RE: TN 24-0028

Dear Director Bassiri:

The Centers for Medicare & Medicaid Services (CMS) has reviewed the proposed New York state plan amendment (SPA) to Attachment 4.19-B of NY-24-0028, which was submitted to CMS on March 29, 2024. This plan amendment continues minimum wage adjustments for home health care services.

We reviewed your SPA submission for compliance with statutory requirements including in sections 1902(a)(2), 1902(a)(13), 1902(a)(30), and 1903 as it relates to the identification of an adequate source for the non-federal share of expenditures under the plan, as required by 1902(a)(2), of the Social Security Act and the applicable implementing Federal regulations.

Based upon the information provided by the state, we have approved the amendment with an effective date of January 1, 2024. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Jerica Bennett at 410-786-1167 or via email at jerica.bennett@cms.hhs.gov.

Sincerely,

Todd McMillion
Director

22. REMARKS			

New York 4(8)(1)(c)

1905(a)(7) Home Health Care Services

Adjustment for Future Minimum Wage Increases.

For January 1, 2027, and each January 1 thereafter, the adjusted minimum wage rate will be determined by increasing the then current year's minimum wage rate by the rate of change in the average of the three most recent consecutive twelve-month periods between the first of August and the thirty-first of July, each over their preceding twelve-month periods published by the United States department of labor non-seasonally adjusted consumer price index or northeast region urban wage earners and clerical workers (CPI-W) or any successor index as calculated by the United States department of labor, plus applicable fringe, with the result rounded to the nearest five cents.

However, effective January 1, 2027, no increase in minimum wage will be effectuated if any of the following conditions are met:

- Rate of change in the average of the most recent period of the first of august to the 31st of July over the preceding period of the 1st of august to the 31st of July published by the US Department of Labor non-seasonally adjusted consumer price index for the northeast region urban wage earners and clerical workers (CPI-W) or any successor index as calculated by the US Department of Labor is negative.
- 3 month moving average of the seasonally adjusted NYS unemployment rate as determined by the U-3 measure of labor underutilization for the most recent period ending 31st of July as calculated by the US Department of Labor rises by ½ percentage point or more relative to its low during the previous 12 months.
- Seasonally adjusted, total non-farm employment for NYS in July, calculated by the US Department of Labor, decreased from the seasonally adjusted total non-farm employment for NYS in July, calculated by the US Department of Labor decreased from the seasonally adjusted total non-farm employment for NYS in January.

Further, the homecare worker minimum wage should be the sum of homecare worker minimum wage from the previous calendar year in addition to the home care worker wage adjustment. The wage of home care workers should not exceed the minimum wage of non-homecare workers plus \$3.00, plus applicable fringe.
