This appendix provides additional detail on resources to support the evidence base and implementation for each intervention in the Healthy Women, Infants, and Children Action Plan for the 2019-2024 New York State Prevention Agenda.
FOCUS AREA 1: MATERNAL & WOMEN’S HEALTH

Goal 1.1: Increase use of primary and preventive health care services by women, with a focus on women of reproductive age

Intervention 1.1.1: Incorporate strategies to promote health insurance enrollment, well-woman visits, and age-appropriate preventive health care across public health programs serving women

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 1: Well-Woman Visit:

- **Evidence Analysis Report.** NPM 1: Well-Woman Visit, Johns Hopkins University. [https://www.mchevidence.org/documents/reviews/npm_1_well_woman_visit_evidence_review_w_women_visit_june_2017.pdf](https://www.mchevidence.org/documents/reviews/npm_1_well_woman_visit_evidence_review_w_women_visit_june_2017.pdf)
- **Title V Transformation Tools.** Recommendations to support NPM1 – Well Woman Visit. [https://www.mchnavigator.org/transformation/npm-1.php](https://www.mchnavigator.org/transformation/npm-1.php)

**ACOG Committee Opinion on Well-Woman Visit.** American College of Obstetricians and Gynecologists, Committee on Gynecologic Practice. (2014). Describes the importance of the annual health assessment for women and provides clinical guidelines related to important elements of the annual examination at defined ages. [https://www.acog.org/Clinical-Guidance-and-Publications/Committee-Opinions/Committee-on-Gynecologic-Practice/Well-Woman-Visit](https://www.acog.org/Clinical-Guidance-and-Publications/Committee-Opinions/Committee-on-Gynecologic-Practice/Well-Woman-Visit)

**Care Women Deserve.** Information and resources on preventive health services for women of all ages. Developed by a coalition dedicated to educating people about the women’s preventive services available at no out-of-pocket costs under the Affordable Care Act. [http://carewomendeserve.org/](http://carewomendeserve.org/)

Maternal and Infant Community Health Collaboratives (MICHC) Initiative. New York State Department of Health. The MICHC initiative addresses outcomes for women of reproductive age, infants, and families through a combination of individual, family, community, and organizational strategies, including Community Health Workers (CHWs). Site provides an overview of the MICHC initiative, link to on-line CHW training, and list of current projects. https://www.health.ny.gov/community/adults/women/maternal_and_infant_comm_health_collaboratives.htm

New York State of Health: The Official Health Plan Marketplace. NYS' marketplace to help people shop for and enroll in health insurance coverage. Individuals, families, and small businesses can use the Marketplace to compare insurance options, calculate costs, and select coverage. The Marketplace uses a single application that helps people to check eligibility and enroll in health care programs like Medicaid, Child Health Plus, and the Essential Plan, and provides information on financial assistance. Options for online, in-person, over the phone or mail applications. https://info.nystateofhealth.ny.gov/what-ny-state-health

Technical Assistance Document: Implementing USPSTF Recommendations into Professional Education Programs (2010). Developed as part of an Agency for Healthcare Research and Quality (AHRQ) initiative. Includes examples of lesson plans and activities from academic institutions that have integrated the USPSTF recommendations in their curricula. https://www.ahrq.gov/sites/default/files/wysiwyg/cpi/centers/ockt/kt/tools/impuspstf/impuspstf.pdf

Think Cultural Health. U.S. Department of Health & Human Services, Office of Minority Health. Dedicated to advancing health equity, site features information, continuing education opportunities, and resources for health professionals to learn about culturally and linguistically appropriate services (CLAS). Includes link to CLAS standards and resources for implementation. https://www.thinkculturalhealth.hhs.gov/

FOCUS AREA 1: MATERNAL & WOMEN’S HEALTH

Goal 1.1: Increase use of primary and preventive health care services by women, with a focus on women of reproductive age

Intervention 1.1.2: Integrate discussion of reproductive goals, pregnancy planning, and pregnancy prevention in routine health care for all women of reproductive age.

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 1: Well-Woman Visit:

- **Evidence Analysis Report. NPM 1: Well-Woman Visit,** Johns Hopkins University. [https://www.mchevidence.org/documents/reviews/npm_1_well_woman_visit_evidence_review_brief_june_2017.pdf](https://www.mchevidence.org/documents/reviews/npm_1_well_woman_visit_evidence_review_brief_june_2017.pdf)
- **Title V Transformation Tools.** Recommendations to support NPM1 – Well Woman Visit. [https://www.mchnavigator.org/transformation/npm-1.php](https://www.mchnavigator.org/transformation/npm-1.php)

**ACT for Youth.** Act for Youth Center for Community Action (2018). NYSDOH-funded center to support evidence-based practice for youth-serving programs in NYS. Comprehensive website for positive youth development initiatives and resources focuses on connecting research to practice and youth engagement. Includes resources on adolescent sexual health and development. [http://actforyouth.net/](http://actforyouth.net/)

**Action Plan for the National Initiative on Preconception health and Health Care (2012-2014).** CDC report outlines objectives, strategies and action steps to improve preconception care with a renewed vision for achieving change in maternal and child health. [https://stacks.cdc.gov/view/cdc/31755](https://stacks.cdc.gov/view/cdc/31755)

**Bedsider.** A non-profit organization and web-based resource providing in-depth information, decision and reminder tools, and other resources related to contraception for consumers. [https://www.bedsider.org](https://www.bedsider.org) Companion site for providers [https://providers.bedsider.org](https://providers.bedsider.org) provides contraception information and tools for health care providers.

**Before, Between & Beyond Pregnancy: Resource Guide for Clinicians (2018).** Designed to help primary care providers meet their patient’s needs based on the response to the “vital sign”
key question “Would you like to become pregnant in the next year?” Developed by the Clinical Work Group of the National Preconception Health and Health Care Initiative, recommendations in the guide are evidence-based and reflect national and professional recommendations for routine preventive care. Site also includes a link to a new “At Your Fingertips” Mobile app for clinicians. https://beforeandbeyond.org/toolkit/about-this-toolkit/

**Before Pregnancy.** Centers for Disease Control and Prevention (CDC). Site provides information on preconception health and health care for women and men, including a pregnancy planning checklist https://www.cdc.gov/preconception/index.html

**IMPLICIT Interconception Toolkit.** March of Dimes Foundation. The IMPLICIT (Interventions to Minimize Preterm and Low birth weight Infants using Continuous Improvement Techniques) Network is a family medicine maternal child health learning collaborative focused on improving care for women, infants and families through faculty, resident, and student development and quality improvement. The toolkit provides the background, evidence, and resources to implement the IMPLICIT ICC model in the context of well-child visits, tailored to the needs of individual clinic sites, practice settings, and populations. https://www.prematurityprevention.org/Toolkits-Reports/IMPLICIT-interconception-care-toolkit

**Know Your Options, Get the Facts.** New York State initiative to connect women with comprehensive family planning services delivered by quality health care providers licensed in NYS and meeting high standards of care for the NYS Family Planning Program. Information and links for consumers on contraception, preconception care, infertility services, and pregnancy options including prenatal care, adoption, and abortion services. https://www.ny.gov/programs/pregnancy-know-your-options-get-facts

**One Key Question®.** A strategic initiative developed by the Power to Decide to transform women's health care experience with a routine question: “would you like to become pregnant in the next year?” Site offers information about consulting services, training, and technical assistance for provider networks and community organizations interested in becoming certified as One Key Question® providers or institutions. https://powertodecide.org/select360-consulting

**Power to Decide** (formerly the National Campaign to Prevent Teen and Unplanned Pregnancy). A public, nonprofit and nonpartisan organization and national campaign to prevent unplanned pregnancy. Website offers variety of information, resources, and services for health care providers, organizations, and consumers related to pregnancy prevention methods, programs, and policies. https://powertodecide.org/

**Preconception Health and Health Care: The Clinical Content of Preconception Care.** 2008 supplement to the *American Journal of Obstetrics and Gynecology*. Documents the evidence
Appendix 1: Evidence Base and Implementation Resources Detail

Preconception interventions. 2014 supplement to Reproductive Health journal that includes a series of systematic reviews regarding the impact of public health interventions during the preconception period on maternal and child health. [https://reproductive-health-journal.biomedcentral.com/articles/supplements/volume-11-supplement-3](https://reproductive-health-journal.biomedcentral.com/articles/supplements/volume-11-supplement-3)

Recommendations to Improve Preconception Health and Health Care – United States. A Report of the CDC/ATSDR Preconception Care Work Group and the Select Panel on Preconception Care. Includes 10 recommendations with key action steps. [https://www.cdc.gov/mmwr/preview/mmwrhtml/rr5506a1.htm](https://www.cdc.gov/mmwr/preview/mmwrhtml/rr5506a1.htm)

Technical Assistance Document: Implementing USPSTF Recommendations into Professional Education Programs (2010). Developed as part of an Agency for Healthcare Research and Quality (AHRQ) initiative. Includes examples of lesson plans and activities from academic institutions that have integrated the USPSTF recommendations in their curricula. [https://www.ahrq.gov/sites/default/files/wysiwyg/cpi/centers/ockt/kt/tools/impuspstf/impuspstf.pdf](https://www.ahrq.gov/sites/default/files/wysiwyg/cpi/centers/ockt/kt/tools/impuspstf/impuspstf.pdf)

Toward Improving the Outcome of Pregnancy III: Enhancing Perinatal Health Through Quality, Safety and Performance Initiatives. March of Dimes Foundation. 2010 report explores the elements that are essential to improving quality, safety and performance across the continuum of perinatal care. Includes chapter on preconception and interconception care (must create free registration to download report). [https://www.prematurityprevention.org/](https://www.prematurityprevention.org/)

Preconception Care webinars for Health Home Providers. New York State Department of Health. A series of webinars developed to address aspects of preconception health for Health Home providers working with women with multiple chronic medical and behavioral health conditions and care coordination needs. Includes a set of webinars specifically for women living with HIV.

- **Well Woman Care and Preconception Care: Webinar for Health Home Providers.** New York State Department of Health (October 2017). Addresses the importance of well woman and preconception care to prevent unintended pregnancy and improve pregnancy outcomes for women, including women with chronic medical issues. [https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/webinars/docs/2017/2017-10-11_preconception_care_for_hhcm.pdf](https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/webinars/docs/2017/2017-10-11_preconception_care_for_hhcm.pdf)

- **Postpartum Care for Women Living with HIV (WLWH) and their Newborns: How Health Home Care Managers Can Provide Support to Facilitate Improved Health Outcomes.** (August 2018)
Preconception Health is Essential Well Woman Care - Webinar. New York State Partnership for Maternal Health. (August 2018). Addresses preconception health as key component of preventing maternal morbidity and mortality. Health practitioners serving women of reproductive age will learn how to incorporate “every woman, every time” into their practice to improve women’s health and birth outcomes. Link to archived webinar from this page (users will need to register first): https://www.health.ny.gov/community/adults/women/

Show Your Love Campaign. Developed by the CDC’s National Preconception Health Consumer Workgroup. National campaign designed to improve the health of women and babies by promoting preconception health and healthcare. This evidence-based social marketing campaign is seeking to elevate preconception health to same level of awareness and significance as prenatal health. Includes links to an implementation tool kit and other resources. http://www.nationalhealthystart.org/what_we_do/show_your_love_preconception_social_marketing_campaign
FOCUS AREA 1: MATERNAL & WOMEN’S HEALTH

Goal 1.2: Reduce maternal mortality and morbidity

Intervention 1.2.1: Systematically review maternal deaths and severe maternal morbidities and use results to inform maternal mortality and morbidity prevention efforts.

Resources:

Proceedings of the 2018 New York Maternal Mortality Summit. February 14, 2018. This 2018 Summit convened stakeholders from New York State to: assess statewide progress in addressing maternal mortality; understand the factors in maternal health inequity; and discuss outstanding challenges to reducing maternal mortality, disparities, and strategies to address them. Convened by the New York Academy of Medicine with funding from Merck and Company and in collaboration with the New York State Department of Health, New York City Department of Health and Mental Hygiene, American College of Obstetricians and Gynecologists District II, Greater New York Hospital Association, and the Healthcare Association of New York State. 
https://nyam.org/media/filer_public/f3/be/f3be7f4c-44d0-4a59-b403-80c980f33454/mm_summit_proceedings_final_062118.pdf

Severe Maternal Morbidity in the United States. Centers for Disease Control and Prevention. Includes an overview of the issue, summary national data trends, and links to lists of indicators and corresponding ICD codes used to identify SMM. 
https://www.cdc.gov/reproductivehealth/maternalinfanthealth/severematernalmorbidity.html

Severe maternal morbidity: A population-based study of an expanded measure and associated factors. 2017 study by Lazariu et al discusses identification and analysis of severe maternal morbidity cases in New York State. identifying and analyzing SMM cases in New York
Prevention Agenda Toward the Healthiest State, 2019-2024
Healthy Women, Infants, and Children Action Plan
Appendix 1: Evidence Base and Implementation Resources Detail

State https://doi.org/10.1371/journal.pone.0182343

FOCUS AREA 1: MATERNAL & WOMEN’S HEALTH

Goal 1.2: Reduce maternal mortality and morbidity

Intervention 1.2.2: Collaborate with partners to advance a comprehensive maternal health agenda that includes policy, community prevention, and clinical quality improvement strategies, with a focus on reducing disparities in maternal mortality and morbidity.

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 2 (Low-Risk Cesarean Delivery) and NPM 3 (Perinatal Regionalization):

- **Evidence Analysis Reports.** Johns Hopkins University:
  - NPM 2: Low-Risk Cesarean Deliveries
  - NPM 3: Risk-Appropriate Perinatal Care,
    [https://www.mchevidence.org/documents/reviews/npm_3_riskappropriate_perinatal Care_brief_feb_2017.pdf](https://www.mchevidence.org/documents/reviews/npm_3_riskappropriate_perinatal Care_brief_feb_2017.pdf)

- **Evidence Briefs.** National Center for Education in Maternal and Child Health (NCEMCH), Georgetown University.
  - Cesarean Births among Low Risk First Births
  - Perinatal Regionalization [https://www.ncemch.org/evidence/NPM-3-VLBW.php](https://www.ncemch.org/evidence/NPM-3-VLBW.php)

- **Title V Transformation Tools.**
  - Recommendations to support NPM 2 – Low-risk Cesarean Delivery

Alliance for Innovation on Maternal Health (AIM). Council on Patient Safety in Women's Health Care. AIM is a national alliance to promote consistent and safe maternity care to reduce maternal mortality and severe maternal morbidity. Funded through the federal Maternal and Child Health Bureau, AIM is a data-driven improvement initiative focusing on the use of best practice safety bundles for maternity care. [https://safehealthcareforeverywoman.org/aim-program/](https://safehealthcareforeverywoman.org/aim-program/)

Community Health Workers Toolkit. Toolkit created by the NORC Walsh Center for Rural Health Analysis, University of Minnesota rural Health Resource Center, and Rural Health
Information Hub. Designed to help rural communities evaluate opportunities for developing a CHW program and provide resources and best practices developed by successful CHW programs. [https://www.ruralhealthinfo.org/toolkits/community-health-workers](https://www.ruralhealthinfo.org/toolkits/community-health-workers)

**Cochrane Systematic Review: Continuous Support for Women During Childbirth.** A 2017 Cochrane review of 26 studies from 17 countries concluded that women who received continuous support during labor from doulas or other support individuals may be less likely to have cesarean births, use pain medications, have low Apgar scores at birth, and have negative feelings about childbirth, and more likely to have spontaneous vaginal deliveries. [https://www.cochranelibrary.com/cdsr/doi/10.1002/14651858.CD003766.pub6/full?highlightAbstract=doul&highlightAbs tract=doula](https://www.cochranelibrary.com/cdsr/doi/10.1002/14651858.CD003766.pub6/full?highlightAbstract=doul&highlightAbstract=doula)

**Home Visiting Evidence of Effectiveness (HomVee).** U.S. Department of Health and Human Services and Administration for Children and Families. Review of research literature assessing the evidence of effectiveness for home visiting program models that serve families with pregnant women and children from birth to age 5. Provides list of evidence-based home visiting program models, with detailed information about the study samples, outcomes, and implementation guidelines for each model. [https://homvee.acf.hhs.gov/](https://homvee.acf.hhs.gov/)

**Institute for the Advancement of Family Support Professionals.** Funded in part through a federal Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Innovation Grant, the Institute offers Family Support Professionals the opportunity to learn new skills and grow their careers. Through engaging, online modules and a personalized learning map feature, professionals take charge of their growth and advancement. [https://institutefsp.org/modules](https://institutefsp.org/modules)

**Maternal and Infant Community Health Collaboratives (MICHC) Initiative.** New York State Department of Health. The MICHC initiative addresses outcomes for women of reproductive age, infants, and families through individual, family, community, and organizational strategies, including Community Health Workers (CHWs). Site provides an overview of the MICHC initiative, link to on-line CHW training, and list of current projects. [https://www.health.ny.gov/community/adults/women/maternal_and_infant_comm_health_collaboratives.htm](https://www.health.ny.gov/community/adults/women/maternal_and_infant_comm_health_collaboratives.htm)

New York State’s Home Visiting Programs: Support for Pregnant and Parenting Families. New York State Department of Health. State website includes information for providers and families, including a searchable list of home visiting programs in New York State by county. https://www.health.ny.gov/community/pregnancy/home_visiting_programs/

New York State Perinatal Quality Collaborative (NYSPQC). New York State Department of Health. Site includes materials, reports, archived presentations, and other resources from multiple NYSPQC quality improvement projects related to improving pregnancy outcomes for women and infants. https://www.albany.edu/sph/cphce/mch_nyspqc.shtml.

New York State Taskforce on Maternal Mortality and Disparate Racial Outcomes. Taskforce established in 2018 to provide expert policy advice on improving maternal outcomes, addressing racial and economic disparities, and reducing the frequency of maternal mortality and morbidity in New York State. https://www.health.ny.gov/community/adults/women/task_force_maternal_mortality/

Remote Pregnancy Monitoring Challenge. Sponsored by the federal Maternal and Child Health Bureau, this challenge will support the development and testing of low-cost, scalable, technology-based innovations to help prenatal care providers remotely monitor the health and wellbeing of pregnant women, and to place health data into the hands of pregnant women as a tool to monitor their own health and make informed decisions about care. The design phase, development, small-scale testing, and scaling phases are planned for Fall 2018-Winter 2019. https://mchbgrandchallenges.hrsa.gov/challenges/remote-pregnancy-monitoring

Toward Improving the Outcome of Pregnancy III: Enhancing Perinatal Health Through Quality, Safety and Performance Initiatives. March of Dimes Foundation. 2010 report explores the elements that are essential to improving quality, safety and performance across the continuum of perinatal care (must create free registration to download report). https://www.prematurityprevention.org/

Training Modules for Community Health Workers. Six modules provide introductory training for community health workers on maternal and child health information, resources and strategies. Four webinars are also available for supervising community health workers. https://www.health.ny.gov/community/adults/women/chw_training/
FOCUS AREA 1: MATERNAL & WOMEN’S HEALTH

Goal 1.2: Reduce maternal mortality and morbidity

Intervention 1.2.3: Increase use of effective contraceptives to prevent unintended pregnancy and support optimal birth spacing.

Resources:

6 | 18 Initiative: Prevent Unintended Pregnancy. Centers for Disease Control and Prevention (CDC). Information on national initiative led by CDC to target unintended pregnancies as one of six common and costly health conditions through the expansion of 18 initial evidence-based interventions to engage purchasers, payers, and providers in improving health outcomes and controlling health costs. Includes information and resource links for three specific evidence-based interventions related to reimbursement for contraceptives, including LARC. [https://www.cdc.gov/sixeighteen/pregnancy/index.htm](https://www.cdc.gov/sixeighteen/pregnancy/index.htm)

Bedsider. A non-profit organization and web-based resource providing in-depth information, decision and reminder tools, and other resources related to contraception for consumers. [https://www.bedsider.org](https://www.bedsider.org). Companion site for providers [https://providers.bedsider.org](https://providers.bedsider.org) provides contraception information and tools for health care providers.

Know Your Options, Get the Facts. New York State initiative to connect women with comprehensive family planning services delivered by quality health care providers licensed to practice in NYS and meeting high standards of care for the NYS Family Planning Program. Information and links for consumers on contraception, preconception care, infertility services, and pregnancy options including prenatal care, adoption, and abortion services. [https://www.ny.gov/programs/pregnancy-know-your-options-get-facts](https://www.ny.gov/programs/pregnancy-know-your-options-get-facts)

Long-Acting Reversible Contraception (LARC) Program. American College of Obstetricians and Gynecologists (ACOG). ACOG’s LARC Program works to lower the unintended pregnancy rate in the US by connecting providers, patients, and the public with the most up-to-date information and resources on LARC methods and increasing access to the full range of contraceptive methods.

- National ACOG LARC Program: Comprehensive site includes clinical guidelines, education, and training resources; billing, coding, and reimbursement guidance; a technical assistance “help desk”; patient resources; and more. [https://www.acog.org/About-ACOG/ACOG-Departments/Long-Acting-Reversible-Contraception](https://www.acog.org/About-ACOG/ACOG-Departments/Long-Acting-Reversible-Contraception)
• **New York State (ACOG District II) LARC Program:** Site includes information on LARC methods, clinical practice considerations, insertion considerations, and system and reimbursement barriers, along with complex case studies to test providers' knowledge. Links to patient education materials and waiting room posters, fact sheets, quick guides, and other practical resources for providers. [https://www.acog.org/About-ACOG/ACOG-Districts/District-II/Long-Acting-Reversible-Contraception-LARC](https://www.acog.org/About-ACOG/ACOG-Districts/District-II/Long-Acting-Reversible-Contraception-LARC)

• **ACOG District II LARC Resource Summary:** 2-page resource document includes links to multiple ACOG and other organizational resources and sites for LARC. [https://www.acog.org/-/media/Districts/District-II/Public/PDFs/FINAL_LARCRESOURCE_SUMMARY_Web_2Updated_July_2018.pdf?dmc=1&ts=20180909T1118306705]

**Medicaid Coverage of Long-Acting Reversible Contraception.** Key resources for Medicaid providers related to coverage and reimbursement for LARC, including updates to carve-out LARC from FQHC prospective payment system (PPS) rates and unbundle payment for post-partum LARC from inpatient delivery rates.

• **Medicaid Update** (September 2016): [https://www.health.ny.gov/health_care/medicaid/program/update/2016/2016-09.htm#larc_coverage](https://www.health.ny.gov/health_care/medicaid/program/update/2016/2016-09.htm#larc_coverage)

**New York State Family Planning Training Center.** JSI Research and Training Institute, Inc. (2018). New York State Department of Health-funded training center to support family planning providers to deliver quality reproductive health services across New York State. Website includes training, events, and wide array of provider resources. [https://nysfptraining.org](https://nysfptraining.org)

**One Key Question®.** A strategic initiative developed by the Power to Decide to transform women’s health care experience with a routine question: “would you like to become pregnant in the next year?” Site offers information about consulting services, training, and technical assistance for provider networks and community organizations interested in becoming certified as One Key Question® providers or institutions. [https://powertodecide.org/select360-consulting](https://powertodecide.org/select360-consulting)

**Power to Decide** (formerly the National Campaign to Prevent Teen and Unplanned Pregnancy). A public, nonprofit and nonpartisan organization and national campaign to prevent unplanned pregnancy. Website offers variety of information, resources, and services for health care providers, organizations, and consumers related to pregnancy prevention methods, programs, and policies. [https://powertodecide.org/](https://powertodecide.org/)
FOCUS AREA 1: MATERNAL & WOMEN’S HEALTH

Goal 1.2: Reduce maternal mortality and morbidity

Intervention 1.2.4: Screen all pregnant and postpartum women for depression, with adequate systems in place to ensure accurate diagnosis, effective treatment, and appropriate follow-up.

Resources:

A Comprehensive Approach for Community-Based Programs to address Intimate Partner Violence and Perinatal Depression. This toolkit was produced for the U.S. Department of Health and Human Services Health Resources and Services Administration by Social Solutions International, Inc. The goal of the toolkit is to highlight innovative state and community-based strategies and provide a resource that assists community-based organizations with addressing the intersection of intimate partner violence and perinatal depression. The target audience is community-based organizations working with women, children and families.

Depression in Adults: Screening. United States Preventive Services Task Force (USPSTF) (January 2016). Summarizes USPSTF evidence-based recommendation for depression screening in the general adult population, including pregnant and postpartum women, with adequate systems in place to ensure accurate diagnosis, effective treatment, and appropriate follow up.

Early Childhood Comprehensive Systems Collaborative Improvement and Innovation Network (ECCS CoIIN). Multiyear initiative funded by federal Maternal and Child Health Bureau to improve early childhood service systems in 12 states, including New York State, to increase age-appropriate developmental skills and reduce developmental disparities among 3-year old children. See also Help Me Grow resource.

- National ECCS CoIIN Coordinating Center led by National Institute for Children’s Health Quality (NICHQ) supports state teams through quality improvement and innovation. Site includes information about the initiative, approach, and resources.

- New York State ECCS Impact Initiative led by the NYS Council on Children and Families is working with community teams in Nassau County and Western New York. Site includes an overview of the NYS initiative and resources related to project implementation.
Emergency Resources for Women in Crisis. New York State Office of Mental Health. Includes suicide prevention and parental stress hot lines and a crisis text line.  
https://omh.ny.gov/omhweb/maternal-depression/

First 1000 Days on Medicaid Initiative. Launched in 2017 as a new focus for Medicaid Redesign in New York State, the First 1,000 Days on Medicaid Initiative recognizes the crucial importance of a child’s first three years of development, and seeks to ensure that New York’s Medicaid program is working with health, education and other system stakeholders to maximize outcomes and deliver results for the children we serve. A stakeholder workgroup was charged with developing a ten-point agenda to focus on enhancing access to services and improving outcomes for children on Medicaid in their first 1,000 days of life. Website includes information on the initiative and materials from workgroup and advisory group meetings to date.  
https://health.ny.gov/health_care/medicaid/redesign/first_1000.htm

Healthy Steps. Evidence-based primary care program model that integrates child development professional (“specialist”) to primary care practice teams to enhance screening, family engagement and communication, and coordination of family support and follow up services.

- **National Healthy Steps** site includes an overview of the model and evidence base, materials for families, and resources for providers, including information on how to become a HealthySteps site.  
  https://www.healthysteps.org/

- **New York Office of Mental Health Implementation of Healthy Steps** includes 2016 Request for Proposals to support implementation of Healthy Steps in primary care medical care practices across New York State.  
  https://omh.ny.gov/omhweb/rfp/2016/healthy-steps/

Help Me Grow. A system model that works to promote cross-sector collaboration to build early childhood systems that mitigate the impact of adversity and support protective factors among families, so that all children can grow, develop, and thrive to their full potential. Help Me Grow is not a stand-alone program, but a system model that leverages and builds on programs and resources already in place to develop and enhance early childhood system building in any given community. Core components of the model include Centralized Access Point, Family & Community Outreach, Child Health Care Provider Outreach, and Data Collection.

- **Help Me Grow National Center** site includes information on the model and the role of the national center to support local programs, links to its affiliate network of local programs, and other resources.  
  https://helpmegrownational.org/

- **Help Me Grow New York** includes information on Western New York and Long Island Help Me Grow networks, partners, events, and other resources.  
  http://helpmegrowny.org/  See also ECCS Impact Initiative resource.

Maternal Depression: Information for Health Care Providers. New York State Department of Health. Includes information on maternal depression, overview and links to screening recommendations and tools, treatment guidelines, links to implementation toolkits, and additional national and state resources for providers and families.
https://www.health.ny.gov/community/pregnancy/health_care/perinatal/maternal_depression/providers/

**Paid Family Leave.** Research studies have shown that new mothers who take paid leave have fewer postpartum depression symptoms, higher rates of breastfeeding, less stress, and stronger parent-child bonding. Website includes information on New York State’s Paid Family Leave law and benefits to support bonding with a new child. https://paidfamilyleave.ny.gov/

**Postpartum Depression Toolkit.** American Academy of Family Physicians National Research Network. Site includes documents, slide sets, clinical tools for screening and follow up, and other resources used as part of the Translating Screening and Management of Postpartum Depression (TRIPPD) study. The TRIPPD study (2005-2010) was designed to assess the impact of a universal postpartum depression (PPD) screening and follow-up management program on patient-oriented outcomes and practice-based process measures associated with PPD, and to explore the impact of practice characteristics on the translation of research regarding a PPD screening and follow-up management program. https://www.aafp.org/patient-care/nrn/studies/all/trippd/ppd-toolkit.html

**Postpartum Resource Center of New York.** The Postpartum Resource Center of New York offers support and education around perinatal mood and anxiety disorders for individuals and health care providers. Site includes a searchable statewide resource directory. https://postpartumny.org/
FOCUS AREA 2: PERINATAL & INFANT HEALTH

Goal 2.1: Reduce infant mortality and morbidity

Intervention 2.1.1: Implement updated perinatal regionalization standards, designations, and structured clinical quality improvement initiatives in birthing hospitals

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) NPM 3: Perinatal Regionalization:
- **Evidence Brief.** Perinatal Regionalization. National Center for Education in Maternal and Child Health (NCEMCH), Georgetown University. https://www.ncemch.org/evidence/NPM-3-VLBW.php

**Levels of Neonatal Care Policy Statement.** American Academy of Pediatrics Committee on Fetus and Newborn. (2012). Update policy statement summarizing review of data supporting evidence for a tiered provision of care and reaffirming the need for for uniform definitions and standards of care and designation of facilities that provide hospital care for newborns on the basis of functional capabilities, organized within a regionalized system of perinatal care. http://pediatrics.aappublications.org/content/130/3/587.full

**New York State Perinatal Quality Collaborative (NYSPQC).** New York State Department of Health. Site includes materials, reports, archived presentations, and other resources from multiple NYPQC quality improvement projects related to improving pregnancy outcomes for women and infants, https://www.albany.edu/sph/cphce/mch_nyuspqc.shtml

**Perinatal Regionalization. New York State Department of Health.** Site includes overview of the state’s regionalized perinatal system and materials related to process launched in 2017 review and update the standards for perinatal hospital level requirements, conduct site visits, assign new designations, and development of performance measures for perinatal hospitals and birthing centers in New York State.

**Toward Improving the Outcome of Pregnancy III: Enhancing Perinatal Health Through Quality, Safety and Performance Initiatives.** March of Dimes Foundation. 2010 report explores the elements that are essential to improving quality, safety and performance across the continuum of perinatal care (must create free registration to download report).

FOCUS AREA 2: PERINATAL & INFANT HEALTH

Goal 2.1: Reduce infant mortality and morbidity

Intervention 2.1.2: Increase capacity and competencies of local maternal and infant home visiting programs

Resources:

Community Health Workers Toolkit. NORC Walsh Center for Rural Health Analysis, University of Minnesota rural Health Resource Center, and Rural health Information Hub. Designed to help rural communities evaluate opportunities for developing a CHW program and provide resources and best practices developed by successful CHW programs. Modules focus on different aspects of CHW programs and include resources for developing local CHW programs. https://www.ruralhealthinfo.org/toolkits/community-health-workers

Doula Support. Doulas are individuals who provide continuous physical, emotional, and informational support to women during pregnancy, childbirth, and/or postpartum periods. There are a number of organizations offering training, certification, and continuing education for doulas. A pilot of Medicaid coverage for doulas is an element of the state’s maternal mortality reduction initiative. A 2017 review of 26 studies from 17 countries published in the Cochrane Database of Systemic Reviews concluded that women who received continuous labor during labor may be less likely to have cesarean births, use pain medications, have low Apgar scores at birth, and have negative feelings about childbirth, and more likely to have spontaneous vaginal deliveries. https://www.cochranelibrary.com/cdsr/doi/10.1002/14651858.CD003766.pub6/full#CD003766-sec1-0001

First 1000 Days on Medicaid Initiative. Launched in 2017 as a new focus for Medicaid Redesign in New York State, the First 1,000 Days on Medicaid Initiative recognizes the crucial importance of a child’s first three years of development and seeks to ensure that New York’s Medicaid program is working with health, education and other system stakeholders to maximize outcomes and deliver results for the children we serve. A stakeholder workgroup was charged with developing a ten-point agenda to focus on enhancing access to services and improving outcomes for children on Medicaid in their first 1,000 days of life. Website includes information on the initiative and materials from workgroup and advisory group meetings to date. https://health.ny.gov/health_care/medicaid/redesign/first_1000.htm

Home Visiting Evidence of Effectiveness (HomVee). U.S. Department of Health and Human Services and Administration for Children and Families. Review of the home visiting research literature assessing the evidence of effectiveness for home visiting program models that serve families with pregnant women and children from birth to age 5. Provides information about which home visiting program models have evidence of effectiveness, as well as detailed information about the samples of families who participated in the research, the outcomes measured in each study, and the implementation guidelines for each model.
Home Visiting Collaborative Improvement and Innovation Network (CoIIN). A national quality improvement initiative launched in 2013 to support the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program. Specific areas for improvement include breastfeeding, developmental assessments and interventions, screening and follow up for maternal depression, and retention of enrolled families. Site includes links to toolkits developed for each area. http://hv-coiin.edc.org/

Home Visiting – Your Partner in Helping Families. New York State Department of Health and University at Albany School of Public Health Center for Public Health Continuing Education. (April 2018). Webcast for health care providers, local public health professionals, and local community-based agencies working with families discusses the benefits of home visiting to the clients and to referring agencies, including improved adherence to immunization schedules, reinforcement of health messages delivered during pregnancy and early childhood, and screening for maternal depression and child developmental delays. Archived at: https://www.albany.edu/sph/cphce/phl_0418.shtml

Institute for the Advancement of Family Support Professionals. The Institute offers Family Support Professionals everywhere the opportunity to learn new skills and grow their careers. Through engaging, online modules and a personalized learning map feature, professionals take charge of their growth and advancement. https://institutefsp.org/modules

New York State’s Home Visiting Programs: Support for Pregnant and Parenting Families. New York State Department of Health. State website includes information for providers and families, including a searchable list of home visiting programs in New York State by county. https://www.health.ny.gov/community/pregnancy/home_visiting_programs/

Training Modules for Community Health Workers. Six modules provide introductory training for community health workers on maternal and child health information, resources and strategies. Four webinars are also available for supervising community health workers. https://www.health.ny.gov/community/adults/women/chw_training/
FOCUS AREA 2: PERINATAL & INFANT HEALTH

Goal 2.1: Reduce infant mortality and morbidity

Intervention 2.1.3: Engage in collaborative clinical and community-based strategies to reduce sleep-related infant deaths.

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 4: Safe Sleep:

- **Evidence Analysis Report.** NPM 4: Safe Sleep, Johns Hopkins University. [https://www.mchevidence.org/documents/reviews/npm_5_safe_sleep_evidence_review_brief_feb_2017.pdf](https://www.mchevidence.org/documents/reviews/npm_5_safe_sleep_evidence_review_brief_feb_2017.pdf)

Collaborative Improvement and Innovation Network to Reduce Infant Mortality (CoIIN). A public-private partnership developed by the Maternal and Child Health Bureau to reduce infant mortality and improve birth outcomes. Participants learn from one another and national experts, share best practices and lessons learned, and track progress toward shared benchmarks. Site includes information on Infant Mortality CoIIN and link to an interactive infant mortality prevention toolkit. Promoting infant safe sleep practices is one of five priorities selected by CoIIN participants. [https://mchb.hrsa.gov/maternal-child-health-initiatives/collaborative-improvement-innovation-networks-coiins](https://mchb.hrsa.gov/maternal-child-health-initiatives/collaborative-improvement-innovation-networks-coiins)

National Action Partnership to Promote Safe Sleep Improvement and Innovation Network (NAPPSS-IIN). Funded by the federal Maternal and Child Health Bureau and based at the National Institute for Children's Health Quality (NICHQ). (2017-2022). NAPPSS-IIN is an
initiative to make infant safe sleep and breastfeeding the national norm by aligning stakeholders
to test safety bundles in multiple care settings to improve the likelihood that infant caregivers
and families receive consistent, evidence-based instruction about safe sleep and breastfeeding.
The project is currently working with five pilot hospitals in five states, including New York
Presbyterian Lawrence Hospital in Westchester County representing New York State. Site includes
information and tools related to the project. https://www.nichq.org/project/national-action-
partnership-promote-safe-sleep-improvement-and-innovation-network-nappss

New York State Perinatal Quality Collaborative (NYSPQC). New York State Department of
Health. Site includes materials, reports, archived presentations, and other resources from
multiple NYSPQC quality improvement projects related to improving pregnancy outcomes for
women and infants. https://www.albany.edu/sph/cphce/mch_nyspqc.shtml

Psychosocial interventions for supporting women to stop smoking in pregnancy (2017).

wiley.com/doi/10.1002/14651858.CD001055.pub5/full

Safe to Sleep Campaign®. Directed and managed by the National Institute of Child Health and
Human Development. National campaign aimed at health professionals, child care providers, and
families about ways to reduce the risk for SIDS and other sleep-related causes of infant death.
Includes outreach materials in English and Spanish and online curricula for nurses and
pharmacists. Includes information about outreach activities in specific communities informed by
research and experience. https://www1.nichd.nih.gov/sts/Pages/default.aspx

SIDS and other sleep-related infant deaths: Expansion of recommendations for a safe
infant sleeping environment. American Academy of Pediatrics, Task Force on Sudden Infant
Death Syndrome 2011 policy statement on safe sleep.
http://pediatrics.aappublications.org/content/early/2011/10/12/peds.2011-2284

Sudden Unexpected Infant Death (SUID) and Sudden Infant Death Syndrome (SIDS)
Gateway. National Center for Education in Maternal and Child Health, Georgetown University.
Resources for states, communities, health and social services professionals, child care providers,
and families to reduce SUID and SIDS, promote healthy outcomes, and cope with grief when
losses occur. Resources related to infant sleep environments include a resource page, training
toolkit, infant safe sleep campaigns and materials, resources to support AAP's policy statement
on SIDS and other sleep-related infant deaths, and other implementation support materials.
https://www.ncemch.org/suid-sids/index.php

Toolkit for community health providers: Engaging ethnic media to inform communities
about safe infant sleep. National Center for Cultural Competence, Georgetown University.
FOCUS AREA 2: PERINATAL & INFANT HEALTH

Goal 2.1: Reduce infant mortality and morbidity

Intervention 2.1.4: Engage in collaborative strategies to respond to increasing use of opioids among women, including pregnant women, and impact on infants.

Resources:

Institute for Research, Education and Training in Addictions (IRETA). Non-profit organization that works with national, state, and local partners to improve recognition, prevention, treatment, research, and policy related to addiction and recovery. Includes evidence-based and best practice resources for the substance abuse field including descriptions of intervention implementation, technical assistance resources, information on fidelity measurement and staff training, and evidence-based practice references. https://ireta.org/

National Collaborative for Maternal Opioid Use Disorders. Alliance for Innovation on Maternal Health. As part of the larger AIM initiative (see Intervention 1.2.3), this collaborative seeks to optimize the care of mothers with opioid use disorder and their infants during the prenatal and postpartum periods through improvements to care in hospitals, outpatient settings, and in the community. Includes a number of clinical and quality improvement resources. https://safehealthcareforeverywoman.org/national-collaborative-on-maternal-oud/

National Registry of Evidence-Based Programs and Practices (NREPP). Substance Abuse and Mental Health Services Administration (SAMHSA). Developed to increase awareness and promote the adoption of scientifically established behavioral health interventions. Site includes a searchable database of interventions and a learning center with resources to support the selection, adoption, implementation, and evaluation of evidence-based programs and practices. https://www.samhsa.gov/nrepp

New York State Opioid Overdose Prevention Program. New York State Department of Health
to support community programs for administration of Naloxone to prevent opioid overdose fatalities. Includes information on registration, resources for providers and the public, program locator, and calendar of training events. https://www.nyoverdose.org/.

**Opioid Addiction Prevention & Management Collaborative.** Health Care Association of New York State (HANYS). Statewide collaborative launched by HANYS to help members prevent opioid addiction and manage the care of patients in crisis. Includes education, networking opportunities, and resources for health care providers and to advance community dialogue around opioid addiction. https://www.hanys.org/quality/collaboratives_and_learning_networks/opioids/.

**Opioid-related Data in New York State.** New York State Department of Health (2018). website designed to provide comprehensive and useful data and information regarding opioid use and misuse to support statewide prevention efforts. Site provides the most up-to-date summary opioid summary reports as well as prescription monitoring program, overdose death, hospital and emergency department visits, and other data at state, regional, and county level where available. https://www.health.ny.gov/statistics/opioid/

**Preventing Opioid Misuse in Pregnant Women and New Moms Challenge.** Sponsored by the federal Maternal and Child Health Bureau, this challenge will support the development and testing of low-cost, scalable, technology-based innovations to improve access to quality health care, including substance use disorder (SUD) treatment, recovery, and support services for pregnant women with opioid use disorders (OUD), their infants, and families, especially those in rural and geographically isolated areas. The design phase for this challenge will launch in September 2018, with subsequent development, small-scale testing, and scaling phases through Winter 2019. https://mchbgrandchallenges.hrsa.gov/challenges/addressing-opioid-use-disorder-pregnant-women-and-new-moms

FOCUS AREA 2: PERINATAL & INFANT HEALTH

Goal 2.2: Increase breastfeeding

Intervention 2.2.1: Increase access to professional support, peer support, and formal education to change behavior and outcomes.

FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.1 Support and enhance children and adolescents’ social-emotional development and relationships

Intervention 3.1.1: Increase awareness, knowledge, and skills of providers serving children, youth, and families related to social-emotional development, adverse childhood experiences (ACEs), and trauma-informed care.

Resources:

Docs for Tots. A non-profit, non-partisan organization led by pediatricians to promote practices, policies, and investments that will enable young children to thrive. Docs for Tots offers resources, tools, technical assistance and training to ensure that social-emotional health is addressed by doctors and in all early childhood settings. Site includes resources related to social-emotional health and other related topics, organized for doctors, early childhood providers, families, and advocates. [http://docsfortots.org/](http://docsfortots.org/)

National Center of Trauma Informed Care (NCTIC). Supported by the federal Substance Abuse and Mental Health Services Administration (SAMHSA), NCTIC supports interest in developing approaches to eliminate the use of seclusion, restraints, and other coercive practices and to further advance the knowledge base related to implementation of trauma-informed approaches. NCTIC offers consultation and technical assistance, education and outreach, and resources to support a broad range of service systems, including systems providing mental health and substance abuse services, housing and homelessness services, HIV services, peer and family organizations, child welfare, criminal justice, and education. [https://www.samhsa.gov/nctic](https://www.samhsa.gov/nctic)

The Pyramid Model. The Pyramid Model is an evidence-based framework for implementing a multi-level system of support for children ages birth to six years and their families in diverse settings. It is a relationship-based, child and family-centered professional development model that addresses the drivers outlined in implementation science research: competency, leadership, and organization. In New York State, the New York State Pyramid Model Partnership was established to promote statewide use of the Pyramid Model to build social and emotional competence in early care and education programs. [http://www.nys cac.org/ecac-initiatives/pyramid-model/](http://www.nyscac.org/ecac-initiatives/pyramid-model/)

Trauma Informed Care: Perspectives and Resources. Developed by the National Technical Assistance Center for Children’s Mental Health at Georgetown University Center for Child and Human Development. A comprehensive web-based, video-enhanced resource tool to support leaders and decision makers at all levels (national, state, tribal, territorial, and local) in becoming “trauma informed”. [https://gucchdtacenter.georgetown.edu/TraumaInformedCare/](https://gucchdtacenter.georgetown.edu/TraumaInformedCare/)

The Trauma Informed Care Project (TCIP). Trauma Informed Care (TIC) is an organizational structure and treatment framework that involves understanding, recognizing, and responding to the effects of all types of trauma. It emphasizes physical, psychological and emotional safety for both consumers and providers, and helps survivors rebuild a sense of control and empowerment.
The Trauma Informed Care Project (TIC), based at Orchard Place/Child Guidance Center in Iowa, provides a variety of resource links to publications, trainings, and other tools for practitioners. [http://traumainformedcareproject.org/index.php](http://traumainformedcareproject.org/index.php)
FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.1 Support and enhance children and adolescents’ social-emotional development and relationships

Intervention 3.1.2: Identify and integrate evidence-based and evidence-informed strategies to promote social-emotional wellness through public health programs serving children, youth, and families.

Resources:

**Bright Futures Tool and Resource Kit.** American Academy of Pediatrics. This kit provides forms and tools for health care professionals, patients, and families to complete before, during, or after well-child visits. These items help pediatricians and other health care professionals support and implement the guidance provided in *Bright Futures: Guidelines for Health Supervision of Infants, Children, and Adolescents, 3rd Edition.* Providers can use or adapt these materials to meet the needs of their practices and ensure they are following the recommendations presented in the *Guidelines* when delivering care to patients. An update to the kit is anticipated in the near future. [https://brightfutures.aap.org/materials-and-tools/tool-and-resource-kit/Pages/default.aspx](https://brightfutures.aap.org/materials-and-tools/tool-and-resource-kit/Pages/default.aspx)

**Center for Integrated Health Solutions - Children and Youth.** The CIHS, supported by the Health Resources and Services Administration (HRSA) and Substance Abuse and Mental Health Services Administration (SAMHSA), reviews the latest resources and research related to integrated care for children and youth, and compiles links to useful resources for providers. [https://www.integration.samhsa.gov/integrated-care-models/children-and-youth](https://www.integration.samhsa.gov/integrated-care-models/children-and-youth)

**Essentials for Childhood Framework: Creating Safe, Stable, Nurturing Relationships and Environments for All Children.** Centers for Disease Control and Prevention (CDC). This framework outlines strategies communities can consider to promote relationships and environments that help children grow up to be healthy and productive citizens. The framework is intended for communities committed to the positive development of children and families, and specifically to the prevention of child abuse and neglect. The framework has four goal areas and suggests strategies based on best available evidence to achieve each goal. Site includes link to full framework and a number of related resources. [https://www.cdc.gov/violenceprevention/childabuseandneglect/essentials.html](https://www.cdc.gov/violenceprevention/childabuseandneglect/essentials.html)

**Evidence-based Bullying Programs, Curricula and Practices.** Oklahoma State Department of Education. Provides a list of evidence-based bullying prevention programs examined and approved by federal agencies to assist schools in prevention efforts, with links to additional resources for each program. [http://sde.ok.gov/sde/bullying-prevention-curriculum](http://sde.ok.gov/sde/bullying-prevention-curriculum)

**First 1000 Days on Medicaid Initiative.** Launched in 2017 as a new focus for Medicaid Redesign in New York State, the First 1,000 Days on Medicaid Initiative recognizes the crucial importance of a child’s first three years of development and seeks to ensure that New York’s Medicaid program is working with health, education and other system stakeholders to maximize outcomes and deliver results for the children we serve. A stakeholder workgroup was charged...
with developing a ten-point agenda to focus on enhancing access to services and improving outcomes for children on Medicaid in their first 1,000 days of life. Website includes information on the initiative and materials from workgroup and advisory group meetings to date. https://health.ny.gov/health_care/medicaid/redesign/first_1000.htm

Healthy Steps. Evidence-based primary care program model that integrates child development professional (“specialist”) to primary care practice teams to enhance screening, family engagement and communication, and coordination of family support and follow up services.

- **National Healthy Steps** site includes an overview of the model and evidence base, materials for families, and resources for providers, including information on how to become a HealthySteps site. https://www.healthysteps.org/

- **New York Office of Mental Health Implementation of Healthy Steps** includes 2016 Request for Proposals to support implementation of Healthy Steps in primary care medical care practices across New York State. https://omh.ny.gov/omhweb/rfp/2016/healthy-steps/

Help Me Grow. A system model that works to promote cross-sector collaboration to build early childhood systems that mitigate the impact of adversity and support protective factors among families, so that all children can grow, develop, and thrive to their full potential. Help Me Grow is not a stand-alone program, but a system model that leverages and builds on programs and resources already in place to develop and enhance early childhood system building in any given community. Core components of the model include Centralized Access Point, Family & Community Outreach, Child Health Care Provider Outreach, and Data Collection.

- **Help Me Grow National Center** site includes information on the model and the role of the national center to support local programs, links to its affiliate network of local programs, and other resources. https://helpmegrownational.org/

Meeting the Social-Emotional Development Needs of Infants and Toddlers: Guidance for Early Intervention and Other Early Childhood Professionals (2017). Joint Task Force on Social-Emotional Development: New York State Department of Health Early Intervention Coordinating Council and New York State Early Childhood Advisory Council. This guidance document is geared towards early childhood health, development specialists, and early care and learning professionals to partner with families to promote and support healthy social emotional development in infants and toddlers, including those in the State’s Early Intervention Program. https://www.health.ny.gov/publications/4226.pdf
The National Center for Pyramid Model Interventions (NCPMI). The NCPMI aims to assist states and programs in their implementation of sustainable systems for the implementation of the Pyramid Model for Supporting Social Emotional Competence in Infants and Young Children (Pyramid Model) within early intervention and early education programs. The focus is on promoting the social, emotional, and behavioral outcomes of young children birth to five, reducing the use of inappropriate discipline practices, promoting family engagement, using data for decision-making, integrating early childhood and infant mental health consultation and fostering inclusion. http://challengingbehavior.cbcs.usf.edu/

The Search Institute. The Search Institute bridges research and practice to help young people be and become their best selves. The Institute supports a wide range of research-based resources including its Developmental Assets®, one of the foundational frameworks in positive youth development that has become among the most frequently cited and widely utilized frameworks in the world. Site includes a wide array of resources and tools for schools, youth and family serving programs, and community coalitions. www.search-institute.org

Supporting Social-Emotional Learning with Evidence-Based Programs. Annie E. Casey Foundation. This brief shares nine strategies for implementing and sustaining evidence-based programs to support students’ social and emotional health. Situated within a four-stage framework, these strategies consider the costs, resource allocations, funding streams, infrastructure and partnerships that are necessary for effective implementation. Input from administrators in seven school districts — each with a track record of delivering and sustaining social-emotional learning (SEL) programs — helped shape the strategies identified. https://www.aecf.org/resources/supporting-social-emotional-learning-with-evidence-based-programs/

Teaching Students to Prevent Bullying: Curriculum and Resources. National Education Association. Curriculum resources to prevent, identify, and confront bullying. Site includes lesson plans, activities, games, and other resources for elementary through high school grade levels. http://www.nea.org/tools/lessons/teaching-students-to-prevent-bullying.html
FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.1 Support and enhance children and adolescents’ social-emotional development and relationships

Intervention 3.1.3: Engage in collaborative strategies to increase developmental screening of young children in accordance with professional medical guidelines.

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 6: Developmental Screening:

- **Evidence Brief. Developmental Screening.** National Center for Education in Maternal and Child Health (NCEMCH), Georgetown University. [https://www.ncemch.org/evidence/NPM-6-developmental-screening.php](https://www.ncemch.org/evidence/NPM-6-developmental-screening.php)

- **Title V Transformation Tools.** Recommendations to support NPM6 – Developmental Screening. [https://www.mchnavigator.org/transformation/npm-6.php](https://www.mchnavigator.org/transformation/npm-6.php)

American Academy of Pediatrics. Clinical guidelines for pediatric health care providers:

- **Policy statement: Identifying infants and young children with developmental disorders in the medical home: an algorithm for developmental surveillance and screening.** [http://pediatrics.aappublications.org/content/118/1/405.long](http://pediatrics.aappublications.org/content/118/1/405.long)

Birth to Five: Watch me Thrive. This initiative of the Early Childhood Development office of the Administration for Children and Families is a coordinated federal effort to encourage healthy child development, universal developmental and behavioral screening for children, and support for the families and providers who care for them. The website includes a list of research-based developmental screening tools for use across a wide range of settings. Its Families page offers resources families can use to track their child's development and know how to take action when needed. [https://www.acf.hhs.gov/ecd/child-health-development/watch-me-thrive](https://www.acf.hhs.gov/ecd/child-health-development/watch-me-thrive)

Early Childhood Comprehensive Systems Collaborative Improvement and Innovation Network (ECCS CoIIN). Multiyear initiative funded by federal Maternal and Child Health
Bureau to improve early childhood service systems in 12 states, including New York State, to increase age-appropriate developmental skills and reduce developmental disparities among 3-year old children. See also Help Me Grow resource.

- **National ECCS CoIIN Coordinating Center** led by National Institute for Children’s Health Quality (NICHQ) supports state teams through quality improvement and innovation. Site includes information about the initiative, approach, and resources. [https://www.nichq.org/project/early-childhood-comprehensive-systems-collaborative-improvement-and-innovation-network-eccs](https://www.nichq.org/project/early-childhood-comprehensive-systems-collaborative-improvement-and-innovation-network-eccs)

**First 1000 Days on Medicaid Initiative.** Launched in 2017 as a new focus for Medicaid Redesign in New York State, the First 1,000 Days on Medicaid Initiative recognizes the crucial importance of a child’s first three years of development and seeks to ensure that New York’s Medicaid program is working with health, education and other system stakeholders to maximize outcomes and deliver results for the children we serve. A stakeholder workgroup was charged with developing a ten-point agenda to focus on enhancing access to services and improving outcomes for children on Medicaid in their first 1,000 days of life. Website includes information on the initiative and materials from workgroup and advisory group meetings to date. [https://health.ny.gov/health_care/medicaid/redesign/first_1000.htm](https://health.ny.gov/health_care/medicaid/redesign/first_1000.htm)

**Healthy Steps.** Evidence-based primary care program model that integrates child development professional (“specialist”) to primary care practice teams to enhance screening, family engagement and communication, and coordination of family support and follow up services.

- **National Healthy Steps** site includes an overview of the model and evidence base, materials for families, and resources for providers, including information on how to become a HealthySteps site. [https://www.healthysteps.org/](https://www.healthysteps.org/)

- **New York Office of Mental Health Implementation of Healthy Steps** includes 2016 Request for Proposals to support implementation of Healthy Steps in primary care medical care practices across New York State. [https://omh.ny.gov/omhweb/rfp/2016/healthy-steps/](https://omh.ny.gov/omhweb/rfp/2016/healthy-steps/)

**Help Me Grow.** A system model that works to promote cross-sector collaboration to build early childhood systems that mitigate the impact of adversity and support protective factors among families, so that all children can grow, develop, and thrive to their full potential. Help Me Grow is not a stand-alone program, but a system model that leverages and builds on programs and resources already in place to develop and enhance early childhood system building in any given community. Core components of the model include Centralized Access Point, Family & Community Outreach, Child Health Care Provider Outreach, and Data Collection.
• **Help Me Grow National Center** site includes information on the model and the role of the national center to support local programs, links to its affiliate network of local programs, and other resources. [https://helpmegrownational.org/](https://helpmegrownational.org/)

**Learn the Signs, Act Early.** This resource for parents from the Centers for Disease Control and Prevention provides information on milestones children should reach from birth to age 5 in how they play, learn, speak, act, and move. The website includes materials, training for early care and education providers, how to get involved, what to do about concerns with a child's development, autism case training, and multimedia and tools. It also provides a link to standardized, validated developmental screening tools for parents and providers from AAP. [https://www.cdc.gov/ncbddd/actearly/index.html](https://www.cdc.gov/ncbddd/actearly/index.html)

**Think Cultural Health.** U.S. Department of Health & Human Services, Office of Minority Health. Dedicated to advancing health equity, website features information, continuing education opportunities, resources, and more for health and health care professionals to learn about culturally and linguistically appropriate services, or CLAS. Includes link to CLAS standards and resources for implementation. [https://www.thinkculturalhealth.hhs.gov/](https://www.thinkculturalhealth.hhs.gov/)
FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.2 Increase supports for children and youth with special health care needs

Intervention 3.2.1: Engage families in planning and systems work to improve family centered services and effective practices for supporting CSHCN and their families.

Resources:

**Children and Youth with Special Health Care Needs (CYSCHN) Program.** The New York State CYSCHN Program seeks to improve the system of care for children with special health care needs from birth to 21 years of age and their families. The Program helps to shape public policy so families can get the best health care for their children. Programs in most counties in NYS help families of CSHCN by giving them information on health insurance and connecting them with health care providers. These programs will also work with families to help them meet the medical and non-medical needs of their children. State website includes link to contact information for local CYSHCN programs, materials, and other resources.

https://www.health.ny.gov/community/special_needs/

**Early Intervention Program.** The New York State Early Intervention Program (EIP) is part of the national Early Intervention Program for infants and toddlers with disabilities and their families. First created by Congress in 1986 under the Individuals with Disabilities Education Act (IDEA), the EIP is administered by the New York State Department of Health through the Bureau of Early Intervention. To be eligible for services, children must be under 3 years of age and have a confirmed disability or established developmental delay in one or more areas of development. The EIP offers a variety of therapeutic and support services to eligible infants and toddlers with disabilities and their families, including family education and counseling, home visits, and parent support groups. The EIP Website includes wide array of resources for localities, providers, and families, multiple trainings for providers on working with families,

**Early Intervention Family Outcomes Project.** New York’s Early Intervention Program (EIP) has prioritized family and engagement and support as an area for improvement. Approximately 62% of families participating in the state’s EIP met the state’s standard for family impact scale in 2015-16. Improving performance in family outcomes is a core focus of the EIP State Systemic Improvement Plan (SSIP), which seeks to identify, implement, and evaluate evidence-based and promising practices to improve family centered services and family outcomes for children served in the state’s Early Intervention Program.

- *Child and Family Outcomes Survey* – provides links to information about the Family & Child Outcomes surveys used in the EIP.

- *Early Intervention Family Outcomes & the State Systemic Improvement Plan* - presentation on the SSIP Family Outcomes project to New York State Association of County
Health Officials (NYSACHO) membership (May 2016).

• **Improving Family Centeredness Together** - presentation/ update on SSIP to York State Association of County Health Officials (NYSACHO) membership (April 2018).
http://www.nysacho.org/files/EICC%20Handouts/1_%20SSIP%20All%20County%20Meeting%20April%202018.pdf

**Early Intervention Partners Training Project.** This training is for parents of infants and toddlers with disabilities currently receiving services through New York’s Early Intervention Program. These training sessions provide information, resources, and skill-building activities designed to increase parent advocacy and leadership skills. Families interested in this training apply for admittance to the Family Initiative Coordination Services Project. Additional information on the PTP is available on the eIFamilies website: https://www.eifamilies.com/ei-training-you-ei-partners-training-project

**Families Together in New York State.** Families Together in New York State is a family-run, nonprofit organization that strives to establish a unified voice for children and youth with emotional, behavioral and social challenges. It provides training, education, support, referrals, and several workforce development initiatives including a Parent Empowerment Program and Family Peer Advocate Credential. https://www.ftnys.org/

**Hands and Voices.** Parent-to-parent support for families of children with hearing loss, with a focus on providing unbiased information and interventions that best meet child and family needs.

• **National organization:** http://www.handsandvoices.org
• **New York State chapter:** http://www.handsandvoicesny.org/

**Parent to Parent of New York State.** Parent to Parent of New York State builds a supportive network of families to reduce isolation and empower those who care for people with developmental disabilities or special healthcare needs to navigate and influence service systems and make informed decisions. Parent to Parent also serves as New York's Family Voices state affiliate organization. Site includes information on parent-to-parent matching program, Family to Family (F2F) Health Information Center, parent trainings, and other resources.
http://parenttoparentnys.org/site/

**National Center for Family/ Professional Partnerships (NCFPP).** Funded by the federal Maternal and Child Health Bureau, the NCFPP is a project of Family Voices, a national family-led organization of families and friends of CSHCN. NCFPP supports state and local Family-to-Family Information Centers (F2F), Family Voices state affiliate organizations, and other family organizations and initiatives. http://familyvoices.org/ncfpp/
FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.2 Increase supports for children and youth with special health care needs

Intervention 3.2.2.: Engage health care providers and other partners in efforts to improve newborn hearing screening and follow up, including reporting of results into the New York Early Hearing Detection and Intervention Information System (NYEHD-I-IS).

Resources:

Early Hearing Detection and Intervention Program (EHDI). New York State Department of Health. Web page includes overview of newborn hearing screening and follow up requirements and a variety of resources for parents and providers including educational materials and links to state and national trainings.

Hands and Voices. Parent-to-parent support for families of children with hearing loss, with a focus on providing unbiased information and interventions that best meet child and family needs.

- National organization: http://www.handsandvoices.org
- New York State chapter: http://www.handsandvoicesny.org/

Joint Committee on Infant Hearing. Committee comprised of representatives from the American Academy of Pediatrics, the American Academy of Otolaryngology-Head and Neck Surgery, American Speech-Language-Hearing Association, Council of Education of the Deaf, and Directors of Speech and Hearing Programs in State Health and Welfare Agencies. The primary activity is the publication of position statements summarizing the state of the science and art in infant hearing and recommending the preferred practice in early identification and appropriate intervention of newborns and infants at risk for or with hearing loss.
http://www.jcih.org/

National Center for Hearing Assessment and Management (NCHAM). Serves as the national resource center for the implementation and improvement of comprehensive and effective Early Hearing Detection and Intervention (EHDI) systems. Comprehensive website includes wide array of resources and links to other partner organizations.
http://www.infanthearing.org/index.html

Program to Enhance the Health & Development of Infants and Children (PEHDIC): Early
FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.2 Increase supports for children and youth with special health care needs

Intervention 3.2.3: Enhance care coordination and transition support services for eligible children and youth with special health care needs.

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 12: Transition to Adulthood:

Care Coordination for CSHCN Challenge. Sponsored by the federal Maternal and Child Health Bureau, this challenge will support the development and testing of low-cost, scalable, technology-based innovations to meet the needs of CSHCN and their families. Innovations should improve the quality of care, enhance family engagement, and positively impact health care outcomes with the potential of saving costs to families, society, and to the health care system. CSHCN and their families are the primary stakeholders for all solutions proposed and must be involved in the development. The design phase for this challenge will launch August 30, 2018, with subsequent development, small-scale testing, and scaling phases through Fall 2019. [https://mchbgrandchallenges.hrsa.gov/challenges/care-coordination-cshcn](https://mchbgrandchallenges.hrsa.gov/challenges/care-coordination-cshcn)

Coordinating Care and Supporting Transition for Children, Adolescents and Young Adults with Sickle Cell Disease. Funded and administered by the New York State Department of Health, this program contracts with three certified hemoglobinopathy centers to improve transition of care services for adolescents and young adults (AYA) with Sickle Cell disease. The program began in July 2018 and uses the “Got Transition” six core elements for successful transition to adult and self-care services. Linkage to Health Homes is a key aspect in this program, with relevant webinars delivered to the hemoglobinopathy centers and Health Home Case Managers, respectively. [https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/webinars/docs/2017/2017-08-16_sickle_cell_and_transitional_care.pdf](https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/webinars/docs/2017/2017-08-16_sickle_cell_and_transitional_care.pdf)

Got Transition. Got Transition/Center for Health Care Transition Improvement is a cooperative agreement between the Maternal and Child Health Bureau and The National Alliance to Advance...
Adolescent Health. Our aim is to improve transition from pediatric to adult health care through the use of new and innovative strategies for health professionals and youth and families. Partners are working to: expand the use of six core elements of health care transition; partner with professional training programs; develop youth and parent leadership; promote health system measurement, performance and policies; and, serve as a clearinghouse for transition tools and resources. Site includes resources, including sample tools, for health care providers, youth and families, researchers, and policymakers. [https://www.gottransition.org/](https://www.gottransition.org/)

**Medicaid Health Homes Serving Children.** New York State Department of Health. Medicaid Health Homes is a care management service to help eligible individuals get the care and services they need to stay healthy. To be eligible for Health Home services, the individual must: be enrolled in Medicaid; have an eligible condition (two or more chronic conditions, HIV/AIDS, or Serious Mental Illness, Serious Emotional Disturbance, or Complex Trauma); and satisfy the appropriateness criteria for need of intensive case management. The Health Home Serving Children’s (HHSC) program was launched in December 2016, with 16 Health Homes designated to serve children.

- **New York State Health Homes Serving Children Website** includes wide range of resources including important information, guidance and presentation/webinars developed by the State (The New York State Department of Health, the Office of Mental Health, the Office of Alcoholism and Substance Abuse Services, and the Office of Children and Family Services) in consultation with Health Homes, Managed Care Plans, children’s advocates and other stakeholders to tailor the Health Home model to better serve children. [https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/hh_children/index.htm](https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/hh_children/index.htm)

- **Find a Health Home** page helps providers and families locate and contact Health Homes by county. [https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/hh_map/index.htm](https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/hh_map/index.htm)

**National Technical Assistance Center on Transition (NTACT).** NTACT is a Technical Assistance and Dissemination project, funded by the U.S. Department of Education’s Office of Special Education Programs (OSEP) and the Rehabilitation Services Administration (RSA). NTACT’s purpose is to assist State Education Agencies, Local Education Agencies, State VR agencies, and VR service providers in implementing evidence-based and promising practices ensuring students with disabilities, including those with significant disabilities, graduate prepared for success in postsecondary education and employment. Site includes evidence-based practices, capacity-building tools, lesson plan starters, publications, and other resources to help state agencies, educators, students, and families improve transition planning, services, and outcomes for youth with disabilities. [https://transitionta.org/](https://transitionta.org/)

**The Transition of Children from the New York State Department of Health Early Intervention Program to the State Education Department Preschool Special Education Program or Other Early Childhood Services.** This document provides guidance on the transition of children from the Early Intervention Program (EIP) to preschool special education
programs and services, other state service delivery systems, or other early childhood services available to support children and their families. To ensure the transition process is successful for families, it is important that parents and professionals understand the requirements for transition and the services available in their communities for young children with, and without, disabilities. https://www.health.ny.gov/community/infants_children/early_intervention/transition/purpose.htm
FOCUS AREA 3: CHILD & ADOLESCENT HEALTH
Goal 3.3 Reduce dental caries among children

Intervention 3.3.1: Maintain and expand community water fluoridation.

Resources:

Best Practice Approach Reports - Use of Fluoride: Community Water Fluoridation. Association for State and Territorial Dental Directors. May 2016. ASTDD Best Practice Reports capture key information that describes specific public health strategies, assesses the strength of supporting evidence, and illustrates implementation with current practice examples. They are intended as resources to share ideas and promote best practices for state and community oral health programs. [https://www.astdd.org/use-of-fluoride-community-water-fluoridation/](https://www.astdd.org/use-of-fluoride-community-water-fluoridation/)

FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.3 Reduce dental caries among children

Intervention 3.3.2: Increase delivery of evidence-based preventive dental services across key settings, including school-based and community-based primary care clinics.

Resources:

Resources for evidence-based practice aligned with Title V (MCH Block Grant) National Performance Measure (NPM) 13: Oral Health:

- **Evidence Analysis Reports** (2017) Johns Hopkins University. Reports include detailed tables of interventions reviewed with citations for individual studies.
  - NPM 13A – Oral Health in Pregnancy
  - NPM 13B – Oral Health in Childhood.

Best Practice Approach Reports. Association for State and Territorial Dental Directors. Reports capture key information that describes specific public health strategies, assesses the strength of supporting evidence, and illustrates implementation with current practice examples. They are intended as resources to share ideas and promote best practices for state and community oral health programs.

- **School-Based Dental Sealant Programs** (2017). https://www.astdd.org/school-based-dental-sealant-programs/

Dental Caries (Cavities): School-Based Dental Sealant Delivery Programs. Community Preventive Services Task Force. April 2013. Available at:

FOCUS AREA 3: CHILD & ADOLESCENT HEALTH

Goal 3.3 Reduce dental caries among children

Intervention 3.3.3: Integrate oral health messages and evidence-based prevention strategies within community-based programs serving women, infants, and children.

Resources:

Best Practice Approach Reports. Association for State and Territorial Dental Directors. Reports capture key information that describes specific public health strategies, assesses the strength of supporting evidence, and illustrates implementation with current practice examples. They are intended as resources to share ideas and promote best practices for state and community oral health programs.

Cavity Free Kids. Cavity Free Kids is an oral health education initiative for young children ages from birth through five years and their families, developed by the Arcora Foundation, a non-profit foundation funded by Delta Dental. It is designed for use in Head Start and Early Head Start, child care, preschool, home visiting, and other programs. Cavity Free Kids includes a rich collection of lessons, activities, stories, songs and other resources that actively engage young children in fun-filled, play-based learning and help parents practice good oral health habits at home. Activities on the website are available for open use while the complete curricula, updates, and other training resources are available for download after attending a Cavity Free Kids training. [http://cavityfreekids.org/](http://cavityfreekids.org/)

FOCUS AREA 4: CROSS CUTTING
HEALTHY WOMEN, INFANTS, & CHILDREN
(applicable to all HWIC focus areas & goals)

Goal: Reduce racial, ethnic, economic, and geographic disparities in maternal and child health outcomes, and promote health equity for maternal and child health populations.

Intervention 4.1: Enhance collaboration with other programs, providers, agencies, and community members to address key social determinants of health that impact the health of women, infants, children, and families across the life course.

Resources:

Essentials for Childhood Framework: Creating Safe, Stable, Nurturing Relationships and Environments for All Children. Centers for Disease Control and Prevention (CDC). This framework outlines strategies communities can consider to promote relationships and environments that help children grow up to be healthy and productive citizens. The framework is intended for communities committed to the positive development of children and families, and specifically to the prevention of child abuse and neglect. It has four goal areas and suggests strategies based on best available evidence to achieve each goal. Site includes link to full framework and a number of related resources.  

The EveryONE Project™. American Academy of Family Physicians. Designed to help family physicians and their practice teams take action and confront health disparities. The EveryONE Project Toolkit provides clinicians with education, resources, and practical tools to address social determinants of health.  
https://www.aafp.org/patient-care/social-determinants-of-health/everyone-project.html

The Guide to Community Preventive Services: Health Equity Reviews. A collection of evidence-based findings of the Community Preventive Services Task Force. Health Equity reviews focus on interventions to reduce health inequities among racial and ethnic minorities and low-income populations. Recommended interventions included in this set of reviews include: Center-Based Early Childhood Education, Full-Day Kindergarten Programs, School-Based Health Centers, High School Completion Programs, Out-of-School-Time Academic Programs, and Tenant-Based Rental Assistance Programs. Includes summaries and links to full reviews.  
https://www.thecommunityguide.org/topic/health-equity

Health Impact in 5 Years (HI-5). Centers for Disease Control and Prevention. The Health Impact in 5 Years (HI-5) initiative highlights 14 non-clinical, community-wide approaches that have evidence reporting 1) positive health impacts, 2) results within five years, and 3) cost effectiveness and/or cost savings over the lifetime of the population or earlier. Examples of HI-5 interventions that address SDOH include public transportation system expansion, home improvement loans and grants, community water fluoridation, safe routes to school, and more.
Site includes links to HI-5 implementation stories, slide sets, and detailed information and implementation resources for each of the 14 interventions. https://www.cdc.gov/policy/hst/hi5/

**Healthy People 2020: Social Determinants of Health Interventions & Resources.** Office of Disease Prevention and Health Promotion (last updated 2018). Summarizes information around five key domains: (1) Economic Stability, (2) Education, (3) Health and Health Care, (4) Neighborhood and Built Environment, and (5) Social and Community Context. Site includes link to a variety of resources for communities to work collaboratively across sectors, organized by domain, including literature reviews; national, state, and local resources; and relevant HP2020 objectives and indicators. https://www.healthypeople.gov/2020/topics-objectives/topic/social-determinants-health/interventions-resources

**Maternal and Infant Community Health Collaboratives (MICHC) Initiative.** New York State Department of Health. The MICHC initiative supports improved outcomes for women, infants, and families through a combination of individual, family, community, and organizational strategies, including Community Health Workers (CHWs). Web page provides an overview of the MICHC initiative, link to on-line CHW training, and list of current projects across the state. https://www.health.ny.gov/community/adults/women/maternal_and_infant_comm_health_collaboratives.htm

**National Center for Cultural Competence (NCCC).** Georgetown University Center for Child and Human Development. The NCCC is recognized as a national and international leader in the design, implementation, and evaluation of cultural and linguistic competence in a broad array of systems and organizations. The site provides a variety of publications, tools and other information and resources to promote health equity. https://nccc.georgetown.edu/

**New York State’s Home Visiting Programs: Support for Pregnant and Parenting Families.** New York State Department of Health. State website includes information for providers and families, including a searchable list of home visiting programs in New York State by county. https://www.health.ny.gov/community/pregnancy/home_visiting_programs/

**Paid Family Leave.** NY.gov (last updated 2018). Research studies have shown that new mothers who take paid leave have fewer postpartum depression symptoms, higher rates of breastfeeding, less stress, and stronger parent-child bonding. Website includes information on New York State’s Paid Family Leave law and benefits to support bonding with a new child. https://paidfamilyleave.ny.gov/

**Parent to Parent of New York State.** Parent to Parent of New York State builds a supportive network of families to reduce isolation and empower those who care for people with developmental disabilities or special healthcare needs to navigate and influence service systems and make informed decisions. Parent to Parent also serves as New York's Family Voices state affiliate organization. Site includes information on parent-to-parent matching program, Family to Family (F2F) Health Information Center, parent trainings, and other resources. http://parenttoparentnys.org/site/

**Policy Resources to Support Social Determinants of Health.** Centers for Disease Control and
Prevention (last updated 2017). CDC Web page includes resources on policies that support a multi-sector approach to improving health. Includes summaries and links to resources to help identify and describe policy opportunities and involve other sectors to improve health and well-being. https://www.cdc.gov/socialdeterminants/policy/index.htm

The Search Institute. The Search Institute bridges research and practice to help young people be and become their best selves. The Institute supports a wide range of research-based resources including its Developmental Assets®, one of the foundational frameworks in positive youth development that has become among the most frequently cited and widely utilized frameworks in the world. Site includes a wide array of resources and tools for schools, youth and family serving programs, and community coalitions. www.search-institute.org

Sources for Data on Social Determinants of Health. Centers for Disease Control and Prevention (last updated 2018). Data can be a catalyst for improving community health and well-being. Understanding data on social determinants of health, such as income, educational level, and employment, can help focus efforts to improve community health. Page lists and links to tools supported by CDC resources and to data sources outside of CDC. https://www.cdc.gov/socialdeterminants/data/index.htm

Technical Packages for Violence Prevention. Centers for Disease Control and Prevention. Technical packages help states and communities take advantage of the best available evidence to prevent violence using multi-level, multi-sector engagement. Each package is intended as a resource to guide and inform prevention decision-making in communities and states. The strategies and approaches in the technical package represent different levels of the social ecology with efforts intended to impact individual behaviors as well as the relationship, family, school, community, and societal factors that influence risk and protective factors for violence. Includes links to infographics that provide visual representations of technical package contents. https://www.cdc.gov/violenceprevention/pub/technical-packages.html

Think Cultural Health. U.S. Department of Health & Human Services, Office of Minority Health. Dedicated to advancing health equity, website features information, continuing education opportunities, resources, and more for health and health care professionals to learn about culturally and linguistically appropriate services, or CLAS. Includes link to CLAS standards and resources for implementation. https://www.thinkculturalhealth.hhs.gov/

Tools for Putting Social Determinants of Health Into Action. Centers for Disease Control and Prevention (last reviewed February 2018). Collection of resources developed by CDC to help practitioners take action to address social determinants of health. Selected resources of particular relevance within this site include:

- **At-a-Glance: 10 Essential Public Health Services and How they Can Include Addressing Social Determinants of Health Inequities.** brief document to help public health agencies embed social determinants of health efforts as part of their portfolio in protecting the health of communities that they serve, with links to relevant examples of SDOH resources and tools. https://www.cdc.gov/stlthpublichealth/publichealthservices/pdf/ten_essential_services_and
**Promoting Health Equity: A Resource to Help Communities Address Social Determinants of Health.** Workbook with tools to develop, implement, and evaluate interventions that target social determinants of health.
[https://www.cdc.gov/socialdeterminants/tools/index.htm](https://www.cdc.gov/socialdeterminants/tools/index.htm)

**Use of Fluoride: Community Water Fluoridation – Best Practice Reports.** Association for State and Territorial Dental Directors. May 2016. ASTDD Best Practice Reports capture key information that describes specific public health strategies, assesses the strength of supporting evidence, and illustrates implementation with current practice examples. They are intended as resources to share ideas and promote best practices for state and community oral health programs. [https://www.astdd.org/use-of-fluoride-community-water-fluoridation/](https://www.astdd.org/use-of-fluoride-community-water-fluoridation/)
