March 17, 2021

Dear Health Clinic Administrator:

Pursuant to our tribal consultation policy, enclosed please find a summary of each proposed amendment to the New York State Plan. We encourage you to review the enclosed information and use the link below to also view the plan pages and Federal Public Notices for each proposal. Please provide any comments or request a personal meeting to discuss the proposed changes within two weeks of the date of this letter.

https://www.health.ny.gov/regulations/state_plans/tribal/

We appreciate the opportunity to share this information with you and if there are any comments or concerns please feel free to contact Regina Deyette, Medicaid State Plan Coordinator, Office of Health Insurance Programs at 518-473-3658.

Sincerely,

/s/

Donna Frescatore
Medicaid Director

SUMMARY
SPA #20-0077

This amendment proposes to revise the State Plan to move the MAT benefit, as directed, from optional to mandatory. This change affects both Pharmacy and Medical benefits.
13d. Rehabilitative Services

Other Diagnostic, Screening, Preventive, and Rehabilitative Services
1905(a)(13); 42 CFR 440.130(d)

The State provides coverage for Outpatient and Residential Addiction Rehabilitative Services as defined at 42 CFR 440.130(d) and in this section. The State assures that all rehabilitative services are provided to, or directed exclusively toward the treatment of, the Medicaid eligible individual in accordance with section 1902(a)(10)(A)(i) of the Act. The State assures that rehabilitative services do not include and FFP is not available for any of the following in accordance with section 1905(a)(13) of the Act.

a. educational, vocational and job training services;
b. room and board;
c. habilitation services;
d. services to inmates in public institutions as defined in 42 CFR §435.1010;
e. services to individuals residing in institutions for mental diseases as described in 42 CFR§435.1010;
f. recreational and social activities; and

g. services that must be covered elsewhere in the state Medicaid plan.

Outpatient Addiction Rehabilitative Services

Outpatient addiction services include individual-centered activities consistent with the individual’s assessed treatment needs with a rehabilitation and recovery focus designed to promote skills for coping with and managing symptoms and behaviors associated with substance use disorders. These activities are designed to help individuals achieve and maintain recovery from Addictions. Services should address an individual’s major lifestyle, attitudinal, and behavioral problems that have the potential to undermine the goals of treatment. Face-to-face interventions may include other collateral supports beyond the individual or family/caregiver, as necessary.

Outpatient addiction services are delivered on an individual or group basis in a wide variety of settings including provider offices, in the community or in the individual's place of residence. These outpatient addiction services may be provided on site or on a mobile basis as defined by the New York State Office of Alcoholism and Substance Abuse Services (OASAS). Addiction services may not be provided in inpatient or outpatient hospital settings. The setting in which the service is provided will be determined by the identified goal to be achieved in the individual’s written treatment plan.

Outpatient services are individualized interventions which may include more intensive treatment any time during the day or week, essential skill restoration and counseling services, and rehabilitation skill-building when the client has an inadequate social support system to provide the emotional and social support necessary for recovery, physical health care needs or substantial deficits in functional skills. Medication-assisted therapies (MAT) should only be utilized when a client has an established opiate or alcohol dependence condition that is clinically appropriate for MAT. Opioid treatment includes the dispensing of medication and all needed counseling services including a maintenance phase of treatment for as long as medically necessary. Reimbursement for the medication is covered under the Medicaid pharmacy benefit. MAT is covered under the mandatory 1905(a)(29) benefit for the period of 10/01/20-09/30/25.

TN  #20-0077  Approval Date __________________________
Supersedes #16-0004  Effective Date  October 1, 2020
1905(a)(29) Medication-Assisted Treatment (MAT)

Citation: 3.1(a)(1) Amount, Duration, and Scope of Services: Categorically Needy (Continued)

1905(a)(29) MAT as described and limited in Supplement 3b-37 to Attachment 3.1-A.

ATTACHMENT 3.1-A identifies the medical and remedial services provided to the categorically needy.
1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

i. General Assurance

MAT is covered under the Medicaid state plan for all Medicaid beneficiaries who meet the medical necessity criteria for receipt of the service for the period beginning October 1, 2020, and ending September 30, 2025.

ii. Assurances

a. The state assures coverage of Naltrexone, Buprenorphine, and Methadone and all of the forms of these drugs for MAT that are approved under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) and all biological products licensed under section 351 of the Public Health Service Act (42 U.S.C. 262).

b. The state assures that Methadone for MAT is provided by Opioid Treatment Programs that meet the requirements in 42 C.F.R. Part 8.

iii. Service Package

The state covers the following counseling services and behavioral health therapies as part of MAT.

a) Please set forth each service and components of each service (if applicable), along with a description of each service and component service.

b) Please include each practitioner and provider entity that furnishes each service and component service.

c) Please include a brief summary of the qualifications for each practitioner or provider entity that the state requires. Include any licensure, certification, registration, education, experience, training and supervisory arrangements that the state requires.
Medication-Assisted Treatment (MAT)

Outpatient Addiction Rehabilitative Services
Outpatient addiction services include individual-centered activities consistent with the individual's assessed treatment needs with a rehabilitation and recovery focus designed to promote skills for coping with and managing symptoms and behaviors associated with substance use disorders. These activities are designed to help individuals achieve and maintain recovery from Addictions. Services should address an individual’s major lifestyle, attitudinal, and behavioral problems that have the potential to undermine the goals of treatment. Face-to-face interventions may include other collateral supports beyond the individual or family/caregiver, as necessary.

Outpatient addiction services are delivered on an individual or group basis in a wide variety of settings including provider offices, in the community or in the individual's place of residence. These outpatient addiction services may be provided on site or on a mobile basis as defined by the New York State Office of Alcoholism and Substance Abuse Services (OASAS). Addiction services may not be provided in inpatient or outpatient hospital settings. The setting in which the service is provided will be determined by the identified goal to be achieved in the individual’s written treatment plan.

Outpatient services are individualized interventions which may include more intensive treatment any time during the day or week, essential skill restoration and counseling services, and rehabilitation skill-building when the client has an inadequate social support system to provide the emotional and social support necessary for recovery, physical health care needs or substantial deficits in functional skills. Medication-assisted therapies (MAT) should only be utilized when a client has an established opiate or alcohol dependence condition that is clinically appropriate for MAT. Opioid treatment includes the dispensing of medication and all needed counseling services including a maintenance phase of treatment for as long as medically necessary. Reimbursement for the medication is covered under the Medicaid pharmacy benefit.

Provider Qualifications:
Services are provided by licensed and unlicensed professional staff, who are at least 18 years of age with a high school or equivalent diploma, according to their areas of competence as determined by degree, required levels of experience as defined by state law and regulations and OASAS approved guidelines and certifications. All outpatient Addiction agencies are licensed or certified under state law.

TN #20-0077 Approval Date October 1, 2020
Supersedes #NEW Effective Date October 1, 2020
New York
8.1(b)

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

Licensed practitioners are licensed by the New York State Department of Education and include licensed master social workers (LMSWs), licensed clinical social workers (LCSWs), licensed mental health counselors (LMHCs), licensed marriage and family therapists (LMFTs), licensed psychoanalysts; registered nurses (RNs); licensed creative arts therapists, physician assistants (PAs), licensed practical nurses (LPNs); nurse practitioners (NPs); physicians and psychologists.

Only physicians, Psychiatrists, nurse practitioners, physician assistants, and registered nurses may provide medication management functions as permitted under state law with any supervision required. All agencies with MAT interventions must comply with federal and state laws regarding controlled substance prescriber eligibility and availability. Reimbursement for the medication is covered under the Medicaid pharmacy benefit.

Any staff who is unlicensed and providing addiction services must be credentialed by OASAS as a credentialed alcoholism and substance abuse counselor (CASAC); a credentialed alcoholism and substance abuse counselor – trainee (CASAC-T); Certified Recovery Peer Advocate (CRPA); or be under the supervision of a qualified health professional (QHP).

State regulations require supervision of CASAC-T, Certified Recovery Peer Advocate and non-credentialed counselors by a QHP, meeting the supervisory standards established by OASAS. A QHP includes the following professionals who are currently licensed by the New York State Department of Education or credentialed by OASAS: Credentialed Alcoholism and Substance Abuse Counselor (CASAC); LMSW; LCSW; NP; occupational therapist (OT); physician; physician assistants; RN; psychologist; rehabilitation counselor certified by the Commission of Rehabilitation Counselor Certification; a therapeutic recreation specialist who holds a baccalaureate degree in a field allied to therapeutic recreation and, either before or after receiving such degree, has five years of full-time, paid work experience in an activities program in a health care setting or an equivalent combination of advanced training, specialized therapeutic recreation education and experience, or is a recreational therapist certified by the National Council on Therapeutic Recreation or the American Therapeutic Recreation Association; licensed marriage and family therapists (LMFTs); a licensed mental health counselor licensed by the New York State Education Department (Title VIII, Article 163); and a counselor certified by and currently registered as such with the National Board of Certified Counselors. The QHP provides clinical/administrative oversight and supervision of non-credentialed staff as permitted under the statutory and/or regulatory scopes of practice. All the stated above requirements for certified and credentialed practitioners are overseen and/or coordinated by OASAS.

CASAC must be at least 18 years of age; have earned at least a high school diploma or a General Equivalency Diploma (GED); and reside or work in New York State at least 51 percent of the period during which their application is being processed to be issued a credential. In addition, a CASAC must:

(1) provide three references attesting to the attainment of specific competency and ethical conduct requirements;

(2) document a minimum of 6,000 hours of supervised, full-time equivalent experience in an approved OASAS work setting or substitute a) a Master’s Degree in a Human Services field for 4,000 hours experience; b) a Bachelor’s Degree in a Human Services field for 2,000 hours experience; c) an Associate’s Degree in a Human Services field for 1,000 hours experience;

(3) meet minimum education and training requirements including a minimum of 350 hours which address the full range of knowledge, skills and professional techniques related to chemical dependence counseling; Note: A formal internship or formal field placement may be claimed as work experience OR education and training, but not both. Work experience claimed may not include any experience gained as part of, or required under, participation as a patient in a formal alcoholism and/or substance abuse or problem gambling treatment/aftercare program and/or plan and

(4) pass the International Certification and Reciprocity Consortium (IC&RC) examination for Alcohol and Drug Counselors. The International Certification & Reciprocity Consortium (IC&RC) examination for Alcohol and Drug Counselors is comprised of 150 multiple-choice questions derived from the counselor tasks identified in the IC&RC Candidate Guide.

Credentialed Alcoholism and Substance Abuse Counselor (CASAC-T) Trainee must be at least 18 years of age; have earned at least a high school diploma or a General Equivalency Diploma (GED); and reside or work in New York State at least 51 percent of the period during which their application is being processed to be issued a credential. Applicants may be considered for a CASAC Trainee certificate upon satisfying a minimum of:

• 350 hours of the required education and training; OR

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

- 4,000 hours of appropriate work experience and the 85 clock hours in Section 1 of the education and training related to knowledge of alcoholism and substance abuse.

The CASAC Trainee certificate is effective from the date that any of the above eligibility requirements are approved until the end of the five-year period that the application is active. The CASAC Trainee certificate is not renewable. However, if the CASAC-T is an examination candidate when the CASAC Trainee certificate expires, a three-year extension may be requested.

Certified Recovery Peer Advocate (CRPA) as defined in the NYS CASAS regulations is:

- An individual who is supervised by a credentialed or licensed clinical staff member as identified in the patient’s treatment/recovery plan working occur under the direction of a certified agency.
- CRPA is a self-identified consumer who is in recovery from mental illness and/or substance use disorder
- To be eligible for the CRPA, the applicant must:
  - Demonstrate they have completed appropriate education and training relevant to the performance domains identified in the Recovery Coach Job Task Analysis Report.
  - Hold a high school diploma or jurisdictionally certified high school equivalency.
  - 46 hours specific to the domains, with 10 hours each in the domains of Advocacy, Mentoring/Education, and Recovery/Wellness Support and 16 hours in the domain of Ethical Responsibility.
  - Complete 500 hours of volunteer or paid work experience specific to the PR domains.
  - Receive 25 hours of supervision specific to the domains. Supervision must be provided by an organization’s documented and qualified supervisory staff per job description.

DRAFT
New York
8.1(e)

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

- Pass the NYCB/IC&RC Peer Advocate Exam.
- Complete 20 hours of continuing education earned every two years, including six hours in Ethics.

All providers listed may provide any component of the outpatient Addiction services consistent with State law and practice act with three exceptions: Certified Recovery Peer Advocates can only perform peer supports, service planning, care coordination, and assistance in a crisis intervention; unlicensed and/or uncredentialed professionals may assist with the performance of any activity listed here so long as supervised as noted above; and all agencies with MAT interventions must comply with federal and state laws regarding controlled substance prescriber availability.

Components include:

- Assessment - The purpose of the assessment is to provide sufficient information for problem identification, Addiction treatment or referral for the beneficiary to gain access to other needed Medicaid Addiction or mental health services.

Service Planning - Clinical treatment plan development – The treatment plan for Medicaid Addiction and mental health services must be patient-centered and developed in collaboration with the patient and patient's family/collaterals, where appropriate.

- Counseling/Therapy - Counseling/Therapy to address a beneficiary’s major lifestyle, attitudinal, and behavioral problems. Counseling/Therapy includes highly structured psychosocial therapy to address issues that have the potential to undermine the goals of treatment; skill development for coping with and managing symptoms and behaviors associated with Addiction, such as the participant’s perspective and lack of impulse control or signs and symptoms of withdrawal. Collateral contact is permitted as needed to address the therapeutic goals of the Medicaid beneficiary receiving treatment. The following activities are excluded: financial management, supportive housing, supportive employment services, and basic skill acquisition services that are habilitative in nature.

- Medication Management – Psychotropic and other medication management as permitted under State Law. Medication Assisted Therapies (MAT) when medically necessary, including the direct administration of medication.

New York
8.1(f)

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

- **Care Coordination** - Care coordination includes: 1) Consultation to assist with the individual’s needs and service planning for Medicaid behavioral health services. 2) Referral and linkage to other Medicaid behavioral health services to avoid more restrictive levels of treatment.

- **Peer/Family Peer Support** - Peer counseling to address a beneficiary’s major lifestyle, attitudinal, and behavioral problems. Peer counseling includes highly structured psychosocial therapy to address issues that have the potential to undermine the goals of treatment; skill development for coping with and managing symptoms and behaviors.

- **Crisis Intervention** – Assist the individual with effectively responding to or avoiding identified persecutors or triggers that would risk their remaining in the community location or that result in functional impairments, including assisting the individual and family members or other collaterals with identifying a potential psychiatric or personal crisis, developing a crisis management plan, and/or, as appropriate, seeking other supports to restore stability and functioning.

i. Limitations

Describe the state’s limitations on amount, duration, and scope of MAT drugs, biologicals, and counseling and behavioral therapies related to MAT.

NYS Medicaid covers drugs and biologicals FDA indicated and labeled or compendia supported for MAT use within dosage and duration parameters. The NYS Medicaid Pharmacy Benefit has several Drug Utilization Management programs. MAT drugs and biologicals are included in the following Drug Utilization Management programs:

1. Brand-Less-Than Generic Program - This program is a cost containment initiative which promotes the use of certain multi-source brand name drugs when the cost of the brand name drug is less expensive to the State, than the generic equivalent.

2. Preferred Drug Program - This program promotes the use of less expensive, equally effective prescription drugs when medically appropriate. All drugs currently covered by Medicaid remain available under the PDP and the determination of preferred and non-preferred drugs does not prohibit a prescriber from obtaining any of the medications covered under Medicaid.

3. Drug Utilization Review - This program helps to ensure that prescriptions for outpatient drugs are appropriate, medically necessary, and not likely to result in adverse medical consequences. DUR programs use professional medical protocols and computer technology and data processing to assist in the management of data regarding the prescribing of medicines and the dispensing of prescriptions over periods of time.

**Service Limitations for Outpatient Addiction Rehabilitative Services in conjunction with MAT:**

The Preferred Drug Program and the Brand-Less-Than Program is referenced on the NY SPA page 2(b) Attachment 3.1A and 3.1B section 12a. The Drug Utilization Review program is referenced on the NY SPA page 74 attachment 1.1 section 4.26.

Services must be medically necessary and must be recommended by a licensed practitioner or physician, who is acting within the scope of his/her professional license and applicable state law (Licensed practitioners include licensed by the New York State Department of Education, licensed master social worker (LMSW), licensed clinical social worker (LCSW), licensed mental health counselor (LMHC), licensed marriage and family therapists (LMFTs), licensed psychoanalyst, licensed creative arts therapists, physician assistants, nurse practitioners (NPs); physicians and psychologists), to promote the maximum reduction of symptoms and/or restoration of an individual to his/her best age-appropriate functional level according to an individualized treatment plan. No more than one medication management may be billed per day.

PRA Disclosure Statement - This information is being collected to assist the Centers for Medicare & Medicaid Services in implementing section 1006(b) of the SUPPORT for Patients and Communities Act (P.L. 115-271) enacted on October 24, 2018. Section 1006(b) requires state Medicaid plans to provide coverage of Medication-Assisted Treatment (MAT) for all Medicaid enrollees as a mandatory Medicaid state plan benefit for the period beginning October 1, 2020, and ending September 30, 2025. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The OMB control number for this project is 0938-1148 (CMS-10398 # 60). Public burden for all of the collection of information requirements under this control number is estimated to take about 80 hours per response. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

CASAC must be at least 18 years of age; have earned at least a high school diploma or a General Equivalency Diploma (GED); and reside or work in New York State at least 51 percent of the period during which their application is being processed to be issued a credential. In addition, a CASAC must:

1. provide three references attesting to the attainment of specific competency and ethical conduct requirements;
2. document a minimum of 6,000 hours of supervised, full-time equivalent experience in an approved OASAS work setting or substitute a) a Master’s Degree in a Human Services field for 4,000 hours experience; b) a Bachelor’s Degree in a Human Services field for 2,000 hours experience; c) an Associate’s Degree in a Human Services field for 1,000 hours experience;
3. meet minimum education and training requirements including a minimum of 350 hours which address the full range of knowledge, skills and professional techniques related to chemical dependence counseling; Note: A formal internship or formal field placement may be claimed as work experience OR education and training, but not both. Work experience claimed may not include any experience gained as part of, or required under, participation as a patient in a formal alcoholism and/or substance abuse or problem gambling treatment/aftercare program and/or plan and
4. pass the International Certification and Reciprocity Consortium (IC&RC) examination for Alcohol and Drug Counselors. The International Certification & Reciprocity Consortium (IC&RC) examination for Alcohol and Drug Counselors is comprised of 150 multiple-choice questions derived from the counselor tasks identified in the IC&RC Candidate Guide.

Credentialed Alcoholism and Substance Abuse Counselor (CASAC-T) Trainee must be at least 18 years of age; have earned at least a high school diploma or a General Equivalency Diploma (GED); and reside or work in New York State at least 51 percent of the period during which their application is being processed to be issued a credential. Applicants may be considered for a CASAC Trainee certificate upon satisfying a minimum of:

- 350 hours of the required education and training; OR
New York
8.1(d)

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Medically Needy (continued)

- 4,000 hours of appropriate work experience and the 85 clock hours in Section 1 of the education and training related to knowledge of alcoholism and substance abuse.

The CASAC Trainee certificate is effective from the date that any of the above eligibility requirements are approved until the end of the five-year period that the application is active. The CASAC Trainee certificate is not renewable. However, if the CASAC-T is an examination candidate when the CASAC Trainee certificate expires, a three-year extension may be requested.

Certified Recovery Peer Advocate (CPRA) as defined in the NYS OASAS regulations is:

- An individual who is supervised by a credentialed or licensed clinical staff member as identified in the patient’s treatment/recovery plan working occur under the direction of a certified agency.

- CRPA is a self-identified consumer who is in recovery from mental illness and/or substance use disorder.

- To be eligible for the CRPA, the applicant must:
  - Demonstrate they have completed appropriate education and training relevant to the performance domains identified in the Recovery Coach Job Task Analysis Report.
  - Hold a high school diploma or jurisdictionally certified high school equivalency.
  - 46 hours specific to the domains, with 10 hours each in the domains of Advocacy, Mentoring/Education, and Recovery/Wellness Support and 16 hours in the domain of Ethical Responsibility.
  - Complete 500 hours of volunteer or paid work experience specific to the PR domains.
  - Receive 25 hours of supervision specific to the domains. Supervision must be provided by an organization’s documented and qualified supervisory staff per job description.

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Medically Needy (continued)

- Pass the NYCB/IC&RC Peer Advocate Exam.
- Complete 20 hours of continuing education earned every two years, including six hours in Ethics.

All providers listed may provide any component of the outpatient Addiction services consistent with State law and practice act with three exceptions: Certified Recovery Peer Advocates can only perform peer supports, service planning, care coordination, and assistance in a crisis intervention; unlicensed and/or uncredentialed professionals may assist with the performance of any activity listed here so long as supervised as noted above; and all agencies with MAT interventions must comply with federal and state laws regarding controlled substance prescriber availability.

Components include:

- Assessment - The purpose of the assessment is to provide sufficient information for problem identification, Addiction treatment or referral for the beneficiary to gain access to other needed Medicaid Addiction or mental health services.

Service Planning - Clinical treatment plan development –The treatment plan for Medicaid Addiction and mental health services must be patient-centered and developed in collaboration with the patient and patients family/collaterals, where appropriate.

- Counseling/Therapy - Counseling/Therapy to address a beneficiary’s major lifestyle, attitudinal, and behavioral problems. Counseling/Therapy includes highly structured psychosocial therapy to address issues that have the potential to undermine the goals of treatment; skill development for coping with and managing symptoms and behaviors associated with Addiction, such as the participant’s perspective and lack of impulse control or signs and symptoms of withdrawal. Collateral contact is permitted as needed to address the therapeutic goals of the Medicaid beneficiary receiving treatment. The following activities are excluded: financial management, supportive housing, supportive employment services, and basic skill acquisition services that are habilitative in nature.

- Medication Management – Psychotropic and other medication management as permitted under State Law. Medication Assisted Therapies (MAT) when medically necessary, including the direct administration of medication.

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Medically Needy (continued)

- **Care Coordination** - Care coordination includes: 1) Consultation to assist with the individual’s needs and service planning for Medicaid behavioral health services. 2) Referral and linkage to other Medicaid behavioral health services to avoid more restrictive levels of treatment.

- **Peer/Family Peer Support** - Peer counseling to address a beneficiary’s major lifestyle, attitudinal, and behavioral problems. Peer counseling includes highly structured psychosocial therapy to address issues that have the potential to undermine the goals of treatment; skill development for coping with and managing symptoms and behaviors.

- **Crisis Intervention** – Assist the individual with effectively responding to or avoiding identified persecutors or triggers that would risk their remaining in the community location or that result in functional impairments, including assisting the individual and family members or other collaterals with identifying a potential psychiatric or personal crisis, developing a crisis management plan, and/or, as appropriate, seeking other supports to restore stability and functioning.

i. Utilization Controls

- **X** The state has drug utilization controls in place. (Check each of the following that apply)
  - **X** Generic first policy
  - **X** Preferred drug lists
  - **X** Clinical criteria
  - **X** Quantity limits

- _____ The state does not have drug utilization controls in place.

i. Limitations

Describe the state’s limitations on amount, duration, and scope of MAT drugs, biologicals, and counseling and behavioral therapies related to MAT.

NYS Medicaid covers drugs and biologicals FDA indicated and labeled or compendia supported for MAT use within dosage and duration parameters. The NYS Medicaid Pharmacy Benefit has several Drug Utilization Management programs. MAT drugs and biologicals are included in the following Drug Utilization Management programs:

1. Brand-Less-Than Generic Program - This program is a cost containment initiative which promotes the use of certain multi-source brand name drugs when the cost of the brand name drug is less expensive to the State, than the generic equivalent.

2. Preferred Drug Program - This program promotes the use of less expensive, equally effective prescription drugs when medically appropriate. All drugs currently covered by Medicaid remain available under the PDP and the determination of preferred and non-preferred drugs does not prohibit a prescriber from obtaining any of the medications covered under Medicaid.

3. Drug Utilization Review - This program helps to ensure that prescriptions for outpatient drugs are appropriate, medically necessary, and not likely to result in adverse medical consequences. DUR programs use professional medical protocols and computer technology and data processing to assist in the management of data regarding the prescribing of medicines and the dispensing of prescriptions over periods of time.

1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Medically Needy (continued)

**Service Limitations for Outpatient Addiction Rehabilitative Services in conjunction with MAT:**

The Preferred Drug Program and the Brand-Less-Than Program is referenced on the NY SPA page 2(b) Attachment 3.1A and 3.1B section 12a. The Drug Utilization Review program is referenced on the NY SPA page 74 attachment 1.1 section 4.26.

Services must be medically necessary and must be recommended by a licensed practitioner or physician, who is acting within the scope of his/her professional license and applicable state law (Licensed practitioners include licensed by the New York State Department of Education, licensed master social worker (LMSW), licensed clinical social worker (LCSW), licensed mental health counselor (LMHC), licensed marriage and family therapists (LMFTs), licensed psychoanalyst, licensed creative arts therapists, physician assistants, nurse practitioners (NPs); physicians and psychologists), to promote the maximum reduction of symptoms and/or restoration of an individual to his/her best age-appropriate functional level according to an individualized treatment plan. No more than one medication management may be billed per day.

PRA Disclosure Statement - This information is being collected to assist the Centers for Medicare & Medicaid Services in implementing section 1006(b) of the SUPPORT for Patients and Communities Act (P.L. 115-271) enacted on October 24, 2018. Section 1006(b) requires state Medicaid plans to provide coverage of Medication-Assisted Treatment (MAT) for all Medicaid enrollees as a mandatory Medicaid state plan benefit for the period beginning October 1, 2020, and ending September 30, 2025. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The OMB control number for this project is 0938-1148 (CMS-10398 # 60). Public burden for all of the collection of information requirements under this control number is estimated to take about 80 hours per response. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Outpatient Drug Reimbursement

1. Reimbursement for Prescribed Drugs (including specialty drugs and Medication Assisted Treatment (MAT) drugs) dispensed by a retail pharmacy; an institutional or long term care pharmacy; an Indian Health Service, tribal or urban Indian pharmacy; or any other pharmacy enrolled in the NYS Medicaid FFS Program is as follows:

   a. Reimbursement for Brand Name Drugs is the lower of:
      
      i. National Average Drug Acquisition Cost (NADAC) or, in the event of no NADAC pricing available, Wholesale Acquisition Cost (WAC) less 3.3%; plus, the professional dispensing fee in Section 2; or
      
      ii. the billing pharmacy’s usual and customary price charged to the general public.

   b. Reimbursement for Generic Drugs is the lower of:
      
      i. NADAC or, in the event of no NADAC pricing available, WAC less 17.5%; plus, a professional dispensing fee; or
      
      ii. the Federal Upper Limit (FUL) plus the professional dispensing fee in Section 2; or
      
      iii. the State Maximum Acquisition Cost (SMAC) plus the professional dispensing fee in Section 2; or
      
      iv. the billing pharmacy’s usual and customary price charged to the general public.

   c. Reimbursement for Nonprescription Drugs is the lower of:
      
      i. NADAC or, in the event of no NADAC pricing available, WAC; plus, if a covered outpatient drug, the professional dispensing fee in Section 2;
      
      ii. the FUL plus, if a covered outpatient drug, the professional dispensing fee in Section 2; or
      
      iii. the SMAC plus, if a covered outpatient drug, the professional dispensing fee in Section 2; or
      
      iv. the billing pharmacy’s usual and customary price charged to the general public.

2. The professional dispensing fee for covered outpatient drugs, including 340B-purchased drugs, when dispensed by a retail pharmacy; an institutional or long term care pharmacy; an Indian Health Service, tribal or urban Indian pharmacy; or any other pharmacy enrolled in the NYS Medicaid FFS Program, is $10.08.

3. Payment for drugs dispensed by pharmacies that are acquired at a nominal price as referenced in 42 CFR § 447.502 is at actual acquisition cost plus the professional dispensing fee in Section 2.

4. Payment for drugs dispensed by pharmacies that are acquired via the Federal Supply Schedule is at actual acquisition cost plus the professional dispensing fee in Section 2.
New York
4(d)(1)

c. [Reimbursement for Nonprescription Drugs is the lower of:
   i. NADAC or, in the event of no NADAC pricing available, WAC; plus, if a covered
      outpatient drug, the professional dispensing fee in Section 2;  
   ii. the FUL plus, if a covered outpatient drug, the professional dispensing fee in
       Section 2; or
   iii. the SMAC plus, if a covered outpatient drug, the professional dispensing fee in
        Section 2; or
   iv. the billing pharmacy’s usual and customary price charged to the general public.

2. The professional dispensing fee for covered outpatient drugs, including 340B-purchased
   drugs, when dispensed by a retail pharmacy; an institutional or long term care pharmacy;
   an Indian Health Service, tribal or urban Indian pharmacy; or any other pharmacy enrolled
   in the NYS Medicaid FFS Program, is $10.00.

3. Payment for drugs dispensed by pharmacies that are acquired at a nominal price as
   referenced in 42 CFR § 447.502 is at actual acquisition cost plus the professional dispensing
   fee in Section 2.

4. Payment for drugs dispensed by pharmacies that are acquired via the Federal Supply
   Schedule is at actual acquisition cost plus the professional dispensing fee in Section 2.

5. Payment for drugs dispensed by the pharmacy of a 340B covered entity as described in
   section 1927(a)(5)(B) of the Act, or a contract pharmacy under contract with a 340B
   covered entity as described in section 1927(a)(5)(B) of the Act, [shall] will be as follows:
   a. 340B purchased drugs – actual acquisition cost not to exceed the 340B ceiling
      price, plus the professional dispensing fee in Section 2;
   b. Non-340B purchased drugs – in accordance with lower of logic in section 1
      plus the professional dispensing fee in Section 2.

6. Payment for clotting factor dispensed by a pharmacy enrolled in the NYS Medicaid FFS
   Program is at the lower of: SMAC, as described below, not to exceed WAC, plus the
   professional dispensing fee in Section 2; or the billing pharmacy’s usual and customary
   price charged to the general public.

SMAC is established for clotting factor products using multiple clotting factor pricing
resources including but not limited to wholesalers, drug file vendors such as First Data Bank,
pharmaceutical manufacturers, and the Hemophilia Services Consortium, Inc. pricing. The
Hemophilia Services Consortium, Inc. subcontracts with the New York Blood Center (both
not-for-profit corporations) to negotiate with manufacturers and distributors to obtain the
best volume discount for the Consortium’s safety net hospital.

The SMAC file is stored in a database where valid statistical calculations are used to
evaluate and compare the various pricing benchmarks to develop the SMAC price. The
SMAC file is updated monthly and applied to all clotting factor products.

Payment for 340B-purchased clotting factor dispensed by a Hemophilia Treatment Center,
whether the pharmacy is owned by the covered entity or has a contract pharmacy
arrangement, [shall] will be in accordance with Section 5.a.

TN _____#20-0077 Approval Date __________________

Supersedes TN ____#17-0005____  Effective Date _October 1, 2020___
7. Practitioner-administered drugs (including Medication Assisted Treatment (MAT) drugs) billed under the medical benefit are reimbursed as follows:
   a. When administered during an office visit, payment is made at actual acquisition cost by invoice, not to exceed Medicare Part B price. No professional dispensing fee is paid.
   b. When administered by a practitioner in an ordered ambulatory setting, payment is at actual acquisition cost, not to exceed Medicare Part B price. Drugs purchased by covered entities at the prices authorized under Section 340B of the Public Health Services Act must be billed at their actual acquisition cost. No professional dispensing fee is paid.
   c. When administered in an outpatient setting to a patient of a disproportionate share hospital, clinic, or emergency department, payment may be made through either the Ambulatory Patient Group (APG) classification and reimbursement system, as referenced in page 1(b)(ii) of this Attachment, or, if carved out of the APG system, in accordance with Section 7.b.

Reimbursement for drugs in the APG reimbursement are paid as follows:
   1. Practitioner-administered drugs assigned to an APG and paid through the APG drug band are reimbursed based on the weighted average, using Medicaid paid claims data. Payment for drugs purchased by covered entities at the prices authorized under Section 340B of the Public Health Services Act and paid through the APG drug band are paid at 75% of the drug’s APG band payment amount.
   2. Practitioner-administered drugs assigned to an APG and paid through the APG Fee Schedule are paid in accordance with Section 7.b.

No professional dispensing fee is paid.

d. Federally Qualified Health Centers (FQHC) and Indian Health Services/Tribal/Urban Indian Clinic Facilities have the option of receiving their payment through the Federal Prospective (PPS) rate, or through the APG reimbursement methodology as an “alternative rate setting methodology”. In the event the facility chooses to be reimbursed through the Federal PPS Rate, the rate is considered inclusive of any practitioner administered drugs. In the event the facility has opted for the APG reimbursement methodology, payment for drugs administered by a practitioner during a visit to the facility will be in accordance with Section 7.c. If a facility's Medicaid reimbursement under APGs is lower than what their payment would have been under the Federal PPS rate, the facility is entitled to receive a supplemental payment reflecting the difference between what they were paid under APGs and what they would have been paid using the PPS rate. No professional dispensing fee is paid.

8. Reimbursement for Investigational Drugs is not a covered service. The Department may consider Medicaid coverage on a case by case basis for life-threatening medical illnesses when no other treatment options are available. If/when approved by a Medical Director, reimbursement is at actual acquisition cost. When dispensed by a pharmacy enrolled in the NYS Medicaid FFS Program, reimbursement includes the professional dispensing fee in Section 2.
Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional and non-institutional services to comply with Social Security Act section 1905(ee)(1) and SUPPORT ACT section 1006(b). The following changes are proposed:

**Institutional Services**

Effective on or after October 1, 2020, the Medication Assisted Treatment (MAT) benefit will be transitioned from the optional to mandatory benefit in order to comply with federal statute. This change will affect both Pharmacy and Medical benefits.

This benefit transition does not impact current MAT benefits provided by either the Pharmacy or Medical benefit.

There is no additional estimated annual change to gross Medicaid expenditures as a result of this proposed amendment.

**Non-Institutional Services**

Effective on or after October 1, 2020, the Medication Assisted Treatment (MAT) benefit will be transitioned from the optional to mandatory benefit in order to comply with federal statute. This change will affect both Pharmacy and Medical benefits.
This benefit transition does not impact current MAT benefits provided by either the Pharmacy or Medical benefit.

There is no additional estimated annual change to gross Medicaid expenditures as a result of this proposed amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County
250 Church Street
New York, New York 10018

Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

Kings County, Fulton Center
