ANNOUNCEMENTS

The Centers for Medicare & Medicaid Services (CMS) has published a [proposed rule to modify meaningful use for 2015 through 2017](#).

Proposed modifications include reduction of the EHR reporting period for 2015 and simplification of meaningful use requirements by removing redundant, duplicative, and topped out objectives due to advancements in EHR functions and provider performances since the inception of the Medicare and Medicaid EHR Incentive Programs.

The proposed rule is open for public comment until June 15, 2015.
