Community Outreach And Linkage To Care For HIV Infected Minority Population

As part of the Minority AIDS Initiative, local service organizations provide outreach and education to minority communities; help people with HIV to enroll in programs that pay for HIV medications, medical care and health insurance premiums; and connect them with medical and supportive service providers for a full range of HIV/AIDS care. The organizations provide in-person assistance to enroll in the HIV Uninsured Care Programs (ADAP/ADAP Plus/APIIC) as well as more complete health coverage programs such as Medicaid, Medicare, or private insurance through the Marketplace/Exchange: New York State of Health. The ADAP Plus Insurance Continuation (APIC) program can pay the insurance premiums for cost-effective insurance policies, including COBRA continuation coverage for people who lost their jobs or those policies purchased through the New York State of Health.

HIV/STD/HCV Prevention Education/Risk Reduction Services

Health education and risk reduction education and/or counseling services are provided to individuals and/or groups and range from targeted outreach to prevention counseling to group interventions to broad community level interventions (CLI). Individual-level interventions (ILI) provide individualized health communication, health education, and risk reduction counseling to assist clients in creating plans for individual behavior change and making ongoing appraisals of their own behavior. These interventions may consist of one or multiple sessions. Group-level interventions (GLI) may include peer education and support to promote and reinforce safer behaviors. Prevention interventions delivered to groups may be single or multiple sessions, and often provide interpersonal skills training to negotiate and sustain appropriate behavior change. CLIs seek to reduce risk behaviors by changing attitudes, norms, and practices of community members, and may include a combination of intervention types (e.g., outreach, health communication, public information) or units of delivery (e.g., individual, group, community)

Legal Services

Legal service programs provide comprehensive legal services for HIV+ positive individuals and HIV affected families with dependent children. Comprehensive legal matters addressed include such matters as discrimination, domestic violence, entitlements, housing, employment, health care and family law matters including future care and custody.

Legal Services of the Hudson Valley

147 Union St
Suite 101
Poughkeepsie, NY 12601
(845)471-0244

Legal Supportive Services For Families

Legal supportive services programs provide assistance for HIV affected families with dependent children to make decisions focused on future care and custody plans. Programs help HIV positive parents identify potential caregivers or guardians for their dependent children, help with disclosure of HIV status, grief and bereavement services, transitional services to stabilize newly blended families following parental incapacitation as well as short term supportive counseling to assist families with these issues. Legal supportive providers work directly with legal service providers to ensure families can make their care and custody plan final and address any legal barriers during the future care and custody planning process.

Hudson Valley Community Services, Inc.

235 Main St

Medical Care - Designated AIDS Centers

Designated AIDS Centers (DACs) are State-certified, hospital-based programs that serve as the center of a continuum of hospital and community-based case management for people with HIV and AIDS. DACs with pediatric and obstetrical departments also provide specialized HIV care to infants, children and pregnant women. HIV-specific care standards developed for and used by DACs are intended to ensure uniformly high quality care.
