

## **Introduction to the AIDS Institute, Division of HIV/STI/HEP C Prevention, Faith Communities Project's (FCP) Faith-based Ministries and Services Resource Directory**

This Resource Directory is intended for use by individuals seeking information on faith-based services and ministries, and contains a listing of faith-based communities and organizations across New York State. The information was gathered and submitted voluntarily from participants who attended FCP regional events/activities.

The Resource Directory is arranged by Region, Ministries, Services and Denominations. An alphabetical listing of faith-based communities and organizations in the region, with contact information listed at the beginning of each section. In addition, a statewide listing of each category is also available.

Although every effort has been made to verify the accuracy of the information listed, it may not be the most current as information changes rapidly. Please let us know if any changes are needed. Every effort will be made to update the directory bi-annually.
