

Experiencing COVID-19 Symptoms?

In addition to your COVID-19 test, call your health care provider today to see if they recommend treatment for COVID-19. Your provider will know the best option for you, based on your symptoms, risks, and health history.

The most common symptoms are:

Fever, chills

Cough

Trouble breathing

Loss of sense of smell or taste

Muscle aches, sore throat, headache

Call 911 right away if you have:

Trouble breathing that is getting worse

Pain or pressure in the chest that doesn't go away

Confusion or trouble waking up

Blue lips or face

Other severe symptoms
