

## Polio Vaccination Rates by Zip Code: Schenectady County

This report is based on data as of August 1, 2022 from the New York State Immunization Information System (NYSIIS). The rates below are calculated based on data of children that have received 3 polio immunizations by 2 years of age, reported their residency as the State of New York, provided their New York State county of residence, and have at least one immunization or have a New York State birth record outside of New York City.

- As of January 8, 2008, all health care providers in New York State, outside of New York City, are required to report all immunizations administered to people less than 19 years of age, along with the person's immunization histories, to NYSDOH using NYSIIS.
- Calculated rates are based on where the individual resides, based on the most recent resident information reported through NYSIIS.
- ZIP codes that straddle more than one county are designated to a single county based on the [open data page here](#) and in consultation with local county health departments, in which the entire ZIP code is included in the rate.
- Data is not included for ZIP codes where there are less than 20 residents in the eligible age range.
- Some entities that are not under the regulatory authority of the State of New York (e.g., federal entities such as federal military reservations, first nations, and jurisdictions outside of New York State), may not report this data to New York State, and would therefore not have their data included in NYSDOH rates.
- The New York City Department of Health and Mental Hygiene (NYCDOHMH) maintains non-COVID-19 immunization records for New York City residents through the Citywide Immunization Registry (CIR).

**Table 1: Schenectady County Polio Vaccination Rates by Zip Code**

ZIP Code	Polio Vaccination Rate
12009	94.3%
12019	92.4%
12027	95.0%
12053	87.1%
12137	100.0%
12157	91.9%
12302	86.0%
12303	83.1%
12304	84.6%
12305	86.1%
12306	87.6%
12307	75.5%
12308	85.4%
12309	89.0%
12008	*
12056	*
12066	*
12150	*

\*Not shown, due to a small number (<20) of residents in the eligible age range.
