About the Office of Health Insurance Programs

The Office of Health Insurance Programs (OHIP) is one of nine offices within the NYS Department of Health. OHIP is responsible for operating and administering the State's Medicaid program, the Child Health Plus program, the Essential Plan, the Elderly Pharmaceutical Insurance Coverage (EPIC) program and a range of health care financing programs.

OHIP's mission is to provide the best member experience by building the highest performing organization through investments in people, technology, and data.
