RE: TN 11-88

MAY 25 2012

Dear Mr. Helgerson:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 11-88. Effective July 1, 2011 through June 30, 2012, this amendment will continue the same rate that was in effect on June 30, 2011. This amendment will also carve out medication costs from the inpatient PRTF rates. Going forward, PRTFs will obtain reimbursement for necessary drugs indicated in a child care plan by billing the Medicaid outpatient drug benefit, but the State will continue to claim these costs as mental health facility services.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the regulations at 42 CFR 447 Subpart C. This is to inform you that New York 11-88 is approved effective July 1, 2011 and I have enclosed the HCFA-179 and the approved plan pages.

If you have any questions, please contact Tom Brady at 518-396-3810 or Rob Weaver at 410-786-5914.

Sincerely,

Cindy Mann

Director, CMCS

B. RESIDENTIAL TREATMENT FACILITIES FOR CHILDREN AND YOUTH

Medicaid rates for Residential Treatment Facilities for Children and Youth ("RTFs") are established prospectively, based upon actual costs and patient days as reported on cost reports for the fiscal year two years prior to the rate year. The RTF fiscal year and rate year are for the twelve months July 1 through June 30. Actual patient days are subject to a maximum utilization of 98 percent and a minimum utilization of 95 percent. For the rate years July 1, 1994 through June 30, 1995 and July 1, 1995 through June 30, 1996 the base year for both rate years for the purpose of setting rates will be July 1, 1992 through June 30, 1993.

Effective July 1, 2011 through June 30, 2012, the rate of payment shall be that which was in effect June 30, 2011.

Effective July 1, 2012, such rate of payment will be lowered to reflect the removal of pharmaceutical costs, except as provided for in Section 1, below.

1. OPERATING COSTS

Allowable operating costs are subject to the review and approval of the Office of Mental Health[.], and will exclude eligible pharmaceuticals which will be reimbursed using the Fee-for-Service Program through the Medicaid formulary administered by the New York State Department of Health. Notwithstanding this program change, for those children who are deemed eligible for Medicaid subsequent to admission, and the eligibility is retroactive to date of admission, and who have received clinically documented necessary medications during the entire first 90 days of their stay, the pharmacy will bill the Medicaid formulary for the medications provided to the child beginning on day 91 of the stay. The cost of medications provided to the Medicaid eligible child during the first 90 days of stay will be the responsibility of the RTF and considered an allowable cost in the development of the provider's reimbursement rate for inpatient stays. In determining the allowability of costs, the Office of Mental Health reviews the categories of cost, described below, with consideration given to the special needs of the patient population to be served by the RTF. The categories of costs include:

- ([I]i) Clinical Care. This category of costs includes salaries and fringe benefits for clinical staff.
- (ii) Other than Clinical Care. This category of costs includes the costs associated with administration, maintenance and child support.

Allowable per diem operating costs in the category of clinical care are limited to the lesser of the reported costs or the amount derived from the number of clinical staff approved by the Commissioner multiplied by a standard salary and fringe benefit amount. Clinical services such as dental services, purchased on a contractual basis will be considered allowable and not subject to the clinical standard if the services are not uniformly provided by all RTFs and thus not considered by the Commissioner in the establishment of the approved staffing levels.

Attachment 4,19-A Part III Page 3(a)

Allowable per diem operating costs in the category of other than clinical care are limited to the lesser of the reported costs or a standard amount.

The standard amounts for the clinical and other than clinical categories are computed as follows. For RTFs located in the New York City metropolitan statistical area and Nassau and Suffolk counties the standard is: the sum of 50[%] percent of the average per diem cost for all RTFs in this geographic area and 50[%] percent of the average per diem cost for all RTFs in the state; increased by seven and one half percent. For RTFs located outside the New York City metropolitan statistical area and Nassau and Suffolk counties the standard is: the sum of 50[%] percent of the average per diem cost for all RTFs located outside the New York City metropolitan statistical area and Nassau and Suffolk Counties and 50[%] percent of the average per diem cost for all RTFs in the state; increased by seven and one half percent.

Detail:

Effective July 1, 2011 through June 30, 2012, this SPA will continue to pay PRTFs at the rate level that was in effect on June 30, 2011. The amendment will also carve-out medication costs from the rates paid to inpatient PRTFs - some of which are IMDs - and require these drugs to be billed separately under the pharmacy benefit to capture savings attributable to the drug rebate program. New York has stated it will continue to claim these drug costs as mental health facility services.

The Upper Payment Limits for PRTFs are governed by regulations at 447.325 and CMS determined the State's payment rates are in compliance with the limit.

The State provided satisfactory responses to the standard funding questions. The funding for this SPA is from General Appropriations.

While this SPA maintains current payment levels, in doing so, the State considered Medicaid access requirements in section 1902(a)(30). The State did not believe continuing the June 30, 2011 rate for the rest of the rate period would have any negative impact on access. The State does not believe any providers will reduce their participation in the program—and they cannot do so without alerting the State if they wished to reduce the number of beds participating in the program or if they wish to discontinue participation completely. The State has not received any requests from providers to

reduce their participation nor has the State received any complaints from providers or beneficiaries.

Other Considerations:

This amendment has not generated significant outside interest. We do not recommend the Secretary contact the governor.

Affordable Care Act Impact – NY assured CMS that:

- 1. This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.
- 2. The State does not require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.
- 3. This State is not a Disaster-Recovery FMAP Adjustment State as defined in ACA
- 4. This SPA complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

No Tribal providers are impacted by this amendment.
