Consumer Name: ________________________________________________

Designated Representative Name (if applicable): ______________________

Health Plan Name: _______________________________________________

I. CONSUMER DIRECTED PERSONAL ASSISTANCE PROGRAM (CDPAP) AGREEMENT

The Consumer Directed Personal Assistance Program (the “Program”) is a program for Medicaid recipients (“Consumers”) who need home care services, including help with personal care and certain home health and skilled nursing services. The Program gives Consumers more flexibility and freedom of choice by letting them direct their own care, including choosing their own personal assistants in accordance with their Health Plan’s authorization.

To participate in the Program, Consumers must be able to direct their own care and understand and fulfill the Consumer’s responsibilities within the Program or have a Designated Representative that will do this for them. The Consumer or Designated Representative must also understand the roles and responsibilities of the Health Plan and the Fiscal Intermediaries under the Program.

As used throughout this agreement the term “Consumer” also includes the Consumer’s Designated Representative when applicable, unless otherwise specified. As used throughout this agreement the terms “I” and “my” will refer to the Consumer or alternatively to the Consumer’s Designated Representative when applicable and depending on context.

This agreement outlines the roles and responsibilities of the Consumer and the Health Plan under the Program. The Consumer must enter into this agreement to acknowledge that they understand the roles and responsibilities and to participate in the Program. The Consumer must also enter into a separate agreement with their chosen Fiscal Intermediary (FI), which will outline the roles and responsibilities of the Consumer and FI.

II. RESPONSIBILITIES OF THE CONSUMER/DESIGNATED REPRESENTATIVE:

As a Consumer participating in the Program, I will:
1. Read and understand this agreement and the roles and responsibilities of the Health Plan, FI, and Consumer under the Program.

2. Only work with one FI. I understand that I can change my FI at any time, but I will work with only one at a time. If I am working with more than one FI, I must choose just one FI to continue working with.

3. Manage my plan of care.

4. Be responsible for recruiting, hiring, training, supervising, and scheduling a sufficient number of qualified individuals of my choosing to serve as my personal assistant(s) in accordance with my Health Plan’s authorization.

5. Maintain a back-up plan for substitute coverage when a personal assistant is temporarily unavailable for any reason.

6. Maintain an appropriate home environment.

7. Review the plan of care with each personal assistant outlining their responsibilities.

8. Ensure my personal assistant(s) safely and competently performs only the tasks identified in the plan of care during authorized hours.

9. Comply with labor laws, providing equal employment opportunities as specified in the Consumer’s agreement with the CDPAS FI.

10. Inform the Health Plan and FI within 5 business days of any change in status or condition, including but not limited to hospitalizations, address and telephone number changes, and vacations.

11. Terminate a personal assistant’s employment, if necessary.

12. Notify the FI of any changes in the employment status of a personal assistant.

13. Ensure my personal assistant’s required documents are submitted to the CDPAP FI including annual worker health assessments and required employment documents.

14. Ensure my personal assistant(s) adhere to EVV requirements, including those outlined by the EVV Program Guidelines and Requirements.

15. Attest to the accuracy of the hours my personal assistant(s) worked either through the EVV data system or by signing the personal assistant’s time sheet.

1. Make myself available to ensure the consumer responsibilities are carried out without delay.

2. Be available and present for any scheduled assessment or visit by the independent assessor, examining medical professional or health plan when the member is not self-directing.

IV. RESPONSIBILITIES OF THE HEALTH PLAN:

The health plan must provide the Consumer with written educational materials outlining the roles and responsibilities of the Consumer to ensure they are making an educated, informed choice to receive Program services and will:

1. Determine if the Consumer (not including the Designated Representative) is eligible for the Program and whether home care or personal care services should be authorized.

2. Determine if the Consumer is able and willing to assume all responsibilities associated with participating in the CDPAP or has a Designated Representative able and willing to act on the Consumer’s behalf.
