

# NY Medicaid EHR Incentive Program

**Practitioner**  
EHR Incentive Program

## Important Announcement: Meaningful Use Stage 1 Attestations for 2015

On 10/16/2015, the Centers for Medicare and Medicaid Services (CMS) published a final rule [Stage 3 and Modifications to Meaningful Use in 2015 Through 2017](#). This rule sets new criteria for eligible professionals and eligible hospitals participating in the EHR Incentive Programs. The new requirements will be effective as of 12/15/2015, inhibiting the eligible provider's ability to attest to the prior set of requirements.

Please note that NY Medicaid's MEIPASS system **will not be ready on 12/15/2015 to accept attestations that reflect the modifications to meaningful use**. Due to the complex changes, there is not an established date when MEIPASS will be ready to accept attestations that reflect the policy changes for 2015. If providers scheduled for meaningful use stage 1 would like to avoid this delay, they are encouraged to attest to the prior requirements before 12/15/2015.

Announcements will be made via LISTSERV and the program website when providers may attest to the modified requirements for payment year 2015.
