Q1: OPTIONAL: This recommendation was submitted by (please provide your first and last name, affiliation, and email address)

First Name	william scott
Last Name	daly
Affiliation	consumer
Email Address	kellyspoppi@aol.com

Q2: Title of your recommendation linking people into care

Q3: Please provide a description of your proposed recommendation

an attempt should be made to provide ALL low income New Yorkers living with HIV access to affordable housing, food, and transportation.

Q4: For which goal outlined in the Governor's plan to end the epidemic in New York State does this recommendation apply? (Select all that apply)

Linking and retaining persons diagnosed with HIV to health care and getting them on anti-HIV therapy to maximize HIV virus suppression so they remain healthy and prevent further transmission

Q5: This recommendation should be considered by the following Ending the Epidemic Task Force Committee (Select all that apply)

Housing and Supportive Services Committee: Develop recommendations that strengthen proven interventions enabling optimal engagement and linkage and retention in care for those most in need. This Committee will recommend interventions that effectively address complex and intersecting health and social conditions and reduce health disparities, particularly among New York's low-income and most vulnerable and marginalized residents. These interventions will diminish barriers to care and enhance access to care and treatment leaving no subpopulation behind.

Q6: Does this recommendation require a change to an existing policy or program, or the creation of a new policy or program?

Unknown

Ending the Epidemic Task Force Recommendation Form

Q7: Would implementation of this recommendation be permitted under current laws or would a statutory change be required?

Respondent skipped this question

Q8: Is this recommendation something that could feasibly be implemented in the short-term (within the next year) or long-term (within the next three to six years)?

Within the next three to six years

Q9: What are the perceived benefits of implementing this recommendation?

stable housing is a necessity in assuring that persons living with HIV/AIDS will stay on their meds.

Q10: Are there any concerns with implementing this recommendation that should be considered?

making sure the housing being provided meets current codes.

Q11: What is the estimated cost of implementing this recommendation and how was this estimate calculated?

have no idea?

Q12: What is the estimated return on investment (ROI) for this recommendation and how was the ROI calculated?

don't know.

Q13: Who are the key individuals/stakeholders who would benefit from this recommendation?

people living with HIV/AIDS

Q14: Are there suggested measures to accompany this recommendation that would assist in monitoring its impact?

people in care retention numbers/%'s

Q15: This recommendation was submitted by one of the following

Consumer
