SUMMARY
SPA #20-0081

This State Plan Amendment is a temporary amendment in response to COVID-19 Emergency Relief.
Section 7 – General Provisions

7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

For the period beginning 07/01/2020

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

Request for Waivers under Section 1135

_____ The agency seeks the following under section 1135(b)(1)(C) and/or section 1135(b)(5) of the Act:

a. _____ SPA submission requirements – the agency requests modification of the requirement to submit the SPA by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 CFR 430.20.

b. _____ Public notice requirements – the agency requests waiver of public notice requirements that would otherwise be applicable to this SPA submission. These requirements may include those specified in 42 CFR 440.386 (Alternative Benefit Plans), 42 CFR 447.57(c) (premiums and cost sharing), and 42 CFR 447.205 (public notice of changes in statewide methods and standards for setting payment rates).
c. **x** Tribal consultation requirements – the agency requests modification of tribal consultation timelines specified in [insert name of state] Medicaid state plan, as described below:

*New York will reduce the tribal consultation to zero days before submission to CMS. Tribal consultation will still be completed and mailed as per guidelines in New York’s approved state plan.*

### Section A – Eligibility

1. _____ The agency furnishes medical assistance to the following optional groups of individuals described in section 1902(a)(10)(A)(ii) or 1902(a)(10)(c) of the Act. This may include the new optional group described at section 1902(a)(10)(A)(ii)(XXIII) and 1902(ss) of the Act providing coverage for uninsured individuals.

   *Include name of the optional eligibility group and applicable income and resource standard.*

2. _____ The agency furnishes medical assistance to the following populations of individuals described in section 1902(a)(10)(A)(ii)(XX) of the Act and 42 CFR 435.218:

   a. _____ All individuals who are described in section 1905(a)(10)(A)(ii)(XX)

      Income standard: _____________

Section E – Payments

Optional benefits described in Section D:

1. _____ Newly added benefits described in Section D are paid using the following methodology:

   a. _____ Published fee schedules –

      Effective date (enter date of change): ______________

      Location (list published location): ______________

TN: 20-0081 Approval Date: ______________
Supersedes TN: NEW Effective Date: July 1, 2020
b. ____ Other:

Describe methodology here.

Increases to state plan payment methodologies:

2. ___ X ___ The agency increases payment rates for the following services:

1905(a)(16) Inpatient Psychiatric Hospital – PRTF
Residential Treatment Facility (RTF)

a. _____ Payment increases are targeted based on the following criteria:

Please describe criteria.

b. Payments are increased through:

i. _____ A supplemental payment or add-on within applicable upper payment limits:

Please describe.

ii. ___ X ___ An increase to rates as described below.

Rates are increased:

_____ Uniformly by the following percentage: _____________

_____ Through a modification to published fee schedules –

  Effective date (enter date of change): _____________

  Location (list published location): _____________

_____ Up to the Medicare payments for equivalent services.

_____ X ___ By the following factors:

The current State Plan authority requires rates are calculated from a
cost report 2-years prior. Those cost reports would be unable to reflect
the current difficulties resulting from the Public Health Emergency. Due
to the COVID-19 Public Health Emergency there were unprecedented difficulties for providers to maintain staffing levels appropriate for the level of care necessary for individuals within the Residential Treatment Facility (RTF) program. The clinical and direct care component (C/DC) of the rate calculation will be evaluated via provider attested costs surveys, and if found insufficient, that rate component would be adjusted accordingly to maintain necessary staffing levels.

Payment for services delivered via telehealth:

3. _____ For the duration of the emergency, the state authorizes payments for telehealth services that:
   a. ____ Are not otherwise paid under the Medicaid state plan;
   b. ____ Differ from payments for the same services when provided face to face;
   c. ____ Differ from current state plan provisions governing reimbursement for telehealth;

   *Describe telehealth payment variation.*

   d. ____ Include payment for ancillary costs associated with the delivery of covered services via telehealth, (if applicable), as follows:
      i. ____ Ancillary cost associated with the originating site for telehealth is incorporated into fee-for-service rates.
      ii. ____ Ancillary cost associated with the originating site for telehealth is separately reimbursed as an administrative cost by the state when a Medicaid service is delivered.

Other:

4. _____ Other payment changes:

   *Please describe.*

Section F – Post-Eligibility Treatment of Income

1. _____ The state elects to modify the basic personal needs allowance for institutionalized individuals. The basic personal needs allowance is equal to one of the following amounts:
   a. ____ The individual’s total income
   b. ____ 300 percent of the SSI federal benefit rate
c. _____ Other reasonable amount: ________________

2. _____ The state elects a new variance to the basic personal needs allowance. (Note: Election of this option is not dependent on a state electing the option described in F.1. above.)

The state protects amounts exceeding the basic personal needs allowance for individuals who have the following greater personal needs:

**Please describe the group or groups of individuals with greater needs and the amount(s) protected for each group or groups.**

Supersedes TN: NEW Effective Date: July 1, 2020
SUMMARY
SPA #20-0082

This State Plan Amendment is a temporary amendment in response to COVID-19 Emergency Relief. This amendment proposes to revise the State Plan to correct the New York COVID-19 disaster SPA #20-0048 to add ‘treatment’ which was omitted by oversight under the D Benefit and E Payments sections. This SPA, in part, intends to allow for reimbursement to pharmacies for administration of COVID-19 authorized treatments by licensed pharmacists, pharmacy interns or pharmacy technicians, as authorized by the PREP Act, and any other COVID-19 related services that may be required in the future to address the Public Health Emergency.

This amendment also proposes a temporary revision to the State Plan to allow reimbursement:

- to paramedics/emergency medical technicians providing influenza vaccine administration,
- to qualified providers for COVID-19 vaccine administration provided to individuals eligible for the Family Planning Benefits Program,
- of a supplemental fee for COVID-19 vaccine administration provided in a home setting, and
- to FQHCs for COVID-19 vaccine visits using an alternate payment method.

Section E – Payments

Optional benefits described in Section D:

1. Newly added benefits described in Section D are paid using the following methodology:
   a. Published fee schedules –
      Effective date (enter date of change): __3/1/2020_____
      Location (list published location): Upon CMS Approval, the fees will be published at: https://www.emedny.org/ProviderManuals/OrderedAmbulatory/index.aspx
   b. Other:

   1. Effective 3/1/2020, reimbursement for certain covered countermeasures against COVID-19 (COVID-19 PREP Act declaration) including administration of certain vaccines, treatments and therapeutics, specimen collection, related tests, and any other related services at pharmacy locations. Payment will be made to the pharmacy for administration of countermeasures for COVID-19, specimen collection, or testing performed by pharmacists, pharmacy interns, or pharmacy technicians. Further information, including reimbursement on COVID-19 countermeasures, specimen collection, testing, and any other related services at pharmacies can be found at the following link: https://www.health.ny.gov/health_care/medicaid/covid19/.

   2. Effective 4/1/2021, for the duration of the Public Health Emergency and ending on the last day of the first quarter that begins one year after the last day of the COVID-19 emergency period described in section 1135(g)(1)(B) of the American Rescue Plan Act, the NYS Medicaid program proposes an alternate payment method to reimburse Federal Qualified Health Centers (FQHCs) for the administration of Covid-19 vaccine administration as follows:
      a. Covid-19 vaccine administration service only visit: FQHC reimbursed full PPS rate at 100% FMAP.
      b. Covid-19 administration service and threshold visit services provided: FQHC reimbursed full PPS rate at 50% FMAP and $40.00 Covid-19 vaccine administration service fee at 100% FMAP.
      c. Threshold visit with no Covid-19 vaccine administration service: FQHC reimbursed full PPS rate at 50% FMAP.

This proposal is intended to reflect temporary and unforeseen costs associated with administering COVID-19 vaccines and improve access to Covid-19 vaccines for the Medicaid population.
3. Effective 6/8/2021, for the duration of the Public Health Emergency and ending on the last day of the first quarter that begins one year after the last day of the COVID-19 emergency period described in section 1135(g)(1)(B) of the American Rescue Plan Act, the NYS Medicaid program proposes to reimburse providers a supplemental COVID-19 vaccine administration fee of $35.50 based on the CMS rate at 100% FMAP for COVID-19 vaccine administration provided in the home setting, defined as follows:

- A private residence
- Temporary lodging (for example, a hotel or motel, campground, hostel, or homeless shelter)
- An apartment in an apartment complex or a unit in an assisted living facility, group home or non-Medicaid nursing facility
- A Medicaid’s patient’s home that’s made provider-based to a hospital during the COVID-19 PHE
- Communal spaces of a multi-unit or communal living arrangement
- Assisted living facilities participating in the CDC's Pharmacy Partnership for Long-Term Care Program when their residents are vaccinated through this program

Covid-19 vaccine home administration will be available to a patient(s) that:

- has a condition that makes them more susceptible to contracting a pandemic disease such as COVID-19.
- is generally unable to leave the home, and if they do leave home it requires a considerable and taxing effort.
- has a disability or faces clinical, socioeconomic, or geographical barriers to getting a COVID-19 vaccine in settings other than their home.
- The patient faces challenges that significantly reduce their ability to get vaccinated outside the home, such as challenges with transportation, communication, or caregiving.

NYS Medicaid program will reimburse providers for the supplemental home vaccine administration:

- if the sole purpose of the visit is to administer a COVID-19 vaccine.
- for dates of service on or after August 24, 2021, once for each Medicaid patient vaccinated in a single home unit or communal space and up to a maximum of 5 times if fewer than 10 Medicaid patients are vaccinated on the same day in the same group living location. This proposal is intended to increase access to Covid-19 vaccines for Medicaid individuals that are home bound.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all qualifying Mental Hygiene services to comply with enacted statutory provisions. The following changes are proposed:

Non-Institutional

Effective on or after December 30, 2021 the Department of Health will adjust rates to reflect labor costs resulting from statutorily required increases in the New York State minimum wage. The minimum wage rate increases apply to services provided in Office of Mental Health licensed rehabilitation programs, effective December 31, 2021.

The estimated annual aggregate increase in gross Medicaid expenditures attributable to the rate increase is $14,032 in State Fiscal Year 2022 and $56,128 in State Fiscal Year 2023.

[iii.] A rural adjustment factor of 1.2309 will be applied to the operating per diem for those hospitals designated as rural hospitals. A rural facility is a general hospital with a service area which has an average population of less than 175 persons per square mile, or a general hospital with a service area which has an average population of less than 200 persons per square mile measured as population density by zip code. For dates of service beginning on or after July 1, 2014, rural designation will be applicable to hospitals located in an upstate region, as defined in subparagraph (l) of this section, and with population densities of 225 persons or fewer per square mile as determined based on the New York State 2010 Vital Statistics table of estimated population, land area, and population density. Accordingly, there are 27 rural facilities that provide inpatient psychiatric services.

[iv.] An age adjustment payment factor of 1.3597 will be applied to the per diem operating component for adolescents ages 17 and under. For ages 18 and over, an adjustment payment factor of 1 will be applied.]

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services to comply with enacted statutory provisions. The following changes are proposed:

Institutional Services
Effective for dates of service on or after January 1, 2022, the Department of Health will redefine the rural designation for the inpatient psychiatric services provided in exempt general hospitals or exempt units of general hospitals by increasing the average county population density from 225 to 300 per square mile based on 2020 census data. This State Plan Amendment is necessary to adequately reimburse hospitals for providing these services and better meet the community’s mental health needs.

The estimated annual increase in gross Medicaid expenditures attributable to this initiative is $2,300,000. Funding for this redefinition is included in the State Budget for State Fiscal Year 2022.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for Long Term Care services as authorized by § 2826 of New York Public Health Law. The following changes are proposed:

Long Term Care Services
Temporary rate adjustments have been approved for services related to providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. The temporary rate adjustments have been reviewed and approved for the following six Nursing Homes:

- Loretto Health and Rehabilitation with aggregate payment amounts totaling up to $4,747,976 for the period January 01, 2022 through March 31, 2022 and $2,977,124 for the period April 1, 2022 through March 31, 2023.
- St. Vincent DePaul Residence with aggregate payment amounts totaling up to $3,681,188 for the period January 01, 2022 through March 31, 2022 and $1,538,986 for the period April 1, 2022 through March 31, 2023.
- Fort Hudson Nursing Center with aggregate payment amounts totaling up to $1,129,968 for the period January 01, 2022 through March 31, 2022, $475,930 for the period April 1, 2022 through March 31, 2023 and $551,772 for the period April 1, 2023 through March 31, 2024.
- Adirondack Health - Mercy Living Center with aggregate payment amounts totaling up to $500,000 for the period January 01, 2022 through March 31, 2022.
- Greenfield Health and Rehabilitation Center with aggregate payment amounts totaling up to $695,000 for the period January 01, 2022 through March 31, 2022, $1,647,500 for the period April 1, 2022 through March 31, 2023, and $620,000 for the period April 1, 2023 through March 31, 2024.
- The Trustees of Eastern Star Hall and Home of New York with aggregate payment amounts totaling up to $869,050 for the period January 01, 2022 through March 31, 2022.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2021/2022 is $11,623,182. The Medicaid expenditures attributable to state fiscal year 2022/2023 and state fiscal year 2023/2024 are $6,639,540 and $1,172,772, respectively.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review
SUMMARY
SPA #22-0006

This amendment proposes to revise the State Plan to update the Amount that Would have Otherwise been Paid (AWOP) calculation and Rate Methodology description for PACE Plans due to modifications in the premium rate structure and available data sources.
1905(a)(26): PACE
[Type of Service]

Program of All-Inclusive Care for the Elderly (PACE)

Method of Reimbursement
The Department uses the following process in establishing rates:

The Department will determine the Amount that Would have Otherwise been Paid (AWOP) equivalent [a fee-for-service equivalent] per member per month cost for State Plan approved services provided to an equivalent non-enrolled population group. Medicaid data sources that will be used to calculate the AWOP include data from the Managed Long Term Care (MLTC) Partial Capitation program, the Medicaid Advantage Plus (MAP) program, the Mainstream Managed Care program as well as fee-for-service and supplemental payments. This information; and/or any information received from the PACE provider, such as the provider’s anticipated enrollment, projected utilization of services and costs, cost experience, and indirect/overhead costs; and/or any other relevant information, will be used by the Department to determine a per member per month capitation rate for the provider that is less than the AWOP [fee-for-service] equivalent per member per month cost determined by the Department.
Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services to comply with enacted statutory provisions. The following changes are proposed:

**Long Term Care Services**

Effective on or after April 1, 2022, noticed provision for capitation payments intended for services provided by the Program of All-inclusive Care for the Elderly (PACE) plans will be revised. The Department proposes to amend the State Plan by updating the Amount that Would have Otherwise been Paid (AWOP) calculation and rate methodology description contained in the present State Plan for PACE plans due to modifications in the premium rate structure effective April 1, 2022. Specifically, as a result of the movement of beneficiaries and their corresponding cost data to managed care, this data source will also be used in the development of the AWOP and in the rate methodology as well as fee-for-service and other acceptable data sources consistent with Federal requirements. Rates will continue to be subject to the upper payment limit provisions under 42 CFR 460.182.

There is no estimated annual change to gross Medicaid expenditures as a result of this proposed amendment.
The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. SUMMARY
SPA #22-0008

This State Plan Amendment proposes to maintain the quality incentive for nursing homes into the 2022 rate year and will continue to recognize improvement in performances as an element in the program and provide for other minor modifications. This SPA will clarify the reporting requirements related to the 2022 quality adjustments.
1905(a)(4)(A) Nursing Facility Services

The New York State Nursing Home Quality Pool (NHQP) is an annual budget-neutral pool of $50 million dollars. The intent of the NHQP is to incentivize Medicaid-certified nursing facilities across New York State to improve the quality of care for their residents, and to reward facilities for quality based on their performance. The set of measures used to evaluate nursing homes are part of the Nursing Home Quality Initiative (NHQI). The performances of facilities in the NHQI determine the distribution of the funds in the NHQP.

NHQI is described below using MDS (Minimum Data Set) year and NHQI (Nursing Home Quality Initiative) year. MDS year refers to the year the assessment data is collected. NHQI year refers to the year when the nursing home performance is evaluated. For example, if the NHQI year is [2019] 2021, then the MDS year is [2018] 2020. For [the NHQI year] NHQI 2021, the Commissioner will calculate a score and quintile ranking based on data from the MDS year 2020 (January 1 of the MDS year through December 31 of the MDS year), for each non-specialty facility. The score will be calculated based on measurement components comprised of Quality [,] and Compliance[,] and Efficiency] Measures. These measurement components and their resulting score and quintile ranking will be referred to as the Nursing Home Quality Initiative. From the NHQI, the Commissioner will exclude specialty facilities consisting of non-Medicaid facilities, Special Focus Facilities as designated by the Centers for Medicare and Medicaid Services (CMS), Continuing Care Retirement Communities, Transitional Care Units, specialty facilities, and specialty units within facilities. Specialty facilities and specialty units [shall] will include AIDS facilities or discrete AIDS units within facilities, facilities or discrete units within facilities for residents receiving care in a long-term inpatient rehabilitation program for traumatic brain injured persons, facilities or discrete units within facilities that provide specialized programs for residents requiring behavioral interventions, facilities or discrete units within facilities for long-term ventilator dependent residents, facilities or discrete units within facilities that provide services solely to children, and neurodegenerative facilities or discrete neurodegenerative units within facilities. The score for each such non-specialty facility will be calculated using the following Quality [,),] and Compliance [, and Efficiency] Measures. To offset the impact of COVID-19, some of the quality and the efficiency measures are removed from NHQI 2021 with the intent of bringing back the measures for future NHQI. The measures in this NHQI are listed below:

**Quality Component:**

The maximum points a facility may receive for the Quality Component is [70] 50. The applicable percentages or ratings for each of the [14] 10 quality measures will be determined for each facility. Four quality measures are removed in this NHQI year. Three of these measures are temporarily removed to offset the impact of COVID-19 (Percent of Long Stay High Risk Residents with Pressure Ulcers, Percent of Long Stay Residents Who have Depressive Symptoms, Percent of Long Stay Residents Who Lose Too Much Weight). These measures would be reassessed and brought back in the next NHQI year as appropriate. One measure was retired by CMS in October 2019 (The Percent of Long Stay Residents Who Self-Report Moderate to Severe Pain).

The quality measures will be awarded points based on quintile values or threshold values. For quintile-based measures, the measures will be ranked and grouped by quintile with points awarded as follows:

**TN #22-0008**

Supersedes TN #20-0007

**Approval Date**

**Effective Date** January 1, 2022
1905(a)(4)(A) Nursing Facility Services

For threshold-based measures, the points will be awarded based on threshold values. The threshold-based measures are:

- Percent of Employees Vaccinated for Influenza: facilities will be awarded five points if the rate is 85% or higher, and zero points if the rate is less than 85%.
- Percent of Contract/Agency Staff Used: facilities will be awarded five points if the rate is less than 10%, and zero points if the rate is 10% or higher.
- Percent of Long Stay Residents Experiencing One or More Falls with Major Injury: facilities will be awarded five points if the rate is equal to or less than 5%, and zero points if the rate is greater than 5%.
- [Percent of Long Stay Residents Who Self-Report Moderate to Severe Pain: facilities will be awarded five points if the rate is equal to or less than 5%, and zero points if the rate is greater than 5%.]
- Percent of Long Stay Residents with a Urinary Tract Infection: facilities will be awarded five points if the rate is equal to or less than 5%, and zero points if the rate is greater than 5%.

Rate of Staffing Hours per Resident per Day

NYS DOH will calculate an annualized adjusted rate of staffing hours per resident per day using staffing information downloaded from the Centers for Medicare & Medicaid Services (CMS) appropriate for that year. The staffing information is based on Payroll Based Journal Public Use Files (PBJ PUFs). PBJ PUFs are public data sets prepared by the CMS. For this measure, staffs are defined as RNs, LPNs, and Aides. The rate of reported staffing hours and the rate of case-mix staffing hours will be taken from the staffing information and the adjusted rate of staffing hours will be calculated using the formula below.

Rate Adjusted = \( \frac{\text{Rate Reported}}{\text{Rate Case-Mix}} \times \text{Statewide average} \)

Awarding for Improvement

Nursing homes will be awarded improvement points from previous years’ performance in selected measures in the Quality Component only. One improvement point will be awarded for a nursing home that improves in its quintile for a specific quality measure, compared to its quintile in the previous year for that quality measure. Nursing homes that obtain the top quintile in a quality measure will not receive an improvement point because maximum points per measure cannot exceed five. The threshold-based quality measures below will not be eligible to receive improvement points:

- Percent of Employees Vaccinated for Influenza
- Percent of Long Stay Residents Experiencing One or More Falls with Major Injury
- [Percent of Long Stay Residents Who Self-Report Moderate to Severe Pain]
- Percent of Long Stay Residents With a Urinary Tract Infection
1905(a)(4)(A) Nursing Facility Services

- Percent of Contract/Agency Staff Used

The quintile-based quality measures that are eligible for improvement points are listed below:
- [Percent of Long Stay High Risk Residents with Pressure Ulcers]
- [Percent of Long Stay Residents Who have Depressive Symptoms]
- Percent of Low Risk Long Stay Residents Who Lose Control of Their Bowels or Bladder
- [Percent of Long Stay Residents Who Lose Too Much Weight]
- Percent of Long Stay Residents Whose Need for Help with Daily Activities Has Increased
- Percent of Long Stay Residents Who Received the Seasonal Influenza Vaccine
- Percent of Long Stay Antipsychotic Use in Persons with Dementia
- Percent of Long Stay Residents Who Received the Pneumococcal Vaccine
- Percent of Long Stay Residents Who Self-Report Moderate to Severe Pain
- Percent of Long Stay Residents Who Lose Control of Their Bowels or Bladder
- Percent of Long Stay Residents Whose Need for Help with Daily Activities Has Increased
- Percent of Long Stay Residents Who Received the Seasonal Influenza Vaccine
- Percent of Long Stay Antipsychotic Use in Persons with Dementia
- Percent of Long Stay Residents Who Received the Pneumococcal Vaccine
- Rate of Staffing Hours Per Resident Per Day

The grid below illustrates the method of awarding improvement points.

</tbody>
</table>

For example, if MDS year performance is in the third quintile, and NHQI year performance is in the second quintile, the facility will receive four points for the measure. This is three points for attaining the second quintile and one point for improvement from the previous year’s third quintile.

Risk Adjustment of Quality Measures

The three risk-adjusted quality measures are removed in this NHQI year (Percent of Long Stay Residents Who Self-Report Moderate to Severe Pain, Percent of Long Stay High Risk Residents with Pressure Ulcers, Percent of Long Stay Residents Who Lose Too Much Weight).

[The following quality measures will be risk adjusted using the following covariates as reported in the MDS 3.0 data to account for the impact of individual risk factors:
- Percent of Long Stay Residents Who Self-Report Moderate to Severe Pain: the covariate includes cognitive skills for daily decision making on the prior assessment.
- Percent of Long Stay High Risk Residents with Pressure Ulcers: The covariates include gender, age, BMI, prognosis of less than six months of life expected, diabetes, heart failure, deep vein thrombosis, anemia, renal failure, hip fracture, bowel incontinence, cancer, paraplegia, and quadriplegia.]
1905(a)(4)(A) Nursing Facility Services

- Percent of Long Stay Residents Who Lose Too Much Weight: The covariates include age, hospice care, cancer, renal failure, prognosis of less than six months of life expected.

For these three measures the risk adjusted methodology includes the calculation of the observed rate; that is the facility’s numerator-compliant population divided by the facility’s denominator.

The expected rate is the rate the facility would have had if the facility’s patient mix was identical to the patient mix of the state. The expected rate is determined through the risk-adjusted model and follows the CMS methodology found in the MDS 3.0 Quality Measures User’s Manual, Appendix A-1.

The facility-specific, risk-adjusted rate is the ratio of observed to expected measure rates multiplied by the overall statewide measure rate.

Reduction of Points Base: When a quality measure is not available for a nursing home, the number of points the measure is worth will be reduced from the [base of 100 maximum NHQI points] NHQI maximum base points. The nursing home’s total score will be the sum of its points divided by the base. This reduction can happen in the following scenario:

- When a quality measure has a denominator of less than 30
1905(a)(4)(A) Nursing Facility Services

**Compliance Component:** The maximum points a facility may receive for the Compliance Component is 20 points. Points [shall] will be awarded as follows:

<table>
<thead>
<tr>
<th>CMS Five-Star Quality Rating for Health Inspections (By Region)</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

**Timely Submission and Certification of Complete New York State Nursing Home Cost Report to the Commissioner of the MDS year**

5 (Facilities that fail to submit a timely, certified, and complete cost report will receive zero points)

**Timely Submission of Employee Influenza Immunization Data**

5 [for the May 1 of the NHQI year deadline] (Facilities that fail to submit timely influenza data by the deadline will receive zero points)

**CMS Five-Star Quality Rating for Health Inspections**

The CMS Five-Star Quality Rating for Health Inspections as of April 1 of the NHQI year will be adjusted by region. This is not a risk adjustment. For eligible New York State nursing homes, the health inspection scores from CMS will be stratified by region. Cut points for health inspection scores within each region will be calculated using the CMS 10-70-20% distribution method. Per CMS’ methodology, the top 10% of nursing homes receive five stars. The middle 70% receive four, three, or two stars, with an equal percentage (~23.33%) receiving four, three, or two stars. The bottom 20% receive one star. Each nursing home will be awarded a star rating based on the health inspection score cut points specific to its region. Regions include the Metropolitan Area (MARO), Western New York (WRO), Capital District (CDRO), and Central New York (CNYRO). Regions are defined by the New York State Health Facilities Information System (NYS HFIS). The counties within each region are shown below.

**Metropolitan Area Regional Offices (MARO):** Bronx, Dutchess, Kings, Nassau, New York, Orange, Putnam, Queens, Richmond, Rockland, Suffolk, Sullivan, Ulster, and Westchester.

**Central New York Regional Offices (CNYRO):** Broome, Cayuga, Chenango, Cortland, Herkimer, Jefferson, Lewis, Madison, Oneida, Onondaga, Oswego, Saint Lawrence, Tioga, and Tompkins.

1905(a)(4)(A) Nursing Facility Services

Reduction of Points Base: When a compliance measure is not available for a nursing home, the number of points the measure is worth will be reduced from the [base of 100 maximum NHQI points] NHQI maximum base points. The nursing home's total score will be the sum of its points divided by the base. This reduction can happen when a facility does not have a CMS Five-Star Quality Rating for Health Inspections.

Efficiency Component:

The potentially avoidable hospitalizations measure is temporarily removed in this NHQI year. This is to offset the impact of COVID-19 and the incompleteness of hospitalization data. This measure will be reassessed and brought back in the next NHQI year as appropriate.

[The maximum points a facility may receive for the Efficiency Component is 10 points. The rates of potentially avoidable hospitalizations will be determined for each facility and each such rate will be ranked and grouped by quintile with points awarded as follows:

<table>
<thead>
<tr>
<th>Scoring for Efficiency Measure</th>

<td>2nd Quintile</td>
</tr>
<tr>
<td>3rd Quintile</td>
</tr>
<tr>
<td>4th Quintile</td>
</tr>
<tr>
<td>5th Quintile</td>
</tr>
</tbody>
</table>

The Efficiency Measure will be risk adjusted for certain conditions chosen from a pool of covariates as reported in the MDS 3.0 data to account for the impact of individual risk factors: gender, age, shortness of breath, falls with injury, pressure ulcer, activities of daily living, renal disease, cognitive impairment, dementia, diabetes, parenteral nutrition, rheumatologic disease, gastrointestinal disease, multi-drug-resistant infection, indwelling catheter, wound infection, deep vein thrombosis, cancer, feeding tube, coronary artery disease, liver disease, paralysis, peripheral vascular disease, and malnutrition.]

Reduction of Points Base: When the number of long stay residents that contribute to the denominator of the potentially avoidable hospitalization measure is less than 30, the number of points the measure is worth will be reduced from the base of 100 maximum NHQI points. The nursing home’s total score will be the sum of its points divided by the base.

The following payments, which will be applicable to the NHQI Year, will be made to fund the NHQP and to make payments based upon the scores calculated from the NHQI as described above.

- Each non-specialty facility will be subject to a Medicaid rate reduction to fund the NHQI, which will be calculated as follows:

- For each such facility, Medicaid revenues, calculated by multiplying each facility’s NHQI Year promulgated rate in effect for such period by reported Medicaid days, as reported in a facility’s MDS Year cost report, will be divided by total Medicaid revenues of all non-specialty facilities. The result will be multiplied by the $50 million dollars and divided by each facility’s most recently reported Medicaid days as reported in a facility’s cost report of the MDS Year. If a facility fails to submit a timely filed cost report in the MDS Year, the most recent cost report will be used.

The total scores as calculated above for each such facility will be ranked and grouped by quintile. Each of the top three quintiles will be allocated a share of the $50 million NHQI and each such facility within such top three quintiles will receive a payment. Such payments will be paid as a lump sum payment outside of the Nursing Home rate for the NHQI Year. Such shares and payments will be calculated as follows:
1905(a)(4)(A) Nursing Facility Services

The following facilities will not be eligible for NHQP payments and the scores of such facilities will not be included in determining the share of the NHQP payments:

- A facility with health inspection survey deficiency data showing a level J/K/L deficiency during the time period of July 1 of the MDS year through June 30 of the NHQI year. Deficiencies will be reassessed on October 1 of the NHQI year to allow a three-month window (after the June 30 of the NHQI year cutoff date) for potential Informal Dispute Resolutions (IDR) to process. The deficiency data will be updated to reflect IDRs occurring between July 1 of the NHQI year and September 30 of the NHQI year. Any new J/K/L deficiencies between July 1 of the NHQI year and September 30 of the NHQI year will not be included in the NHQI. If a JKL citation is found to be expunged or lowered based upon an IDR panel review, the Department reserves the right to make the adjustments.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services to comply with Public Health Law Section 2808 (2-c)(d). The following changes are proposed:

- Long Term Care Services

  Effective on and after January 1, 2022, the quality incentive program for non-specialty nursing homes will continue to recognize improvement in performance and provide for other minor modifications.

  There is no estimated annual change to gross Medicaid expenditures as a result of this proposed amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all qualifying Mental Hygiene services to comply with enacted statutory provisions. The following changes are proposed:

- Non-Institutional

  Effective on or after December 30, 2021 the Department of Health will adjust rates to reflect labor costs resulting from statutorily required increases in the New York State minimum wage. The minimum wage rate increases apply to services provided in Office of Mental Health licensed rehabilitation programs, effective December 31, 2021.

  The estimated annual aggregate increase in gross Medicaid expenditures attributable to the rate increase is $14,032 in State Fiscal Year 2022 and $56,128 in State Fiscal Year 2023.

  The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:
This State Plan Amendment proposes to extend the Ambulatory Patient Group (APG) reimbursement methodology until December 31, 2022 and include recalculated weight and component updates that will become effective on or after January 1, 2022.
1905(a)(9) Clinic Services

APG Reimbursement Methodology – Freestanding Clinics

For the purposes of sections pertaining to the Ambulatory Patient Group, and excepted as otherwise noted, the term freestanding clinics will mean freestanding Diagnostic and Treatment Centers (D&TCs) and will include freestanding ambulatory surgery centers.

For dates of service beginning September 1, 2009 through December 31, [2021] 2022, for freestanding Diagnostic and Treatment Center (D&TC) and ambulatory surgery center services, the operating component of rates will be reimbursed using a methodology that is prospective and associated with resource utilization to ensure that ambulatory services are economically and efficiently provided. The methodology is based upon the Ambulatory Patient Group (APG) classification and reimbursement system. This methodology incorporates payments for the separate covered Medicaid benefits in accordance with the payment methods for these services. Reimbursement for the capital component of these rates will be made as an add-on to the operating component as described in the APG Rate Computation section.

The Ambulatory Patient Group patient classification system is designed to explain the amount and type of resources used in an ambulatory visit by grouping patients with similar clinical characteristics and similar resource use into a specific APG. Each procedure code associated with a patient visit is assigned to an APG using the grouping logic developed by 3M Health Information Systems (3M). When evaluation and management codes are coded, the APG grouping logic also uses the diagnosis code to make the APG assignment. Ultimately, the procedures and diagnoses coded for a patient visit will result in a list of APGs that correspond on a one-for-one basis with each procedure coded for the visit.

PUBLIC NOTICE
Office of Fire Prevention and Control

Pursuant to Section 176-b of the Town Law, the Office of Fire Prevention and Control hereby gives notice of the following:

Application for Waiver of the Limitation of Non-resident Members of Volunteer Fire Companies

An application for a waiver of the requirements of paragraph a of subdivision 7 of section 176-b of the Town Law, which limits the membership of volunteer fire companies to forty-five per centum of the actual membership of the fire company, has been submitted by the Pembroke Fire District, County of Genesee.

Pursuant to section 176-b of the Town Law, the non-resident membership limit shall be waived provided that no adjacent fire department objects within sixty days of the publication of this notice.

Objections shall be made in writing, setting forth the reasons such waiver should not be granted, and shall be submitted to:
James C. Cable
State Fire Administrator
Office of Fire Prevention and Control
1220 Washington Avenue
Building 7A, Floor 2
Albany, New York 12226

Objections must be received by the State Fire Administrator within sixty days of the date of publication of this notice.

In cases where an objection is properly filed, the State Fire Administrator shall have the authority to grant a waiver upon consideration of (1) the difficulty of the fire company or district in retaining and recruiting adequate personnel; (2) any alternative means available to the fire company or district to address such difficulties; and (3) the impact of the waiver on adjacent fire departments.

This State Plan Amendment proposes to extend the Ambulatory Patient Group (APG) reimbursement methodology until December 31, 2022 and include recalculated weight and component updates that will become effective on or after January 1, 2022.
1905(a)(2)(A) Outpatient Hospital Services

Ambulatory Patient Group System: Hospital-Based Outpatient

For dates of service beginning December 1, 2008, for hospital outpatient clinic and ambulatory surgery services, and beginning January 1, 2009, for emergency department services, through December 31, [2021] 2022, the operating component of rates for hospital based outpatient services will be reimbursed using a methodology that is prospective and associated with resource utilization to ensure that ambulatory services are economically and efficiently provided. The methodology is based upon the Ambulatory Patient Group (APG) classification and reimbursement system. This methodology incorporates payments for the separate covered Medicaid benefits in accordance with the payment methods for these services. Reimbursement for the capital component of these rates will be made as an add-on to the operating component as described in the APG Rate Computation section.

If a clinic is certified by the Office of People with Developmental Disabilities (OPWDD), reimbursement will be as specified in the OPWDD section of the State Plan.

The Ambulatory Patient Group patient classification system is designed to explain the amount and type of resources used in an ambulatory visit by grouping patients with similar clinical characteristics and similar resource use into a specific APG. Each procedure code associated with a patient visit is assigned to an APG using the grouping logic developed by 3M Health Information Systems. SUMMARY
SPA #22-0011

This State Plan Amendment proposes to on or after February 1, 2022, Residential Treatment Facilities (RTF) rates may be adjusted to consist of a percentage increase on the clinical/direct care (C/DC) rate component to include additional funds appropriate to maintain the required level of care that are not reflected in the base year.
1905(a)(16) Inpatient Psychiatric Hospital – PRTF

B. RESIDENTIAL TREATMENT FACILITIES FOR CHILDREN AND YOUTH

Medicaid rates for Residential Treatment Facilities for Children and Youth ("RTFs") are established prospectively, based upon actual costs and patient days as reported on cost reports for the fiscal year two years prior to the rate year. The RTF fiscal year and rate year are for the twelve months July 1 through June 30. Alternate Cost Reports may be utilized to align with appealed rate periods until such time that the appealed information would be fully reflected in the facilities annual cost report. Actual patient days are subject to a maximum utilization of 96 percent and a minimum utilization of 90 percent.

1. OPERATING COSTS

Allowable operating costs are subject to the review and approval of the Office of Mental Health. In determining the allowability of costs, the Office of Mental Health reviews the categories of cost, described below, with consideration given to the special needs of the patient population to be served by the RTF. The categories of costs include:

(i) Clinical/Direct Care (C/DC). This category of costs includes salaries and fringe benefits for clinical and direct care staff. Effective on or after February 1, 2022, the C/DC rate component may be adjusted to include a percentage increase to include additional funds appropriate to maintain the required level of care that are not reflected in the base year.

(ii) Administration, Maintenance and Supports (AMS). This category of costs includes the costs associated with administration, maintenance and child support.

(iii) Purchased Health Services (PHS). This category of costs includes clinical services such as dental services, purchased on a contractual basis and not subject to the clinical standard if the services are not uniformly provided by all RTFs and thus not considered by the Commissioner in the establishment of the approved staffing levels.

Allowable per diem operating costs in the category of C/DC are limited to the lesser of the reported costs or the amount derived from the number of clinical staff approved by the Commissioner multiplied by a standard salary and fringe benefit amount.
2022. This enhancement will allow providers to supplement the implementation of one or more activities to enhance, expand or strengthen HCBS under the Medicaid program, including strengthening the response to the COVID-19 Public Health Emergency, executing peer support service provision, expanding offsite service delivery, implementing electronic health record (EHR) changes, and strengthening provider staffing resources. The estimated annual net aggregate increase in gross Medicaid expenditures as a result of the proposed increase for Outpatient Mental Health Rehabilitative Services is $5,300,000 in State Fiscal Year 2022 growing to $31,700,000 annually.

2) Rates for state-plan approved Outpatient Mental Health Rehabilitative Services will be increased by an additional 11.5 percent for the period February 1, 2022 – September 30, 2022. This enhancement will allow providers to increase recruitment and retention of experienced and dedicated direct care and other staff through measures including, but not limited to, targeted loan forgiveness, tuition reimbursement, hiring and signing bonuses, longevity payments, expanded student placements, shift differential pay and retirement contributions.

The estimated annual net aggregate increase in gross Medicaid expenditures as a result of this proposed increase for Outpatient Mental Health Rehabilitative Services is $12,200,000 in State Fiscal Year 2022 and $36,500,000 in State Fiscal Year 2023.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services. The following changes are proposed:

Institutional Services

Effective on or after February 1, 2022, Residential Treatment Facilities (RTF) rates may be adjusted to consist of a percentage increase on the clinical/direct care (C/DC) rate component to include additional funds appropriate to maintain the required level of care that are not reflected in the base year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2022/2023 is $6,000,000.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE
Department of State

F-2021-0962

Date of Issuance – January 26, 2022

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act (CZMA) of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent with the federally approved New York State Coastal Management Program (NYS CMP). The applicant’s consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2021-0962, Niagara Mohawk Power Corporation is proposing the installation of a submarine cable (1.5") (7.6kV) to extend from the shore of Welcome Island to Knobby Island. Cable to extend from property owned by Peter R Lembo and Jodette Magari-Lembo, along the natural bottom of the St. Lawrence River, to the point of land on Knobby Island, owned by A. John and Beverly Merola, Alexandria Bay, NY 13607 for approximately 550' in length.

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2022/01/f-2021-0962knobbyisland.pdf or at https://dos.ny.gov/public-notices

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by

This State Plan Amendment proposes to provide Supplemental Payments to the following providers to address the critical Direct Support Professional (DSP) shortage stemming from the COVID-19 emergency.

- Crisis Services for Individuals with Intellectual and/or Developmental Disabilities (CSIDD)
- Intermediate Care Facilities for Individuals with Intellectual and/or Developmental Disabilities (ICF/IID)
- Day Services, including Day Treatment and Vocational Services, for Individuals Residing in an ICF/IID
- Rehabilitation Agencies (known as Article 16 Clinics under State Law)
- OPWDD-certified Specialty Hospital

These payments are in addition to the amount billed by the provider for the underlying Medicaid services.

A supplemental payment will be made to qualifying provider agencies based upon the number of DSPs who qualify for employee incentives. The full value of the provider’s supplemental payment will be paid to qualified workers. The parameters for the employee incentives mirror the payments for DSPs implemented via the CMS-approved Appendix K (NY 0238.R06.08) and are as follows:

- **Employee service during the COVID emergency.** A payment of $1,000 per full-time employee who served in the capacity of a DSP during the period of the first payroll that occurred on or after March 17, 2020 to the first payroll that occurs on or after September 1, 2021 for at least 90 days and continues to be employed by the provider agency. Payments may be pro-rated for employees with less than full-time service.

- **Longevity and Retention Payment.** A payment that is available to qualified workers who are employed by an eligible, OPWDD-certified provider in a DSP capacity.
  - The Longevity Bonus will be retroactive and cover the period from April 1, 2020 to March 31, 2021.
  - The Retention Bonus will be prospective and cover the period from April 1, 2021 to March 31, 2022.

- **Vaccination Incentive Payment.** A $500 payment that is available to qualified workers who are employed on a full-time basis by an eligible, OPWDD-certified provider in a DSP capacity and who have completed the COVID-19 vaccination regimen as of the first complete payroll that ends on or after January 14, 2022. Payments may be pro-rated for employees with less than full-time service.

The issuance of supplemental payments will be based on CFR data or a survey issued by NYS and completed by the provider agency and returned to NYS. The provider agency’s Executive Director and Board Chair must sign an attestation verifying the accuracy of the number of qualified employees for each category of incentive payment that is reported in the survey, as well as confirm that these supplemental payments, net of any salary-sensitive fringe benefits, will be made available and paid to eligible staff. The value of the supplemental payment will then be reported to CMS on the CMS-64. Supplemental payments will be subject to audit and review to ensure program compliance.
Section 7 – General Provisions

7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

Describe shorter period here.

Effective January 1, 2022

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

Request for Waivers under Section 1135

___x___ The agency seeks the following under section 1135(b)(1)(C) and/or section 1135(b)(5) of the Act:

a.  ___ SPA submission requirements – the agency requests modification of the requirement to submit the SPA by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 CFR 430.20.

b.  ___x___ Public notice requirements – the agency requests waiver of public notice requirements that would otherwise be applicable to this SPA submission. These requirements may include those specified in 42 CFR 440.386 (Alternative Benefit Plans), 42 CFR 447.57(c) (premiums and cost sharing), and 42 CFR 447.205 (public notice of changes in statewide methods and standards for setting payment rates).
c. ____x____ Tribal consultation requirements – the agency requests modification of tribal consultation timelines specified in [insert name of state] Medicaid state plan, as described below:

**New York will reduce the tribal consultation to zero days before submission to CMS. Tribal consultation will still be completed and mailed as per guidelines in New York’s approved state plan.**

Section A – Eligibility

1. _____ The agency furnishes medical assistance to the following optional groups of individuals described in section 1902(a)(10)(A)(ii) or 1902(a)(10)(c) of the Act. 4. ____ The agency considers individuals who are evacuated from the state, who leave the state for medical reasons related to the disaster or public health emergency, or who are otherwise absent from the state due to the disaster or public health emergency and who intend to return to the state, to continue to be residents of the state under 42 CFR 435.403(j)(3).

5. ____ The agency provides Medicaid coverage to the following individuals living in the state, who are non-residents:

6. ____ The agency provides for an extension of the reasonable opportunity period for non-citizens declaring to be in a satisfactory immigration status, if the non-citizen is making a good faith effort to resolve any inconsistencies or obtain any necessary documentation, or the agency is unable to complete the verification process within the 90-day reasonable opportunity period due to the disaster or public health emergency.

Section B – Enrollment

1. ____ The agency elects to allow hospitals to make presumptive eligibility determinations for the following additional state plan populations, or for populations in an approved section 1115 demonstration, in accordance with section 1902(a)(47)(B) of the Act and 42 CFR 435.1110, provided that the agency has determined that the hospital is capable of making such determinations.

   Please describe the applicable eligibility groups/populations and any changes to reasonable limitations, performance standards or other factors.

2. ____ The agency designates itself as a qualified entity for purposes of making presumptive eligibility determinations described below in accordance with sections 1920, 1920A, 1920B, and 1920C of the Act and 42 CFR Part 435 Subpart L.

   Please describe any limitations related to the populations included or the number of allowable PE periods.

TN: _______ 22-0012 _______ Approval Date: ____________________
Supersedes TN: __NEW_________ Effective Date: __January 1, 2022_______
3. _____ The agency designates the following entities as qualified entities for purposes of making presumptive eligibility determinations or adds additional populations as described below in accordance with sections 1920, 1920A, 1920B, and 1920C of the Act and 42 CFR Part 435 Subpart L. Indicate if any designated entities are permitted to make presumptive eligibility determinations only for specified populations.

Please describe the designated entities or additional populations and any limitations related to the specified populations or number of allowable PE periods.

4. _____ The agency adopts a total of _____ months (not to exceed 12 months) continuous eligibility for children under age enter age _____ (not to exceed age 19) regardless of changes in circumstances in accordance with section 1902(e)(12) of the Act and 42 CFR 435.926.

5. _____ The agency conducts redeterminations of eligibility for individuals excepted from MAGI-based financial methodologies under 42 CFR 435.603(j) once every _____ months (not to exceed 12 months) in accordance with 42 CFR 435.916(b).

6. _____ The agency uses the following simplified application(s) to support enrollment in affected areas or for affected individuals (a copy of the simplified application(s) has been submitted to CMS).

   a. _____ The agency uses a simplified paper application.
   
   b. _____ The agency uses a simplified online application.
   
   c. _____ The simplified paper or online application is made available for use in call-centers or other telephone applications in affected areas.

Section C – Premiums and Cost Sharing

1. _____ The agency suspends deductibles, copayments, coinsurance, and other cost sharing charges as follows:

Please describe whether the state suspends all cost sharing or suspends only specified deductibles, copayments, coinsurance, or other cost sharing charges for specified items and services or for specified eligibility groups consistent with 42 CFR 447.52(d) or for specified income levels consistent with 42 CFR 447.52(g).

2. _____ The agency suspends enrollment fees, premiums and similar charges for:

   a. _____ All beneficiaries
   
   b. _____ The following eligibility groups or categorical populations:
Please list the applicable eligibility groups or populations.

3. _____ The agency allows waiver of payment of the enrollment fee, premiums and similar charges for undue hardship.

Please specify the standard(s) and/or criteria that the state will use to determine undue hardship.

Section D – Benefits

Benefits:

1. _____ The agency adds the following optional benefits in its state plan (include service descriptions, provider qualifications, and limitations on amount, duration or scope of the benefit):

2. _____ The agency makes the following adjustments to benefits currently covered in the state plan:

3. _____ The agency assures that newly added benefits or adjustments to benefits comply with all applicable statutory requirements, including the statewideness requirements found at 1902(a)(1), comparability requirements found at 1902(a)(10)(B), and free choice of provider requirements found at 1902(a)(23).

4. _____ Application to Alternative Benefit Plans (ABP). The state adheres to all ABP provisions in 42 CFR Part 440, Subpart C. This section only applies to states that have an approved ABP(s).
   a. _____ The agency assures that these newly added and/or adjusted benefits will be made available to individuals receiving services under ABPs.
   b. _____ Individuals receiving services under ABPs will not receive these newly added and/or adjusted benefits, or will only receive the following subset:

Please describe.
State/Territory: New York

Telehealth:

5. The agency utilizes telehealth in the following manner, which may be different than outlined in the state’s approved state plan:

Please describe.

Drug Benefit:

6. The agency makes the following adjustments to the day supply or quantity limit for covered outpatient drugs. The agency should only make this modification if its current state plan pages have limits on the amount of medication dispensed.

Please describe the change in days or quantities that are allowed for the emergency period and for which drugs.

7. Prior authorization for medications is expanded by automatic renewal without clinical review, or time/quantity extensions.

8. The agency makes the following payment adjustment to the professional dispensing fee when additional costs are incurred by the providers for delivery. States will need to supply documentation to justify the additional fees.

Please describe the manner in which professional dispensing fees are adjusted.

9. The agency makes exceptions to their published Preferred Drug List if drug shortages occur. This would include options for covering a brand name drug product that is a multi-source drug if a generic drug option is not available.

Section E – Payments

Optional benefits described in Section D:

1. Newly added benefits described in Section D are paid using the following methodology:

   a. Published fee schedules –

      Effective date (enter date of change): ______________

      Location (list published location): ______________
b. ___ Other:

Describe methodology here.

Increases to state plan payment methodologies:

2. ___ The agency increases payment rates for the following services:

Please list all that apply.

Additional Supplemental Payments will be made the following providers to address the critical Direct Support Professional (DSP) shortage stemming from the COVID-19 emergency:

- Crisis Services for Individuals with Intellectual and/or Developmental Disabilities (CSIDD)
- Intermediate Care Facilities for Individuals with Intellectual and/or Developmental Disabilities (ICF/IID)
- Day Services, including Day Treatment and Vocational Services, for Individuals Residing in an ICF/IID
- Rehabilitation Agencies (known as Article 16 Clinics under State Law)
- OPWDD-certified Specialty Hospital

These payments are in addition to the amount billed by the provider for the underlying Medicaid services. OPWDD is implementing three supplemental payments for eligible providers.

a. _____ Payment increases are targeted based on the following criteria:

Please describe criteria.

b. Payments are increased through:

i. ___ The agency increases payment rates for the following services:

Please describe Supplemental Payments for Workforce Stabilization

A supplemental payment will be made to qualifying provider agencies based upon the number of DSPs who qualify for employee incentives. The value of the supplemental payment will be based on provider survey data or Consolidated Fiscal Reporting (CFR) as described below. The full value of the provider’s supplemental payment will be paid to qualified workers.
For the purposes of these payments, DSPs are defined as those who are reported in the position as a Title Code 200 Series in the New York State CFR Manual. These payments are mutually exclusive, meaning that staff are eligible for all three payments if the established criteria are met. The parameters for the employee incentives are:

1. **Employee service during the COVID emergency.** A payment of $1,000 per full-time employee who served in the capacity of a DSP during the period of the first payroll that occurred on or after March 17, 2020 to the first payroll that occurs on or after September 1, 2021 for at least 90 days and continues to be employed by the provider agency. The $1,000 is approximately 3% of the statewide average salary for DSPs in NYS and payments will be available as follows:
   a. A payment of $1,000 per employee who is employed on a full-time basis
   b. A payment of $500 per employee who is employed at least, but not less than 20 hours/week, and
   c. A payment of $250 per employee who is employed less than 20 hours/week.

   NYS’s intent is to provide a ‘flat’ payment rate for the COVID service payment, with the understanding that the longevity and retention payments will be sensitive to the employee’s base salary and therefore will result in higher payments for employees with longer tenure and resulting in higher base wages. These payments are intended to recognize that DSPs worked during the pandemic and should be recognized and rewarded for their service.

2. **Longevity and Retention Payment.** A payment that is available to qualified workers who are employed by an eligible, OPWDD-certified provider in a DSP capacity. To bolster a more sustainable workforce, supplemental payments include a Longevity Bonus and Retention Bonus. For non-profit provider agencies employing DSPs, each bonus will be equal to 20% of the provider’s payroll expenditures for DSPs, adjusted for salary-sensitive fringe benefit costs, as reported in the CFR for the period ending December 31, 2019 for Calendar Year CFR filers and the period ending June 30, 2019 (for Fiscal Year CFR filers).
   a. The Longevity Bonus will be retroactive and cover the period from April 1, 2020 to March 31, 2021. Longevity payments will be made for DSP staff who worked during this prior period and remain on the agency’s payroll through the first complete payroll that ends on or after September 1, 2021.
   b. The Retention Bonus will be prospective and cover the period from April 1, 2021 to March 31, 2022. Retention payments will be made for DSP staff who worked during this period and remain on the agency’s last complete payroll that ends on or prior to March 31, 2022. The bonus will be paid at the end of the retention period. The end date of the retention period is the end of the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof) not to exceed March 31, 2022.
3. **Vaccination Incentive Payment.** A payment that is available to qualified workers who are employed by an eligible, OPWDD-certified provider in a DSP capacity and who have completed the COVID-19 vaccination regimen as of the first complete payroll that ends on or after January 14, 2022. The vaccination payment is established at approximately 1.4% of the statewide average salary for DSPs in NYS. Payments will be available as follows:
   a. A payment of $500 per employee who is employed on a full-time basis
   b. A payment of $250 per employee who is employed at least, but not less than 20 hours/week, and
   c. A payment of $125 for part-time employees who are employed less than 20 hours/week

Agencies qualify for the supplemental payments described above if the provider agency was active in the delivery of services during the period between March 2020 and September 2021.

Providers eligible to receive the supplemental payment retain 100% of the total computable expenditure claimed by the Medicaid agency to CMS. The provider subsequently must make all funds available directly to qualified DSPs, net of any salary-sensitive fringe benefits costs attributable to these supplemental payments.

The flow of funds for these supplemental payments will differ from other State Plan services, which are adjudicated through eMedNY as service payments tied to individual service recipients. These supplemental rate payments will be made as lump-sum payments using eMedNY. The issuance of supplemental payments will be based on CFR data or a survey issued by NYS and completed by the provider agency and returned to NYS. The provider agency’s Executive Director and Board Chair must sign an attestation verifying the accuracy of the number of qualified employees for each category of incentive payment that is reported in the survey, as well as confirm that these supplemental payments, net of any salary-sensitive fringe benefits, will be made available and paid to eligible staff. OPWDD will then calculate the total supplemental payment due the provider agency and establish the appropriate, provider specific rates in eMedNY. Supplemental payments will only be made to providers operating under fee for service. The value of the supplemental payment will then be reported to CMS on the CMS-64. Supplemental payments will be subject to audit and review to ensure program compliance.
ii. An increase to rates as described below.

Rates are increased:

_____ Uniformly by the following percentage: _____________

_____ Through a modification to published fee schedules –

Effective date (enter date of change): _____________

Location (list published location): _____________

_____ Up to the Medicare payments for equivalent services.

_____ By the following factors:

Please describe.

Payment for services delivered via telehealth:

3. For the duration of the emergency, the state authorizes payments for telehealth services that:

a. Are not otherwise paid under the Medicaid state plan;

b. Differ from payments for the same services when provided face to face;

c. Differ from current state plan provisions governing reimbursement for telehealth;

Describe telehealth payment variation.

d. Include payment for ancillary costs associated with the delivery of covered services via telehealth, (if applicable), as follows:

i. Ancillary cost associated with the originating site for telehealth is incorporated into fee-for-service rates.

ii. Ancillary cost associated with the originating site for telehealth is separately reimbursed as an administrative cost by the state when a Medicaid service is delivered.
4. _____ Other payment changes:

Please describe.

Section F – Post-Eligibility Treatment of Income

1. _____ The state elects to modify the basic personal needs allowance for institutionalized individuals. The basic personal needs allowance is equal to one of the following amounts:
   a. _____ The individual’s total income
   b. _____ 300 percent of the SSI federal benefit rate
   c. _____ Other reasonable amount: _________________

2. _____ The state elects a new variance to the basic personal needs allowance. (Note: Election of this option is not dependent on a state electing the option described the option in F.1. above.)

The state protects amounts exceeding the basic personal needs allowance for individuals who have the following greater personal needs:

Please describe the group or groups of individuals with greater needs and the amount(s) protected for each group or groups.

SUMMARY
SPA #22-0014

This State Plan Amendment proposes to increase rates for Outpatient Mental Health Rehabilitative Services by five percent, effective February 1, 2022.
1905(a)(9) Clinic Services

VII. Off-Site Visits Provided By OMH Licensed Clinics to Homeless Individuals.

Medicaid will only claim expenditures for off-site clinic services when the services meet the exception in 42 CFR 440.90(b) that permits Medicaid payment for services furnished outside of the clinic by clinic personnel under the direction of a physician to an eligible individual who does not reside in a permanent dwelling or does not have a fixed home or mailing address. Off-site services provided by OMH licensed clinics to other than homeless individuals will be reimbursed with State-only funding and federal financial participation will not be claimed.

VIII. Quality Improvement (QI) Program

An enhanced APG peer group base rate is available for [providers] participating in the OMH quality improvement program. To become eligible for this enhancement, providers must complete a Memorandum of Agreement agreeing to the terms and conditions under which the enhanced APG peer group base rate will be paid, develop and submit a quality improvement plan that is subsequently approved by the OMH, identify the process or outcome indicators that will be monitored, and submit the QI findings and results to the OMH.

Providers that discontinue their involvement in the QI program will revert to the APG peer group base rate for their region that does not include the enhancement.

IX. APG Peer Group Base Rates for all OMH-Licensed Freestanding Mental Health Clinics

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of OMH outpatient mental health services providers. The agency’s fee schedule rate was set as of [July 1, 2021] February 1, 2022, and is effective for services provided on or after that date. All rates are published on the State’s website at: https://omh.ny.gov/omhweb/medicaid_reimbursement/excel/apg-peer-group-base-rate.xlsx
Definitons: The list of definitions in the “Ambulatory Patient Group System - freestanding clinic” section of this attachment will also apply to the methodology for OMH outpatient mental health services except as follows:

- **After hours** means outside the time period 8:00 am – 6:00 pm on weekdays or any time during weekends.

II. **Quality Improvement (QI) Program**

An enhanced APG peer group base rate is available for [providers] participating in the OMH quality improvement program. To become eligible for this enhancement, providers must complete a Memorandum of Agreement agreeing to the terms and conditions under which the enhanced APG peer group base rate will be paid, develop and submit a quality improvement plan that is subsequently approved by the OMH, identify the process or outcome indicators that will be monitored, and submit the QI finding and results to the OMH.

Providers that discontinue their involvement in the QI program will revert to the APG peer group base rate for their region that does not include the enhancement.

III. **Minimum Wage Increases**

The minimum wage methodology described in the “Minimum Wage Rate Increases for Non-State-operated Freestanding OMH-Licensed Mental Health Clinics” section of this attachment will also apply to the minimum wage methodology for OMH outpatient community-based mental health rehabilitative services.

IV. **Reimbursement Rates:** Effective for dates of service on or after February 1, 2022, the state sets APG peer group base rates for all OMH outpatient mental health services providers, including base rates for providing participating in the OMH Quality Improvement program[3]. Base rates are published on the State’s website at: https://omh.ny.gov/omhweb/medicaid_reimbursement/excel/apg-peer-group-base-rate.xlsx

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to enhance, and increase access to, Home and Community Based Services (HCBS) in accordance with the federal statutory provisions of Section 9817 of the American Rescue Plan Act of 2021 (ARP) which, subject to approval of the State’s spending plan, New York State quarterly reports and narrative (Spending Plan) by the Centers for Medicare and Medicaid Services (CMS), provides a ten percent increase in Federal Medical Assistance Percentage (FMAP) to state Medicaid programs from April 1, 2021 to March 31, 2022 to supplement existing state expenditures on HCBS. The following changes are proposed:

Non-Institutional Services

Contingent upon CMS approval of the Spending Plan submitted by the State, this notice proposes to increase reimbursement rates, as follows:

1) Rates for state-plan approved Outpatient Mental Health Rehabilitation Services will be increased by 5.0 percent, effective February 1,
2022. This enhancement will allow providers to supplement the implementation of one or more activities to enhance, expand or strengthen HCBS under the Medicaid program, including strengthening the response to the COVID-19 Public Health Emergency, executing peer support service provision, expanding offsite service delivery, implementing electronic health record (EHR) changes, and strengthening provider staffing resources. The estimated annual net aggregate increase in gross Medicaid expenditures as a result of the proposed increase for Outpatient Mental Health Rehabilitative Services is $5,300,000 in State Fiscal Year 2022 growing to $31,700,000 annually.

2) Rates for state-plan approved Outpatient Mental Health Rehabilitative Services will be increased by an additional 11.5 percent for the period February 1, 2022 – September 30, 2022. This enhancement will allow providers to increase recruitment and retention of experienced and dedicated direct care and other staff through measures including, but not limited to, targeted loan forgiveness, tuition reimbursement, hiring and signing bonuses, longevity payments, expanded student placements, shift differential pay and retirement contributions.

The estimated annual net aggregate increase in gross Medicaid expenditures as a result of this proposed increase for Outpatient Mental Health Rehabilitative Services is $12,200,000 in State Fiscal Year 2022 and $36,500,000 in State Fiscal Year 2023.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE
Department of State

F-2021-0962

Date of Issuance – January 26, 2022

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act (CZMA) of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent with the federally approved New York State Coastal Management Program (NYSCMP). The applicant’s consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2021-0962, Niagara Mohawk Power Corporation is proposing the installation of a submarine cable (1.5") (7.6kV) to extend from the shore of Welcome Island to Knobby Island. Cable to extend from property owned by Peter R Lembo and Jodette Magari-Lembo, along the natural bottom of the St. Lawrence River, to the point of land on Knobby Island, owned by A. John and Beverly Merola, Alexandria Bay, NY 13607 for approximately 550’ in length.

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2022/01/f-2021-0962knobbyisland.pdf or at https://dos.ny.gov/public-notices

SUMMARY
SPA #22-0015

This State Plan Amendment proposes a continuation of minimum wage adjustments through current Medicaid reimbursement methodologies until all regions have reached an hourly wage of $15.00 per hour consistent with enacted legislation.
1905(a)(1) Inpatient Hospital Services

24. **Minimum wage costs** will mean the additional costs incurred by a hospital beginning January 1, 2017, and thereafter, as a result of New York state statutory increases to minimum wage. The following regions’ minimum wage will be increased on and after the stated periods as follows:

a. For purposes of reimbursement the minimum wage in effect on January 1, 2017 and January 1st of each year thereafter, will be utilized in the calculation of the additional costs due to minimum wage increases until all regions of the State reach $15.00 per hour.

b. Minimum wage costs will be developed using collected survey data submitted and attested to by the hospital. If a hospital fails to submit a survey, the hospital’s minimum wage costs will default to an average wage calculation based on the latest available institutional cost report (ICR) data.

   i. Minimum wage cost development based on survey data collected.

      1. Survey data will be collected for hospital specific wage data.

      2. Hospitals will report by specified wage bands, the total count of FTEs and total hours paid of employees earning less than the statutory minimum wage applicable for the region.

      3. Hospitals will report an average fringe benefit percentage of the reported employees.

4. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the hospital has reported total hours paid. To this result, the hospital’s average fringe benefit percentage is applied and added to the costs resulting in total minimum wage costs.
Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

**Institutional Services**

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, **this increase includes rates for providers of all services.**

**All Services**

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services to comply with sections 2803, 2895-b, and 2828 of the Public Health Law. The following changes are proposed:

Long Term Care Services

Effective on or after January 1, 2022, the Department of Health will adjust rates for residential health care facilities meeting the requirements set forth in section 2828 of the Public Health and implementing regulations. This rate adjustment will support increases in resident-facing staffing services provided by registered nurses, licensed practical nurses, certified nurse aids, and nurse aids in accordance with standards set forth in section 2895-b of the Public Health Law and implementing regulations, which shall be sufficient to attain the highest practicable physical, mental, and psychological well-being of the residents of such residential health care facilities.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to the residential health care facility rate adjustment is $128 million as appropriated in the budget for state fiscal year 2021/2022.

PUBLIC NOTICE
Department of Health

The Department of Health proposes to amend the Traumatic Brain Injury (TBI) (waiver number NY.0269.R04.04) and Nursing Home Transition and Diversion (NHTD) (waiver number NY.0444.R02.01) 1915c Waiver Programs in order to implement planned minimum wage-related rate increases pursuant to New York State Minimum Wage regulations effective January 1, 2017. This minimum wage bill stipulates that wages will be increased gradually through 2021. This increase specifically impacts all counties except for all New York City boroughs, Nassau, Suffolk, and Westchester.

Drafts of the proposed amendments to the TBI and NHTD waivers are available for review at: https://health.ny.gov/health_care/medicaid/readesign/mrt90/policy_docs.htm

As of December 31, 2016, the first in a series of wage increases went into effect in New York State. Rates differ based on region and industry to allow for a phase-in of new salaries. Changes take effect on the last day of the year. Annual increases for Upstate New York will continue until the rate reaches a $15 minimum wage. The annual increases are published by the Commissioner of Labor by October 1. They are based on percentage increases determined by the Director of the Division of Budget, based on economic indices, including the Consumer Price Index. The rate for the “remainder of state” will be $13.20 per hour effective December 31, 2021. This wage adjustment will require a rate increase of $.90 per hour for waiver service: Home and Community Support Services (HCSS) for both the Nursing Home and Community Support Services (HCSS) for both the Nursing Home and Consumer Price Index. The rate for the “remainder of state” will be $13.20 per hour as well.

The public is invited to review and comment on this initiative. Comments may be filed electronically at: waivertransition@health.ny.gov, or mailed to: Department of Health, Office of Health Insurance Programs, Division of Long Term Care, Bureau of Community Integration and Alzheimer’s Disease, One Commerce Plaza, Suite 1605, Albany, NY 12210. All comments must be postmarked or emailed by 30 days of the date of this notice. Include “TBI and NHTD Waiver Amendments” in the subject line and indicate your name and affiliation. PUBLIC NOTICE
Department of State

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2021-0695, Vincent Rovitelli, is proposing to excavate/remove two land peninsulas from an existing marina basin. The peninsula measures 17’-4” wide by 185’-2” long and 10’-1” long by 214’-5” long. The peninsulas would be excavated down to an elevation of 243.5’ IGLD. The project would result in the excavation of up to 1,207 cubic yards of materials (765 from below the plane of Ordinary High Water). A boulder located within the marina basin would also be removed. Dewatering of material would be completed at an upland on-site location with off-site disposal at an approved upland location. Sheet pile would be placed at the landward extent of the each of the excavated peninsulas. In addition, 65 linear feet of sheet pile where the seawall is missing A turbidity curtain would be paced within the channel that separates the marina from Sandy Creek during excavation. The applicant was previously approved to replace existing fixed docks with floating docks throughout the marina basin. Various upland improvements to the site are also proposed.

The proposal is for the Sandy Creek Marina located off of Sandy Creek at Eight Lake Road East Fork in the Town of Hamlin, Monroe County.

The stated purpose of the proposed action is to “Improve the usage and safety of our existing marina.”

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2021/12/f-2021-0695publicnotice.pdf or at https://dos.ny.gov/public-notices

This State Plan Amendment proposes to revise the Medically Needy income levels, effective January 1, 2022. For Medically Needy households of 1 and 2, levels are calculated using the SSI standards. To arrive at uniform levels for households of 3 and higher, 15% per additional household member is added to the standard for a household of 2. Thus, the standard for a household of 3 would be 115% of the standard for a household of 2; the standard for a household of 4 would be 130% of the standard for a household of 2, etc.

Executive Summary

Summary Description Including Goals and Objectives

This State Plan Amendment revises the Medically Needy Income Levels, effective January 1, 2022. For Medically Needy households of 1 and 2, levels are calculated using the SSI standards. To arrive at uniform levels for households of 3 and higher, 15% per additional household member is added to the standard for a household of 2. Thus, the standard for a household of 3 would be 115% of the standard for a household of 2; the standard for a household of 4 would be 130% of the standard for a household of 2, etc.

SUMMARY
SPA #22-0017

This State Plan Amendment proposes a continuation of minimum wage adjustments through current Medicaid reimbursement methodologies until all regions have reached an hourly wage of $15.00 per hour consistent with enacted legislation.
1905(a)(15) ICF/IID

c. Minimum Wage Adjustment - Effective January 1, 2017, and every January 1 thereafter until the minimum wage reaches the state statutorily described per hour wage as shown below, a minimum wage add-on will be developed and applied to all ICF/IID rates.

The minimum wage adjustment will be developed and implemented as follows:

1. Minimum wage costs will mean the additional costs incurred beginning January 1, 2017 and thereafter, as a result of New York State statutory increases to minimum wages until all regions of the State reach $15.00 per hour.

2. The 2017 facility specific minimum wage add-on will be developed based on collected survey data received and attested to by ICF/IID providers. If a facility does not submit a survey, the minimum wage add-on will be calculated based on the facility's Consolidated Fiscal Report wage data from the 2014 ICF/IID cost report data. In the subsequent year, the Department will survey providers, utilizing the methodology employed in year one. Once the costs are included in a CFR utilized in a base year, such reimbursement will be excluded from the add-on. If a facility fails to submit both the attested survey and the CFR cost report, the facility's minimum wage add-on will not be calculated.

   a. Minimum wage cost development based on survey data collected.
      i. Survey data will be collected for facility specific wage data.
      ii. Facilities will report by wage bands, the total count of FTEs and total hours paid to all employees (contracted and non-contracted staff) earning less than the statutory minimum wage applicable for each region.
      iii. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
      iv. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the facility has reported total hours paid. To this result, the facility's average fringe benefit percentage is applied and added to the costs.

   b. Minimum wage cost development based on the CFR cost report data.
      i. The average hourly wages of employees where the reported average hourly wage is below the regional statutory minimum wage are identified.
      ii. The total payroll hours of the employees identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.
      iii. The facility's fringe benefit costs directly affected by the wage increase are identified, and the average fringe benefit percentage is calculated.
      iv. The fringe benefit percentage is applied to the increased wage costs and added resulting in the minimum wage costs.
Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

**Institutional Services**

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, this increase includes rates for providers of all services.

**All Services**

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

**PUBLIC NOTICE**

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services to comply with sections 2803, 2895-b, and 2828 of the Public Health Law. The following changes are proposed:

**Long Term Care Services**

Effective on or after January 1, 2022, the Department of Health will adjust rates for residential health care facilities meeting the requirements set forth in section 2828 of the Public Health and implementing regulations. This rate adjustment will support increases in resident-facing staffing services provided by registered nurses, licensed practical nurses, certified nurse aides, and nurse aides in accordance with standards set forth in section 2895-b of the Public Health Law and implementing regulations, which shall be sufficient to attain the highest practicable physical, mental, and psychological well-being of the residents of such residential health care facilities.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to the residential health care facility rate adjustment is $128 million as appropriated in the budget for state fiscal year 2021/2022.

Sheet pile would be placed at the landward extent of the each of the excavated peninsulas. In addition, 65 linear feet of sheet piling where on-site location with off-site disposal at an approved upland location. The applicant was previously approved to replace existing fixed docks with floating docks throughout the marina basin. Various upland improvements to the site are also proposed.

The proposal is for the Sandy Creek Marina located off of Sandy Creek at Eight Lake Road East Fork in the Town of Hamlin, Monroe County.

The stated purpose of the proposed action is to “Improve the usage and safety of our existing marina.”

The APG capital rate that is adjusted for the minimum wage add-on will be posted to the Mental Hygiene Services Rates webpage.

https://www.health.ny.gov/health_care/medicaid/rates/mental_hygiene/apg/capital_add_on.htm

The minimum wage add-on will be developed and implemented as follows:

a. Minimum wage costs will mean the additional costs incurred beginning January 1, 2018, and thereafter, as a result of New York state statutory increases to minimum wage until all regions of the State reach $15.00 per hour.
   i. Minimum wage cost development based on survey data collected.
      1. Survey data will be collected for facility specific wage data.
      2. Facilities will report, by specified wage bands, the total count of FTEs and total hours paid to employees earning less than the statutory minimum wage applicable for each MW Region.
      3. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
      4. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the facility has reported total hours paid. To this result, the facility’s average fringe benefit percentage is applied and added to the costs.
      1. The average hourly wages of employees in occupational titles where the reported average hourly wage is below the regional statutory minimum wage are identified.
      2. The total payroll hours of the titles identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the CFR cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.

NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

Institutional Services

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, this increase includes rates for providers of all services.

All Services

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

PUBLIC NOTICE
Department of State
F-2021-0695

Date of Issuance – December 29, 2021

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2021-0695, Vincent Rovitelli, is proposing to excavate/remove two land peninsulas from an existing marina basin. The peninsula measures 17’-4” wide by 185’-2” long and 10’-1” long by 214’-5” long. The peninsulas would be excavated down to an elevation of 243.5 IGLD. The project would result in the excavation of up to 1,207 cubic yards of materials (765 from below the plane of Ordinary High Water). A boulder located within the marina basin would also be removed. Dewatering of material would be completed at an upland on-site location with off-site disposal at an approved upland location. Sheet pile would be placed at the landward extent of the each of the excavated peninsulas. In addition, 65 linear feet of sheet pile where the seawall is missing A turbidity curtain would be paced within the channel that separates the marina from Sandy Creek during excavation. The applicant was previously approved to replace existing fixed docks with floating docks throughout the marina basin. Various upland improvements to the site are also proposed.

The proposal is for the Sandy Creek Marina located off of Sandy Creek at Eight Lake Road East Fork in the Town of Hamlin, Monroe County.

The stated purpose of the proposed action is to “Improve the usage and safety of our existing marina.”

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2021/12/f-2021-0695publicnotice.pdf or at https://dos.ny.gov/public-notices

SUMMARY
SPA #22-0020

This State Plan Amendment proposes a continuation of minimum wage adjustments through current Medicaid reimbursement methodologies until all regions have reached an hourly wage of $15.00 per hour consistent with enacted legislation.
1905(a)(9) Clinic Services

Minimum Wage – Article 28 FQHCs

Effective January 1, 2017, and every January 1, thereafter until the minimum wage reaches [the statutorily described per hour wage as shown below] $15.00 per hour for all regions of the State, a minimum wage add-on will be developed and used to adjust Article 28 freestanding FQHC rate as an alternative payment method (APM) rate.

The minimum wage add-on and the APM rate will be posted to Health Commerce System (HCS: https://commerce.health.state.ny.us/public/hcs_login.html). An Article 28 FQHC’s PPS threshold rate will be adjusted by a minimum wage add-on based on the following:

a. Minimum wage costs will mean the additional costs incurred beginning January 1, 2017, and thereafter, as a result of New York state statutory increases to minimum wage.

i. Minimum wage cost development based on survey data collected.

1. Survey data will be collected for Article 28 FQHC specific wage data.
2. Article 28 FQHCs will report by specified wage bands, the total count of FTEs and total hours paid to employees earning less than the statutory minimum wage applicable for each MW Region.
3. Article 28 FQHCs will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
4. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the Article 28 FQHC has reported total hours paid. To this result, the Article 28 FQHC’s average fringe benefit percentage is applied and added to the costs.

ii. Minimum wage cost development based on the AHCF cost report data.

1. The average hourly wages of employees in occupational titles where the reported average hourly wage is below the regional statutory minimum wage are identified.
2. The total payroll hours of the titles identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the AHCF cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.
Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

**Institutional Services**

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, this increase includes rates for providers of all services.

**All Services**

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

SUMMARY
SPA #22-0021

This State Plan Amendment proposes a continuation of minimum wage adjustments through current Medicaid reimbursement methodologies until all regions have reached an hourly wage of $15.00 per hour consistent with enacted legislation.
**1905(a)(23) Assisted Living Programs**

Beginning January 1, 2017, and every January 1 thereafter until the minimum wage reaches the state statutorily described per hour wage as shown below, the Department will recognize cost increases experienced by ALP providers in accordance with established ALP rate setting methodology. This minimum wage methodology will include an examination of the regional nursing home impact and apply a fifty percent factor. The minimum wage rates as approved are as follows:

PUBLIC NOTICE
Department of Health

The Department of Health proposes to amend the Traumatic Brain Injury (TBI) (waiver number NY.0269.R04.04) and Nursing Home Transition and Diversion (NHTD) (waiver number NY.0444.R02.01) 1915c Waiver Programs in order to implement planned minimum wage-related rate increases pursuant to New York State Minimum Wage regulations effective January 1, 2017. This minimum wage bill stipulates that wages will be increased gradually through 2021. This increase specifically impacts all counties except for all New York City boroughs, Nassau, Suffolk, and Westchester.

Drafts of the proposed amendments to the TBI and NHTD waivers are available for review at: https://health.ny.gov/healthcare/medicaid/redesign/mrt90/policy_docs.htm

As of December 31, 2016, the first in a series of wage increases went into effect in New York State. Rates differ based on region and industry to allow for a phase-in of new salaries. Changes take effect on the last day of the year. Annual increases for Upstate New York will continue until the rate reaches a $15 minimum wage. The annual increases are published by the Commissioner of Labor by October 1. They are based on percentage increases determined by the Director of the Division of Budget, based on economic indices, including the Consumer Price Index. The rate for the “remainder of state” will be $13.20 per hour effective December 31, 2021. This wage adjustment will require a rate increase of $0.90 per hour for waiver service: Home $13.20 per hour effective December 31, 2021. This wage adjustment is pursuant to New York State Minimum Wage regulations effective January 1, 2017. This minimum wage bill stipulates that wages will be increased gradually through 2021. This increase specifically impacts all counties except for all New York City boroughs, Nassau, Suffolk, and Westchester.

The public is invited to review and comment on this initiative. The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. In F-2021-0695, Vincent Rovitelli, is proposing to excavate/remove two land peninsulas from an existing marina basin. The marina basin measures 17’-4” wide by 185’-2” long and 10’-1” long by 214’-5” long. The peninsulas would be excavated down to an elevation of 243.5’ IGLD. The project would result in the excavation of up to 1,207 cubic yards of materials (765 from below the plane of Ordinary High Water). A boulder located within the marina basin would also be removed. Dewatering of material would be completed at an upland on-site location with off-site disposal at an approved upland location. Sheet pile would be placed at the landward extent of the each of the excavated peninsulas. In addition, 65 linear feet of sheet pile where the seawall is missing A turbidity curtain would be paced within the channel that separates the marina from Sandy Creek during excavation. The applicant was previously approved to replace existing fixed docks with floating docks throughout the marina basin. Various upland improvements to the site are also proposed.

The applicant’s consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2021-0654 the applicant, Village Marine of Westhampton LTD, is proposing to install 552 linear feet of new low sill bulkhead; replace existing 4 feet wide x 464 linear feet fixed docks with floating docks; and dredge 949 cubic yards of sediment to -4’ MLW within existing West and East boat basins. This project is located at 33 Library Avenue, Village of Southampton, Suffolk County, Moneybogue Bay.

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2021/12/f-2021-0654app.pdf or at https://dos.ny.gov/public-notices

The proposed activity would be located within or has the potential to affect the following Special Management or Regulated Area(s):

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice or January 13, 2022.

Comments should be addressed to: Department of State, Office of Planning and Development and Community Infrastructure, Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231, (518) 474-6000. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

The minimum wage adjustment will be developed and implemented as follows:

1. Minimum wage costs will mean the additional costs incurred beginning January 1, 2017 and thereafter, as a result of New York State statutory increases to minimum wages until all regions of the State reach $15.00 per hour.

2. The 2017 facility specific minimum wage add-on will be developed based on collected survey data received and attested to by CHHA providers. If a provider does not submit a survey, the minimum wage add-on will be calculated based on the Provider’s cost report wage data from two years prior to the period being calculated. If a facility fails to submit both the attested survey and the cost report, the facility’s minimum wage add-on will not be calculated.

i. Minimum wage cost development based on survey data collected.
   1. Survey data will be collected for facility specific wage data.
   2. Facilities will report by wage bands, the total count of FTEs and total hours paid to all employees (contracted and non-contracted staff) earning less than the statutory minimum wage applicable for each region.
   3. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
   4. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the facility has reported total hours paid. To this result, the facility’s average fringe benefit percentage is applied and added to the costs.

ii. Minimum wage cost development based on the cost report data.
   a. The average hourly wages of employees where the reported average hourly wage is below the regional statutory minimum wage are identified.
   b. The total payroll hours of the employees identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.
   c. The facility’s fringe benefit costs directly affected by the wage increase are identified, and the average fringe benefit percentage is calculated.
   d. The fringe benefit percentage is applied to the increased wage costs and added resulting in the minimum wage costs.
Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

**Institutional Services**

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, "this increase includes rates for providers of all services."

**All Services**

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

PUBLIC NOTICE
Department of Health

The Department of Health proposes to amend the Traumatic Brain Injury (TBI) (waiver number NY.0269.R04.04) and Nursing Home Transition and Diversion (NHTD) (waiver number NY.0444.R02.01) 1915c Waiver Programs in order to implement planned minimum wage-related rate increases pursuant to New York State Minimum Wage regulations effective January 1, 2017. This minimum wage bill stipulates that wages will be increased gradually through 2021. This increase specifically impacts all counties except for all New York City boroughs, Nassau, Suffolk, and Westchester.

Drafts of the proposed amendments to the TBI and NHTD waivers are available for review at: https://health.ny.gov/health_care/medicaid/redesign/mrt90/policy_docs.htm

As of December 31, 2016, the first in a series of wage increases went into effect in New York State. Rates differ based on region and industry to allow for a phase-in of new salaries. Changes take effect on the last day of the year. Annual increases for Upstate New York will continue until the rate reaches a $15 minimum wage. The annual increases are published by the Commissioner of Labor by October 1. They are based on percentage increases determined by the Director of the Division of Budget, based on economic indices, including the Consumer Price Index. The rate for the “remainder of state” will be $13.20 per hour effective December 31, 2021. This wage adjustment will require a rate increase of $0.90 per hour for waiver service: Home and Community Support Services (HCSS) for both the Nursing Home and Community Support Services (HCSS) for both the Nursing Home and Transition and Diversion (NHTD) and Traumatic Brain Injury (TBI) 1915 (c) Medicaid Waivers. The anticipated change to projected gross Medicaid expenditures as a result of this proposed amendment is an increase of $11.8 million for the remainder of the 5 year waiver cycles.

The public is invited to review and comment on this initiative. Comments may be filed electronically at: waivertransition@health.ny.gov, or mailed to: Department of Health, Office of Health Insurance Programs, Division of Long Term Care, Bureau of Community Integration and Alzheimer’s Disease, One Commerce Plaza, Suite 1605, Albany, NY 12210. All comments must be postmarked or emailed by 30 days of the date of this notice. Include “TBI and NHTD Waiver Amendments” in the subject line and indicate your name and affiliation. Individuals without internet access may contact the Waiver Unit at: (518) 474-5271 to receive additional information.

PUBLIC NOTICE
Department of State

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. In F-2021-0695, Vincent Rovitielli, is proposing to excavate/remove two land peninsulas from an existing marina basin. The peninsula measures 17’-4” wide by 185’-2” long and 10’-1” long by 214’-5” long. The peninsulas would be excavated down to an elevation of 243.5’ IGLD. The project would result in the excavation of up to 1,207 cubic yards of materials (765 from below the plane of Ordinary High Water). A boulder located within the marina basin would also be removed. Dewatering of material would be completed at an upland on-site location with off-site disposal at an approved upland location. Sheet pile would be placed at the landward extent of the each of the excavated peninsulas. In addition, 65 linear feet of sheet pile where the seawall is missing A turbidity curtain would be paced within the channel that separates the marina from Sandy Creek during excavation. The applicant was previously approved to replace existing fixed docks with floating docks throughout the marina basin. Various upland improvements to the site are also proposed.

The proposal is for the Sandy Creek Marina located off of Sandy Creek at Eight Lake Road East Fork in the Town of Hamlin, Monroe County.

The stated purpose of the proposed action is to “Improve the usage and safety of our existing marina.”

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2020/03/moriches_bay.pdf

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice or January 13, 2022.

Comments should be addressed to: Department of State, Office of Planning and Development and Community Infrastructure, Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231. (518) 474-6000. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.
SUMMARY
SPA #22-0023

This State Plan Amendment proposes a continuation of minimum wage adjustments through current Medicaid reimbursement methodologies until all regions have reached an hourly wage of $15.00 per hour consistent with enacted legislation.
1905(a)(18) Hospice Services – Adjustment for Minimum Wage Increases

Effective April 1, 2018, and every January 1, thereafter until the minimum wage reaches the statutorily described per hour wage as shown below, the rates of payment for services provided by Non-Residence Hospice providers include rate add-on to reimbursement in accordance with the wage chart shown below to address increases in labor costs.

The minimum wage adjustment will be developed and implemented as follows:

1. Minimum wage costs will mean the additional costs incurred beginning April 1, 2018 and thereafter, as a result of New York State statutory increases to minimum wages until all regions of the State reach $15.00 per hour.

2. The 2018 provider specific minimum wage add-on will be developed based on collected survey data received and attested to by hospice providers. If a hospice provider fails to submit the attested survey data, a provider will not receive a minimum wage add-on.

   i. Minimum wage cost development based on survey data collected.
      a. Survey data will be collected for provider specific wage data.
      b. Facilities will report by wage bands, the total count of FTEs and total hours paid to all employees (contracted and non-contracted staff) earning less than the statutory minimum wage applicable for each region.
      c. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
      d. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the provider has reported total hours paid. To this result, the provider’s average fringe benefit percentage is applied and added to the costs.

3. The provider specific cost amount will be adjusted by a factor calculated by dividing the provider’s average dollar per hour under minimum wage by the regional average. The resulting amount will be divided by patient days to arrive at a rate per diem add on, which will be applied to only Medicaid days for purposes of Medicaid reimbursement.

4. In subsequent years until the minimum wage is completely implemented statewide, the Department will survey facilities utilizing the same methodology.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services to comply with enacted statutory provisions. The following changes are proposed:

Institutional Services

Effective on or after December 31, 2021, the Department of Health will adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2021/2022 is $16,000.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

PUBLIC NOTICE
Department of Health

The Department of Health proposes to amend the Traumatic Brain Injury (TBI) (waiver number NY.0269.R04.04) and Nursing Home Medicaid expenditures as a result of this proposed amendment is an 1915 (c) Medicaid Waivers. The anticipated change to projected gross Programs, Division of Long Term Care, Bureau of Community programs may be filed electronically at: waivertransition@health.ny.gov, Transition and Diversion (NHTD) and Traumatic Brain Injury (TBI) $13.20 per hour effective December 31, 2021. This wage adjustment may increase wages effective January 1, 2017. This minimum wage bill stipulates that wages will be increased gradually through 2021. This increase specifically impacts all counties except for all New York City boroughs, Nassau, Suffolk, and Westchester.

Drafts of the proposed amendments to the TBI and NHTD waivers are available for review at: https://health.ny.gov/health_care/medicaid/redesign/mrt90/policy_docs.htm

As of December 31, 2016, the first in a series of wage increases went into effect in New York State. Rates differ based on region and industry to allow for a phase-in of new salaries. Changes take effect on the last day of the year. Annual increases for Upstate New York will continue until the rate reaches a $15 minimum wage. The annual increases are published by the Commissioner of Labor by October 1. They are based on percentage increases determined by the Director of the Division of Budget, based on economic indices, including the Consumer Price Index. The rate for the “remainder of state” will be $12.20 per hour effective December 31, 2021. This wage adjustment will require a rate increase of $1.90 per hour for waiver service: Home and Community Support Services (HCSS) for both the Nursing Home Transition and Diversion (NHTD) and Traumatic Brain Injury (TBI) 1915 (c) Medicaid Waivers. The anticipated change to projected gross Medicaid expenditures as a result of this proposed amendment is an increase of $11.8 million for the remainder of the 5 year wage cycles.

The public is invited to review and comment on this initiative. Comments may be filed electronically at: waivertransition@health.ny.gov, or mailed to: Department of Health, Office of Health Insurance Programs, Division of Long Term Care, Bureau of Community Integration and Alzheimer’s Disease, One Commerce Plaza, Suite 1605, Albany, NY 12210. PUBLIC NOTICE
Department of State

Date of Issuance – December 29, 2021

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. In F-2021-0695, Vincent Rovitelli, is proposing to excavate/remove two land peninsulas from an existing marina basin. The peninsula measures 17’-4” wide by 185’-2” long and 10’-1” long by 214’-5” long. The peninsulas would be excavated down to an elevation of 243.5’ IGLD. The project would result in the excavation of up to 1,207 cubic yards of materials (765 from below the plane of Ordinary High Water). A boulder located within the marina basin would also be removed. Dewatering of material would be completed at an upland on-site location with off-site disposal at an approved upland location. Sheet pile would be placed at the landward extent of the each of the excavated peninsulas. In addition, 65 linear feet of sheet pile where the seawall is missing A turbidity curtain would be placed within the channel that separates the marina from Sandy Creek during excavation. The applicant was previously approved to replace existing fixed docks with floating docks throughout the marina basin. Various upland improvements to the site are also proposed.

The proposal is for the Sandy Creek Marina located off of Sandy Creek at Eight Lake Road East Fork in the Town of Hamlin, Monroe County. The stated purpose of the proposed action is to “Improve the usage and safety of our existing marina.”

The applicant’s consistency certification and supporting information are available for review at: https://dos.ny.gov/system/files/documents/2021/12/f-2021-0695publicnotice.pdf or at https://dos.ny.gov/public-notices

SUMMARY
SPA #22-0024

This State Plan Amendment proposes a continuation of minimum wage adjustments through current Medicaid reimbursement methodologies until all regions have reached an hourly wage of $15.00 per hour consistent with enacted legislation.
1905(a)(24) Personal Care Services

Such rates of payment [shall] will be further adjusted to reflect costs associated with the recruitment and retention of non-supervisory workers. For programs providing services in local social service districts which include a city with a population of over one million persons, such rate adjustments will be calculated by allocating the total dollars available for the applicable rate period to each individual provider proportionally based on total claimed hours of services for personal care services provided in the district to recipients of medical assistance. The allocated dollars will be included as a reimbursable cost add-on to the Medicaid rates of payment based on the Medicaid utilization data as adjudicated through the Medicaid Management Information System (MMIS), or any successor entity, utilizing the most recently available total claimed hours of Medicaid services data, as agreed to by New York State and the district.

For payment periods January 1, 2017, and thereafter, the Commissioner of Health will increase the rates of payment for services provided by all Personal Care providers in accordance with the wage chart shown below to address cost increases resulting from increases to the minimum wage in New York State. Final rates for providers can be found on the Department of Health website:

Minimum wage costs will mean the additional costs incurred beginning January 1, 2017, and thereafter, as a result of New York state statutory increases to minimum wage until all regions of the State reach $15.00 per hour. Minimum wage cost development will be based on survey data collected.

1. Survey data will be collected for facility specific wage data.
Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

**Institutional Services**

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, this increase includes rates for providers of all services.

**All Services**

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after January 1, 2022, the Department of Health will adjust the reimbursement rate for Ambulatory Services in Facilities Certified Under Article 16 of the Mental Health Law Clinic Day Treatment program to remove the providers that no longer offer the service and update the reimbursements for the remaining providers based on more current cost data.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2022 is $300,000.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services to comply with sections 2803, 2895-b, and 2828 of the Public Health Law. The following changes are proposed:

Long Term Care Services

Effective on or after January 1, 2022, the Department of Health will adjust rates for residential health care facilities meeting the requirements set forth in section 2828 of the Public Health and implementing regulations. This rate adjustment will support increases in resident-facing staffing services provided by registered nurses, licensed practical nurses, certified nurse aides, and nurse aides in accordance with standards set forth in section 2895-b of the Public Health Law and implementing regulations, which shall be sufficient to attain the highest practicable physical, mental, and psychological well-being of the residents of such residential health care facilities.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to the residential health care facility rate adjustment is $128 million as appropriated in the budget for state fiscal year 2021/2022.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. The minimum wage adjustment will be developed and implemented as follows:

1. Minimum wage costs will mean the additional costs incurred beginning January 1, 2017 and thereafter, as a result of New York State statutory increases to minimum wages.

2. The 2017 facility specific minimum wage add-on will be developed based on collected survey data received and attested to by nursing facility providers. If a facility does not submit a survey, the minimum wage add-on will be calculated based on the facility’s Residential Health Care Facility (RHCF) cost report wage data from two years prior to the period being calculated. If a facility fails to submit both the attested survey and the cost report, the facility’s minimum wage add-on will not be calculated.

   i. Minimum wage cost development based on survey data collected.
      a. Survey data will be collected for facility specific wage data.
      b. Facilities will report by wage bands, the total count of FTEs and total hours paid to all employees (contracted and non-contracted staff) earning less than the statutory minimum wage applicable for each region.
      c. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
      d. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the facility has reported total hours paid. To this result, the facility’s average fringe benefit percentage is applied and added to the costs.

   ii. Minimum wage cost development based on the RHCF cost report data.
       a. The average hourly wages of employees where the reported average hourly wage is below the regional statutory minimum wage are identified.
       b. The total payroll hours of the employees identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.
       c. The facility’s fringe benefit costs directly affected by the wage increase are identified, and the average fringe benefit percentage is calculated.

*Effective January 1, 2022, the minimum wage value for the Remainder of the State shall be $13.20.

On December 31, 2022 and each December 31 thereafter, a wage published by the commissioner on or before October first, based on the then current minimum wage increased by a percentage determined by the director of the budget in consultation with the commissioner, with the result rounded to the nearest five cents, totaling no more than fifteen dollars, where the percentage increase shall be based on indices including, but not limited to, (i) the rate of inflation for the most recent twelve month period ending June of that year based on the consumer price index for all urban consumers on a national and seasonally unadjusted basis (CPI-U), for a successor index as calculated by the United States department of labor, (ii) the rate of state personal income growth for the prior calendar year, or a successor index, published by the bureau of economic analysis of the United States department of commerce, or (iii) wage growth; or, if greater, such other wage as may be established by federal law pursuant to 29 U.S.C section 206 or its successors or such other wage as may be established.

The minimum wage adjustment will be developed and implemented as follows:

1. Minimum wage costs will mean the additional costs incurred beginning January 1, 2017 and thereafter, as a result of New York State statutory increases to minimum wages until all regions of the state reach $15.00 per hour.

2. The 2017 facility specific minimum wage add-on will be developed based on collected survey data received and attested to by nursing facility providers. If a facility does not submit a survey, the minimum wage add-on will be calculated based on the facility’s Residential Health Care Facility (RHCF) cost report wage data from two years prior to the period being calculated. If a facility fails to submit both the attested survey and the cost report, the facility’s minimum wage add-on will not be calculated.

i. Minimum wage cost development based on survey data collected.
   a. Survey data will be collected for facility specific wage data.
   b. Facilities will report by wage bands, the total count of FTEs and total hours paid to all employees (contracted and non-contracted staff) earning less than the statutory minimum wage applicable for each region.
   c. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
   d. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the facility has reported total hours paid. To this result, the facility’s average fringe benefit percentage is applied and added to the costs.
1905(a)(4)(A) Nursing Facility Services

Adjustment for Minimum Wage Increases (continued)

ii. Minimum wage cost development based on the RHCF cost report data.
   a. The average hourly wages of employees where the reported average hourly wage is below the regional statutory minimum wage are identified.
   b. The total payroll hours of the employees identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.
   
   c. The facility’s fringe benefit costs directly affected by the wage increase are identified, and the average fringe benefit percentage is calculated.
   
   d. The fringe benefit percentage is applied to the increased wage costs and added resulting in the minimum wage costs.

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

**Institutional Services**

The following is a clarification to the December 29th, 2021 noticed proposal to adjust Residential Treatment Facility (RTF) rates for providers to consider increased labor costs resulting from increases in the New York State minimum wage in the Remainder of State region. With clarification below, *this increase includes rates for providers of all services.*

**All Services**

The Department of Health will adjust rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is $15 per hour in the Remainder of State region, and Medicaid rates will be adjusted in those years to account for such increases.
The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal years 2021/2022 and 2022/2023 is $3,078,116 and $12,312,459, respectively.

The Department of Health proposes to amend the Traumatic Brain Injury (TBI) (waiver number NY.0269.R04.04) and Nursing Home Medicaid expenditures as a result of this proposed amendment is an 1915 (c) Medicaid Waivers. The anticipated change to projected gross Transition and Diversion (NHTD) (waiver number NY.0444.R02.01) wage-related rate increases pursuant to New York State Minimum Wage regulations effective January 1, 2017. This minimum wage bill stipulates that wages will be increased gradually through 2021. This increase specifically impacts all counties except for all New York City boroughs, Nassau, Suffolk, and Westchester.

Drafts of the proposed amendments to the TBI and NHTD waivers are available for review at: https://health.ny.gov/health_care/medicaid/redesign/mrt90/policy_docs.htm

As of December 31, 2016, the first in a series of wage increases went into effect in New York State. Rates differ based on region and industry to allow for a phase-in of new salaries. Changes take effect on the last day of the year. Annual increases for Upstate New York will continue until the rate reaches a $15 minimum wage. The annual increases are published by the Commissioner of Labor by October 1. They are based on percentage increases determined by the Director of the Division of Budget, based on economic indices, including the Consumer Price Index. The rate for the “remainer of state” will be $13.20 per hour effective December 31, 2021. This wage adjustment will require a rate increase of $5.90 per hour for waiver service: Home and Community Support Services (HCSS) for both the Nursing Home Transition and Diversion (NHTD) and Traumatic Brain Injury (TBI) 1915 (c) Medicaid Waivers. The anticipated change to projected gross Medicaid expenditures as a result of this proposed amendment is an increase of $11.8 million for the remainder of the 5 year waiver cycles.

SUMMARY
SPA #22-0046

This State Plan Amendment proposes to revise the State Plan to provide a temporary rate increase of 11.5 percent to base rates for Outpatient Mental Health Rehabilitative Services for workforce recruitment and retention activities consistent with New York State’s approved American Rescue Plan Act of 2021 Section 9817 spending plan. This increase is effective for dates of services from February 1, 2022 through September 30, 2022.
New York 8(b)

1905(a)(13) Rehabilitative Services

Rehabilitative Services (42 CFR 440.130(d)): OMH outpatient mental health services-Reimbursement Methodology continued

American Rescue Plan Act Section 9817 temporary increased FMAP for Home and Community-Based Services:

The agency increases payment for providers of services referenced in New York’s American Rescue Plan Act Home and Community Based Services Enhanced Funding Spending Plan. Providers are Social Security Act Section 1905(a) Rehabilitative Services providers listed in Appendix B of the American Rescue Plan Act, State Medicaid Director Letter, SMD# 21-003 Implementation of American Rescue Plan Act of 2021 Section 9817.

The time-limited rate increases described in this section will be used to expand, enhance or strengthen mental health rehabilitative services programs through workforce recruitment and retention strategies consistent with New York’s American Rescue Plan Act Home and Community Based Services Enhanced Funding Spending Plan. Rate increases will not extend beyond September 30, 2022.

The rates were updated for the period February 1, 2022 through September 30, 2022.

All rates are published on the Office of Mental Health website at:

2022. This enhancement will allow providers to supplement the implementation of one or more activities to enhance, expand or strengthen HCBS under the Medicaid program, including strengthening the response to the COVID-19 Public Health Emergency, executing peer support service provision, expanding offsite service delivery, implementing electronic health record (EHR) changes, and strengthening provider staffing resources. The estimated annual net aggregate increase in gross Medicaid expenditures as a result of the proposed increase for Outpatient Mental Health Rehabilitative Services is $5,300,000 in State Fiscal Year 2022 growing to $31,700,000 annually.

2) Rates for state-plan approved Outpatient Mental Health Rehabilitative Services will be increased by an additional 11.5 percent for the period February 1, 2022 – September 30, 2022. This enhancement will allow providers to increase recruitment and retention of experienced and dedicated direct care and other staff through measures including, but not limited to, targeted loan forgiveness, tuition reimbursement, hiring and signing bonuses, longevity payments, expanded student placements, shift differential pay and retirement contributions.

The estimated annual net aggregate increase in gross Medicaid expenditures as a result of this proposed increase for Outpatient Mental Health Rehabilitative Services is $12,200,000 in State Fiscal Year 2022 and $36,500,000 in State Fiscal Year 2023.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status.
