Dear Health Plans,

The purpose of this letter is to provide Health Plans with information regarding recent approvals related to Medicaid Managed Care (MMC) hospital outpatient payments.

For dates of service December 1, 2021 – March 31, 2022, the Centers for Medicare and Medicaid (CMS) recently approved rate add-ons to the MMC rates of payment for hospitals that are designated as Critical Access Hospitals (CAHs) or Sole Community Hospitals (SCHs). These add-ons, which are included in the tables below, are only applicable to Article 28 general clinic, ambulatory surgery and emergency department services, as outlined in the billing guidelines attachment to this letter. A separate rate file has also been posted to the Department of Health’s Ambulatory Patient Group (APG) website.

Plans should treat these adjustments in accordance with Section 22.19 and Appendix V of the Managed Care Model Contract and the terms of their provider contracts with hospitals. This includes any reprocessing or claims settlements that should occur consistent with those agreements. Managed Care premiums have been adjusted to reflect this rate update.
