2.0 OVERVIEW

Through this Request for Proposals (“RFP”), the New York State (“State”) Department of Health (“DOH”) (“Department”) is seeking competitive proposals from bidders to conduct, under the Department’s oversight and direction, hospital compliance reviews to assess the working hours and the quality of supervision for postgraduate trainees (residents) working in hospitals in New York State as further detailed in Section 3.0 (Scope of Work). It is the Department’s intent to award one (1) contract from this procurement.

2.1 Introductory Background

In 1989, the Department promulgated regulations governing the working hours and conditions of post-graduate trainees (residents) working in teaching hospitals in New York State. Click on the link below to review these regulations (Section 405.4 (b) (6) of Title 10, NYCRR)

http://w3.health.state.ny.us/dbspace/NYCRR10.nsf/56cf2e25d626f9f785256538006c3ed7/bc89616b14230318525677e00726457?OpenDocument&Highlight=0.405.4

These regulations were put into place to protect patients from medical errors due to sleep deprived and overworked physician residents. Code requirements set forth in Section 405.4 limit the working hours of physicians in hospital residency training programs to no more than 80 hours per week over a four (4) week period, and no more than 24 consecutive hours. Working with an independent contractor, the Department has monitored compliance with these resident work hour and supervision requirements at all teaching hospitals in New York State. Currently, there are 16 hospitals with ten (10) or less post graduate resident training programs, 93 hospitals with more than ten (10) post-graduate resident training programs, for a total of 109 teaching hospitals. In an effort to continue this high level of surveillance, the Department seeks to enter into a contract with an agent to receive, collect and review information through onsite and offsite compliance reviews on behalf of and under the direction of the Department as described in this RFP.
2.2 Important Information

The bidder is required to review, and is requested to have legal counsel review, Attachment E, the DOH Agreement as the Bidder must be willing to enter into an Agreement substantially in accordance with the terms of Attachment E should the bidder be selected for contract award. Please note that this RFP and the awarded bidder’s proposal will become part of the contract as Appendix B and C, respectively.

It should be noted that Appendix A of Attachment E, “Standard Clauses for New York State Contracts”, contains important information related to the contract to be entered into as a result of this RFP and will be incorporated, without change or amendment, into the contract entered into between DOH and the successful Bidder. By submitting a response to the RFP, the Bidder agrees to comply with all the provisions of Appendix A.

Note, Attachment A, the Bidder’s Certifications/Acknowledgements, should be submitted and includes a statement that the bidder accepts, without any added conditions, qualifications or exceptions, the contract terms and conditions contained in this RFP including any exhibits and attachments. It also includes a statement that the bidder acknowledges that, should any alternative proposals or extraneous terms be submitted with the proposal, such alternate proposals or extraneous terms will not be evaluated by the DOH.

Any qualifications or exceptions proposed by a bidder to this RFP should be submitted in writing using the process set forth in Section 5.2 (Questions) prior to the deadline for submission of written questions indicated in Section 1.0 (Calendar of Events). Any amendments DOH makes to the RFP as a result of questions and answers will be publicized on the DOH web site.

2.3 Term of the Agreement

This contract term is expected to be for a period of five (5) years commencing on the date shown on the Calendar of Events in Section 1.0., subject to the availability of sufficient funding, successful contractor performance, and approvals from the New York State Attorney General (AG) and the Office of the State Comptroller (OSC). Prices will remain firm for the entire contract term.

3.0 SCOPE OF WORK

This Section describes the services that are required to be provided by the selected bidder. The Selected Bidder must be able to provide all of these services throughout the contract term.

PLEASE NOTE: Bidders will be required to provide responses that address all of the requirements of this RFP as part of its Technical Proposal.

For purposes of this RFP, the use of the terms “shall”, “must” and “will” are used interchangeably when describing the Contractor’s/Bidder’s duties. The terms bidders, vendors and proposers are also used interchangeably.

3.1 Performance Standards/Expectations

The contractor will develop, implement and maintain a hospital surveillance program and recruit, organize and train dedicated staff (as described in Section 3.3) to carry out surveillance activities pursuant to this RFP for all teaching hospitals with resident physician programs in New York State. The program will assess compliance with New York State Department of Health working hour and supervision requirements for residents employed by New York State teaching hospitals and will include unannounced onsite compliance visits, re-visits as indicated, investigations of complaints, recommendations of findings of non-compliance to support issuance of a statement of deficiencies or support a monetary fine/enforcement activity, monitoring of corrective action plans and reports as required to respond to management information needs and the coordination of training initiatives throughout the State (as described in Section 3.0). The contractor must comply with the Department’s established deadlines for issuing the statement of deficiencies within ten days of the completion of surveillance activities.
3.2 Tasks/Deliverables

Section 3.2.1: Compliance and Enforcement

A) The contractor will conduct triennial unannounced onsite surveys to monitor compliance with requirements for resident work hour limitations and adequate supervision. Surveys are conducted for teaching hospitals having more than 10 residents. Currently there are 93 teaching hospitals with more than 10 residents. Surveys are conducted every third year, thus this would entail approximately thirty (31) onsite survey compliance reviews each year. Attachment L contains the current list of teaching hospitals. The number of teaching hospitals may increase or decrease during the life of the contract and the contractor will be responsible for identifying and performing the services for each teaching hospital.

B) The contractor will conduct off-site compliance reviews (performed at the Contractor’s office) for facilities not subject to a triennial onsite survey as described in (A) above and for teaching hospitals with fewer than ten (10) residents. See Attachment L; hospitals shaded in grey currently have fewer than ten (10) residents and would not require an onsite survey. Currently, approximately 60 of the teaching hospitals are not subject to a triennial visit but would require off-site reviews and another 16 hospitals that have fewer than ten (10) residents that would require off-site reviews, thus, this would entail approximately 76 offsite reviews per year. An off-site review would audit facility compliance with resident working hours and supervision requirements through a written compliance assessment document to be used for off-site compliance reviews of facilities that do not have a triennial onsite survey and for facilities with fewer than ten (10) residents.

C) Within the first 60 days of notification of award of the contract, the contractor will develop and provide to the Department a protocol providing a detailed description of the information that will be collected, how the information will be requested, and strategies for assessing compliance when reviewing or auditing the written compliance assessment document and a schedule for the off-site reviews submitted in lieu of an on-site visit.

D) The contractor will conduct onsite investigations to respond to any complaints that the Department determines are credible allegations of non-compliance regarding resident working hours, and conduct any re-visits as required to monitor corrective action. Approximately 5-10 complaint investigations and re-visits are required per year. The contractor will provide a point of contact for complainants, a format for acknowledging complaints, and strategies for investigating complaints and reporting findings. While it is anticipated that complaint and/or re-visits will be conducted when possible at the time of the triennial onsite visit, the contractor will be expected to conduct up to 10 complaint and/or re-visits each year that may or may not be scheduled at the same time as the triennial onsite compliance visit.

E) Within the first 60 days of notification of award of the contract, the contractor will develop and provide to the Department a detailed and comprehensive protocol to collect data, interview trainees, evaluate hospital staffing patterns, review schedules and medical records/reports and record information collected during the onsite reviews to assess compliance with the working hours and supervision requirements for post-graduate trainees in the first three (3) years of their training. The protocol is subject to review by the Department prior to implementation. The protocol must address annual visits, complaint and re-visit strategies and must encompass the specialties identified in regulation at Section 405.4 (b) (6) of Title 10, NYCRR and the related subspecialties for each.

F) The contractor and their staff will have knowledge of the regulatory and health care environment in which the reviews take place, including the identification of issues and obstacles to implementing an effective and consistent review system and proposed solutions.

G) The contractor will support Department enforcement activities, including preparation of summaries of findings for hearings, and provide testimony and/or expert witness for administrative hearings.
Section 3.2.2: Documents, Recordkeeping and Data

A) The contractor will develop and maintain an on-site survey tool, which can be in hard-copy or electronic form, for reviewing compliance with resident working hour and supervision requirements as set forth in Department regulations at Section 405.4 of Title 10, NYCRR.

B) Within the first 60 days of notification of award of contract, the contractor will develop and maintain standardized written compliance assessment document(s) for off-site review of facilities not subject to an on-site visit.

C) The contractor will be provided with restricted access to the Automated Survey Process Environment, (AS Pent) Surveyor Explorer (ASE-Q), a federal database, to generate lists of facilities and send and receive survey findings. The contractor will contact the Department for assistance to download the most recent versions of appropriate software for the ASPEN system.

The contractor will contact Department program staff when ready to survey a facility to request program staff to create a new hospital specific survey shell from the ASPEN database for the Contractor to include its findings. The contractor will complete and e-mail the survey back to Department staff where the survey is imported back into ASPEN. Finally, Department staff will review and generate the letter of findings, sign and send to the facility for plan of correction if needed.

D) The contractor will develop and maintain additional record keeping systems as required to track on-site surveys and off-site reviews and to document the findings of compliance activities, which may be an Access database or Excel spreadsheet or other electronic system.

E) The contractor will compile and analyze findings of their on-site and off-site compliance reviews; prepare written compliance assessment documents and summaries of findings for Department review; provide hospitals with statements of deficiency; request plans of corrective action; and review and monitor any required corrective action.

F) The contractor will communicate with hospitals with regard to specific findings; development of corrective action plans; and implementation of best practices.

G) The contractor shall provide technical and business process support as necessary and required by the Department to transition and assume contract requirements to the Department or another Department agent of the resident working hours program should that be required during or at the end of the contract.

H) The contractor is required to develop a plan to securely and smoothly transfer any records and databases referenced in this section to the Department or another Department agent should that be required during or upon expiration of its contract. The plan shall include documentation for each database detailing the software used and structure and format of all data in the databases, field definitions and identifiers, etc. The plan and documentation must be submitted to the Department no later than four months before the last day of its contract with the Department of Health or upon request of the Department.

I) The contractor’s organization, employees, subcontractors and volunteers will implement and maintain policies and procedures to assure the confidentiality of personal identifiable data and information or records pertaining to a hospital’s operation or to a patient’s care.

J) Within the first 60 days of notification of contract award, the Contractor must prepare and submit a security plan to DOH that describes the approach for security of the software at all levels. It shall incorporate existing ITS information security policies and procedures. The Contractor shall prepare a diagram depicting security tiers and prepare the Security checklist/Narrative. The plan shall include a description of how it will comply with applicable policies, standards and laws, including but not limited to NYS Cyber Policy P03-002 and any applicable sub-policies and standards found at http://its.ny.gov/eiso/policies/security. Upon receipt, the Security Plan shall be submitted by DOH to the ITS Health Cluster ISO for approval.
3.2.3: Quality Assurance

A) The contractor will conduct internal quality improvement monitoring to promote efficiency and assure the credibility of its findings. Monitoring will include: timeliness of conducting on-site and off-site reviews; timeliness of submitting surveillance findings to the Department for review and approval; timeliness of generating statements of deficiency; and receipt and review of plans of correction.

B) The contractor, in consultation with the Department, will use the results of on-site and off-site compliance reviews and complaint investigations to identify hospitals requiring training and/or technical assistance on compliance with resident working hour requirements and develop and conduct training initiatives for hospitals as needed, including activities to educate and train post-graduate trainees.

C) The contractor and the Department will jointly identify hospitals with new and expanded residency programs and the contractor will notify the Department of any changes in hospital governance or structure (e.g., mergers, changes in ownership, etc.) as they occur.

3.3 Staffing Requirements

A) The contractor will conduct recruitment and training efforts that will provide for an adequate number of appropriately trained and qualified individuals to carry out the tasks and deliverables outlined in Section 3.0 and ensure that the staffing needs of the program are met on an ongoing basis. Examples of qualified individuals would be those with a background in nursing, allied health, human resources, education, or auditing, but alternative qualifications will be considered if the contractor can demonstrate how the credentials are applicable to the scope of work as described in Section 3.0.

B) The contractor must provide an adequate number of qualified staff and teams that must be available to carry out the projected workload during each contract year, and must accommodate on-site visits conducted during evenings, nights, and on weekends, as necessary. Contractor scheduling and staffing will allow for onsite reviews to be carried out over a period of multiple days with maximum onsite survey time of five (5) days in the absence of documented extenuating circumstances, and allow an average of three (3) days for off-site reviews. The contractor will have staff and resources sufficient to evaluate/review findings, maintain logs, tracking systems and data resources to support the statewide operation and to accommodate any fluctuations in the number of training hospitals.

C) Staff hired under the terms of this contract will be required to participate in a two (2) week initial on-site training at the Department’s offices in Albany, New York (incumbent contractor excluded if staff are already trained). The contractor is responsible for all costs associated with the on-site training.

D) The contractor will submit resumes of staff hired under the terms of this contract for DOH review prior to the start of work. The Department reserves the right to approve or disapprove the contractor’s proposed staffing.

3.4 Reporting Requirements

A) The contractor will develop and prepare annual reports for posting on the Department’s website (upon the Department’s approval) that summarizes on-site and off-site findings on a statewide and regional basis, including but not limited to numbers of surveys conducted, percentage of hospitals found in compliance, percentage cited, and other statistical data. The most current annual report can be found at:

B) The contractor will develop and prepare quarterly internal reports that reflect surveillance activities and findings on an aggregate and hospital specific basis for review by the Department.

4.1 Minimum Qualifications

NYSDOH will accept proposals from organizations with the following types and levels of experience as a prime contractor.

In accordance with a schedule approved by the Department, an estimated total of 31 triennial onsite visits and an estimated total of 76 off-site reviews will be conducted for each year of the contract. This number may vary during each year based upon the number of post-graduate trainees or the number of teaching hospitals in the State. Payment will be made for the onsite visits only and this per visit cost will be an all-inclusive cost including but not limited to off-site reviews, complaint reviews and/or re-visits, materials, equipment, profit, overhead, labor, training, travel and all costs to perform the work in Section 3.0 that is included in the corresponding year’s price for each survey.

This all-inclusive cost will also include the administrative cost of organizing and implementing the surveillance program including: the format and protocol for the triennial onsite visit and the development of the written compliance assessment document to be utilized for each year a triennial onsite visit is not conducted and for facilities with ten or less post-graduate trainees.

While it is anticipated that complaint and/or re-visits will be conducted when possible at the time of the triennial onsite visit, the contractor will be expected to conduct up to 10 complaint and/or re-visits each year that may or may not be scheduled at the same time as the triennial onsite compliance visit. No additional cost will be considered for payment for the administrative reviews associated with implementation of the written compliance assessment document or for complaint and/or re-visits, as authorized by the Department.

Payment will be made monthly based on the satisfactory completion of the on-site surveys, off-site reviews, and complaint investigations performed that month pursuant to the schedule approved by the Department, as well as the submission of any reports required by the Department as described in Section 3.0 Scope of Work.

5.5 Minority & Woman-Owned Business Enterprise Requirements

Pursuant to New York State Executive Law Article 15-A, the New York State Department of Health (“DOH”) recognizes its obligation to promote opportunities for maximum feasible participation of certified minority-and women-owned business enterprises and the employment of minority group members and women in the performance of DOH contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title “The State of Minority and Women-Owned Business Enterprises: Evidence from New York” (“Disparity Study”). The report found evidence of statistically significant disparities between the level of participation of minority-and women-owned business enterprises in state procurement contracting versus the number of minority-and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that DOH establish goals for maximum feasible participation of New York State Certified minority- and
women–owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

Business Participation Opportunities for MWBEs

For purposes of this solicitation, DOH hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs and outreach efforts to certified MWBE firms). A contractor (“Contractor”) on the subject contract (“Contract”) must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and Contractor agrees that DOH may withhold payment pending receipt of the required MWBE documentation. For guidance on how DOH will determine “good faith efforts,” refer to 5 NYCRR §142.8.

The directory of New York State Certified MWBEs can be viewed at: https://ny.newnycontracts.com. The directory is found in the upper right hand side of the webpage under “Search for Certified Firms” and accessed by clicking on the link entitled “MWBE Directory”. Engaging with firms found in the directory with like product(s) and/or service(s) is strongly encouraged and all communication efforts and responses should be well documented.

By submitting a bid, a bidder agrees to complete an MWBE Utilization Plan (Attachment F, Form #1) of this RFP. DOH will review the submitted MWBE Utilization Plan. If the plan is not accepted, DOH may issue a notice of deficiency. If a notice of deficiency is issued, Bidder agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt. DOH may disqualify a Bidder as being non-responsive under the following circumstances:

a) If a Bidder fails to submit a MWBE Utilization Plan;
b) If a Bidder fails to submit a written remedy to a notice of deficiency;
c) If a Bidder fails to submit a request for waiver (if applicable); or
d) If DOH determines that the Bidder has failed to document good-faith efforts;

The Contractor will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to DOH, but must be made no later than prior to the submission of a request for final payment on the Contract.

The Contractor will be required to submit a Contractor’s Quarterly M/WBE Contractor Compliance & Payment Report to the DOH, by the 10th day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

If the Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding will constitute a breach of Contract and DOH may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

New York State certified Minority- and Women-Owned Businesses (MWBE) may request that their firm’s contact information be included on a list of MWBE firms interested in serving as a subcontractor for this procurement. The listing will be publicly posted on the Department’s website for reference by the bidding community. A firm requesting inclusion on this list should send contact information and a copy of its NYS MWBE certification to hospinfo@health.ny.gov before the Deadline for Questions as specified in Section 1.0 (Calendar of Events). Nothing prohibits an MWBE Vendor from proposing as a prime contractor.

Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.
5.6 Equal Employment Opportunity (EEO) Reporting

By submission of a bid in response to this solicitation, the Bidder agrees with all of the terms and conditions of Attachment E Appendix A including Clause 12 - Equal Employment Opportunities for Minorities and Women. Additionally, the successful bidder will be required to certify they have an acceptable EEO (Equal Employment Opportunity) policy statement in accordance with Section III of Appendix M in Attachment E.

Further, pursuant to Article 15 of the Executive Law (the “Human Rights Law”), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

The Contractor is required to ensure that it and any subcontractors awarded a subcontract over $25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the “Work”), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

To ensure compliance with this Section, the Bidder should submit with the bid or proposal an Equal Employment Opportunity Staffing Plan (Attachment F, Form #4) identifying the anticipated work force to be utilized on the Contract. Additionally, the Bidder should submit a Minority and Women-Owned Business Enterprises and Equal Employment Opportunity Policy Statement (Attachment F, Form # 5), to DOH with their bid or proposal.

5.7 Sales and Compensating Use Tax Certification (Tax Law, § 5-a)

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than $100,000 to certify to the Department of Tax and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors’ sales delivered into New York State are in excess of $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect state sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits the State Comptroller, or other approving agencies, from approving a contract awarded to an offeror meeting the registration requirements but who is not so registered in accordance with the law.

The successful Bidder must file a properly completed Form ST-220-CA with the Department of Health and Form ST-220-TD with the DTF. These requirements must be met before a contract may take effect. Further information can be found at the New York State Department of Taxation and Finance’s website, available through this link: http://www.tax.ny.gov/pdf/publications/sales/pub223.pdf. Forms are available through these links:

5.8 Workers’ Compensation and Disability Benefits Certifications

Sections 57 and 220 of the New York State Workers’ Compensation Law (WCL) provide that DOH shall not enter into any contract unless proof of workers’ compensation and disability benefits insurance coverage is produced. Prior to entering into a contract with DOH, successful Bidders will be required to verify for DOH, on forms authorized by the New York State Workers’ Compensation Board, the fact that they are properly insured or are otherwise in compliance with the insurance provisions of the WCL. The forms to be used to show compliance with the WCL are listed below. Any questions relating to either workers’ compensation or disability benefits coverage should be directed to the State of New York Workers’ Compensation Board, Bureau of Compliance at (518) 486-6307. Failure to provide verification of either of these types of insurance coverage by the time contracts are ready to be executed will be grounds for disqualification of an otherwise successful Proposal. The successful Bidder must submit the following documentation before a contract may take effect.

ONE of the following forms as Workers’ Compensation documentation:

A. Proof of Workers’ Compensation Coverage:
   1. Form C-105.2 – Certificate of Workers’ Compensation Insurance issued by private insurance carrier (or Form U-26.3 issued by the State Insurance Fund); or
   2. Form SI-12 – Certificate of Workers’ Compensation Self-Insurance (or Form GSI-105.2 Certificate of Participation in Workers’ Compensation Group Self-Insurance); or
   3. Form CE-200 – Certificate of Attestation of Exemption from New York State Workers’ Compensation and/or Disability Benefits Coverage.

B. Proof of Disability Benefits Coverage:

ONE of the following forms as Disability documentation:

   1. Form DB-120.1 – Certificate of Disability Benefits Insurance; or
   2. Form DB-155 – Certificate of Disability Benefits Self-Insurance; or
   3. Form CE-200 – Certificate of Attestation of Exemption from New York State Workers’ Compensation and/or Disability Benefits Coverage.

Further information is available at the Workers’ Compensation Board’s website, which can be accessed through this link: [http://www.wcb.ny.gov](http://www.wcb.ny.gov).

5.9 Subcontracting

Bidders may propose the use of a subcontractor. The Contractor shall obtain prior written approval from NYSDOH before entering into an agreement for services to be provided by a subcontractor. The Contractor is solely responsible for assuring that the requirements of the RFP are met. All subcontracts shall contain provisions specifying that the work performed by the subcontractor must be in accordance with the terms of the prime contract, and that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in the agreement between the DOH and the Contractor. DOH reserves the right to request removal of any Bidder staff or subcontractor’s staff if, in DOH’s discretion, such staff is not performing in accordance with the Agreement. Subcontractors whose contracts are valued at or above $100,000 will be required to submit the Vendor Responsibility Questionnaire upon selection of the prime contractor.

5.10 DOH’s Reserved Rights

The Department of Health reserves the right to:

1. Reject any or all proposals received in response to the RFP;
2. Withdraw the RFP at any time, at the agency’s sole discretion;
3. Make an award under the RFP in whole or in part;
4. Disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP;
5. Seek clarifications and revisions of proposals;
6. Use proposal information obtained through site visits, management interviews and the state’s investigation of a bidder’s qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency’s request for clarifying information in the
course of evaluation and/or selection under the RFP;
7. Prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available;
8. Prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments;
9. Change any of the scheduled dates;
10. Eliminate any mandatory, non-material specifications that cannot be complied with by all of the prospective bidders;
11. Waive any requirements that are not material;
12. Negotiate with the successful bidder within the scope of the RFP in the best interests of the state;
13. Conduct contract negotiations with the next responsible bidder, should the Department be unsuccessful in negotiating with the selected bidder;
14. Utilize any and all ideas submitted in the proposals received;
15. Every offer shall be firm and not revocable for a period of three hundred and sixty-five days from the bid opening, to the extent not inconsistent with section 2-205 of the uniform commercial code. Subsequent to such three hundred and sixty-five days, any offer is subject to withdrawal communicated in a writing signed by the offeror; and,
16. Require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offeror’s proposal and/or to determine an offeror’s compliance with the requirements of the solicitation.

5.11 Freedom of Information Law (“FOIL”)

All proposals may be disclosed or used by DOH to the extent permitted by law. DOH may disclose a proposal to any person for the purpose of assisting in evaluating the proposal or for any other lawful purpose. All proposals will become State agency records, which will be available to the public in accordance with the Freedom of Information Law. Any portion of the proposal that a Bidder believes constitutes proprietary information entitled to confidential handling, as an exception to the Freedom of Information Law, must be clearly and specifically designated in the proposal as directed in Section 6.1(D) of the RFP. If DOH agrees with the proprietary claim, the designated portion of the proposal will be withheld from public disclosure. Blanket assertions of proprietary material will not be accepted, and failure to specifically designate proprietary material may be deemed a waiver of any right to confidential handling of such material.

5.12 Lobbying

Chapter 1 of the Laws of 2005, as amended by Chapter 596 of the Laws of 2005, made significant changes as it pertains to development of procurement contracts with governmental entities. The changes included:

a) made the lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by a state agency, unified court system, state legislature, public authority, certain industrial development agencies and local benefit corporations;

b) required the above mentioned governmental entities to record all contacts made by lobbyists and contractors about a governmental procurement so that the public knows who is contacting governmental entities about procurements;

c) required governmental entities to designate persons who generally may be the only staff contacted relative to the governmental procurement by that entity in a restricted period;

d) authorized the New York State Commission on Public Integrity, (now New York State Joint Commission on Public Ethics), to impose fines and penalties against persons/organizations engaging in impermissible contacts about a governmental procurement and provides for the debarment of repeat violators;

e) directed the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website;
f) required the timely disclosure of accurate and complete information from offerers with respect to determinations of non-responsibility and debarment; (Bidders responding to this RFP should submit a completed and signed Attachment G, “Prior Non-Responsibility Determination”.)

g) increased the monetary threshold which triggers a lobbyists obligations under the Lobbying Act from $2,000 to $5,000; and

h) established the Advisory Council on Procurement Lobbying.

Subsequently, Chapter 14 of the Laws of 2007 amended the Lobbying Act of the Legislative Law, particularly as it related to specific aspects of procurements as follows: (i) prohibiting lobbyists from entering into retainer agreements on the outcome of government grant making or other agreement involving public funding; and (ii) reporting lobbying efforts for grants, loans and other disbursements of public funds over $15,000.

The most notable, however, was the increased penalties provided under Section 20 of Chapter 14 of the Laws of 2007, which replaced old penalty provisions and the addition of a suspension option for lobbyists engaged in repeated violations. Further amendments to the Lobbying Act were made in Chapter 4 of the Laws of 2010.

Questions regarding the registration and operation of the Lobbying Act should be directed to the New York State Joint Commission on Public Ethics.

In accordance with New York State Finance Law Section 163(4)(g), State agencies must require all contractors, including subcontractors, that provide consulting services for State purposes pursuant to a contract to submit an annual employment report for each such contract.

The successful bidder for procurements involving consulting services must complete a “State Consultant Services Form A, Contractor’s Planned Employment From Contract Start Date through End of Contract Term” in order to be eligible for a contract.

The successful winning bidder must also agree to complete a “State Consultant Services Form B, Contractor’s Annual Employment Report” for each state fiscal year included in the resulting contract. This report must be submitted annually to the Department of Health, the Office of the State Comptroller, and Department of Civil Service.

State Consultant Services Form A: Contractor’s Planned Employment and Form B: Contractor’s Annual Employment Report may be accessed electronically at: http://www.osc.state.ny.gov/procurement.

5.14 Debriefing

Once an award has been made, bidders may request a debriefing of their proposal. Please note the debriefing will be limited only to the strengths and weaknesses of the bidder’s proposal, and will not include any discussion of other proposals. Requests must be received no later than ten (10) business days from date of award or non-award announcement.

5.15 Protest Procedures

In the event unsuccessful bidders wish to protest the award resulting from this RFP, bidders should follow the protest procedures established by the Office of the State Comptroller (OSC). These procedures can be found in Chapter XI Section 17 of the Guide to Financial Operations (GFO). Available on-line at: http://www.osc.state.ny.us/agencies/guide/MyWebHelp/

5.16 Iran Divestment Act

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Bidder/Contractor (or any assignee) certifies that it is not on the “Entities Determined To Be Non-Responsive Bidders/Offerers Pursuant To The New York State Iran Divestment Act of 2012” list (“Prohibited
Entities List") posted on the OGS website (currently found at this address: http://www ogs ny.gov/about/regs/docs/ListofEntities.pdf) and further certifies that it will not utilize on such Contract any subcontractor that is identified on the Prohibited Entities List. Additionally, Bidder/Contractor is advised that should it seek to renew or extend a Contract awarded in response to the solicitation, it must provide the same certification at the time the Contract is renewed or extended.

During the term of the Contract, should DOH receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, DOH will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then DOH shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, seeking compliance, recovering damages, or declaring the Contractor in default. DOH reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

5.17 Piggybacking

New York State Finance Law section 163(10)(e) (see also http://www ogs ny.gov/purchase/snt/sflxi.asp) allows the Commissioner of the NYS Office of General Services to consent to the use of this contract by other New York State Agencies, and other authorized purchasers, subject to conditions and the Contractor’s consent.

5.18 Encouraging Use of New York Businesses in Contract Performance

Public procurements can drive and improve the State’s economic engine through promotion of the use of New York businesses by its contractors. New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. All bidders should complete Attachment H, Encouraging Use of New York Businesses in Contract Performance, to indicate their intent to use/not use New York Businesses in the performance of this contract.

5.19 Diversity Practices Questionnaire

Diversity practices are the efforts of contractors to include New York State-certified Minority and Women-owned Business Enterprises (“MWBEs”) in their business practices. Diversity practices may include past, present, or future actions and policies, and include activities of contractors on contracts with private entities and governmental units other than the State of New York. Assessing the diversity practices of contractors enables contractors to engage in meaningful, capacity-building collaborations with MWBEs.

8.0 EVALUATION PROCESS/Criteria

8.1 General Information

DOH will evaluate each proposal based on the “Best Value” concept. This means that the proposal that best “optimizes quality, cost, and efficiency among responsive and responsible offerers” shall be selected for award (State Finance Law, Article 11, §163(1)(j)).

DOH at its sole discretion, will determine which proposal(s) best satisfies its requirements. DOH reserves all rights with respect to the award. All proposals deemed to be responsive to the requirements of this procurement will be evaluated and scored for technical qualities and cost. Proposals failing to meet the requirements of this document may be eliminated from consideration. The evaluation process will include separate technical and cost evaluations, and the result of each evaluation shall remain confidential until both evaluations have been completed and a selection of the winning proposal is made.

The evaluation process will be conducted in a comprehensive and impartial manner, as set forth herein, by an Evaluation Committee. The Technical Proposal and compliance with other RFP requirements (other than the Cost
Proposal will be weighted 75% of a proposal’s total score and the information contained in the Cost Proposal will be weighted 25% of a proposal’s total score.

Bidders may be requested by DOH to clarify the contents of their proposals. Other than to provide such information as may be requested by DOH, no Bidder will be allowed to alter its proposal or add information after the Deadline for Submission of Proposals listed in Section 1.0 (Calendar of Events),

In the event of a tie, the determining factors for award, in descending order, will be: (1) lowest cost and (2) proposed percentage of MWBE participation.

8.2 Submission Review

DOH will examine all proposals that are received in a proper and timely manner to determine if they meet the proposal submission requirements, as described in Section 6.0 (Proposal Content) and Section 7.0 (Proposal Submission), and include the proper documentation, including all documentation required for the Administrative Proposal, as stated in this RFP. Proposals that are materially deficient in meeting the submission requirements or have omitted material documents, in the sole opinion of DOH, may be rejected.

8.3 Technical Evaluation

The evaluation process will be conducted in a comprehensive and impartial manner. A Technical Evaluation Committee comprised of program staff of DOH will review and evaluate all proposals.

Proposals will undergo an evaluation to review Minimum Qualifications to propose.

The Technical Evaluation Committee members will independently score each Technical Proposal that meets the submission requirements of this RFP. The individual Committee Member scores will be averaged to calculate the Technical Score for each responsive Bidder.

The technical evaluation is 75% of the final score.

8.4 Cost Evaluation

The Cost Evaluation Committee will examine the Cost Proposal documents. The Cost Proposals will be opened and reviewed for responsiveness to cost requirements. If a cost proposal is found to be non-responsive, that proposal may not receive a cost score and may be eliminated from consideration.

Each proposal that meets the submission requirements passes the Preliminary Evaluation, and meets the cost proposal requirements will receive a cost score. The Cost Proposals will be scored based on a maximum cost score of 25 points. The maximum cost score will be allocated to the proposal with the lowest all-inclusive not-to-exceed maximum price. All other responsive proposals will receive a proportionate score based on the relation of their Cost Proposal to the proposals offered at the lowest final cost, using this formula:

\[
C = \left(\frac{A}{B}\right) \times 25\%
\]

A is Total price of lowest cost proposal;
B is Total price of cost proposal being scored; and
C is the Cost score.

The cost evaluation is 25% of the final score.

8.5 Composite Score

A composite score will be calculated by the DOH by adding the preliminary Technical Proposal points and the Cost points awarded. Finalists will be determined based on preliminary composite scores.
8.6 Reference Checks

The Bidder should submit references using Attachment D (References). At the discretion of the Evaluation Committee, references may be checked at any point during the process to verify bidder minimum qualifications (See RFP Section 4.1).

8.7 Best and Final Offers

NYSDOH reserves the right to request best and final offers. In the event NYSDOH exercises this right, all bidders that submitted a proposal that met the minimum mandatory requirements will be asked to provide a best and final offer. Bidders will be informed that should they choose not to submit a best and final offer, the offer submitted with their proposal will be construed as their best and final offer.

8.8 Award Recommendation

The Evaluation Committee will submit a recommendation for award to the Finalist with the highest composite score that reflects the “best value”.

The Department will notify the awarded Bidder(s) and Bidders not awarded. The awarded Bidder will enter into a written Agreement substantially in accordance with the terms of Attachment E, DOH Agreement, to provide the required services as specified in this RFP. The resultant contract shall not be binding until fully executed and approved by the New York State Office of the Attorney General and the Office of the State Comptroller.

1. **EXECUTORY CLAUSE.** In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. **NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the Comptroller where the original contract was subject to the Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. **COMPTROLLER’S APPROVAL.** In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. **WORKERS’ COMPENSATION BENEFITS.** In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. **NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. **WAGE AND HOURS PROVISIONS.** If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the any State approved sums due and owing for work done upon the project.

January 2014
7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. 25. **CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.** To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. **IRAN DIVESTMENT ACT.** By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the “Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012” (“Prohibited Entities List”) posted at: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Anything which is not expressly set forth in the specifications, appendices and forms and resultant contract, but which is reasonable to be implied, shall be furnished and provided in the same manner as if specifically expressed.

B. The work shall be commenced and shall be actually undertaken within such time as the Department of Health may direct by notice, whether by mail, e-mail, or other writing, whereupon the undersigned will give continuous attention to the work as directed, to the end and with the intent that the work shall be completed within such reasonable time or times, as the case may be, as the Department may prescribe.

C. The Department reserves the right to stop the work covered by this proposal and the contract at any time that the Department deems the successful bidder to be unable or incapable of performing the work to the satisfaction of the Department, and in the event of such cessation of work, the Department shall have the right to arrange for the completion of the work in such manner as the Department may deem advisable, and if the cost thereof exceeds the amount of the bid, the successful bidder and its surety shall be liable to the State of New York for any excess cost on account thereof.

D. Each bidder is under an affirmative duty to be informed by personal examination of the specifications and location of the proposed work and by such other means as it may select, of character, quality, and extent of work to be performed and the conditions under which the contract is to be executed.

E. The Department of Health will make no allowance or concession to a bidder for any alleged misunderstanding or deception because of quantity, quality, character, location or other conditions.

F. The bid price is to cover the cost of furnishing all of the said services, materials, equipment, and labor to the satisfaction of the Department of Health and the performance of all work set forth in said specifications.

G. The successful bidder will be required to complete the entire work or any part thereof as the case may be, to the satisfaction of the Department of Health in strict accordance with the specifications and pursuant to a contract therefore.

H. CONTRACTOR will possess, at no cost to the State, all qualifications, licenses and permits to engage in the required business as may be required within the jurisdiction where the work specified is to be performed. Workers to be employed in the performance of this contract will possess the qualifications, training, licenses and permits as may be required within such jurisdiction.

I. Non-Collusive Bidding By submission of this proposal, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of their knowledge and belief:

   a. The prices of this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

   b. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly to any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition;

   c. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

May 2013
NOTE: Chapter 675 of the Laws of New York for 1966 provides that every bid made to the state or any public
department, agency or official thereof, where competitive bidding is required by statute, rule or regulation, for work or
services performed or to be performed or goods sold or to be sold, shall contain the foregoing statement subscribed by
the bidder and affirmed by such bidder as true under penalties of perjury.

A bid shall not be considered for award nor shall any award be made where (a), (b) and (c) above have not been
complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder
shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where
(a), (b) and (c) above have not been complied with, the bid shall not be considered for award nor shall any award be
made unless the head of the purchasing unit of the state, public department or agency to which the bid is made or its
designee, determines that such disclosure was not made for the purpose of restricting competition. The fact that a
bidder has published price lists, rates, or tariffs covering items being procured, has informed prospective customers of
proposed or pending publication of new or revised price lists for such items, or has sold the same items to other
customers at the same price being bid, does not constitute, without more, a disclosure within the meaning of the above
quoted certification.

Any bid made to the State or any public department, agency or official thereof by a corporate bidder for work or
services performed or to be performed or goods, sold or to be sold, where competitive bidding is required by statute,
rule or regulation and where such bid contains the certification set forth above shall be deemed to have been authorized
by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of
the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

J. A bidder may be disqualified from receiving awards if such bidder or any subsidiary, affiliate, partner, officer, agent or
principal thereof, or anyone in its employ, has previously failed to perform satisfactorily in connection with public
bidding or contracts.

K. The Department reserves the right to make awards within ninety (90) days after the date of the bid opening, during
which period bids shall not be withdrawn unless the bidder distinctly states in the bid that acceptance thereof must be
made within a shorter specified time.

L. Any contract entered into resultant from this request for proposal will be considered a "Work for Hire Contract." The
Department will be the sole owner of all source code and any software which is developed for use in the application
software provided to the Department as a part of this contract.

M. Technology Purchases Notification --The following provisions apply if this Request for Proposal (RFP) seeks
proposals for "Technology"

1. For the purposes of this policy, "technology" applies to all services and commodities, voice/data/video and/or any
related requirement, major software acquisitions, systems modifications or upgrades, etc., that result in a technical
method of achieving a practical purpose or in improvements of productivity. The purchase can be as simple as an
order for new or replacement personal computers, or for a consultant to design a new system, or as complex as a
major systems improvement or innovation that changes how an agency conducts its business practices.
2. If this RFP results in procurement of software over $20,000, or of other technology over $50,000, or where the
department determines that the potential exists for coordinating purchases among State agencies and/or the
purchase may be of interest to one or more other State agencies, PRIOR TO AWARD SELECTION, this RFP and
all responses thereto are subject to review by the New York State Office for Technology.
3. Any contract entered into pursuant to an award of this RFP shall contain a provision which extends the terms and
conditions of such contract to any other State agency in New York. Incorporation of this RFP into the resulting
contract also incorporates this provision in the contract.

N. Date/Time Warranty

"Product" shall include, without limitation: when solicited from a vendor in a State government entity's contracts, RFPs, IFBs, or mini-bids, any piece or component of equipment, hardware, firmware, middleware, custom or commercial software, or internal components or subroutines therein which perform any date/time data recognition function, calculation, comparing or sequencing. Where services are being furnished, e.g., consulting, systems integration, code or data conversion or data entry, the term "Product" shall include resulting deliverables.

b. "Third Party Product" shall include product manufactured or developed by a corporate entity independent from the vendor and provided by the vendor on a non-exclusive licensing or other distribution Agreement with the third party manufacturer. "Third Party Product" does not include product where vendor is: (a) a corporate subsidiary or affiliate of the third party manufacturer/developer; and/or (b) the exclusive re-seller or distributor of product manufactured or developed by said corporate entity.

2. Date/Time Warranty Statement

CONTRACTOR warrants that Product(s) furnished pursuant to this Contract shall, when used in accordance with the Product documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where a CONTRACTOR proposes or an acquisition requires that specific Products must perform as a package or system, this warranty shall apply to the Products as a system.

Where CONTRACTOR is providing ongoing services, including but not limited to: i) consulting, integration, code or data conversion, ii) maintenance or support services, iii) data entry or processing, or iv) contract administration services (e.g., billing, invoicing, claim processing), CONTRACTOR warrants that services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of CONTRACTOR’s business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing) various date/time transitions, including leap year calculations. CONTRACTOR shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to the failure or untimely performance of such services.

This Date/Time Warranty shall survive beyond termination or expiration of this contract through: a) ninety (90) days or b) the CONTRACTOR’s or Product manufacturer/developer’s stated date/time warranty term, whichever is longer. Nothing in this warranty statement shall be construed to limit any rights or remedies otherwise available under this Contract for breach of warranty.

O. No Subcontracting: Subcontracting by the CONTRACTOR shall not be permitted except by prior written approval of the Department of Health. All subcontracts shall contain provisions specifying that the work performed by the subcontractor must be in accordance with the terms of this AGREEMENT, and that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in the AGREEMENT between the STATE and the CONTRACTOR.

P. Superintendence by Contractor: The CONTRACTOR shall have a representative to provide supervision of the work which CONTRACTOR employees are performing to ensure complete and satisfactory performance with the terms of the Contract. This representative shall also be authorized to receive and put into effect promptly all orders, directions and instructions from the Department of Health. A confirmation in writing of such orders or directions will be given by the Department when so requested from the CONTRACTOR.

Q. Sufficiency of Personnel and Equipment: If the Department of Health is of the opinion that the services required by the specifications cannot satisfactorily be performed because of insufficiency of personnel, the Department shall have the authority to require the CONTRACTOR to use such additional personnel, to take such steps necessary to perform the services satisfactorily at no additional cost to the State.

R. Experience Requirements: The CONTRACTOR shall submit evidence to the satisfaction of the Department that it possesses the necessary experience and qualifications to perform the type of services required under this contract and must show that it is currently performing similar services. The CONTRACTOR shall submit at least two references to substantiate these qualifications.

In such case the CONTRACTOR shall receive equitable compensation for such services as shall, in the judgment of the State Comptroller, have been satisfactorily performed by the CONTRACTOR up to the date of the termination of this agreement, which such compensation shall not exceed the total cost incurred for the work which the CONTRACTOR was engaged in at the time of such termination, subject to audit by the State Comptroller.

U. Upon termination of this agreement, the following shall occur:

1. CONTRACTOR shall make available to the State for examination all data, records and reports relating to this Contract; and

If such conflicts and/or ambiguities arise, the Department of Health will furnish the CONTRACTOR supplementary information showing the manner in which the work is to be performed and the type or types of material or equipment that shall be used.

X. Certification Regarding Debarment and Suspension: Regulations of the Department of Health and Human Services, located at Part 76 of Title 45 of the Code of Federal Regulations (CFR), implement Executive Orders 12549 and 12689 concerning debarment and suspension of participants in federal programs and activities. Executive Order 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a government-wide system for non-procurement debarment and suspension. Executive Order 12689 extends the debarment and suspension policy to procurement activities of the federal government. A person who is debarred or suspended by a federal agency is excluded from federal financial and non-financial assistance and benefits under federal programs and activities, both directly (primary covered transaction) and indirectly (lower tier covered transactions). Debarment or suspension by one federal agency has government-wide effect.

Pursuant to the above-cited regulations, the New York State Department of Health (as a participant in a primary covered transaction) may not knowingly do business with a person who is debarred, suspended, proposed for debarment, or subject to other government-wide exclusion (including any exclusion from Medicare and State health care program participation on or after August 25, 1995), and the Department of Health must require its prospective contractors, as prospective lower tier participants, to provide the certification in Appendix B to Part 76 of Title 45 CFR, as set forth below:

1. APPENDIX B TO PART 76-CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION-LOWER TIER COVERED TRANSACTIONS

Instructions for Certification
a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered and erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

d. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered Transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules.
implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of parties Excluded from Federal Procurement and Non-procurement Programs.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

   a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily exclude from participation in this transaction by any Federal department agency.

   b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

A. For purposes of this Contract, the New York State Department of Health hereby establishes an overall goal of 30% for Minority and Women-Owned Business Enterprises (“MWBE”) participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs).

B. For purposes of providing meaningful participation by MWBEs on the Contract and achieving the Contract Goals established in Section II-A hereof, Contractor should reference the directory of New York State Certified MBWEs found at the following internet address: https://ny.newnycontracts.com/

Additionally, Contractor is encouraged to contact the Division of Minority and Woman Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.

C. Where MWBE goals have been established herein, pursuant to 5 NYCRR §142.8, Contractor must document “good faith efforts” to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract. In accordance with Section 316-a of Article 15-A and 5 NYCRR §142.13, the Contractor acknowledges that if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a
finding constitutes a breach of contract and the Contractor shall be liable to the New York State Department of Health for liquidated or other appropriate damages, as set forth herein.

III. Equal Employment Opportunity (EEO)

A. Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women's Business Development of the Department of Economic Development (the “Division”). If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.

B. Contractor shall comply with the following provisions of Article 15-A:

1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.

2. The Contractor shall submit an EEO policy statement to the New York State Department of Health within seventy-two (72) hours after the date of the notice by New York State Department of Health to award the Contract to the Contractor.

3. If Contractor or Subcontractor does not have an existing EEO policy statement, the New York State Department of Health may provide the Contractor or Subcontractor a model statement (see Form #5 - Minority and Women-Owned Business Enterprises Equal Employment Opportunity Policy Statement).

4. The Contractor’s EEO policy statement shall include the following language:

   a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.

   b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex age, disability or marital status.

   c. The Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

   d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph “E” of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

C. Form #4 - Staffing Plan

To ensure compliance with this Section, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified
categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it as part of their bid or proposal or within a reasonable time, but no later than the time of award of the contract.

D. Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. MWBE Utilization Plan

A. The Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan (Form #1) either prior to, or at the time of, the execution of the contract.

B. Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section III-A of this Appendix.

C. Contractor further agrees that a failure to submit and/or use such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, New York State Department of Health shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

V. Waivers

A. For Waiver Requests Contractor should use Form #2 – Waiver Request.

B. If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals. If the documentation included with the waiver request is complete, the New York State Department of Health shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.

C. If the New York State Department of Health, upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the New York State Department of Health may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

VI. Quarterly MWBE Contractor Compliance Report

A. Contractor is required to submit a Quarterly MWBE Contractor Compliance Report (Form #3) to the New York State Department of Health by the 10th day following each end of quarter over the term of the Contract documenting the progress made towards achievement of the MWBE goals of the Contract. Data should be submitted via the online compliance system at https://ny.newnyccontracts.com.
VII. Liquidated Damages - MWBE Participation

A. Where New York State Department of Health determines that Contractor is not in compliance with the requirements of the Contract and Contractor refuses to comply with such requirements, or if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, Contractor shall be obligated to pay to the New York State Department of Health liquidated damages.

B. Such liquidated damages shall be calculated as an amount equaling the difference between:
   1. All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and
   2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

C. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by the New York State Department of Health, Contractor shall pay such liquidated damages to the New York State Department of Health within sixty (60) days after they are assessed by the New York State Department of Health unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the Director of the Division of Minority and Woman Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law in which event the liquidated damages shall be payable if Director renders a decision in favor of the New York State Department of Health.

NEW YORK STATE DOH MWBE RFP REQUIRED FORMS

All DOH procurements have a section entitled “MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE REQUIREMENTS.” This section of procurement sets forth the established DOH goal for that particular procurement and also describes the forms that should be completed with their bid. Below is a summary of the forms used in the DOH MWBE Participation Program by a bidder.

**Form #1: Bidder MWBE Utilization Plan** - This document should be completed by all bidders responding to RFPs with an MWBE goal greater than zero. The bidder must demonstrate how it plans to meet the stated MWBE goal. In completing this form, the bidder should describe the steps taken to establish communication with MWBE firms and identify current or future relationships with certified MWBE firms. The second page of the form should list the MWBE certified firms that the vendor plans to engage with on the project and the amount that each certified firm is projected to be paid. Plans to work with uncertified firms or women and minority staffed firms do not meet the criteria for participation. The firm must be owned and operated by a Woman and/or Minority and must be certified by NYS Empire State Development to be eligible for participation. If the plan is not submitted or is deemed deficient, the bidder may be sent a notice of deficiency. It is mandatory that all awards with goals have a utilization plan on file.

**Form #2: MWBE Utilization Waiver Request** - This document should be filled out by the bidder if the utilization plan (Form #1) indicates less than the stated participation goal for the procurement. In this instance, Form #2 must accompany Form #1 with the bid. If Form #2 is provided and goal was initially set higher, revised goal approval will be necessary from DOB. When completing Form #2, it is important that the bidder thoroughly document the steps that were taken to meet the goal and provide evidence in the form of attachments to the document. The required attachments are listed on Form #2 and will document the good-faith efforts taken to meet the desired goal. A bidder can also attach additional evidence outside of those referenced attachments. Without evidence of good-faith efforts, in the form of attachments or other documentation, the Department of Health may not approve the waiver and the bidder may be deemed non-responsive.

New MWBE firms are being certified daily and new MWBE firms may now be available to provide products or services that were historically unavailable. If Form #2 is found by DOH to be deficient, the bidder may be sent a deficiency letter which will require a revised form to be returned within 7 business days of receipt to avoid a finding of non-compliance. DOH may work directly with firm to resolve minor deficiencies via e-mail.

**Form #3: Replaced by Online Compliance System** - [https://ny.newnycontracts.com](https://ny.newnycontracts.com) Contractors will need to login and submit payments to MWBE Firms in this online system once payments to these vendors commence.

**Form #4 – MWBE Staffing Plan** - This form should be completed based on the composition of staff working on the project. Enter the numbers or counts in the corresponding boxes and add up the totals in each column. This form is for diversity research purposes only and has no bearing on MWBE goal achievement.

**Form #5 – EEO and MWBE Policy Statement** - This is a standard EEO policy that needs to be signed and dated and submitted. If Bidder has their own EEO policy it may be submitted instead of endorsing this document.

M/WBE AND EEO POLICY STATEMENT

I, _________________________, the (awardee/contractor)____________________ agree to adopt the following policies with respect to the project being developed or services rendered at ________________________________________________________________________________

This organization will and will cause its contractors and subcontractors to take good faith actions to achieve the M/WBE contract participation goals set by the State for that area in which the State-funded project is located, by taking the following steps:

Actively and affirmatively solicit bids for contracts and subcontracts from qualified State certified MBEs or WBEs, including solicitations to M/WBE contractor associations. Request a list of State-certified M/WBEs from AGENCY and solicit bids from them directly.

Ensure that plans, specifications, request for proposals and other documents used to secure bids will be made available in sufficient time for review by prospective M/WBEs. Where feasible, divide the work into smaller portions to enhance participation by M/WBEs and encourage the formation of joint venture and other partnerships among M/WBE contractors to enhance their participation.

Document and maintain records of bid solicitation, including those to M/WBEs and the results thereof. Contractor will also maintain records of actions that its subcontractors have taken toward meeting M/WBE contract participation goals. Ensure that progress payments to M/WBEs are made on a timely basis so that undue financial hardship is avoided, and that bonding and other credit requirements are waived or appropriate alternatives developed to encourage M/WBE participation.

(a) This organization will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing programs of affirmative action to ensure that minority group members are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its workforce on state contracts.

(b) This organization shall state in all solicitation or advertisements for employees that in the performance of the State contract all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex disability or marital status.

(c) At the request of the contracting agency, this organization shall request each employment agency, labor union, or authorized representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of this organization’s obligations herein.

(d) Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

(e) This organization will include the provisions of sections (a) through (d) of this agreement in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the State contract.

ENCOURAGING USE OF NEW YORK BUSINESSES IN CONTRACT PERFORMANCE

I. Background

New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles.

Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged, to the maximum extent practical and consistent with legal requirements, to use responsible and responsive New York State businesses in purchasing commodities that are of equal quality and functionality and in utilizing service and technology. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses, consistent with current State law.

Utilizing New York State businesses in State contracts will help create more private sector jobs, rebuild New York’s infrastructure, and maximize economic activity to the mutual benefit of the contractor and its New York State business partners. New York State businesses will promote the contractor’s optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated procurements.

Public procurements can drive and improve the State’s economic engine through promotion of the use of New York businesses by its contractors. The State therefore expects bidders/proposers to provide maximum assistance to New York businesses in their use of the contract.
