<p>Auto-Assignment Report</p>	<p>Gayle Emrich (NYSDOH) and panel members discussed the August 2023 Medicaid Managed Care Auto Assignment Report.</p> <p style="text-align: center;">***DOH Response***</p> <p>Please note that on the Auto Assignment Report the “New Enrollees” column for “All Managed Care” reflects three (3) months of rolling data. Therefore, the “New Enrollees” for each month would have been 3,000+ for each month. Erie County is one of the largest, most populated counties in New York State as well. Gayle looked back at previous auto assignment reports and found that the amount of “New Enrollees” for Erie County remained consistently right around 10,000 using the three (3) months of rolling data.</p> <p style="text-align: center;">***End***</p>	<p><u>Action:</u> Fred Cohen asked Gayle to look at Erie County to determine whether the numbers are unusually high.</p> <p><u>DOH Response:</u> Provided under “Discussion.”</p>

Required submission of the evidence packets to the Centers for Medicare and Medicaid Services (CMS) is planned for October 2023.</p> <p>What does it mean for a SADC site to require HS review? SADC sites are identified for HS if they are presumed to have the qualities of an institution. CMS utilizes three categories to define the qualities of an institution:</p> <ul style="list-style-type: none"> • <u>Prong 1</u>: Setting is in a publicly or privately operated facility that provides inpatient institutional treatment. • <u>Prong 2</u>: Setting is in a building on the grounds of, or adjacent to, a public institution. • <u>Prong 3</u>: Setting has the effect of isolating individuals from the broader community. <p>What will CMS do with the HS SADC sites DOH submits? CMS, based on evidence submitted by the State, will investigate to confirm DOH's findings that the SADC site is not institutional and does have the qualities of a home and community-based setting.</p> <p>Resources</p> <ul style="list-style-type: none"> ➤ Full Announcement ➤ NYS SADC Heightened Scrutiny Submission
