PUBLIC NOTICE

Heightened Scrutiny Evidence Packets

In compliance with 42 CFR § 441.301(c)(5)(v), NYS DOH, Office of Aging and Long Term Care, Bureau of Quality Assurance and Surveillance Adult Day Healthcare Program (ADHCP) is pleased to announce that it will conduct a public comment period, to allow members of the public to provide comments on its Home and Community-Based Services (HCBS) Final Rule related Heightened Scrutiny evidence packet(s), developed by NYS DOH, Office of Aging and Long Term Care, Bureau of Quality Assurance and Surveillance - ADHCP and New York State entities that oversee HCBS. This is being done to maintain federal match funding for home and community-based service setting(s) that NYS DOH, Office of Aging and Long-Term Care, Bureau of Quality Assurance and Surveillance - ADHCP has determined can or will overcome the institutional (i.e., non-eligible for HCBS funding) presumption by Department of Health and Human Services (DHHS), on or before March 17, 2023. ADHCP is a non-residential setting and there are 115 ADHCPs statewide. All programs were temporarily closed due to the pandemic. To date, 49 Programs have reopened. Heightened Scrutiny is requested for 49 ADHCPs that self-reported having at least one registrant that receives Medicaid-funded home and community-based services in their setting that is located within the nursing home or in the grounds of a public institution. Interviews, record reviews and observations were conducted through virtual tours at each of the facilities from 2021-2022 to assess for Rule compliance and the need for remediation.

This notice further serves to open the 30-day public comment period that will close on February 24, 2023. In addition to this 30-day comment period where the public will be afforded the opportunity to provide written comments, the Bureau of Quality Assurance and Surveillance will receive written comments by contacting via email: ADHCP.HCBS@health.ny.gov and/or by mail: Bureau of Quality Assurance and Surveillance - ADHCP, Division of Nursing Homes and ICF/IID Surveillance, New York State Department of Health - 875 Central Avenue Albany, NY 12206.

Heightened Scrutiny Overview

In accordance with federal rules set forth by the Centers for Medicare & Medicaid Services (CMS), the New York State Department of Health for Adult Day Health Care Program (ADHCP) is

required to publish for public comment a list of Heightened Scrutiny settings that deliver Home and Community-Based Services (HCBS).

Strategies to Identify Settings

Heightened Scrutiny is a review of certain settings that, according to CMS, are presumed to be institutional in nature but do, in fact, demonstrate qualities of home and community-based settings. The ADHCP, which is a non-residential setting, conducted a series of program self-assessments based on “CMS Exploratory Questions to Assist States in the Assessment of Non-Residential Settings” against the standards of the HCBS Final Rule. NYS DOH assessed all reopened programs (post pandemic) for HCBS compliance through Self-Assessment Surveys, record reviews, virtual site reviews including interviews of staff, reviewing pictures of the buildings and signage to the program, checking program addresses for accuracy and google maps images of locations.

Strategies to Review Settings

NYS DOH worked with the providers of settings requiring a Heightened Scrutiny review to achieve HCBS compliance or to develop a plan to achieve HCBS compliance. Reviews conducted by DOH included but were not limited to record reviews, registrant/staff interviews, and observations made during virtual tour of all reopened programs. Each standard of the HCBS Final rule was analyzed, discussed with the facility management and staff. Programs that needed remediation were identified. General guidance and training were provided to program staff to meet compliance. Policies and procedures and any remediation completed by the program to meet compliance were filed within the program’s file for reference.

Heightened Scrutiny Categories and Summary

CMS has identified three categories/prongs of settings that are presumed to have qualities of an institution. The categories are described below as well as the number of settings in each category that have been identified by OPWDD as requiring a Heightened Scrutiny review.

Heightened Scrutiny Prong	Number of sites
Prong 1 - Settings in this category are located in a building that is also a publicly or privately operated facility that provides inpatient institutional treatment.	30
Prong 2 - Settings in this category are located in a building located on the grounds of, or immediately adjacent to, a public institution.	6
Prong 3 - Settings in this category may have the effect of isolating individuals from the broader community.	13

Process for Applying CMS Feedback on Specific Settings

Heightened Scrutiny summaries, including public comment and supporting evidence, may later be selected for review by CMS as a part of a random sample. NYS DOH will use any feedback from the CMS random sample review to inform whether it is applicable to similarly situated settings and additional review and/or if remediation of settings not included in the CMS review sample is necessary.

Numbered List of Settings

The following is a list of all reopened ADHCPs identified and categorized as requiring Heightened Scrutiny, including the ADHCP’s prong. A summary of how each setting has or will overcome the presumption that it is an institution, and the state’s plan for oversight of remediation to ensure compliance with the settings criteria by the end of the transition period may be viewed on the NYS DOH ADHCP - Heightened Scrutiny Evidence Packets website at: https://health.ny.gov/facilities/nursing/public_notice/heightened_scrutiny/

#Facility Name Prong

- 2 ADHCP #2 1

PUBLIC NOTICE

Department of Health Essential Plan Expansion

In compliance with 31 CFR 33.112 and 45 CFR 155.1312, notice is hereby provided that the New York State Department of Health (the State) intends to submit a Section 1332 State Innovation Waiver to the Centers for Medicare & Medicaid Services (CMS) in the Department of Health and Human Services (HHS) and the Department of Treasury (Treasury) for the expansion of the Essential Plan. This notice serves to open the 30-day public comment period on February 9, 2023, which closes on March 11, 2023.

Waiver Summary and Objectives

The State is requesting approval of the 1332 Waiver to expand Essential Plan coverage beyond the current eligible populations to include residents with incomes up to 250% of the FPL. Through this expansion of Essential Plan coverage, the State seeks to reduce the uninsured population in New York by increasing access to high quality, affordable health insurance for low- and moderate-income individuals.

Currently, the Essential Plan is federally designated as a Basic Health Program (BHP) under Section 1331 of the Affordable Care Act (ACA). The Essential Plan provides enrollees with comprehensive coverage with no premiums, no deductibles, and low-cost sharing. Essential Plan eligibility is currently limited to individuals who would have been eligible for state-only Medicaid prior to 2016 and individuals with incomes above the Medicaid ceiling and up to 200% of the FPL, ages 19 – 64, who would otherwise be eligible to purchase Qualified Health Plans (QHPs) and receive premium tax credits (PTCs) on the Exchange (NY State of Health).

Under the Waiver, the State is requesting to establish an identical Essential Plan program for currently eligible populations under Section 1332 Waiver authority, instead of Section 1331 of the ACA, with expanded eligibility to the new population. The Essential Plan under Section 1332 Waiver authority would continue to include coverage of all Essential Health Benefits (EHBs). The State is also requesting continued use of the BHP Trust Fund for the population traditionally eligible for the BHP under Section 1331 of the ACA.

Why is the Waiver Needed?

The State is not legally able to expand eligibility of the Essential Plan to new consumers under Section 1331 of the ACA. The Waiver is required to grant the State the federal authority necessary to expand Essential Plan coverage under Section 1332. To carry out its waiver plan, New York proposes to waive section 36B of the Internal Revenue Code, which creates the ACA's premium tax credit, as permitted under section 1332(a)(2) and will waive any other provisions the Departments deem necessary to implement this waiver plan. Waiving this provision is integral to the waiver plan and to eligibility for pass-through funding.

Waiver Impact

The change in federal authority for the Essential Plan from Section 1331 to Section 1332 will not have administrative or operational impacts for current Essential Plan consumers. All consumers enrolled in the Essential Plan with incomes up to 200% of FPL will continue to

have no premiums, no deductibles, and current maximum out-of-pocket contribution levels. New consumers under the Waiver with incomes between 200% and 250% of the FPL will have \$15 monthly premiums, no deductibles, and low out-of-pocket costs. These premium and cost sharing requirements are lower than the cost sharing available in the QHP marketplace. Additionally, eligibility and enrollment processes for current Essential Plan consumers will not change under the waiver. Consumers will continue to apply for and enroll in the Essential Plan and QHPs through the NY State of Health. New consumers in the Essential Plan will experience the same eligibility and enrollment processes that current consumers with incomes up to 200% of the FPL currently experience.

New York's 1332 Waiver is expected to generate substantial savings for the State and federal governments, while expanding coverage to additional of New Yorkers. The State is requesting that the BHP funding and the savings from foregone premium tax credits be passed through to the State to continue to fund the Essential Plan for the duration of the Waiver. The State projects that the federal pass-through will fully fund the expansion of the Essential Plan to the new eligibility group with no additional funding required from the State for the duration of the Waiver. The State is requesting continued access to the current Essential Plan Trust Fund balance under the Waiver, which will not increase the federal deficit, but will enhance benefits and lower costs for traditionally BHP eligible individuals.

The 1332 Waiver is projected to meet the four ACA Section 1332 guardrails of scope of coverage, affordability, comprehensiveness of coverage, and federal deficit neutrality.

Essential Plan Expansion 1332 Waiver Submission and Review of Public Comments

A draft of the waiver is available for review on the Department of Health's website at: <https://info.nystateofhealth.ny.gov/1332>. For individuals with limited online access and/or who require special accommodation, please call (518) 486-9102 to access paper copies.

The State will accept written comments through March 11, 2023. *Individuals wishing to provide written comments may submit them online here: or by mail at:* State of Health, 1332 Waiver Application, Empire State Plaza, Corning Tower, Rm. 2580, Albany, NY 12237

All comments must be submitted electronically or postmarked by March 11, 2023.

The State will consider all comments received and include a summary of the comments in the final 1332 Waiver Application submitted to the Departments.
