified (Operating Certificate No. 740-F-084), 80-bed Adult Home/Assisted Living Program (AH/ALP), located at 1 Grove Street, Highland (Ulster County), New York 12528, to align with the LHCSA will be submitted in the near future. Upon approval of the LHCSA and ACF Applications, the operating entity and membership structure will be identical for the LHCSA, AH and ALP. It is the intention of Ideal Care SP LLC to retain the professional/paraprofessional staff currently employed by the LHCSA.

Competing Employers and Strategy to Compete

Ideal Care SP LLC offers competitive wages and benefits, pathways toward career advancement, staff appreciation, and a strong education and resident care focus to retain and, when needed, recruit staff. There are five (5) licensed Adult Care Facilities (ACFs) in Ulster County. Valley Vista Adult Home and Assisted Living Program is the only facility located in close proximity to the applicant that includes Private Pay and Medicaid beds. Additionally, the applicant's market/competitive analysis has identified the following range of senior service providers (competing employers) in the service area: 99 LHCSAs; four (4) CHHAs; seven (7) RHCFS; and three (3) Hospitals. Recruitment – The applicant understands that every effort has to be made to ensure that all open positions are always visible, whether on the agency's website or on major job boards. Candidates will be able to apply via phone, text message, direct application, email and in person, ensuring that there are no barriers to applying for a position.

Training, Recruitment and Transportation Strategies

Training – Upon completion of the on-boarding process, the agency will provide all existing and new professional/paraprofessional staff with an orientation. The orientation will be conducted by a Licensed Registered Nurse with experience in the Homecare/Assisted Living field. Staff will also receive on-site training on the specific functions of their employment from individuals who have the experience and the relevant skill sets needed to help them thrive. In addition to orientation and on-site training, professional/paraprofessional staff will receive inservice throughout the year, covering topics such as patient rights, emergency preparedness, infection control, fall prevention, etc. The agency will also monitor trends and update in-service training based on the needs of The New Village View ALP residents. Transportation – The LHCSA will be located within the affiliated ALP, which is near the Metro- North trains and a major highway. This will provide the staff with the ability to easily commute.

Coordination with the Department of Labor and/or Other Local Workforce Initiatives

Utilizing available resources is an important part of ensuring that the LHCSA continues to employ qualified candidates to provide high-quality care to the ALP residents in accordance with their service plans. The agency intends to keep up to date with DOL hiring events and have ongoing communication with community partners. If the LHCSA requires new staff, it intends to work with various staffing agencies and on-line recruiters.

Impact on the Workforce or Other Health Care Providers in the Community and Minimize Any Adverse Impact

This application involves an existing, operational LHCSA, which solely provides nursing, home health and personal care aide services exclusively to the residents of the affiliated ALP and there is no projected change to the LHCSA's existing staff. Therefore, the applicant does not believe that this application will have any impact on other providers in the community.

Measures Promoting Retention of Specific Categories of Your Workforce

Appreciation – Ideal Care SP LLC will implement a monthly appreciation program to demonstrate staff appreciation.

Opportunity for skill development – A priority of the applicant is to ensure that employees who are excelling can build on their current skill set, gain exposure to industry trends and receive training to utilize any new and current technology.

Promotions – Employees who have demonstrated a desire to continue to work in the healthcare field and who are working above and beyond expectations will be elected to receive leadership roles where they can utilize their experience, while gaining increased exposure to learn about the industry. Employees who demonstrate these qualities will receive positive recognition from management for their efforts. Through these positive reinforcements, the staff will see a secure future in the organization and will want to stay and grow in the Ideal Care SP and The New Village View SP community.

Longevity benefits – Offering incentives to employees based on performance and longevity will highlight the value the applicant places on employees who remain with the organization. The applicant will implement a mandatory annual evaluation for every employee – This will create an opportunity for the supervisor to provide the staff members with positive feedback and provide tangible goals for the coming year. The aim is for each employee to feel recognized for his or her efforts. Additionally, the LHCSA maintains (and will enhance as needed) its operating policies and procedures in accordance with 10 New York Codes, Rules and Regulations (NYCRR), covering the following areas:

- Patient Rights;
- Patient Care;
- Service Delivery;
- Patient Assessment and Plan of Care;
- Medical Orders;
- Clinical Supervision;
- Patient Care Record;
- Governing Authority;
- Contracts;
- Personnel;
- Records and Reports;
- Quality Assurance; and
- Disaster and Emergency Preparedness.

Finally, Medicare Certified Special Services CHHA will continue to provide nursing assessments and other CHHA services to the ALP residents. Please refer to Section B Attachment for the CHHA agreement.
