

MAPP HHTS Release 4.4 Updates

This release is tentatively scheduled for deployment on December 9, 2023.

MAPP HHTS Release 4.4 System Changes and Enhancements

- Create a communication tool within MAPP HHTS for managed care plans (MCP) to be able to submit comments to system, using a file or a screen, for enrolled members.
- Implement new Child Adolescence Needs Strength (CANS) values 2.0 from the Uniform Assessment System (UAS)
- Add additional program filter to the My Members search screen to include MAP Member in the program filter drop-down
- Add new attribute to the HH-CMA relationship to separate the AI HH+ designated CMAs from the OMH HH+ designated CMAs for easier identification in files and screens.
- Update the Children's Referral Portal Questions to remove the Voluntary Foster Care Agency (VFCA) question.
- Add two new fields to the HH Claim and Encounter Summary File:
 - HH Enrolled Member Months in Past Ten Years
 - HH Enrollment Months w Current HH in Past Ten Years
- Include information collected from IRAMS in the Plan of Care (POC) download file
- New functionality added to the Provider Contact Data screens to allow providers to update their organization's contacts in MAPP HHTS
- Collect eligibility screening tool information and Initial Appropriateness criteria by adding fields to the Consent and Member Program Upload file
- Known system defect resolutions
