

DIABETES

GRAPHIC 1

CAPTION: Are you one of the nearly 98 million Americans with #prediabetes? Take the 1-minute prediabetes risk test to know where you stand. <https://doihaveprediabetes.org/>

GRAPHIC 2

CAPTION: Are you at risk for diabetes? Get a fresh start with tailored support to meet your individual needs. Find a diabetes prevention program near you. <https://www.cdc.gov/diabetes/prevention/find-a-program.html>

GRAPHIC 3

CAPTION: If you are at risk for diabetes and are looking for healthy options, join a Diabetes Prevention Program. Trained lifestyle coaches will help you learn how to eat healthier and fit more physical activity into your day, to reduce your risk for diabetes. Find a diabetes prevention program near you. <https://www.cdc.gov/diabetes/prevention/find-a-program.html>

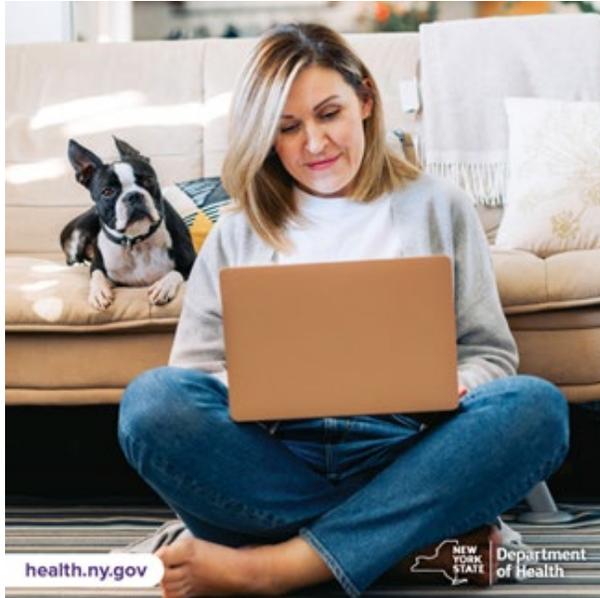

GRAPHIC 4

CAPTION: Participating in a diabetes prevention program is a yearlong commitment that will help create lifestyle changes, like eating healthier. For more information on the Diabetes Prevention Program, visit <https://www.cdc.gov/diabetes/prevention/people-at-risk.html>

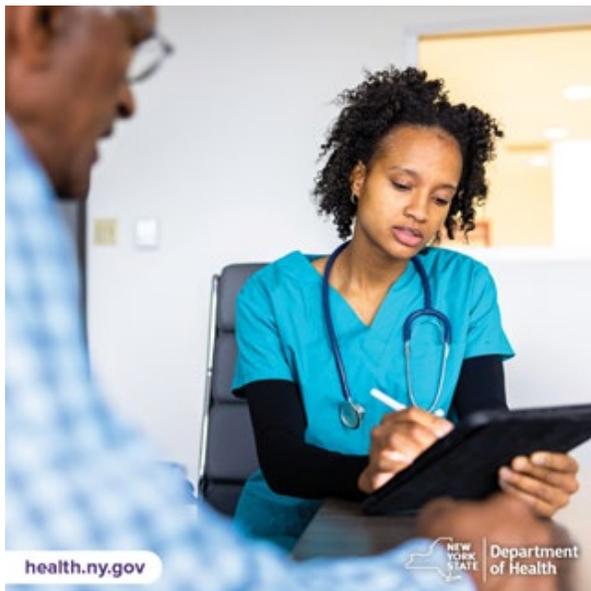

GRAPHIC 5

CAPTION: A national diabetes prevention lifestyle coach can help you learn and grow from mistakes rather than being discouraged by them. See testimonials and learn how to join. <https://www.cdc.gov/diabetes/prevention/testimonials-participants.html>

GRAPHIC 6

CAPTION: Good news for health care professionals! You can take steps to help your patients prevent type 2 diabetes. National Diabetes Prevention Program provides group support sessions to prevent or delay the onset of type 2 diabetes. <https://www.cdc.gov/diabetes/prevention/info-hcp.html>
