and AIDS Adult Day Health
Centers

Dear Adult Day Health Administrator:

The purpose of this letter is to inform Administrators and Operators of Adult Day Health Care Programs and AIDS Adult Day Health Centers (“ADHCs”) who are currently open and providing services to Medicaid members of a funding opportunity. As a result of the submitted [State Plan Amendment \(SPA\) 23-0020](#), the Department of Health (Department) is notifying ADHCs of this opportunity outlined in both the SPA and [New York State Spending Plan for the Implementation of the American Rescue Plan Act of 2021, Section 9817: Additional Support for Medicaid HCBS during the COVID-19 Emergency](#). CMS approved the SPA 23-0020 on June 21, 2023. ADHCs will have the opportunity to apply for this funding by completing an Attestation, Spending Plan, Survey and completing quarterly updates. Upon review of this documentation in alignment with SPA 23-0020, determinations will be made for initial and ongoing eligibility.

Potentially eligible facility administrators will be invited to an informational webinar to learn more about this opportunity and the requirements to participate. The Department will continue to update you as appropriate.

Thank you for your support of this program. If you have questions regarding this communication, please email ADHC_ARPA@health.ny.gov.

Sincerely,

Karen Meier, Director
