Re: DAL NH 22-07  
Adult Day Health Care Program Survey  
Report

Dear Nursing Home Administrator:

This letter is to notify you of the attached Adult Day Health Care Program Survey Report (PSR) questionnaire which must be completed for each Adult Day Health Care Program that your facility operates. The questionnaire is based on New York State Title 10 NYCRR Part 425 and is used by the Department of Health as a resource document to determine regulatory compliance for your Adult Day Health Care Program.

The PSR is to be completed by the Adult Day Health Care Program for the period from reopening to April 12, 2022. The completed PSR questionnaire must be emailed to the [ADHCP.HCBS@health.ny.gov](mailto:ADHCP.HCBS@health.ny.gov) by May 15, 2022.

Nursing home administrators are required to certify the accuracy of the report. Thereafter, at the time of an onsite visit, the program will be given an opportunity to update the questionnaire. If you have any questions, please contact the appropriate Regional Office Program Director.

Thank you for your cooperation in submitting the completed PSR questionnaire on time, and your continued efforts to provide quality care and services to ADHCP registrants.

Sincerely,

Sheila McGarvey  
Director  
Division of Nursing Homes and ICF/IID  
Surveillance  
Center for Health Care Quality and Surveillance
