2.0 OVERVIEW

Through this Request for Proposals (RFP), the New York State (State) Department of Health (DOH) is seeking competitive proposals to provide Technical Assistance (TA) to Small Public Water Systems and to Fluoridating Water Systems across the State as further detailed in Section 4.0 (Scope of Work) of this RFP. The term of the contract will be five years. It is the DOH intent to award one (1) contract from this procurement.

2.1 Introductory Background

The New York State Department of Health (DOH) protects and promotes the health of the public within the State. Within the DOH, the Bureau of Water Supply Protection (BWSP) has the primary responsibility for administering the Public Water System Supervision (PWSS) Program and for assuring that safe, potable water, in adequate quantities, is provided in New York State. This is accomplished through:

- Ensuring compliance with drinking water regulations at all Public Water Systems (PWSs);
- Training and certification of water supply operators;
- Maintenance of a statewide database on individual PWSs;
- Development and initiation of enforcement policies;
- Development and promotion of PWS emergency preparedness;
- Plan review;
- Maintenance of a water quality surveillance program; and
- Providing technical and emergency assistance to PWSs.

The primary regulatory authority that oversees the State’s PWSS program is the United States Environmental Protection Agency (EPA). The primary federal legislation governing public drinking water systems is the 1974 Safe Drinking Water Act (SDWA), including the 1986 and 1996 Amendments. EPA has categorized three types of PWSs - the community water
systems, non-transient non-community water systems, and transient non-community water systems. In NYS, PWSs that serve 3,300 or fewer population are called small water systems.

2.2 Important Information

The bidder is required to review, and is requested to have legal counsel review, Attachment E, the DOH Agreement as the Bidder must be willing to enter into an Agreement substantially in accordance with the terms of Attachment E should the bidder be selected for contract award. Please note that this RFP and the awarded bidder's proposal will become part of the contract as Appendix B and C, respectively.

It should be noted that Appendix A of Attachment E, “Standard Clauses for New York State Contracts”, contains important information related to the contract to be entered into as a result of this RFP and will be incorporated, without change or amendment, into the contract entered into between DOH and the successful Bidder. By submitting a response to the RFP, the Bidder agrees to comply with all the provisions of Appendix A. Note, Attachment A, the Bidder’s Certifications/Acknowledgements, should be submitted and includes a statement that the bidder accepts, without any added conditions, qualifications or exceptions, the contract terms and conditions contained in this RFP including any exhibits and attachments. It also includes a statement that the bidder acknowledges that, should any alternative proposals or extraneous terms be submitted with the proposal, such alternate proposals or extraneous terms will not be evaluated by the DOH.

Any qualifications or exceptions proposed by a bidder to this RFP should be submitted in writing using the process set forth in Section 5.2 (Questions) prior to the deadline for submission of written questions indicated in Section 1.0 (Calendar of Events). Any amendments DOH makes to the RFP as a result of questions and answers will be publicized on the DOH web site.

2.3 Term of the Agreement

This contract term is expected to be for a period of 5 years commencing on the date shown on the Calendar of Events in Section 1.0., subject to the availability of sufficient funding, successful contractor performance, and approvals from the New York State Attorney General (AG) and the Office of the State Comptroller (OSC).

3.0 BIDDERS QUALIFICATIONS TO PROPOSE

3.1 Minimum Qualifications

DOH will accept proposals from organizations a minimum of five (5) years experience working with troubleshooting, training, or self-help projects in small rural communities as a prime contractor.

Failure to meet the minimum qualification will result in a proposal being found non-responsive and eliminated from consideration.
3.2 Preferred Qualifications

- Preference will be given to organizations whom have experience working with troubleshooting, training or self-help projects for small rural communities in New York State.

For the purposes of this RFP, a prime contractor is defined as one who has the contract with the owner of a project or job and has full responsibility for its completion. A prime contractor undertakes to perform a complete contract and may employ (and manage) one or more subcontractors to carry out specific parts of the contract.

4.0 SCOPE OF WORK

This Section describes the Technical Assistance (TA), Training, Meeting and Reporting services that are required to be provided by the selected bidder. The selected bidder will be required to provide the necessary technical assistance and services to enable PWSs to:

- Make technical and administrative improvements;
- Perform necessary maintenance;
- Recover revenues to improve viability;
- Meet the regulatory requirements of the SDWA and Part 5 of the State Sanitary Code; and
- Continue PWS Operations.

The selected bidder must be able to provide all of these services throughout the contract term.

In NYS, there are approximately 10,000 PWSs, of which 3,500 are community water systems (CWSs), 5,800 are transient non-community water systems (TNCs), and 700 are non-transient non-community water systems (NTNCs). In general, a greater number of federal and state drinking water regulations apply to CWSs than to TNCs and NTNCs. Compliance with the many regulations is particularly difficult for the CWSs serving populations fewer than 3,300 (small water systems). These small water systems account for >90% of the CWSs in the State. While the primary emphasis in TA will be placed on small CWSs, some TA in applicable regulatory areas can also be expected for NTNCs.

Small water systems, by their very nature, lack economies of scale that would enable them to easily modify and adjust their operations to comply with increasingly complex regulations and best management practices. Challenges affecting small water systems include a lack of adequate preventive maintenance programs, delays on equipment modernization, an inability to retain qualified consulting services, and difficulty in funding necessary analytical testing services. Unaddressed, these factors can then lead to a failure to meet state and federal regulations and accepted performance standards.

Many PWSs have implemented community water fluoridation (adjustment of fluoride level in water to an optimal level) for the purpose of dental caries prevention and control. TA will be provided to PWSs to operate their fluoridation system in compliance with drinking water to
meet the Centers for Disease Control and Prevention’s engineering and administrative recommendations for water fluoridation.

PLEASE NOTE: Bidders will be required to provide responses that address all of the requirements of this RFP as part of its Technical Proposal.

The terms “bidders”, “contractors”, “vendors” and “proposers” are also used interchangeably. For purposes of this RFP, the use of the terms “shall”, “must” and “will” are used interchangeably when describing the Contractor's/Bidder's duties.

4.1 Deliverables

4.1.1 Technical Assistance

For this contract, all technical assistance that can be covered and approved by DOH is considered general technical assistance. Assistance that is specific to fluoridation is considered fluoridation technical assistance. It is anticipated that the contractor will visit systems classified as DOH grade levels IIA, IIB, C and D to provide general TA.

The contractor will provide a minimum of 210 on-site general TA visits and services to water plant operators, superintendents and local officials of PWSs each year of the contract. This assistance will deal with on-going regulatory, operational, management, financial, and technical deficiencies, including time critical TA and will be delivered continuously over each contract year. Although the majority of the TA will be provided to small CWSs (serving < 3,300 people), general TA will not be limited to this size water systems and larger water systems may also receive these services, as needed.

Categories for general technical assistance under this contract include the following:

- Compliance with state drinking water regulations;
- Treatment technology and optimization;
- Operator certification;
- Capacity development;
- Completion of consumer confidence reports (annual water quality reports) and operation manuals;

The contractor will provide a minimum of 25 on-site fluoridation related TA (fluoridation TA) visits to fluoridating PWS approved by Bureau of Child Health (BCH) each year of contract. The on-site fluoridation TA visits will be specific to fluoridation operation including:

- Identifying and addressing operation issues e.g., fluctuating fluoride levels, non-optimal fluoride levels trending very high or very low, inconsistencies in split samples, equipment problems, etc.;
- Confirming completion and operation of projects funded under the NYS DOH’s Drinking Water Fluoridation Grant Program, and
- Other related issues deemed appropriate by the Department.

In addition, the contractor will complete a minimum of ten (10) technical products and services not related to water fluoridation to PWSs each year of the contract. Qualifying technical products and services include the following:

- Developing vulnerability assessments and emergency response plans;

Additional presentations or modifications to trainings may be needed over the contract term, based upon changes to Local, State or Federal rules, regulations or guidance.

4.1.3 Meetings and Reportings

The contractor will attend the following meetings:

- Initial contract conference call with DOH and its designees;
- One-half (1/2) day DOH orientation session on NYS DOH PWS program, guidance, policies, procedures and field structure to be held in Albany, New York. At a minimumum, the contractor’s project director and TA providers shall attend in person for this orientation; and
- Quarterly progress meetings and annual meetings in person with the DOH general TA Coordinator and DOH Bureau of Child Health (BCH) fluoridation program manager to be held in Albany, New York.

The contractor must submit and report on the following:

- Prepare and submit monthly progress reports.

4.2 Tasks

For this section, all Tasks developed must be reflective of the entire five (5) year contract. The contractor shall determine and provide the type of equipment needed for each task.

A detailed breakdown of required tasks are listed below.

4.2.1 Task A: Develop TA Implementation Plan

The contractor will develop a TA plan, that will be segmented in five (5) annual twelve (12) month periods coinciding with the contract term. The plans will include the following:

1. Details on how the contractor will implement the services outlined in Section 4.1 of this RFP. Plans will outline and include all steps in the implementation of the task including scheduling, conducting and reporting of findings from on-site visits, trainings, products and services; 
2. The plans must be submitted in two sets: a.) General TA will include tasks B, C, D, E, and H listed below in Sections 4.2.2 - 4.2.8, and b.) Fluoridation related TA will include tasks B, F, G and H listed below in Sections 4.2.2 - 4.2.8;
3. The plans will be reviewed and approved by DOH prior to use and are subject to modifications and updates on an annual basis, or as deemed necessary by DOH during the contract year; and

Note: During the first year of contract, review and approval of the implementation plans will be initiated during the initial conference call.
4. Modifications and/or updates must be submitted to DOH for review and approval within ten (10) business days after the request a modification or within 10 business days after the start of each new contract year.

4.2.2 Task B: Notification to Local Health Departments

Within twenty (20) business days of completing the DOH one-half (1/2) day orientation session, the contractor will notify each DOH region, district and county health department, using the database and information provided by DOH (template, map, list, website, guidance, and etc.) with the following:

1. List of contractor’s contact information including the names of TA providers and members of project team;
2. Information about on-site general TA that can be provided to PWSs in a year;
3. Information on available trainings for water operators that can be provided to each region in a year;
4. Information about on-site fluoridation TA visits to PWSs in a year;
5. Information on available fluoridation trainings for water operators that can be provided for each region in a year;
6. Information on TA products and services that can be provided to PWSs; and
7. Information for PWS about how to request TAs, trainings, technical products and services for this contract.

Notification will also be made at the start of each contract year, or as otherwise directed by DOH. The means and language of the Notification must be pre-approved by the DOH.

4.2.3 Task C: Provide On-site General Technical Assistance

The contractor will be ready to provide on-site general TA to PWSs within fifteen (15) days of notification or completing Task B.

The contractor will devote one-half (1/2) of the total general TA contract effort providing a minimum of 210 on-site TA visits to PWSs each contract year. A map of these PWS can be found in Attachment M. DOH or its designees may request TA on behalf of PWSs. On-site general TA will deal with on-going regulatory, operational, management, financial, and technical deficiencies including time critical TA.

A recommended procedure to use when working with a PWS for on-site TA follows:

1. Contact PWS and the appropriate local health department via call or e-mail;
2. Discuss problems or violations before the on-site TA visit;
3. Set up an appointment to inspect the water system facilities and conduct an on-site TA visit;
4. Work with PWS representative(s) on methods of correcting or improving situations;
5. If a public health hazard exists, assist the PWS implement immediate corrective action and contact the local health department or DOH as appropriate; Follow-up in writing with the PWS as needed for unresolved issues, including any recommendations. DOH or its designees are to be copied on all correspondence between the contractor and PWS;
6. Follow up in writing with the PWS and determine what progress has been made; 
7. Document each on-site general TA visit both in writing and in the DOH accepted database, include all problems and deficiencies observed/reported; and 
8. On-site general TA visits and any on-going general TA visits with unresolved issues will be documented and reported every month to the DOH. It is anticipated that most issues can be resolved in one to two on-site visits.

The contractor is expected to conduct at least 210 on-site general TA visits to PWSs per contract year, as demonstrated by resolution of the issue that generated the request for assistance and/or stabilization of the immediate situation and arrangement for follow up activities. It is anticipated that most PWS issues can be resolved in one (1) to two (2) on-site visits. Acceptable documentation of the activities completed for each PWS on-site TA visit will facilitate the DOH TA-Coordinator determination. Documentation of these activities are delineated in Section 4.2.6, Task F.

4.2.4 Task D: Provide Training to PWSs Water Operator

The contractor will provide trainings in person to PWS personnel, particularly for water operators on technical issues listed in Section 4.1, Technical Assistance and as directed by DOH. Contractor will be responsible for developing training material; providing outreach to PWSs through DOH district and local offices or by any other means; providing training locations per region statewide; securing approval of training sessions from DOH operator certification program, and delivering the training sessions to DOH satisfaction.

Trainings must be of relevant topics in the operational, technical, financial and managerial aspects of operating and managing a water system to ensure viability of small water systems. Topics must be acceptable for NYS water operator recertification.

Each training session should accommodate at least 35 water operators who will be eligible to receive CEUs for operator certification. The training sessions must be conducted with an instructor to attendee ratio of at least 1 instructor to 20 attendees.

Prior to holding the training session, the contractor will prepare and submit to DOH general TA Coordinator the following:

1. Name of training session with location and date; 
2. Copy of training session’s agenda; and 
3. Copy of the advertisement of the event.

After the event, the contractor will submit to DOH general TA Coordinator copy(ies) of completed attendance/sign-in sheet. The completed attendance sheet must include information of the date of training, location, DOH ATC# and CEUs.

The contractor must deliver at least six (6) training sessions at a minimum of six (6) contact hours (0.6 CEU) per training session each year of the contract. The training sessions must be held in different geographic regions across the state (see Attachment M for geographic regions) and vary from one year to another year of the contract in order to provide adequate regional coverage and to maximize the attendance by water operators which are located throughout the state. The contractor must not charge any fees to the attendees of the training.
The DOH has defined geographic five (5) regions for this contract, they are defined as:

- Western Region - Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Livingston, Monroe, Niagara, Ontario, Orleans, Steuben, Wayne, Wyoming, and Yates counties;
- Central Region - Broome, Cayuga, Chemung, Chenango, Cortland, Delaware, Madison, Onondaga, Otsego, Schuyler, Seneca, Tioga, and Tompkins;
- North Country - Clinton, Essex, Franklin, Hamilton, Herkimer, Jefferson, Lewis, Oneida, Oswego, St. Lawrence, and Warren counties;
- Capital Area - Albany, Columbia, Fulton, Greene, Montgomery, Rensselaer, Saratoga, Schenectady, Schoharie, and Washington counties; and
- Metropolitan Area - Dutchess, Nassau, Orange, Putnam, Rockland, Ulster, Suffolk, Sullivan, and Westchester counties.

Note: No training sessions will be held in any counties that are not listed above (i.e the five (5) boroughs of New York City) under this contract.

Since there are only five (5) contract regions and six (6) trainings required per year, one (1) region will be scheduled with two (2) trainings each year, this repeated region must rotate in each subsequent contract year.

The DOH or its designee, may audit courses from time to time to ensure complete and adequate coverage of course material.

4.2.5 Task E: Develop Technical Products and Services for Individual PWSs

The contractor will work with individual PWSs on the development of technical products and services to help the PWSs better operate and manage their infrastructure and overall operations. Such products may include, but are not limited to written standard operating procedures (SOPs), emergency response plans (ERPs), water system infrastructure mapping, and asset management plans (AMPs). These products will be developed or customized for small water systems that are experiencing problems due to the lack of such items and/or lack of resources and/or the expertise to develop them.

The contractor will complete at least ten (10) technical products and services per contract year that are acceptable to the recipient PWS and are approved by the DOH or its designee. At least two (2) of these ten (10) annual deliverables must be complete water system infrastructure mappings. Infrastructure mappings will include locating and identifying of PWS distribution system components including but not limited to pipe location and size, service line shut-off locations, and valve locations, as well as the production of GIS maps, provided both in electronic and paper copies with a sufficient level of detail acceptable to the PWS and the DOH. Systems selected for mapping shall be agreed upon by both the contractor and the DOH TA Coordinator.

4.2.6 Task F: Provide Onsite Technical Assistance to Fluoridating Public Water Systems

The contractor will begin providing on-site fluoridation TA to fluoridating PWSs within fifteen (15) days of notification or completing Task B. A minimum of 25 on-site fluoridation TA visits is expected per year of contract to PWSs experiencing technical challenges with fluoridation
operations. This assistance will be provided upon request of the DOH or its designee. This assistance will deal with issues such as, but not limited to, fluctuating fluoride levels, persistent non-optimal fluoride levels, inconsistencies in split samples, and equipment problems; installing, repairing, replacing, or upgrading their fluoridation system under the DOH’s Drinking Water Fluoridation (DWF) Grant Program. During the annual conference call, DOH BCH will provide the list of fluoridating PWSs that are candidates for on-site fluoridation TA visits. A map of these fluoridating PWSs can be found in Attachment M.

Through these on-site fluoridation TA visits, the contractor is expected to:

1. Verify that the visited PWSs fluoridation systems are maintained and operated in compliance with all state laws, rules and regulations;
2. Assess the PWSs’ fluoridation systems and programs relative to the Center for Disease Control and Prevention’s Engineering and Administrative Recommendations for Water Fluoridation; and
3. Identify issues and provide recommendations to the visited PWSs and to the DOH.

A recommended procedure to use when working with a PWS for on-site TA follows:

1. Contact the PWS and the appropriate local health department via call or e-mail;
2. Discuss issues with fluoridation, if any, before the on-site fluoridation TA visit;
3. Set up an appointment to inspect the water system facilities and conduct an on-site TA visit;
4. Work with PWS representative(s) on methods of correcting or improving situations;
5. If a public health hazard exists, assist the PWS implement immediate corrective action and contact the local health department or DOH as appropriate;
6. Follow-up in writing with the PWS as needed for unresolved issues, including any recommendations. DOH or its designees are to be copied on all correspondence between the contractor and PWS;
7. Follow up in writing with the PWS and determine what progress has been made;
8. Document each on-site fluoridation TA visit both in writing and in the DOH accepted database, include all problems and deficiencies observed/reported; and
9. On-site fluoridation TA visits and any on-going fluoridation TA visits with unresolved issues will be documented and reported every month to the DOH. It is anticipated that most issues can be resolved in one to two on-site visits.

*The contractor must record any identified problems, challenges, or concerns discovered during the visit on the Fluoridation TA On-site Report. Photographs, as deemed necessary by the contractor, should be taken and included with the report. Note, if the TA visit is in regards to a DWF Grant project, photographs should be taken of all significant items funded under that Grant including equipment purchased and installed; major construction and infrastructure work (for example, construction of fluoridation buildings/rooms, installation of ventilation systems) and other items deemed appropriate by the Contractor.

The contractor is expected to have and utilize, when necessary, appropriate field equipment to assist with the identification of operational problems and making appropriate recommendations for improvements to PWS fluoridation processes. Appropriate field equipment should include,
at a minimum, portable laboratory equipment (colorimetric and/or specific ion electrode) and appropriate testing standards/reagents (SPANS and/or TISAB).

4.2.7 Task G: Provide Fluoridation Training Sessions to Public Water Systems

The contractor will deliver a minimum of four (4) training sessions at a minimum of six (6) contact hours (0.6 CEU) per training session, per year of contract for water operators on the topic of fluoridation. The trainings must be held in different locations across the state to provide regional coverage to maximize attendance by water operators located throughout the State.

The training must include presentations on the following topics: regulations, fluoride additives, laboratory analysis, equipment/facilities, operator safety, operations, public health perspective, and management of fluoridation at the state level. Topics must be acceptable for NYS water operator recertification.

Each training session must accommodate at least 35 water operators receiving CEUs for operator certification, and must be conducted with an instructor to attendee ratio of at least 1 instructor to 20 attendees to facilitate an orderly environment. The contractor must not charge any fees to attendees of the training.

Prior to holding the training session, the contractor will prepare and submit to DOH TA Coordinator the following:

1. Name of training session with location and date;
2. Copy of training session’s agenda; and
3. Copy of the advertisement of the event.

After the event, the contractor will submit to DOH copy(ies) of completed attendance/sign-in sheet. The completed attendance sheet must include information of the date of training, location, DOH ATC# and CEUs.

A training must be held in four (4) of the five different contract regions of New York State per year*, regions are defined below:

- Western Region - Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Livingston, Monroe, Niagara, Ontario, Orleans, Steuben, Wayne, Wyoming, and Yates counties;
- Central Region - Broome, Cayuga, Chemung, Chenango, Cortland, Delaware, Madison, Onondaga, Otsego, Schuyler, Seneca, Tioga, and Tompkins;
- North Country - Clinton, Essex, Franklin, Hamilton, Herkimer, Jefferson, Lewis, Oneida, Oswego, St. Lawrence, and Warren counties;
- Capital Area - Albany, Columbia, Fulton, Greene, Montgomery, Rensselaer, Saratoga, Schenectady, Schoharie, and Washington counties; and
- Metropolitan Area - Dutchess, Nassau, Orange, Putnam, Rockland, Ulster, Suffolk, Sullivan, and Westchester counties.

*Since there are five (5) contract regions and only four (4) trainings per year, the Contractor must schedule and hold a training in the 5th region in the subsequent contract year.
The DOH or its designees, may audit courses from time to time to ensure complete and adequate coverage of course material.

4.2.8 Task H: Attend Progress Meetings and Complete Progress Reports

The contractor will attend meetings in person with DOH to review progress of the contract. These meetings will be held on a quarterly basis in Albany, New York. The contractor will maintain detailed records of all on-site TA visits, trainings, products and services, and will submit reports of progress to the DOH TA Coordinator monthly beginning in the month following the first date the TA providers began providing on-site TA. This task will be the completion of timely and acceptable progress reports monthly for the duration of the contract.

Monthly reports for general TA and fluoridation TA will consist of two parts:

1. The first part will consist of a short write up (1-2 paragraphs) on each visit made, and will include information on the name of the water system, the name of the TA provider, the PWS Federal ID #, the municipality and county in which the system is located, the PWS Federal ID # of the source water provider in the case of a consecutive/purchasing system, the name(s) and title(s) of the person(s) visited at the PWS, the name and contact info of the local health unit, the reason for the visit, the number of visits and total TA time spent at each visit, the findings, action taken, and the outcome; and
2. The second part of the report will identify and report any common problems with water systems/operators identified during that month that may require additional attention or program adjustments. Potential solutions such as training or education in specific areas of concern, operational changes, etc., should be recommended.

Due to separate funding sources, documentation for deliverable tasks F and G must be submitted to DOH separately from the other tasks. Reporting must also be separated between general TA and training and fluoridation on-site TA and Training. The contractor must maintain separate detailed records and submit the fluoridation TA on-site report within one month of the completion of the TA visit. The report should be used to identify issues related to drinking water fluoridation and provide recommendations to BCH.

During the quarterly meetings, the contractor is expected to discuss with DOH the progress on this task. Annual meetings will be held before the beginning of each contract.

4.3 Staffing Requirements

The contractor shall have the personnel and project team members that will be responsible for completion and oversight of the work specified in Section 4.0. Personnel and project team members shall include but not be limited to the project director, training personnel, and a minimum of two (2) TA providers of which, one (1) must have experience trouble-shooting drinking water fluoridation systems.

The project director assigned to this contract must have project management and oversight experience. Training personnel must have experience in organizing or providing training and have access to other water professionals (for example, certified water operators, certified
wastewater operators, professional engineers, GIS professionals) readily available. TA providers must have experience in assisting small communities in general and technical competences, preferably providing assistance at small rural community and/or non-community water systems.

TA providers must be available to deliver timely on-site general TA. Due to the large geographic area of the State, the TA providers should be located in separate regions to provide timely response throughout the State. More than two qualified TA providers may be used to meet the onsite visit tasks of this contract. TA providers shall have DOH water operator certification at grade level D and either IA or IIA.

Note: General and fluoridation TA provider(s) may be filled by the same person or they may be a different individual(s).

Within 15 business days of departmental notification of their award, the selected vendor must supply DOH with resumes and copies of the TA provider's current NYS DOH water operator certification for grade D, IA or IIA. Submission of these certifications is a condition of the award, failure to provide these certifications will result in the vendor being non-awarded.

NOTE: Only qualified personnel must be utilized throughout this contract. The DOH and its designee, may audit the contractor from time to time to ensure that the contractor is in compliance with DOH requirements. Failure to meet the minimum requirements may result to a forfeiture of this contract.

4.4 Reporting Requirement

The contractor will complete all progress reports, DOH trainings, and meetings needed for this contract. Refer to Sections 4.0-4.2.

5.0 ADMINISTRATIVE INFORMATION

The following administrative information will apply to this RFP. Failure to comply fully with this information may result in disqualification of your proposal.

5.1 Restricted Period

“Restricted period” means the period of time commencing with the earliest written notice, advertisement, or solicitation of a Request for Proposals (“RFP”), Invitation for Bids (“IFB”), or solicitation of proposals, or any other method for soliciting a response from Bidders intending to result in a procurement contract with DOH and ending with the final contract award and approval by DOH and, where applicable, final contract approval by the Office of the State Comptroller.

This prohibition applies to any oral, written, or electronic communication under circumstances where a reasonable person would infer that the communication was intended to influence this procurement. Violation of any of the requirements described in this Section may be grounds for a determination that the bidder is non-responsible and therefore ineligible for this contract award. Two violations within four years of the rules against impermissible contacts during the
“restricted period” may result in the violator being debarred from participating in DOH procurements for a period of four years.

Pursuant to State Finance Law §§ 139-j and 139-k, the Department of Health identifies a designated contact on face page of this RFP to whom all communications attempting to influence this procurement must be made.

Prior to the Deadline for Submission of Proposals, any such clarifications or modifications as deemed necessary by DOH will be posted to the DOH website.

If the bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in this RFP, the Bidder shall immediately notify DOH of such error in writing at bpwsp@health.ny.gov and request clarification or modification of the document.

If, prior to the Deadline for Submission of Proposals, a bidder fails to notify DOH of a known error or an error that reasonably should have been known, the bidder shall assume the risk of proposing. If awarded the contract, the bidder shall not be entitled to additional compensation by reason of the error or its correction.

5.5 Minority & Woman-Owned Business Enterprise Requirements

Pursuant to New York State Executive Law Article 15-A, the New York State Department of Health (“DOH”) recognizes its obligation to promote opportunities for maximum feasible
participation of certified minority-and women-owned business enterprises and the employment of minority group members and women in the performance of DOH contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" ("Disparity Study"). The report found evidence of statistically significant disparities between the level of participation of minority-and women-owned business enterprises in state procurement contracting versus the number of minority-and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that DOH establish goals for maximum feasible participation of New York State Certified minority- and women – owned business enterprises ("MWBE") and the employment of minority groups members and women in the performance of New York State contracts.

Business Participation Opportunities for MWBEs

For purposes of this solicitation, DOH hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs and outreach efforts to certified MWBE firms). A contractor ("Contractor") on the subject contract ("Contract") must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and Contractor agrees that DOH may withhold payment pending receipt of the required MWBE documentation. For guidance on how DOH will determine “good faith efforts,” refer to 5 NYCRR §142.8.

The directory of New York State Certified MWBEs can be viewed at: https://ny.newnycontracts.com. The directory is found in the upper right hand side of the webpage under “Search for Certified Firms” and accessed by clicking on the link entitled “MWBE Directory”. Engaging with firms found in the directory with like product(s) and/or service(s) is strongly encouraged and all communication efforts and responses should be well documented.

By submitting a bid, a bidder agrees to complete an MWBE Utilization Plan (Attachment F, Form #1) of this RFP. DOH will review the submitted MWBE Utilization Plan. If the plan is not accepted, DOH may issue a notice of deficiency. If a notice of deficiency is issued, Bidder agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt. DOH may disqualify a Bidder as being non-responsive under the following circumstances:

a) If a Bidder fails to submit a MWBE Utilization Plan;
b) If a Bidder fails to submit a written remedy to a notice of deficiency;
c) If a Bidder fails to submit a request for waiver (if applicable); or
d) If DOH determines that the Bidder has failed to document good-faith efforts;
The Contractor will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to DOH, but must be made no later than prior to the submission of a request for final payment on the Contract.

The Contractor will be required to submit a Contractor’s Quarterly M/WBE Contractor Compliance & Payment Report to the DOH, by the 10th day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

If the Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding will constitute a breach of Contract and DOH may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

New York State certified Minority- and Women-Owned Businesses (M/WBE) may request that their firm’s contact information be included on a list of M/WBE firms interested in serving as a subcontractor for this procurement. The listing will be publicly posted on the Department’s website for reference by the bidding community. A firm requesting inclusion on this list should send contact information and a copy of its NYS M/WBE certification to bpwsp@health.ny.gov before the Deadline for Questions as specified in Section 1.0 (Calendar of Events). Nothing prohibits an M/WBE Vendor from proposing as a prime contractor.

Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

5.6 Equal Employment Opportunity (EEO) Reporting

By submission of a bid in response to this solicitation, the Bidder agrees with all of the terms and conditions of Attachment E Appendix A including Clause 12 - Equal Employment Opportunities for Minorities and Women. Additionally, the successful bidder will be required to certify they have an acceptable EEO (Equal Employment Opportunity) policy statement in accordance with Section III of Appendix M in Attachment E.

Further, pursuant to Article 15 of the Executive Law (the “Human Rights Law”), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and subcontractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.
The Contractor is required to ensure that it and any subcontractors awarded a subcontract over $25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work"), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

To ensure compliance with this Section, the Bidder should submit with the bid or proposal an Equal Employment Opportunity Staffing Plan (Attachment F, Form #4) identifying the anticipated work force to be utilized on the Contract. Additionally, the Bidder should submit a Minority and Women-Owned Business Enterprises and Equal Employment Opportunity Policy Statement (Attachment F, Form # 5), to DOH with their bid or proposal.

5.7 Sales and Compensating Use Tax Certification (Tax Law, § 5-a)

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than $100,000 to certify to the Department of Tax and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors’ sales delivered into New York State are in excess of $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect state sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits the State Comptroller, or other approving agencies, from approving a contract awarded to an offerer meeting the registration requirements but who is not so registered in accordance with the law.

The successful Bidder must file a properly completed Form ST-220-CA with the Department of Health and Form ST-220-TD with the DTF. These requirements must be met before a contract may take effect. Further information can be found at the New York State Department of Taxation and Finance’s website, available through this link: http://www.tax.ny.gov/pdf/publications/sales/pub223.pdf.

Forms are available through these links:
5.8 Workers’ Compensation and Disability Benefits Certifications

Sections 57 and 220 of the New York State Workers’ Compensation Law (WCL) provide that DOH shall not enter into any contract unless proof of workers’ compensation and disability benefits insurance coverage is produced. Prior to entering into a contract with DOH, successful Bidders will be required to verify for DOH, on forms authorized by the New York State Workers’ Compensation Board, the fact that they are properly insured or are otherwise in compliance with the insurance provisions of the WCL. The forms to be used to show compliance with the WCL are listed below. Any questions relating to either workers’ compensation or disability benefits coverage should be directed to the State of New York Workers’ Compensation Board, Bureau of Compliance at (518) 486-6307. Failure to provide verification of either of these types of insurance coverage by the time contracts are ready to be executed will be grounds for disqualification of an otherwise successful Proposal.

The successful Bidder must submit the following documentation to the Department within 10 calendar days of notification of award.

ONE of the following forms as Workers’ Compensation documentation:

A. Proof of Workers’ Compensation Coverage:
   1. Form C-105.2 – Certificate of Workers’ Compensation Insurance issued by private insurance carrier (or Form U-26.3 issued by the State Insurance Fund); or
   2. Form SI-12 – Certificate of Workers’ Compensation Self-Insurance (or Form GSI-105.2 Certificate of Participation in Workers’ Compensation Group Self-Insurance); or
   3. Form CE-200 – Certificate of Attestation of Exemption from New York State Workers’ Compensation and/or Disability Benefits Coverage.

B. Proof of Disability Benefits Coverage:

ONE of the following forms as Disability documentation:

   1. Form DB-120.1 – Certificate of Disability Benefits Insurance; or
   2. Form DB-155 – Certificate of Disability Benefits Self-Insurance; or
   3. Form CE-200 – Certificate of Attestation of Exemption from New York State Workers’ Compensation and/or Disability Benefits Coverage.

Further information is available at the Workers’ Compensation Board’s website, which can be accessed through this link: http://www.wcb.ny.gov.

5.9 Subcontracting

Bidder’s may propose the use of a subcontractor. The contractor shall obtain prior written approval from DOH before entering into an agreement for services to be provided by a subcontractor. All subcontracts shall contain provisions specifying that the work performed by the subcontractor must be in accordance with the terms of the prime contract, and that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in the
agreement between the DOH and the Contractor. DOH reserves the right to request removal of any bidder’s staff or subcontractor’s staff if, in DOH’s discretion, such staff is not performing in accordance with the Agreement. Subcontractors whose contracts are valued at or above $100,000 will be required to submit the Vendor Responsibility Questionnaire upon selection of the prime contractor.

5.10 DOH’s Reserved Rights

The Department of Health reserves the right to:

1. Reject any or all proposals received in response to the RFP;
2. Withdraw the RFP at any time, at the agency’s sole discretion;
3. Make an award under the RFP in whole or in part;
4. Disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP;
5. Seek clarifications and revisions of proposals;
6. Use proposal information obtained through site visits, management interviews and the state’s investigation of a bidder’s qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency’s request for clarifying information in the course of evaluation and/or selection under the RFP;
7. Prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available;
8. Prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments;
9. Change any of the scheduled dates;
10. Eliminate any mandatory, non-material specifications that cannot be complied with by all of the prospective bidders;
11. Waive any requirements that are not material;
12. Negotiate with the successful bidder within the scope of the RFP in the best interests of the state;
13. Conduct contract negotiations with the next responsible bidder, should the Department be unsuccessful in negotiating with the selected bidder;
14. Utilize any and all ideas submitted in the proposals received;
15. Every offer shall be firm and not revocable for a period of three hundred and sixty-five days from the bid opening, to the extent not inconsistent with section 2-205 of the uniform commercial code. Subsequent to such three hundred and sixty-five days, any offer is subject to withdrawal communicated in a writing signed by the offerer; and,
16. Require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer’s proposal and/or to determine an offerer’s compliance with the requirements of the solicitation.

5.11 Freedom of Information Law (“FOIL”)

All proposals may be disclosed or used by DOH to the extent permitted by law. DOH may disclose a proposal to any person for the purpose of assisting in evaluating the proposal or for any other lawful purpose. All proposals will become State agency records, which will be available to the public in accordance with the Freedom of Information Law. Any portion of the
proposal that a Bidder believes constitutes proprietary information entitled to confidential handling, as an exception to the Freedom of Information Law, must be clearly and specifically designated in the proposal as directed in Section 6.1 (D) of the RFP. If DOH agrees with the proprietary claim, the designated portion of the proposal will be withheld from public disclosure. Blanket assertions of proprietary material will not be accepted, and failure to specifically designate proprietary material may be deemed a waiver of any right to confidential handling of such material.

5.12 Lobbying

Chapter 1 of the Laws of 2005, as amended by Chapter 596 of the Laws of 2005, made significant changes as it pertains to development of procurement contracts with governmental entities. The changes included:

a) made the lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by a state agency, unified court system, state legislature, public authority, certain industrial development agencies and local benefit corporations;

b) required the above mentioned governmental entities to record all contacts made by lobbyists and contractors about a governmental procurement so that the public knows who is contacting governmental entities about procurements;

c) required governmental entities to designate persons who generally may be the only staff contacted relative to the governmental procurement by that entity in a restricted period;

d) authorized the New York State Commission on Public Integrity, (now New York State Joint Commission on Public Ethics), to impose fines and penalties against persons/organizations engaging in impermissible contacts about a governmental procurement and provides for the debarment of repeat violators;

e) directed the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website;

f) required the timely disclosure of accurate and complete information from offerers with respect to determinations of non-responsibility and debarment; (Bidders responding to this RFP should submit a completed and signed Attachment G, “Prior Non-Responsibility Determination”.)

g) increased the monetary threshold which triggers a lobbyists obligations under the Lobbying Act from $2,000 to $5,000; and

h) established the Advisory Council on Procurement Lobbying.

Subsequently, Chapter 14 of the Laws of 2007 amended the Lobbying Act of the Legislative Law, particularly as it related to specific aspects of procurements as follows: (i) prohibiting lobbyists from entering into retainer agreements on the outcome of government grant making
or other agreement involving public funding; and (ii) reporting lobbying efforts for grants, loans and other disbursements of public funds over $15,000.

The most notable, however, was the increased penalties provided under Section 20 of Chapter 14 of the Laws of 2007, which replaced old penalty provisions and the addition of a suspension option for lobbyists engaged in repeated violations. Further amendments to the Lobbying Act were made in Chapter 4 of the Laws of 2010.

Questions regarding the registration and operation of the Lobbying Act should be directed to the New York State Joint Commission on Public Ethics.

In accordance with New York State Finance Law Section 163(4)(g), State agencies must require all contractors, including subcontractors, that provide consulting services for State purposes pursuant to a contract to submit an annual employment report for each such contract.

The successful bidder for procurements involving consultant services must complete a "State Consultant Services Form A, Contractor's Planned Employment From Contract Start Date through End of Contract Term" in order to be eligible for a contract.

The successful winning bidder must also agree to complete a "State Consultant Services Form B, Contractor's Annual Employment Report" for each state fiscal year included in the resulting contract. This report must be submitted annually to the Department of Health, the Office of the State Comptroller, and Department of Civil Service.

State Consultant Services Form A: Contractor's Planned Employment and Form B: Contractor's Annual Employment Report may be accessed electronically at: http://www.osc.state.ny.us/agencies/forms/ac3271s.doc and http://www.osc.state.ny.us/agencies/forms/ac3272s.doc.

5.14 Debriefing

Once an award has been made, bidders may request a debriefing of their proposal. Please note the debriefing will be limited only to the strengths and weaknesses of the bidder's proposal, and will not include any discussion of other proposals. Requests must be received no later than ten (10) business days from date of award or non-award announcement.

5.15 Protest Procedures

In the event unsuccessful bidders wish to protest the award resulting from this RFP, bidders should follow the protest procedures established by the Office of the State Comptroller (OSC). These procedures can be found in Chapter XI Section 17 of the Guide to Financial Operations (GFO). Available on-line at: http://www.osc.state.ny.us/agencies/guide/MyWebHelp/

5.16 Iran Divestment Act

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Bidder/Contractor (or any assignee) certifies that it is not on the "Entities
Determined To Be Non-Responsive Bidders/Offerers Pursuant to The New York State Iran Divestment Act of 2012” list (“Prohibited Entities List”) posted on the OGS website (currently found at this address: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf) and further certifies that it will not utilize on such Contract any subcontractor that is identified on the Prohibited Entities List. Additionally, Bidder/Contractor is advised that should it seek to renew or extend a Contract awarded in response to the solicitation, it must provide the same certification at the time the Contract is renewed or extended.

During the term of the Contract, should DOH receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, DOH will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then DOH shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, seeking compliance, recovering damages, or declaring the Contractor in default. DOH reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

5.17 Piggybacking

New York State Finance Law section 163(10)(e) (see also http://www.ogs.ny.gov/purchase/snt/sflxi.asp) allows the Commissioner of the NYS Office of General Services to consent to the use of this contract by other New York State Agencies, and other authorized purchasers, subject to conditions and the Contractor’s consent.

5.18 Encouraging Use of New York Businesses in Contract Performance

Public procurements can drive and improve the State’s economic engine through promotion of the use of New York businesses by its contractors. New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. All bidders should complete Attachment H, Encouraging Use of New York Businesses in Contract Performance, to indicate their intent to use/not use New York Businesses in the performance of this contract.

5.19 Diversity Practices Questionnaire

Diversity practices are the efforts of contractors to include New York State-certified Minority and Women-owned Business Enterprises (“MWBEs”) in their business practices. Diversity practices may include past, present, or future actions and policies, and include activities of contractors on contracts with private entities and governmental units other than the State of New York. Assessing the diversity practices of contractors enables contractors to engage in meaningful, capacity-building collaborations with MWBEs.
5.20 Participation Opportunities for New York State Certified Service-Disabled Veteran-Owned Businesses

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”), thereby further integrating such businesses into New York State’s economy. DOH recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of DOH contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders/Contractors are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

For purposes of this procurement, DOH conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set specific goals for participation by SDVOBs as subcontractors, service providers, and suppliers to Contractor. Nevertheless, Bidder/Contractor is encouraged to make good faith efforts to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials. The directory of New York State Certified SDVOBs can be viewed at: https://ogs.ny.gov/veterans/

Bidder/Contractor is encouraged to contact the Office of General Services’ Division of Service-Disabled Veteran’s Business Development at 518-474-2015 or VeteransDevelopment@ogs.ny.gov to discuss methods of maximizing participation by SDVOBs on the Contract.

To expedite review of the proposals, Bidders are requested to submit proposals in separate Administrative, Technical, and Cost packages inclusive of all materials as summarized in Attachment B, Proposal Documents. 7.1 No Bid Form

Bidders choosing not to bid are requested to complete the No-Bid form Attachment I.

8.0 METHOD OF AWARD

8.1 General Information

DOH will evaluate each proposal based on the “Best Value” concept. This means that the proposal that best “optimizes quality, cost, and efficiency among responsive and responsible offerers” shall be selected for award (State Finance Law, Article 11, §163(1)(j)).

DOH at its sole discretion, will determine which proposal(s) best satisfies its requirements. DOH reserves all rights with respect to the award. All proposals deemed to be responsive to the requirements of this procurement will be evaluated and scored for technical qualities and cost. Proposals failing to meet the requirements of this document may be eliminated from consideration. The evaluation process will include separate technical and cost evaluations, and the result of each evaluation shall remain confidential until both evaluations have been completed and a selection of the winning proposal is made.

The evaluation process will be conducted in a comprehensive and impartial manner, as set forth herein, by an Evaluation Committee. The Technical Proposal and compliance with other
RFP requirements (other than the Cost Proposal) will be weighted 70% of a proposal’s total score and the information contained in the Cost Proposal will be weighted 30% of a proposal’s total score. [e.g., 70% Technical, 30% Cost]

Bidders may be requested by DOH to clarify the contents of their proposals. Other than to provide such information as may be requested by DOH, no Bidder will be allowed to alter its proposal or add information after the Deadline for Submission of Proposals listed in Section 1.0 (Calendar of Events).

In the event of a tie, the determining factors for award, in descending order, will be: (1) lowest cost and (2) proposed percentage of MWBE participation.

8.2 Submission Review

DOH will examine all proposals that are received in a proper and timely manner to determine if they meet the proposal submission requirements, as described in Section 6.0 (Proposal Content) and Section 7.0 (Proposal Submission), and include the proper documentation, including all documentation required for the Administrative Proposal, as stated in this RFP. Proposals that are materially deficient in meeting the submission requirements or have omitted material documents, in the sole opinion of DOH, may be rejected.

8.3 Technical Evaluation

The evaluation process will be conducted in a comprehensive and impartial manner. A Technical Evaluation Committee comprised of program staff of DOH will review and evaluate all proposals.

Proposals will undergo a preliminary evaluation to verify Minimum Qualifications to Propose (Section 3.0).

The Technical Evaluation Committee members will independently score each Technical Proposal that meets the submission requirements of this RFP. The individual Committee Member scores will be averaged to calculate the Technical Score for each responsive Bidder.

The technical evaluation is 70% (up to 70 points) of the final score.

8.4 Cost Evaluation

The Cost Evaluation Committee will examine the Cost Proposal documents. The Cost Proposals will be opened and reviewed for responsiveness to cost requirements. If a cost proposal is found to be non-responsive, that proposal may not receive a cost score and may be eliminated from consideration.

The Cost Proposals will be scored based on a maximum cost score of 30 points. The maximum cost score will be allocated to the proposal with the lowest all-inclusive not-to-exceed maximum price. All other responsive proposals will receive a proportionate score based on the relation of their Cost Proposal to the proposals offered at the lowest final cost, using this formula:
\[ C = \left(\frac{A}{B}\right)^{\times} \times 30\% \]

A is Total price of lowest cost proposal;
B is Total price of cost proposal being scored; and
C is the Cost score.

The cost evaluation is 30% (up to 30 points) of the final score.

8.5 Composite Score

A composite score will be calculated by the DOH by adding the Technical Proposal points and the Cost points awarded. Finalists will be determined based on composite scores.

8.7 Reference Checks

The Bidder should submit references using Attachment D (References). At the discretion of the Evaluation Committee, references may be checked at any point during the process to verify bidder qualifications to propose (Section 3.0).

8.8 Best and Final Offers

NYSDOH reserves the right to request best and final offers. In the event NYSDOH exercises this right, all bidders that submitted a proposal that are susceptible to award will be asked to provide a best and final offer. Bidders will be informed that should they choose not to submit a best and final offer, the offer submitted with their proposal will be construed as their best and final offer.

8.9 Award Recommendation

The Evaluation Committee will submit a recommendation for award to the Finalist(s) with the highest composite score(s) whose experience and qualifications have been verified.

The Department will notify the awarded Bidder(s) and Bidders not awarded. The awarded Bidder(s) will enter into a written Agreement substantially in accordance with the terms of Attachment E, DOH Agreement, to provide the required services as specified in this RFP. The resultant contract shall not be binding until fully executed and approved by the New York State Office of the Attorney General and the Office of the State Comptroller.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word “Contractor” herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. APPENDIX D
GENERAL SPECIFICATIONS

A. By signing the "Bid Form" each bidder attests to its express authority to sign on behalf of this company or other entity and acknowledges and accepts that all specifications, general and specific appendices, including Appendix-A, the Standard Clauses for all New York State contracts, and all schedules and forms contained herein will become part of any contract entered, resulting from the Request for Proposal. Anything which is not expressly set forth in the specifications, appendices and forms and resultant contract, but which is reasonable to be implied, shall be furnished and provided in the same manner as if specifically expressed.

B. The work shall be commenced and shall be actually undertaken within such time as the Department of Health may direct by notice, whether by mail, e-mail, or other writing, whereupon the undersigned will give continuous attention to the work as directed, to the end and with the intent that the work shall be completed within such reasonable time or times, as the case may be, as the Department may prescribe.

C. The Department reserves the right to stop the work covered by this proposal and the contract at any time that the Department deems the successful bidder to be unable or incapable of performing the work to the satisfaction of the Department, and in the event of such cessation of work, the Department shall have the right to arrange for the completion of the work in such manner as the Department may deem advisable, and if the cost thereof exceeds the amount of the bid, the successful bidder and its surety shall be liable to the State of New York for any excess cost on account thereof.

D. Each bidder is under an affirmative duty to be informed by personal examination of the specifications and location of the proposed work and by such other means as it may select, of character, quality, and extent of work to be performed and the conditions under which the contract is to be executed.

E. The Department of Health will make no allowance or concession to a bidder for any alleged misunderstanding or deception because of quantity, quality, character, location or other conditions.

F. The bid price is to cover the cost of furnishing all of the said services, materials, equipment, and labor to the satisfaction of the Department of Health and the performance of all work set forth in said specifications.

G. The successful bidder will be required to complete the entire work or any part thereof as the case may be, to the satisfaction of the Department of Health in strict accordance with the specifications and pursuant to a contract therefore.

H. Contractor will possess, at no cost to the State, all qualifications, licenses and permits to engage in the required business as may be required within the jurisdiction where the work specified is to be performed. Workers to be employed in the performance of this contract will possess the qualifications, training, licenses and permits as may be required within such jurisdiction.

I. Non-Collusive Bidding: By submission of this proposal, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of their knowledge and belief:
1. The prices of this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

2. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly to any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition;

3. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

NOTE: Chapter 675 of the Laws of New York for 1966 provides that every bid made to the state or any public department, agency or official thereof, where competitive bidding is required by statute, rule or regulation, for work or services performed or to be performed or goods sold or to be sold, shall contain the foregoing statement subscribed by the bidder and affirmed by such bidder as true under penalties of perjury.

A bid shall not be considered for award nor shall any award be made where (a), (b) and (c) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a), (b) and (c) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the state, public department or agency to which the bid is made or its designee, determines that such disclosure was not made for the purpose of restricting competition. The fact that a bidder has published price lists, rates, or tariffs covering items being procured, has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or has sold the same items to other customers at the same price being bid, does not constitute, without more, a disclosure within the meaning of the above quoted certification.

Any bid made to the State or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed or goods, sold or to be sold, where competitive bidding is required by statute, rule or regulation and where such bid contains the certification set forth above shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

J. A bidder may be disqualified from receiving awards if such bidder or any subsidiary, affiliate, partner, officer, agent or principal thereof, or anyone in its employ, has previously failed to perform satisfactorily in connection with public bidding or contracts.

K. The Department reserves the right to make awards within ninety (90) days after the date of the bid opening, during which period bids shall not be withdrawn unless the bidder distinctly states in the bid that acceptance thereof must be made within a shorter specified time.

L. Any contract entered into resultant from this request for proposal will be considered a "Work for Hire Contract." The Department will be the sole owner of all source code and any software which is developed for use in the application software provided to the Department as a part of this contract.
M. Technology Purchases Notification --The following provisions apply if this Request for Proposal (RFP) seeks proposals for "Technology"

1. For the purposes of this policy, "technology" applies to all services and commodities, voice/data/video and/or any related requirement, major software acquisitions, systems modifications or upgrades, etc., that result in a technical method of achieving a practical purpose or in improvements of productivity. The purchase can be as simple as an order for new or replacement personal computers, or for a consultant to design a new system, or as complex as a major systems improvement or innovation that changes how an agency conducts its business practices.

2. If this RFP results in procurement of software over $20,000, or of other technology over $50,000, or where the department determines that the potential exists for coordinating purchases among State agencies and/or the purchase may be of interest to one or more other State agencies, PRIOR TO AWARD SELECTION, this RFP and all responses thereto are subject to review by the New York State Office for Technology.

3. Any contract entered into pursuant to an award of this RFP shall contain a provision which extends the terms and conditions of such contract to any other State agency in New York. Incorporation of this RFP into the resulting contract also incorporates this provision in the contract.

1. Definitions: For the purposes of this warranty, the following definitions apply:

Where services are being furnished, e.g., consulting, systems integration, code or data conversion or data entry, the term "Product" shall include resulting deliverables. "Third Party Product" shall include product manufactured or developed by a corporate entity independent from the vendor and provided by the vendor on a non-exclusive licensing or other distribution Agreement with the third party manufacturer. "Third Party Product" does not include product where vendor is: (a) a corporate subsidiary or affiliate of the third party manufacturer/developer; and/or (b) the exclusive re-seller or distributor of product manufactured or developed by said corporate entity.

2. Date/Time Warranty Statement

Contractor warrants that Product(s) furnished pursuant to this Contract shall, when used in accordance with the Product documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where a Contractor proposes or an acquisition requires that specific Products must perform as a package or system, this warranty shall apply to the Products as a system.

Where Contractor is providing ongoing services, including but not limited to: i) consulting, integration, code or data conversion, ii) maintenance or support services, iii) data entry or processing, or iv) contract administration services (e.g., billing, invoicing, claim processing), Contractor warrants that services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of Contractor's business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing)
various date/time transitions, including leap year calculations. Contractor shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to the failure or untimely performance of such services.

This Date/Time Warranty shall survive beyond termination or expiration of this contract through: a) ninety (90) days or b) the Contractor’s or Product manufacturer/developer’s stated date/time warranty term, whichever is longer. Nothing in this warranty statement shall be construed to limit any rights or remedies otherwise available under this Contract for breach of warranty.

O. No Subcontracting: Subcontracting by the contractor shall not be permitted except by prior written approval of the Department of Health. All subcontracts shall contain provisions specifying that the work performed by the subcontractor must be in accordance with the terms of this AGREEMENT, and that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in the AGREEMENT between the STATE and the CONTRACTOR.

P. Superintendence by Contractor: The Contractor shall have a representative to provide supervision of the work which Contractor employees are performing to ensure complete and satisfactory performance with the terms of the Contract. This representative shall also be authorized to receive and put into effect promptly all orders, directions and instructions from the Department of Health. A confirmation in writing of such orders or directions will be given by the Department when so requested from the Contractor.

Q. Sufficiency of Personnel and Equipment: If the Department of Health is of the opinion that the services required by the specifications cannot satisfactorily be performed because of insufficiency of personnel, the Department shall have the authority to require the Contractor to use such additional personnel, to take such steps necessary to perform the services satisfactorily at no additional cost to the State.

R. Experience Requirements: The Contractor shall submit evidence to the satisfaction of the Department that it possesses the necessary experience and qualifications to perform the type of services required under this contract and must show that it is currently performing similar services. The Contractor shall submit at least two references to substantiate these qualifications.

S. Contract Amendments. This agreement may be amended by written agreement signed by the parties and subject to the laws and regulations of the State pertaining to contract amendments. This agreement may not be amended orally.

The contractor shall not make any changes in the scope of work as outlined herein at any time without prior authorization in writing from the Department of Health and without prior approval in writing of the amount of compensation for such changes.

T. Provisions upon Default

In the event that the Contractor, through any cause, fails to perform any of the terms, covenants or promises of this agreement, the Department acting for and on behalf of the State, shall thereupon have the right to terminate this agreement by giving notice in writing of the fact and date of such termination to the Contractor.

2. If, in the judgment of the Department of Health, the Contractor acts in such a way which is likely to or does impair or prejudice the interests of the State, the Department acting on behalf of the
State, shall thereupon have the right to terminate this agreement by giving notice in writing of the fact and date of such termination to the Contractor. In such case the Contractor shall receive equitable compensation for such services as shall, in the judgment of the State Comptroller, have been satisfactorily performed by the Contractor up to the date of the termination of this agreement, which such compensation shall not exceed the total cost incurred for the work which the Contractor was engaged in at the time of such termination, subject to audit by the State Comptroller.

U. Upon termination of this agreement, the following shall occur:

1. Contractor shall make available to the State for examination all data, records and reports relating to this Contract; and
2. Except as otherwise provided in the Contract, the liability of the State for payments to the Contractor and the liability of the Contractor for services hereunder shall cease.

V. Conflicts: If, in the opinion of the Department of Health, (1) the specifications conflict, or (2) if the specifications are not clear as to (a) the method of performing any part of the work, or as to (b) the types of materials or equipment necessary, or as to (c) the work required to be done in every such situation, the Contractor shall be deemed to have based his bid upon performing the work and furnishing materials or equipment in the most inexpensive and efficient manner. If such conflicts and/or ambiguities arise, the Department of Health will furnish the Contractor supplementary information showing the manner in which the work is to be performed and the type or types of material or equipment that shall be used.

W. Contract Insurance Requirements

1. The successful bidder must without expense to the State procure and maintain, until final acceptance by the Department of Health of the work covered by this proposal and the contract, insurance of the kinds and in the amounts hereinafter provided, in insurance companies authorized to do such business in the State of New York covering all operations under this proposal and the contract, whether performed by it or by subcontractors. Before commencing the work, the successful bidder shall furnish to the Department of Health a certificate or certificates, in a form satisfactory to the Department, showing that it has complied with the requirements of this section, which certificate or certificates shall state that the policies shall not be changed or canceled until thirty days written notice has been given to the Department. X. Certification Regarding Debarment and Suspension: Regulations of the Department of Health and Human Services, located at Part 76 of Title 45 of the Code of Federal Regulations (CFR), implement Executive Orders 12549 and 12689 concerning debarment and suspension of participants in federal programs and activities. Executive Order 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a government-wide system for non-procurement debarment and suspension. Executive Order 12689 extends the debarment and suspension policy to procurement activities of the federal government. A person who is debarred or suspended by a federal agency is excluded from federal financial and non-financial assistance and benefits under federal programs and activities, both directly (primary covered transaction) and indirectly (lower tier covered transactions). Debarment or suspension by one federal agency has government-wide effect.

Pursuant to the above-cited regulations, the New York State Department of Health (as a participant in a primary covered transaction) may not knowingly do business with a person who is debarred, suspended, proposed for debarment, or subject to other government-wide exclusion (including any exclusion from Medicare and State health care program participation on or after August 25, 1995), and the Department of Health must require its prospective contractors, as prospective lower tier participants, to provide the certification in Appendix B to Part 76 of Title 45 CFR, as set forth below:

1. APPENDIX B TO PART 76-CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

Instructions for Certification

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered and erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

cc. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

b. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered Transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Appendix D Page 6 of 12
Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of parties Excluded from Federal Procurement and Non-procurement Programs.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

   a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily exclude from participation in this transaction by any Federal department agency.

   b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BB. Provisions Related to New York State Information Security Breach and Notification Act: CONTRACTOR shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208). CONTRACTOR shall be liable for the costs associated with such breach if caused by CONTRACTOR’S negligent or willful acts or omissions, or the negligent or willful acts or omissions of CONTRACTOR’S agents, officers, employees or subcontractors.

CC. Lead Guidelines: All products supplied pursuant to this agreement shall meet local, state and federal regulations, guidelines and action levels for lead as they exist at the time of the State’s acceptance of this contract.

DD. On-Going Responsibility

1. General Responsibility Language: The CONTRACTOR shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of Health or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

2. Suspension of Work (for Non-Responsibility): The Commissioner of Health or his or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of Health or his or her designee issues a written notice authorizing a resumption of performance under the Contract.

3. Termination (for Non-Responsibility): Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate Department of Health officials or staff, the Contract may be terminated by Commissioner of Health or his or her designee at the Contractor’s expense where the Contractor is determined by the Commissioner of Health or his or her designee to be non-responsible. In such event, the Commissioner of Health or his or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

EE. Provisions Related to Iran Divestment Act: As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) has developed a list (prohibited entities list) of “persons” who are engaged in “investment activities in Iran” (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list has been posted on the OGS website at http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf.

By entering into this Contract, CONTRACTOR (or any assignee) certifies that it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, CONTRACTOR agrees that should it seek to renew or extend the Contract, it will be required to
certify at the time the Contract is renewed or extended that it is not included on the prohibited entities list. CONTRACTOR also agrees that any proposed Assignee of the Contract will be required to certify that it is not on the prohibited entities list before the New York State Department of Health may approve a request for Assignment of Contract.

During the term of the Contract, should New York State Department of Health receive information that a person is in violation of the above referenced certification, New York State Department of Health will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then New York State Department of Health shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the CONTRACTOR in default.

New York State Department of Health reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

FF. CONFLICTS OF INTEREST
1. The CONTRACTOR has provided a form (Exhibit A, Vendor Assurance of No Conflict of Interest or Detrimental Effect), signed by an authorized executive or legal representative attesting that the CONTRACTOR's performance of the services does not and will not create a conflict of interest with, nor position the CONTRACTOR to breach any other contract currently in force with the State of New York, that the CONTRACTOR will not act in any manner that is detrimental to any STATE project on which the CONTRACTOR is rendering services.
2. The CONTRACTOR hereby reaffirms the attestations made in its proposal and covenants and represents that there is and shall be no actual or potential conflict of interest that could prevent the CONTRACTOR's satisfactory or ethical performance of duties required to be performed pursuant to the terms of this AGREEMENT. The CONTRACTOR shall have a duty to notify the STATE immediately of any actual or potential conflicts of interest.
3. In conjunction with any subcontract under this AGREEMENT, the CONTRACTOR shall obtain and deliver to the STATE, prior to entering into a subcontract, a Vendor Assurance of No Conflict of Interest or Detrimental Effect form, signed by an authorized executive or legal representative of the subcontractor. The CONTRACTOR shall also require in any subcontracting agreement that the subcontractor, in conjunction with any further subcontracting agreement, obtain and deliver to the STATE a signed and completed Vendor Assurance of No Conflict of Interest or Detrimental Effect form for each of its subcontractors prior to entering into a subcontract.
4. The STATE and the CONTRACTOR recognize that conflicts may occur in the future because the CONTRACTOR may have existing, or establish new, relationships. The STATE will review the nature of any relationships and reserves the right to terminate this AGREEMENT for any reason, or for cause, if, in the judgment of the STATE, a real or potential conflict of interest cannot be cured.

GG. PUBLIC OFFICERS LAW
Contractors, consultants, vendors, and subcontractors may hire former State Agency or Authority employees. However, as a general rule, the contractor shall be informed that in accordance with New York Public Officers Law, former employees of the State Agency or Authority may neither appear nor practice before the State Agency or Authority, nor receive compensation for services rendered on a matter before the State Agency or Authority, for a period of two years following their separation from State Agency or Authority service. In addition, former State Agency or Authority employees are subject Appendix D Page 10 of 12
to a “lifetime bar” from appearing before the State Agency or Authority or receiving compensation for services regarding any transaction in which they personally participated or which was under their active consideration during their tenure with the State Agency or Authority.

HH. ETHICS REQUIREMENTS
The Contractor and its Subcontractors shall not engage any person who is, or has been at any time, in the employ of the State to perform services in violation of the provisions of the New York Public Officers Law, other laws applicable to the service of State employees, and the rules, regulations, opinions, guidelines or policies promulgated or issued by the New York State Joint Commission on Public Ethics, or its predecessors (collectively, the “Ethics Requirements”). The Contractor, by signing the Contract, certifies that all of its employees and those of its Subcontractors who are former employees of the State and who are assigned to perform services under this Contract shall be assigned in accordance with all Ethics Requirements. During the Term, no person who is employed by the Contractor or its Subcontractors and who is disqualified from providing services under this Contract pursuant to any Ethics Requirements may share in any net revenues of the Contractor or its Subcontractors derived from this Contract. The Contractor shall identify and provide the State with notice of those employees of the Contractor and its Subcontractors who are former employees of the State that will be assigned to perform services under this Contract, and make sure that such employees comply with all applicable laws and prohibitions. The State may request that the Contractor provide whatever information the State deems appropriate about each such person’s engagement, work cooperatively with the State to solicit advice from the New York State Joint Commission on Public Ethics, and, if deemed appropriate by the State, instruct any such person to seek the opinion of the New York State Joint Commission on Public Ethics. The State shall have the right to withdraw or withhold approval of any Subcontractor if utilizing such Subcontractor for any work performed hereunder would be in conflict with any of the Ethics Requirements. The State shall have the right to terminate this Contract at any time if any work performed hereunder is in conflict with any of the Ethics Requirements.

II. SUBCONTRACTING
The CONTRACTOR agrees not to subcontract any of its services, unless as indicated in its proposal, without the prior written approval of the STATE. Approval shall not be unreasonably withheld upon receipt of written request to subcontract.

The CONTRACTOR may arrange for a portion/s of its responsibilities under this AGREEMENT to be subcontracted to qualified, responsible subcontractors, subject to approval of the STATE. If the CONTRACTOR determines to subcontract a portion of the services, the subcontractors must be clearly identified and the nature and extent of its involvement in and/or proposed performance under this AGREEMENT must be fully explained by the CONTRACTOR to the STATE. As part of this explanation, the subcontractor must submit to the STATE a completed Vendor Assurance of No Conflict of Interest or Detrimental Effect form, as required by the CONTRACTOR prior to execution of this AGREEMENT.

The CONTRACTOR retains ultimate responsibility for all services performed under the AGREEMENT. All subcontracts shall be in writing and shall contain provisions, which are functionally identical to, and consistent with, the provisions of this AGREEMENT including, but not limited to, the body of this AGREEMENT, Appendix A – Standard Clauses for New York State Contracts and Appendix B. Unless waived in writing by the STATE, all subcontracts between the CONTRACTOR and subcontractors

Appendix D Page 11 of 12
shall expressly name the STATE and the Department of Health, as the sole intended third party beneficiary of such subcontract. The STATE reserves the right to review and approve or reject any subcontract, as well as any amendment to said subcontract(s), and this right shall not make the Department of Health the STATE a party to any subcontract or create any right, claim, or interest in the subcontractor or proposed subcontractor against the STATE.

The STATE reserves the right, at any time during the term of the AGREEMENT, to verify that the written subcontract between the CONTRACTOR and subcontractors is in compliance with all of the provisions of this Section and any subcontract provisions contained in this AGREEMENT. The CONTRACTOR shall give the STATE immediate notice in writing of the initiation of any legal action or suit which relates in any way to a subcontract with a subcontractor or which may affect the performance of the CONTRACTOR’s duties under the AGREEMENT. Any subcontract shall not relieve the CONTRACTOR in any way of any responsibility, duty and/or obligation of the AGREEMENT.

If at any time during performance under this AGREEMENT total compensation to a subcontractor exceeds or is expected to exceed $100,000, that subcontractor shall be required to submit and certify a Vendor Responsibility Questionnaire.

PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN WITH RESPECT TO
STATE CONTRACTS: REQUIREMENTS AND PROCEDURES

I. General Provisions

A. The New York State Department of Health is required to implement the provisions of New York State
Executive Law Article 15-A and 5 NYCRR Parts 142-144 (“MWBE Regulations”) for all State contracts
as defined therein, with a value (1) in excess of $25,000 for labor, services, equipment, materials, or
any combination of the foregoing or (2) in excess of $100,000 for real property renovations and
construction.

B. The Contractor to the subject contract (the “Contractor” and the “Contract,” respectively) agrees, in
addition to any other nondiscrimination provision of the Contract and at no additional cost to the New
York State New York State Department of Health (the “New York State Department of Health”), to fully
comply and cooperate with the New York State Department of Health in the implementation of New
York State Executive Law Article 15-A. These requirements include equal employment opportunities
for minority group members and women (”EEO”) and contracting opportunities for certified minority
and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts”
pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed
supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State
Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, state or local laws.

C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness,
non-responsibility and/or a breach of contract, leading to the withholding of funds or such other
actions, liquidated damages pursuant to Section VII of this Appendix or enforcement proceedings as
allowed by the Contract.

II. Contract Goals

A. For purposes of this procurement, the New York State Department of Health hereby establishes an
overall goal of 30% for Minority and Women-Owned Business Enterprises (“MWBE”) participation,
15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned
Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and
WBEs).

B. For purposes of providing meaningful participation by MWBEs on the Contract and achieving the
Contract Goals established in Section II-A hereof, Contractor should reference the directory of New
York State Certified MBWEs found at the following internet address:

Additionally, Contractor is encouraged to contact the Division of Minority and Woman Business
Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of
maximizing participation by MWBEs on the Contract.

C. Where MWBE goals have been established herein, pursuant to 5 NYCRR §142.8, Contractor must
document “good faith efforts” to provide meaningful participation by MWBEs as subcontractors or
suppliers in the performance of the Contract. In accordance with Section 316-a of Article 15-A and 5
NYCRR §142.13, the Contractor acknowledges that if Contractor is found to have willfully and
intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a finding
constitutes a breach of contract and the Contractor shall be liable to the New York State Department of
Health for liquidated or other appropriate damages, as set forth herein.

III. Equal Employment Opportunity (EEO)
A. Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women's Business Development of the Department of Economic Development (the "Division"). If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.

B. Contractor shall comply with the following provisions of Article 15-A:

1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.

2. The Contractor shall submit an EEO policy statement to the New York State Department of Health within seventy two (72) hours after the date of the notice by New York State Department of Health to award the Contract to the Contractor.

3. If Contractor or Subcontractor does not have an existing EEO policy statement, the New York State Department of Health may provide the Contractor or Subcontractor a model statement (see Form #5 - Minority and Women-Owned Business Enterprises Equal Employment Opportunity Policy Statement).

4. The Contractor’s EEO policy statement shall include the following language:
   a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.
   b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
   c. The Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
   d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph “E” of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

A. Form #4 - Staffing Plan

To ensure compliance with this Section, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it as part of their bid or proposal or within a reasonable time, but no later than the time of award of the contract.
B. Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. MWBE Utilization Plan

A. The Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan (Form #1) either prior to, or at the time of, the execution of the contract.

B. Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section III-A of this Appendix.

A. Contractor further agrees that a failure to submit and/or use such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, New York State Department of Health shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

V. Waivers

A. For Waiver Requests Contractor should use Form #2 – Waiver Request.

B. If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals. If the documentation included with the waiver request is complete, the New York State Department of Health shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.

C. If the New York State Department of Health, upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the New York State Department of Health may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

VI. Quarterly MWBE Contractor Compliance Report

A. Contractor is required to submit a Quarterly MWBE Contractor Compliance Report to the New York State Department of Health by the 10th day following each end of quarter over the term of the Contract documenting the progress made towards achievement of the MWBE goals of the Contract. Data should be submitted via the online compliance system at https://ny.newnycontracts.com.

VII. Liquidated Damages - MWBE Participation

B. Where New York State Department of Health determines that Contractor is not in compliance with the requirements of the Contract and Contractor refuses to comply with such requirements, or if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, Contractor shall be obligated to pay to the New York State Department of Health liquidated damages.

C. Such liquidated damages shall be calculated as an amount equaling the difference between:
1. All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and

2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

A. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by the New York State Department of Health, Contractor shall pay such liquidated damages to the New York State Department of Health within sixty (60) days after they are assessed by the New York State Department of Health unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the Director of the Division of Minority and Woman Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law in which event the liquidated damages shall be payable if Director renders a decision in favor of the New York State Department of Health.
ATTACHMENT F
NEW YORK STATE DOH MWBE RFP REQUIRED FORMS

All DOH procurements have a section entitled “MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE REQUIREMENTS.” This section of procurement sets forth the established DOH goal for that particular procurement and also describes the forms that should be completed with their bid. Below is a summary of the forms used in the DOH MWBE Participation Program by a bidder.

Form #1: Bidder MWBE Utilization Plan - This document should be completed by all bidders responding to RFPs with an MWBE goal greater than zero. The bidder must demonstrate how it plans to meet the stated MWBE goal. In completing this form, the bidder should describe the steps taken to establish communication with MWBE firms and identify current or future relationships with certified MWBE firms. The second page of the form should list the MWBE certified firms that the vendor plans to engage with on the project and the amount that each certified firm is projected to be paid. Plans to work with uncertified firms or women and minority staffed firms do not meet the criteria for participation. The firm must be owned and operated by a Woman and/or Minority and must be certified by NYS Empire State Development to be eligible for participation. If the plan is not submitted or is deemed deficient, the bidder may be sent a notice of deficiency. It is mandatory that all awards with goals have a utilization plan on file.

Form #2: MWBE Utilization Waiver Request - This document should be filled out by the bidder if the utilization plan (Form #1) indicates less than the stated participation goal for the procurement. In this instance, Form #2 must accompany Form #1 with the bid. If Form #2 is provided and goal was initially set higher, revised goal approval will be necessary from DOB. When completing Form #2, it is important that the bidder thoroughly document the steps that were taken to meet the goal and provide evidence in the form of attachments to the document. The list of bidder generated attachments, documenting the bidder’s good-faith efforts, can be found in the “Detailed Instructions for Completing MWBE Forms 1 & 2”, which is found herein. A bidder can also attach additional evidence outside of those referenced attachments. Without evidence of good-faith efforts, in the form of attachments or other documentation, the Department of Health may not approve the waiver and the bidder may be deemed non-responsive.

New MWBE firms are being certified daily and new MWBE firms may now be available to provide products or services that were historically unavailable. If Form #2 is found by DOH to be deficient, the bidder may be sent a deficiency letter which will require a revised form to be returned within 7 business days of receipt to avoid a finding of non-compliance. DOH may work directly with firm to resolve minor deficiencies via e-mail.

Form #3: Replaced by Online Compliance System - https://ny.newnycrystals.com Contractors will need to login and submit payments to MWBE Firms in this online system once payments to these vendors commence.

Form #4 – MWBE Staffing Plan - This form should be completed based on the composition of staff working on the project. Enter the numbers or counts in the corresponding boxes and add up the totals in each column. This form is for diversity research purposes only and has no bearing on MWBE goal achievement.

Form #5 – EEO and MWBE Policy Statement - This is a standard EEO policy that needs to be signed and dated and submitted. If Bidder has their own EEO policy it may be submitted instead of endorsing this document.

M/WBE AND EEO POLICY STATEMENT

I, _________________________, the (awardee/contractor)____________________ agree to adopt the following policies with respect to the project being developed or services rendered at ________________________________________________________________________________

M/WBE

This organization will and will cause its contractors and subcontractors to take good faith actions to achieve the M/WBE contract participations goals set by the State for that area in which the State-funded project is located, by taking the following steps:

Actively and affirmatively solicit bids for contracts and subcontracts from qualified State certified MBEs or WBEs, including solicitations to M/WBE contractor associations. Request a list of State-certified M/WBEs from AGENCY and solicit bids from them directly. Ensure that plans, specifications, request for proposals and other documents used to secure bids will be made available in sufficient time for review by prospective M/WBEs. Where feasible, divide the work into smaller portions to enhanced participations by M/WBEs and encourage the formation of joint venture and other partnerships among M/WBE contractors to enhance their participation. Document and maintain records of bid solicitation, including those to M/WBEs and the results thereof. Contractor will also maintain records of actions that its subcontractors have taken toward meeting M/WBE contract participation goals. Ensure that progress payments to M/WBEs are made on a timely basis so that undue financial hardship is avoided, and that bonding and other credit requirements are waived or appropriate alternatives developed to encourage M/WBE participation.

Page #1 of Form #1:

Description of Plan - Describe any steps/details that support Bidder/Contractor plan to meet the MWBE goals stated in the procurement/contract.

Example: If paying two MBE firms $100,000 & $50,000 each and Total Dollar Value of Proposal Bid listed on line #1 is $1,000,000, list 15% and $150,000 on Line #2.

Line#3 - WBE Goal Applied to the Contract– Bidder/Contractor lists the amount paid/subcontracted to Certified Woman-owned Business Enterprise(s) and the percentage this amount represents of the Total Dollar Value of Proposal Bid listed on Line 1 of the “Form #1 MWBE Utilization Plan”.
