Health Insurance  
Programs**

# **NY Medicaid EHR Incentive Program**

Eligible Professionals - Dentists  
2016 Meaningful Use Suggestions

January 2016

# Webinar Logistics

# Webinar Agenda

- Purpose
- Brief Overview of Program Requirements
- Modified Stage 2 Overview
  - Objectives & Measures
  - Public Health Reporting
  - Clinical Quality Measures
  - Suggestions for Dentists
- Closing Comments

# Purpose of this Webinar

# Purpose

**To provide guidance for dental EPs completing meaningful use**

## Dental-specific resources

- Webinar
- New Dental Provider Registration Welcome Email
- Tip Sheet

# Important Note

- This webinar is for guidance only
  - Dentists are not required to follow these suggestions exactly
  
- Details for the measures and exclusions of each objective are available [here](#)
  - Attend a [meaningful use webinar](#) for more information on meaningful use and patient volume reporting periods

# Brief Overview of Program Requirements

# Medicaid Patient Volume (MPV)

For each payment year, eligible professionals (EPs) must meet one of the following conditions:

**30% Medicaid patient volume**

**20% MPV for pediatricians**

- Two-thirds of the incentive payment

**Needy patient volume**

- Federally Qualified Health Center (FQHC)
- Rural Health Clinic (RHC)

# Medicaid Patient Volume (MPV)

The Medicaid patient volume must be a continuous 90-day period from either:

**Previous calendar year**

**Preceding 12 months from the date of attestation**

# EHR Reporting Period

- Reporting period for your meaningful use data
- Must be within the payment year

MU Completion	Reporting Period
EPs new to MU	90 days
All others	Full calendar year

# Modified Stage 2 – Overview and Suggestions for Dentists

# Legislation

2009

- HITECH Act

2010

- Stage 1 Final Rule

2012

- Stage 2 Final Rule

2014

- CEHRT Flexibility Final Rule

2015

- Stage 3 and Modifications to Meaningful Use in 2015 through 2017 Final Rule

# 2015-2017 MU Provisions

- Referred to as **Modified Stage 2**
- Effective December 15, 2015
- Removal of redundant, duplicative, and topped out measures
- Modifications to public health reporting requirements

## Modified Stage 2

EPs must attest to **10 Meaningful Use objectives:**

9 objectives (variation of threshold and activity)

1 Public Health Reporting objective

Additionally, EPs must report on **9 (of 64) Clinical Quality Measures.**

# Modified Stage 2 Objectives

- 1 Protect Patient Health Information
- 2 Clinical Decision Support
- 3 Computerized Provider Order Entry (CPOE)
- 4 Electronic Prescribing (eRx)
- 5 Health Information Exchange
- 6 Patient-Specific Education
- 7 Medication Reconciliation
- 8 Patient Electronic Access (VDT)
- 9 Secure Messaging
- 10 Public Health Reporting

# 1. Protect Patient Health Information

Measure	Exclusion	Suggestions – Dentists
Conduct or review a security risk analysis	None	Dentists must meet this measure – consult your EHR vendor if you have questions about completing this

## 2. Clinical Decision Support (Measure 1)

Measure	Exclusion	Suggestions – Dentists
1. Implement five (5) clinical decision support interventions related to four (4) or more clinical quality measures or high-priority health conditions	None	Use recommended CQMs as guidance or relate to high-priority dental conditions.

## 2. Clinical Decision Support (Measure 2)

Measure	Exclusion	Suggestions – Dentists
2. Enable drug-drug and drug allergy interaction checks for the entire EHR reporting period	Any EP who writes fewer than 100 medication orders during the EHR reporting period	<ul style="list-style-type: none"><li>➤ Consult your EHR vendor for assistance enabling this functionality</li><li>➤ Enter current medications during patient appointments</li></ul>

### 3. Computerized Provider Order Entry (CPOE)

Measures	Exclusion	Suggestions – Dentists
<ol style="list-style-type: none"> <li>1. More than 60% of medication orders</li> <li>2. More than 30% of lab orders</li> <li>3. More than 30% of radiology orders</li> </ol>	<p>Any EP who writes fewer than 100 medication, lab, or radiology orders during the EHR reporting period (exclusion for each measure respectively)</p>	<ul style="list-style-type: none"> <li>➤ May be able to claim exclusions</li> <li>➤ If medications aren't already inputted by the physician, enter manually into your system</li> </ul>

## 4. Electronic Prescribing (eRx)

Measure	Exclusion	Suggestions – Dentists
<p>More than 50% of permissible prescriptions written by the EP are queried for a drug formulary and transmitted electronically using CEHRT</p>	<p>Any EP who:</p> <ul style="list-style-type: none"> <li>➤ Writes fewer than 100 prescriptions during EHR reporting period</li> <li>➤ OR does not have a pharmacy accepting e-prescriptions</li> </ul>	<ul style="list-style-type: none"> <li>➤ May be able to claim exclusions</li> <li>➤ Order all prescriptions through your CEHRT in place of written prescriptions</li> </ul>

## 5. Health Information Exchange

Measure	Exclusion	Suggestions – Dentists
<p>EP who transitions/refers patient to another setting of care must:</p> <ul style="list-style-type: none"> <li>• use CEHRT to create a summary of care record and</li> <li>• electronically transmit the summary for more than 10% of referrals</li> </ul>	<p>Any EP who transfers patients to another setting/refers patients to another provider less than 100 times during the EHR reporting period</p>	<ul style="list-style-type: none"> <li>➤ May be able to claim exclusions</li> <li>➤ Evaluate how you provide summary of care. How would the provider and patient receive it?</li> </ul>

## Check-in Question

Can dentists claim exclusion for Objective 1 – conduct a security risk analysis?

- a) Yes.
- b) No, there is no exclusion for this measure.

## Check-in Question

Can dentists claim exclusion for Objective 1 – conduct a security risk analysis?

a) Yes.

**b) No, there is no exclusion for this measure.**

## 6. Patient Specific Education

Measure	Exclusion	Suggestions – Dentists
Patient specific education resources identified by CEHRT are provided to more than 10% of all unique patients with office visits seen by the EP during the EHR reporting period	Any EP who has no office visits during the EHR reporting period	<ul style="list-style-type: none"><li>➤ Use your EHR system to identify resources</li><li>➤ Contact your vendor about this functionality</li><li>➤ Track your distribution</li></ul>

## 7. Medication Reconciliation

Measure	Exclusion	Suggestions – Dentists
EP performs medication reconciliation for more than 50% of transitions of care in which the patient is transition into the EP's care	Any EP who was not the recipient of any transitions of care during the EHR reporting period	<ul style="list-style-type: none"><li>➤ May be able to claim the exclusion</li><li>➤ Perform and document medication reconciliation for all transitions of care in your EHR</li></ul>

## 8. Patient Electronic Access (VDT) (Measure 1)

Measure	Exclusion	Suggestions – Dentists
<p>More than 50% of all unique patients seen by the EP during the EHR reporting period are provided timely access to view online, download, or transmit their health information</p>	<ul style="list-style-type: none"> <li>➤ Any EP who neither orders or creates any of the information listed for inclusion</li> </ul>	<ul style="list-style-type: none"> <li>➤ Capture requests to provide electronic copies of health information</li> </ul>

## 8. Patient Electronic Access (VDT) (Measure 2)

Measure	Exclusion	Suggestions – Dentists
<p>At least 1 patient views, downloads, or transmits their health information during the EHR reporting period</p>	<ul style="list-style-type: none"> <li>➤ Any EP who neither orders or creates any of the information listed for inclusion</li> <li>➤ Conducts 50% or more of encounters in a county that does not have broadband availability</li> </ul>	<ul style="list-style-type: none"> <li>➤ Use broadband availability tool</li> <li>➤ Capture requests to provide electronic copies of health information</li> </ul>

## 9. Secure Messaging

Measure	Exclusion	Suggestions – Dentists
<p>Functionality for patients to send and receive a secure electronic message with the EP was fully enabled during the EHR reporting period</p>	<ul style="list-style-type: none"> <li>➤ Any EP who has no office visits during the EHR reporting period.</li> <li>➤ Conducts 50% or more of encounters in a county that does not have broadband availability</li> </ul>	<ul style="list-style-type: none"> <li>➤ Use broadband availability tool</li> <li>➤ Contact your vendor about how to enable this functionality</li> </ul>

# 10. Public Health Reporting Measure Option 1

Measure	Exclusion	Suggestions – Dentists
<p><b>Immunization:</b> Active engagement with a public health agency to submit immunization data.</p>	<p>➤ Any EP who does not administer immunizations to any populations for which data is collected by its jurisdiction’s registry or information system during the EHR reporting period</p>	<p>➤ Dentists can likely claim the exclusion</p>

# 10. Public Health Reporting Measure Option 2

Measure	Exclusion	Suggestions – Dentists
<p><b>Syndromic Surveillance:</b> Active engagement with a public health agency to submit syndromic surveillance data.</p>	<p>➤ Any EP who is not in a category of providers from which ambulatory syndromic surveillance data is collected by their jurisdiction's syndromic surveillance system</p>	<p>➤ Dentists can likely claim the exclusion</p>

# 10. Public Health Reporting Measure Option 3

Measure	Exclusion	Suggestions – Dentists
<p><b>Specialized Registry:</b> Active engagement to submit data to a specialized registry</p>	<p>➤ Any EP who does not diagnose or treat any disease or condition associated with, or collect relevant data that is collected by, a specialized registry in their jurisdiction during the EHR reporting period</p>	<p>➤ Dentists can possibly claim the exclusion depending on if specialized diseases that the dentists sees are included in the registry</p>

# Active Engagement

There are 3 options for active engagement under the Public Health Reporting Objective:

1. Option 1: Completed Registration to Submit Data
2. Option 2: Testing and Validation
3. Option 3: Production

# Public Health Matrix

Measures	NY City Report To	NY State (outside of NY City) Report To
<b>Immunization Registry Reporting</b>	Citywide Immunization Registry (CIR) <a href="#">NYC DOHMH</a>	NYS Immunization Information System (NYSIIS) <a href="#">NYSDOH</a>
<b>Syndromic Surveillance Reporting</b>	NYC Department of Health and Mental Hygiene <a href="#">NYC DOHMH</a>	This option is not available for EPs outside of NYC
<b>Specialized Registry Reporting</b>	<b>Cancer Case Reporting</b> New York State Cancer Registry (NYSCR) <a href="#">NYSDOH</a>  <b>Notifiable Conditions</b> NYC Department of Health and Mental Hygiene <a href="#">NYC DOHMH</a>	<b>Cancer Case Reporting</b> New York State Cancer Registry (NYSCR) <a href="#">NYSDOH</a>  This option is not available for EPs outside of NYC

# Check-in Question

How many Public Health Reporting Objectives are there?

- a) 3 objectives, 1 measure each
- b) 2 objectives
- c) 1 objective, 3 measure options
- d) 4 objectives

# Check-in Question

How many Public Health Reporting Objectives are there?

- a) 3 objectives, 1 measure each
- b) 2 objectives
- c) 1 objective, 3 measure options**
- d) 4 objectives

# Clinical Quality Measures

# Clinical Quality Measures (CQMs)

- No changes to CQM selection or reporting scheme from CQM requirements in Stage 2 rule
  
- EPs must attest to **9** of the approved 64 CQMs
  - 9 recommended CQMs for the adult population
  - 9 recommended CQMs for the pediatric population
  - Must select CQMs **from at least 3 of the 6 policy domains**
  - [For more information please view the CMS Clinical Quality Measures website](#)

# CQM Reporting Period

- This CQM reporting period may be different from the EHR reporting period for the meaningful use objectives and measures

MU Completion	Reporting Period
EPs new to MU	90 days
All others	Full calendar year

# Recommended Adult CQMs

eM ID & NQF	CQM Title	Domain
<ul style="list-style-type: none"> <li>• CMS165v1</li> <li>• NQF 0018</li> </ul>	Controlling High Blood Pressure	Clinical Process/ Effectiveness
<ul style="list-style-type: none"> <li>• CMS156v1</li> <li>• NQF 0022</li> </ul>	Use of High-Risk Medications in the Elderly	Patient Safety
<ul style="list-style-type: none"> <li>• CMS138v1</li> <li>• NQF 0028</li> </ul>	Preventive Care and Screening: Tobacco Use: Screening and Cessation Intervention	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS166v1</li> <li>• NQF 0052</li> </ul>	Use of Imaging Studies for Low Back Pain	Efficient Use of Healthcare Resources
<ul style="list-style-type: none"> <li>• CMS2v1</li> <li>• NQF 0418</li> </ul>	Preventive Care and Screening: Screening for Clinical Depression and Follow-Up Plan	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS68v1</li> <li>• NQF 0419</li> </ul>	Documentation of Current Medications in the Medical Record	Patient Safety
<ul style="list-style-type: none"> <li>• CMS69v1</li> <li>• NQF 0421</li> </ul>	Preventive Care and Screening: Body Mass Index (BMI) Screening and Follow-Up	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS50v1</li> </ul>	Closing the referral loop: receipt of specialist report	Care Coordination
<ul style="list-style-type: none"> <li>• CMS90v1</li> </ul>	Functional status assessment for complex chronic conditions	Patient and Family Engagement

For more information please visit the [CMS Clinical Quality Measures website](#)

# Recommended Pediatric CQMs

eM ID & NQF	CQM Title	Domain
<ul style="list-style-type: none"> <li>• CMS146v1</li> <li>• NQF 0002</li> </ul>	Appropriate Testing for Children with Pharyngitis	Efficient Use of Healthcare Resources
<ul style="list-style-type: none"> <li>• CMS155v1</li> <li>• NQF 0024</li> </ul>	Weight Assessment and Counseling for Nutrition and Physical Activity for Children and Adolescents	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS153v1</li> <li>• NQF 0033</li> </ul>	Chlamydia Screening for Women	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS126v1</li> <li>• NQF 0036</li> </ul>	Use of Appropriate Medications for Asthma	Clinical Process/ Effectiveness
<ul style="list-style-type: none"> <li>• CMS117v1</li> <li>• NQF 0038</li> </ul>	Childhood Immunization Status	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS154v1</li> <li>• NQF 0069</li> </ul>	Appropriate Treatment for Children with Upper Respiratory Infection (URI)	Efficient Use of Healthcare Resources
<ul style="list-style-type: none"> <li>• CMS136v1</li> <li>• NQF0108</li> </ul>	ADHD: Follow-Up Care for Children Prescribed Attention Deficit/Hyperactivity Disorder (ADHD) Medication	Clinical Process/ Effectiveness
<ul style="list-style-type: none"> <li>• CMS2v1</li> <li>• NQF 0418</li> </ul>	Preventive Care and Screening: Screening for Clinical Depression and Follow-Up Plan	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS75v1</li> </ul>	Children who have dental decay or cavities	Clinical Process/ Effectiveness

For more information please visit the [CMS Clinical Quality Measures website](#)

# Recommended Dental CQMs

eM ID & NQF	CQM Title	Domain
<ul style="list-style-type: none"> <li>• CMS138v4</li> <li>• NQF 0028</li> </ul>	Preventive Care and Screening: Tobacco Use: Screening and Cessation Intervention	Population/ Public Health
<ul style="list-style-type: none"> <li>• CMS68v5</li> <li>• NQF 0419</li> </ul>	Documentation of Current Medicine in the Medical Record	Patient Safety
<ul style="list-style-type: none"> <li>• CMS50v4</li> </ul>	Closing the Referral Loop: Receipt of Specialist Report	Care Coordination
<ul style="list-style-type: none"> <li>• CMS75v4</li> </ul>	Children Who Have Dental Decay or Cavities	Clinical Process/Effectiveness
<ul style="list-style-type: none"> <li>• CMS74v5</li> </ul>	Primary Caries Prevention Intervention as Offered by Primary Care Providers, including Dentists	Clinical Process/Effectiveness

Note: There are only five CQMs suggested in this list. The dentist would need to select four more CQMs to fulfill the reporting requirement of nine.

For more information please visit the [CMS Clinical Quality Measures website](#)

# CQM Recommendations

- Use one of the suggested sets
- Use as many CQMs as possible that are relevant to the dental scope of practice
- A “0” may be submitted for CQM data
  - [FAQ: May a provider report zero for a clinical quality measure \(CQM\)?](#)

# Check-in Question

EPs must report on 9 CQMs from at least \_\_\_\_\_ policy domains.

- a) 6 domains
- b) 3 domains
- c) 9 domains
- d) 2 domains

# Check-in Question

EPs must report on 9 CQMs from at least \_\_\_\_\_ policy domains.

- a) 6 domains
- b) 3 domains**
- c) 9 domains
- d) 2 domains

# Closing Comments

# Prior to Attesting

- Verify your CMS registration information (including phone and email)
- If it needs to be changed, please update your record in the [CMS Registration and Attestation System](#).
- Verify ETIN, ePACES, and MEIPASS credentials

# Support Services

## Numerator Data Requests

EPs may request a summary of their Medicaid claims. This report may only be used as guidance and does not suffice as supporting documentation.

## Pre-validation

Individual and group EPs who have already determined their Medicaid patient volume may submit their data prior to attesting.

Contact [hit@health.ny.gov](mailto:hit@health.ny.gov) to request these services.

# Deadlines

- Attestation deadline is 90 days after the payment year
  - March 31, 2017 for Payment Year 2016
- Providers can submit an Attestation Deadline Request up to 30 days after the attestation deadline.
