HOSPITAL CLINICAL STAFFING COMMITTEE CHARGE

The New York State Hospital Clinical Staffing Committee (NYSHCSC) law enacted in June 2021 requires hospitals to collaboratively develop and implement a clinical staffing plan for registered nurses (RNs) and other members of the frontline team. The hospital clinical staffing committee (HCSC) is charged with creating a forum to give frontline workers, RNs, licensed practical nurses (LPNs) and nursing assistive staff, including certified nursing assistants (CNAs), patient care attendants (PCTs), medical assistants (MAs) and unit clerks a role/voice in developing unit level staffing plans—while preserving management’s role in designing and implementing the staffing plan. The HCSC’s primary responsibilities are to develop and oversee implementation of the hospital’s annual clinical staffing plan.
