Implementing MTM Pilot Authorized in SFY 2020-21
Implementing MTM Pilot Authorized in SFY20-21

• The New York State (NYS) FY 2020-21 budget authorized the State Department of Health (DOH) to establish three pilot programs in one or more counties or regions of the state for the purpose of promoting social determinant of health interventions. These pilots include:

  o **pilot that provide medically tailored meals to high-needs individuals**;

  o medical respite pilots that provide care to homeless patients who are too sick to be on the streets or in a traditional shelter but not sick enough to warrant inpatient hospitalization; and,

  o street medicine program to better serve the chronically homeless population.
Impact of Medically Tailored Meals

**EMERGENCY DEPARTMENT VISITS** ↓ 70%

**AMBULANCE USE** ↓ 72%

**HOSPITAL READMISSIONS** ↓ 52%

**OVERALL HEALTHCARE SPEND** ↓ 40%

Results only for medically-tailored meal programs

Implementing MTM Pilot Authorized in SFY20-21

Home delivered MTMs will be available to individuals 18yrs or older, living with severe illness through a referral from a medical professional or healthcare plan. Meal plans will be tailored to the medical needs of the recipient by a Registered Dietitian Nutritionist (RDN), and designed to improve health outcomes, lower cost of care, and increase patient satisfaction.

• Eligibility:
  o High-volume service utilizer with at least one of the following diagnoses: cancer, diabetes, heart failure, and/or HIV/AIDS; or
  o Limited in ability to perform ADLs
  o Recommended for MTM by a healthcare provider or MMCO
  o Must have a secure place to store and heat meals
  o Must be able to benefit from the MTM intervention to improve overall health

• Target Area: MTM service will be offered in full Medicaid Managed Care Plan (MMCP) service area
MTM Allowed In Lieu of Service

Medically Tailored Meals will substitute for one of the following:

1. **Personal Care Aide (PCA) service** – PCA hours allotted for meal preparation and food shopping may be substituted for delivery of Medically Tailored Meals (MTM). Members who opt in to receive MTM in lieu of meal preparation and food shopping hours will incur a reduction in the number of PCA hours they receive. The hours reduced will depend on the number of meals the individual receives.

2. **Hospital Inpatient stays and/or Emergency Department visits** – high-volume service utilizers with hospital inpatient stays and emergency department visits related to cancer, diabetes, heart failure, and/or HIV/AIDS. High service utilization being defined as:
   - Two or more Hospital Inpatient stays related to cancer, diabetes, heart failure, and/or HIV/AIDS within the last 12 months; or
   - Five or more Emergency Department visits related to cancer, diabetes, heart failure, and/or HIV/AIDS within the last 12 months; or
   - One Hospital Inpatient stay AND four Emergency Department visits related to cancer, diabetes, heart failure, and/or HIV/AIDS within the last 12 months.
Implementing MTM Pilot Authorized in SFY20-21

Services:
MMCO will provide the following:

- Identify plan members who meet pilot eligibility as described above
- Provide outreach to members to determine interest in receiving MTM as an ILS
- Facilitate plan members opt-in to services, including obtaining MD orders (if referral came from provider)
- Refer plan members to MTM provider
- Authorize up to 3 meals/day for six months period, with ability to reauthorize based on member reassessment and need
- Collect and report member level information on a quarterly basis, for the purpose for tracking MTM utilization and evaluation
- Participate in pilot evaluation activities led by DOH

Introduction and Procedure
State Identified ILS for MTM 42 CFR 438

The 2016 Federal Rule 42 CFR 438.6(e) permits the State to offer Medically Tailored Meals as an in lieu of service.

Applies to Medicaid members, 18yrs old and over who meet eligibility requirement.

ILS must be cost-effective alternative service, medically appropriate, voluntary for the MMCO to provide, and voluntary for the enrollee.

DOH developed State Identified MTM ILS Request Form.
• Same request form as ILS. However, **Section Two** has been completed by the State.

• To apply for and establish Medically Tailored Meals ILS coverage authority, MMCOs **MUST** complete **Section One** of the attached State Identified ILS form and submit with the following:

  i. 30-day member notice  
  ii. Member handbook insert  
  iii. Updated policies and procedures  
  iv. A detailed statement of how the Plan will monitor and report usage of the ILS service, and  
  v. Termination requirements relating to these services.

MMCOR Reporting
MMCO Monitoring and Reporting for ILS

1. MMCOs will monitor MTM services as described in the ILS request form
2. MMCOs will report expenditures for MTM on the MMCOR as ILS
3. MMCO will be required to submit patient level information using template provided by the State, on a quarterly basis
In Lieu of Services are defined as alternative services or settings that are not included in the State Plan but are medically appropriate, cost-effective substitutes for covered services or settings. In Lieu of Services require prior approval by DOH through an application process.

The services and authorization numbers entered on Table 21 will carry over to Table 21A. The utilization amounts for each of your entered services are to be broken out by premium group.

Cost and Utilization for this MTM ILS should be reported on Medicaid Tables 21 and 21A and HARP Tables 21 and 21A (Tables 23 and 23A for SNPOR).
