

ASTHMA

GRAPHIC 1

CAPTION: May is national asthma and allergy awareness month. Find resources to educate yourself, family and friends at <https://nyschildrensasthmainitiative.org/training/>

GRAPHIC 2

CAPTION: The New York State Children’s Asthma Initiative offers many free educational resources, including trigger trackers that can be used by both adults and children. Start tracking your triggers today! Check out the Department’s informational Materials: <https://nyschildrensasthmainitiative.org/resources/>

GRAPHIC 3

CAPTION: With the right asthma treatment, children can live with almost no limits on their activities: health.ny.gov/diseases/asthma/brochures.htm

GRAPHIC 4

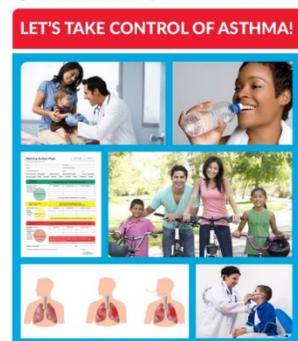

CAPTION: About half of children who were prescribed asthma control medicines do not use them correctly. Here's how to correctly use asthma medicine control devices:
