SUMMARY
SPA #24-0004

This State Plan Amendment proposes to authorize adjustments that increase the operating cost components of rates of payment for County operated freestanding clinics and diagnostic and treatment centers (DTCs) licensed under Article 31 and 32 of the NYS Mental Hygiene Law.

DRAFT

New York
2(v)

Upper Payment Limit (UPL) Payments for Diagnostic and Treatment Centers (DTCs)
(Supplemental Payments for Non-State Government Clinics)

1905(a)(9) Clinic Services

1. New York City Health and Hospitals Corporation (HHC) operated DTCs

Effective for the period April 1, 2011, through March 31, 2012, the Department of Health will increase medical assistance rates of payment for diagnostic and treatment center (DTC) services provided by public DTCs operated by the New York City Health and Hospitals Corporation (HHC), at the annual election of the social services district in which an eligible DTC is physically located. The amount to be paid will be \$12.6 million on an annualized basis.

Medical assistance payments will be made for patients eligible for federal financial participation (FFP) under Title XIX of the federal Social Security Act based on each DTC's proportionate share of the sum of all clinic visits for all facilities eligible for an adjustment for the base year two years prior to the rate year. Such proportionate share payments will be added to rates of payment or made as aggregate payments to each eligible HHC DTC.

2. County Operated DTCs and mental hygiene clinics

Effective for the period April 1, ~~2023~~ 2024, through ~~March~~ December 31, 2024, the Department of Health will increase the medical assistance rates of payment for county operated DTCs and mental hygiene clinics, excluding those facilities operated by the New York City HHC. Local social services districts will, on an annual basis, decline such increased payments within thirty days following receipt of notification. The amount to be paid will be up to ~~\$1,610,987~~ \$5,400,000.

Medical assistance payments will be made for patients eligible for federal financial participation (FFP) under Title XIX of the federal Social Security Act based on each DTC's proportionate share of the sum of all clinic visits for all facilities eligible for an adjustment for the base year two years prior to the rate year. Such proportionate share payments will be added to rates of payment or made as aggregate payments to each eligible county operated DTC and mental hygiene clinic.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long-term care services to comply with statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after April 1, 2024, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under non-institutional services of \$339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues hospital outpatient payment adjustments that increase the operating cost components of rates of payment for hospital outpatient and emergency departments on and after April 1, 2011, for public general hospitals other than those operated by the State of New York or the State University of New York, which are located in a city with a population of over one million. The amount to be paid will be up to \$287 million annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues payment of up to \$5.4 million in additional annual Medicaid payments to county operated free-standing clinics, not including facilities operated by the New York City Health and Hospitals Corporation, for services provided by such DTC and those provided by a county operated freestanding mental health or substance abuse DTC. Distributions shall be based on each eligible facility's proportionate share of the sum of all DTC and clinic visits for all eligible facilities receiving payments for the base year two years prior to the rate year. The proportionate share payments may be added to rates of payment or made as aggregate payments to eligible facilities.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Effective April 1, 2024 and each state fiscal year thereafter, this proposal continues supplemental payments for services provided by physicians, nurse practitioners and physician assistants will continue.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2024, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under institutional services of \$339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues adjustments for hospital inpatient services provided on and after April 1, 2012, to public general hospitals, other than those operated by the State of New York or the State University of New York, located in a city with a population of over one million and receiving reimbursement of up to \$1.08 billion annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set

through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments to eligible public general hospitals may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues supplemental payments to State government owned hospitals.

These payments will not exceed the upper payment limit for inpatient services provided by state government-owned hospitals when aggregated with other Medicaid payments.

There is no change to the annual gross Medicaid expenditures as a result of this amendment.

Long Term Care Services

Effective on or after April 1, 2024, this proposal continues additional payments to non-state government operated public residential health care facilities, including public residential health care facilities located in Nassau, Westchester, and Erie Counties, but not excluding public residential health care facilities operating by a town or city within a county, in aggregate amounts of up to \$500 million. The amount allocated to each eligible public RHCF will be in accordance with the previously approved methodology, provided, however that patient days shall be utilized for such computation reflecting actual reported data for 2022 and each representative succeeding year as applicable. Payments to eligible RHCF's may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long-term care services to comply with statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after April 1, 2024, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under non-institutional services of \$339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues hospital outpatient payment adjustments that increase the operating cost components of rates of payment for hospital outpatient and emergency departments on and after April 1, 2011, for public general hospitals other than those operated by the State of New York or the State University of New York, which are located in a city with a population of over one million. The amount to be paid will be up to \$287 million annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues payment of up to \$5.4 million in additional annual Medicaid payments to county operated free-standing clinics, not including facilities operated by the New York City Health and Hospitals Corporation, for services provided by such DTC and those provided by a county operated freestanding mental health or substance abuse DTC. Distributions shall be based on each eligible facility's proportionate share of the sum of all DTC and clinic visits for all eligible facilities receiving payments for the base year two years prior to the rate year. The proportionate share payments may be added to rates of payment or made as aggregate payments to eligible facilities.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Effective April 1, 2024 and each state fiscal year thereafter, this proposal continues supplemental payments for services provided by physicians, nurse practitioners and physician assistants will continue.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2024, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under institutional services of \$339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues adjustments for hospital inpatient services provided on and after April 1, 2012, to public general hospitals, other than those operated by the State of New York or the State University of New York, located in a city with a population of over one million and receiving reimbursement of up to \$1.08 billion annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set

through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments to eligible public general hospitals may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues supplemental payments to State government owned hospitals.

These payments will not exceed the upper payment limit for inpatient services provided by state government-owned hospitals when aggregated with other Medicaid payments.

There is no change to the annual gross Medicaid expenditures as a result of this amendment.

Long Term Care Services

Effective on or after April 1, 2024, this proposal continues additional payments to non-state government operated public residential health care facilities, including public residential health care facilities located in Nassau, Westchester, and Erie Counties, but not excluding public residential health care facilities operating by a town or city within a county, in aggregate amounts of up to \$500 million. The amount allocated to each eligible public RHCF will be in accordance with the previously approved methodology, provided, however that patient days shall be utilized for such computation reflecting actual reported data for 2022 and each representative succeeding year as applicable. Payments to eligible RHCF's may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues hospital outpatient payment adjustments that increase the operating cost components of rates of payment for hospital outpatient and emergency departments on and after April 1, 2011, for public general hospitals other than those operated by the State of New York or the State University of New York, which are located in a city with a population of over one million. The amount to be paid will be up to \$287 million annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues payment of up to \$5.4 million in additional annual Medicaid payments to county operated free-standing clinics, not including facilities operated by the New York City Health and Hospitals Corporation, for services provided by such DTC and those provided by a county operated freestanding mental health or substance abuse DTC. Distributions shall be based on each eligible facility's proportionate share of the sum of all DTC and clinic visits for all eligible facilities receiving payments for the base year two years prior to the rate year. The proportionate share payments may be added to rates of payment or made as aggregate payments to eligible facilities.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Effective April 1, 2024 and each state fiscal year thereafter, this proposal continues supplemental payments for services provided by physicians, nurse practitioners and physician assistants will continue.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2024, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under institutional services of \$339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues adjustments for hospital inpatient services provided on and after April 1, 2012, to public general hospitals, other than those operated by the State of New York or the State University of New York, located in a city with a population of over one million and receiving reimbursement of up to \$1.08 billion annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set

through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments to eligible public general hospitals may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2024 through March 31, 2025, this proposal continues supplemental payments to State government owned hospitals.

These payments will not exceed the upper payment limit for inpatient services provided by state government-owned hospitals when aggregated with other Medicaid payments.

There is no change to the annual gross Medicaid expenditures as a result of this amendment.

Long Term Care Services

Effective on or after April 1, 2024, this proposal continues additional payments to non-state government operated public residential health care facilities, including public residential health care facilities located in Nassau, Westchester, and Erie Counties, but not excluding public residential health care facilities operating by a town or city within a county, in aggregate amounts of up to \$500 million. The amount allocated to each eligible public RHCF will be in accordance with the previously approved methodology, provided, however that patient days shall be utilized for such computation reflecting actual reported data for 2022 and each representative succeeding year as applicable. Payments to eligible RHCF's may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

SUMMARY
SPA #24-0014

This State Plan Amendment proposes to invest in Medicaid inpatient reimbursement rates, through acute and specialty hospital rate add-ons, for public hospitals in a city with a population of one million or more effective for services on or after April 1, 2024.

DRAFT

**New York
131(a)**

1905(a)(1) Inpatient Hospital Services

New York City Non-State Government Owned or Operated Hospital Rate Add-ons

1. Effective on or after April 1, 2024, and each calendar year thereafter, the State will provide an inpatient rate add-on to public hospitals in a city with a population of one million or more, and not owned or operated by the State of New York or the State University of New York. The payment computed pursuant to this section will be calculated in accordance with the following:

a. An estimated total payment to be distributed annually of \$325,000,000 will be allocated to qualifying hospitals using each hospital's proportionate share of Medicaid Fee-For-Service (FFS) Acute and Specialty Long Term Acute Care Hospital (LTACH) discharges to the total associated Medicaid FFS discharges of the qualifying hospitals, based on 2022 calendar year paid claims.

b. A rate add-on will be calculated and incorporated into the Acute and LTACH rates for each qualifying hospital as follows:

i. Acute rate:

1) The per discharge rate add-on for the period April 1, 2024 through December 31, 2024 will be calculated by dividing each hospital's allocated payment, as calculated in accordance with paragraph (1)(a) of this section, by its 2022 calendar year Medicaid FFS acute discharges pro-rated for nine months, based on paid claims.

2) The per discharge rate add-on for calendar year 2025 and thereafter will be calculated by dividing each hospital's allocated payment, as calculated in accordance with paragraph (1)(a) of this section, by its 2022 calendar year Medicaid FFS acute discharges, based on paid claims.

3) The rate add-on per discharge will be added to the acute rate payment, after the application of the Service Intensity Weight and Wage Equalization Factor adjustments to the Statewide Base Price, as defined in the Hospital Acute Inpatient Reimbursement section of this Attachment.

ii. LTACH rate:

1) The per diem rate add-on for the period April 1, 2024 through December 31, 2024 will be calculated for by dividing each hospital's allocated payment, as calculated in accordance with paragraph (1)(a) of this section, by its 2022 calendar year Medicaid FFS LTACH days pro-rated for nine months, based on paid claims.

2) The per diem rate add-on for calendar year 2025 and thereafter will be calculated by dividing each hospital's allocated payment, as calculated in accordance with paragraph (1)(a) of this section, by its 2022 calendar year Medicaid FFS LTACH days, based on paid claims.

3) The rate add-on per diem will be added to the LTACH rate payment, as defined in the Specialty Long Term Acute Care Hospital section of this Attachment.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional and non-institutional services to comply with subparagraph (iv-a) of paragraph (b) of subdivision 35 of section 2807-c of the Public Health Law. The following changes are proposed:

Institutional Services

Effective on or after January 1, 2024, the Department of Health will invest in Medicaid inpatient reimbursement rates, through the development of acute and specialty hospital rate add-ons based on Medicaid patient days and discharges, for public hospitals in a city with a population of one million or more.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$325 million.

Non-Institutional Services

Effective on or after January 1, 2024, the Department of Health will invest in Medicaid outpatient reimbursement rates, through the development of general clinic, emergency department and ambulatory surgery rate add-ons based on Medicaid patient visits, for public hospitals in a city with a population of one million or more.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget is \$80 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for Institutional Services in accordance with Chapter 53 of the Laws of 2023 and Subdivision 5 of section 365-m of the Social Services Law. The following changes are proposed:

SUMMARY
SPA #24-0015

This State Plan Amendment proposes to invest in Medicaid outpatient reimbursement rates, through Article 28 clinic, emergency department and ambulatory surgery rate add-ons, for public hospitals in a city with a population of one million or more, effective for services on or after April 1, 2024.

DRAFT

**New York
1 (I)(iii)**

1905(a)(2)(A) Outpatient Hospital Services

New York City Non-State Government Owned or Operated Hospital Rate Add-ons

1. Effective on or after April 1, 2024, and each calendar year thereafter, the State will provide an outpatient rate add-on to public hospitals in a city with a population of one million or more, and not owned or operated by the State of New York or the State University of New York. The payment computed pursuant to this section will be calculated in accordance with the following:

- a. An estimated total payment to be distributed annually of \$80,000,000 will be allocated to qualifying hospitals using each hospital's proportionate share of total Medicaid Fee-For-Service (FFS) Article 28 general clinic, emergency department and ambulatory surgery services visits to the total associated Medicaid FFS visits of the qualifying hospitals, based on 2022 calendar year Medicaid FFS paid claims.
- b. A uniform rate add-on will be calculated and incorporated into the Article 28 general clinic, emergency department and ambulatory surgery rates for each qualifying hospital as follows:
 - i. The per visit rate add-on for the period April 1, 2024 through December 31, 2024 will be calculated by dividing each hospital's allocated payment, as calculated in accordance with paragraph (1)(a) of this section, by its total 2022 calendar year Medicaid FFS visits pro-rated for nine months, based on the paid claims, that were used to allocate such payments.
 - ii. The per visit rate add-on for calendar year 2025 and thereafter will be calculated by dividing each hospital's allocated payment, as calculated in accordance with paragraph (1)(a) of this section, by its total 2022 calendar year Medicaid FFS visits, based on the paid claims, that were used to allocate such payments.
 - iii. The rate add-on per visit will be added to the Ambulatory Patient Group (APG) Article 28 general clinic, emergency department and ambulatory surgery services rate payments, as defined in the APG Rate Computation – Hospital Outpatient section of this Attachment.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to implement coverage and reimbursement changes to NYS Office of Mental Health licensed Personalized Recovery Oriented Services (PROS) to better address the mental health needs of Medicaid beneficiaries. The following changes are proposed:

Non-Institutional Services

Effective on or after October 1, 2023, the New York State Department of Health proposes to amend the State Plan to modernize and simplify the Personalized Recovery Oriented Services (PROS) program to improve access to services and quality of care. The proposed amendment will amend PROS provider qualifications and service definitions and add new services.

The proposed amendment will also amend the reimbursement methodology for PROS to reduce the number of the base rate tiers from five to three and remove program participation time from the definition of service units.

There is no estimated change in gross Medicaid expenditures as a result of this amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services. The following changes are proposed:

Non-Institutional Services

Effective on or after October 1, 2023, the Department of Health will update rates paid to both clinics licensed under the Article 28 of the Public Health Law and private practitioners that have been designated by the Office of Mental Health to provide collaborative care services. The rates for Article 28 clinics will be simplified to eliminate certain supplemental payments (i.e., retainer payment), eliminating the need for an additional claim submission. The resulting rate will then be trended from the inception of the program to CY 2023 using the Medicare Economic Index, a net 14% increase. Private practitioner rates, will also be increased to be equivalent to the Article 28 rates.

The estimated net aggregate increase in gross fee-for-service Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$739,000. The estimated net aggregate increase in gross fee-for-service Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$1.5 million.

Rate Development

Provide a comprehensive description in the SPA of the manner in which rates were set

1. In the SPA please provide the cost data and assumptions that were used to develop each of the rates;
2. Please identify the reimbursable unit(s) of service;
3. Please describe the minimum level of activities that the state agency requires for providers to receive payment per the defined unit;
4. Please describe the state's standards and process required for service documentation, and;
5. Please describe in the SPA the procedures for reviewing and rebasing the rates, including:
 - the frequency with which the state will review the rates, and
 - the factors that will be reviewed by the state in order to understand if the rates are economic and efficient and sufficient to ensure quality services.

Comprehensive Description Provide a comprehensive description of the rate-setting policies the State will use to establish Health Homes provider reimbursement fee for service or PMPM rates. Explain how the methodology is consistent with the goals of efficiency, economy, and quality of care. Within your description, please explain: the reimbursable unit(s) of service, the cost assumptions and other relevant factors used to determine the payment amounts, the minimum level of activities that the State agency requires for providers to receive payment per the defined unit, and the State's standards and process required for service documentation.

Provider Type

NYS Medicaid providers eligible to become health homes include managed care plans; hospitals; medical, mental and chemical dependency treatment clinics; primary care practitioner practices; PCMHs; FQHCs; Targeted Case Management (TCM) providers; certified home health care agencies and any other Medicaid enrolled providers that meet health home provider standards.

Care Management Fee:

Health Homes meeting State and Federal standards will be paid a per member per month care management fee that is adjusted based on region and case mix method for adults, or the Child and Adolescent Needs and Strength Assessment of New York (CANS-NY) for children age 0 through 20). The total cost relating to a care manager (salary, fringe benefits, non-personal services, capital and administration costs) in conjunction with caseload assumptions were used to develop the Health Home rates. The state periodically reviews the Health Home payments in conjunction with Department of Labor salary data to ensure that the Health Home rates are sufficient to ensure quality services.

Effective May 1, 2018, the per member per month care management fee for adults will be based on region and case mix defined by populations as indicated below. Health Home rates for children will continue to be determined by an algorithm applied to the CANS-NY assessment. The risk adjusted payments will allow providers to receive a diverse population of patients and assign patients to various levels of care management intensity without having to meet preset standards for contact counts. Providers will be able to respond to and adjust the intensity and frequency of intervention based on patient's current condition and needs (from tracking to high touch). All rates will be published on the DOH website. Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. Rates for Health Home services to children are effective October 1, 2016 and apply to services furnished on and after October 1, 2016.

For dates of service beginning June 1, 2018 through December 31, 2018, the per member per month care management fee for Health Homes that are, as of June 1, 2018, designated to serve children only, or designated to serve children in 43 counties and adults and children in one county, shall be adjusted to provide \$4 million in payments to supplement care management fees. The supplemental payments shall be paid no later than March 31, 2019 and will be allocated proportionately among such Health Homes based on services provided between June 1, 2018 and December 1, 2018. The supplement shall be a lump sum payments.

Rates for Health Home services furnished to other populations are effective as noted below and apply to services furnished on and after such dates.

Population Case Mix Definitions for Health Home Adult Rates

Health Home Plus/Care Management Rates include adults with active AOT order or expired AOT order within last year; adults stepping down from State PC and ACT; Health and Recovery Plan (HARP) members that meet high risk criteria (recent incarceration, homelessness, multiple hospital admissions, etc.); and members identified at the discretion of the Medicaid Managed Care Plan or state designated entity for adults not currently enrolled in a Medicaid Managed Care Plan.

Health Home High Risk/Need Care Management Rates, include adults that are HARP enrolled members not included in the Health Home Plus/Care Management; any adult member meeting high risk criteria based on the high, medium and low, Clinical and Functional Assessment; and members identified at the discretion of the Medicaid Managed Care Plan or state designated entity for adults not currently enrolled in a Medicaid Managed Care Plan.

Health Home Care Management Rates, include all other adults not meeting criteria for Health Home Services Adult Home Transition Rates, Health Home Plus/Care Management or High Risk /High Need Care Management Rates.

Health Home Services Adult Home Transition Rates apply to individuals, under the terms of a Stipulation and Order of Settlement between the U.S. Department of Justice and New York State, that are Adult Home Residents with serious mental illness (SMI) that are required to transition from Adult Homes located in New York City to the community.

Effective July 1, 2020, the PMPM for case finding will be reduced to \$0 as indicated in the State Health Home Rates and Rate Codes posted to the State's website as indicated above.

A unit of service will be defined as a billable unit per service month. In order to be reimbursed for a billable unit of service per month health home providers must, at a minimum, provide one of the core health home services per month. The monthly payment will be paid via the active care management PMPM. Once a patient has consented to received services and been assigned a care manager and is enrolled in the health home program the active care management PMPM may be billed. Care managers must document all services provided to the member in the member's care plan.

Managed Care Considerations:

Similar to the NY patient centered Medical Home program, it is the intention of the State to coordinate and pay for health home services through health plans but at State set rates for the service. The State will address any existing care management resources in the current plan premium for health home enrollees under CMS guidelines (bring this resource out of the capitation and create federal matching for those resources under the health home payment). Plans will pay health home providers State set rates when providers are contracted to provide all health home services. In the case where the plan does a portion of the health home service (e.g. telephonic post discharge tracking) and downstream providers do a separate portion (e.g. face to face care management) the plan will then split the State generated PMPM proportional to the contracted effort.

The Medicaid/FHP Model Contract has been modified to include language similar to that outlined below which addresses any duplication of payment between the MCO capitation payments and health home payments. The delivery design and payment methodology will not result in any duplication of payment between Health Homes and managed care.

- The managed care plan is not required to provide services that would duplicate the CMS reimbursed Health Home services for members participating in the State's Health Home program.
- The managed care organization will be informed of members assigned to a Health Home or will assign its members to a Health Home for health home services. Plans may need to expand their networks to include additional State designated health home providers to ensure appropriate access.
- Plans will need to have signed contracts including clearly established responsibilities with the provider based health homes.
- The managed care plan will be required to inform either the individual's Health Home or the State of any inpatient admission or discharge of a Health Home member that the plan learns of through its inpatient admission initial authorization and concurrent review processes as soon as possible to promote appropriate follow-up and coordination of services.
- Plans will assist State designated Health Home providers in their network with coordinating access to data, as needed.
- Plans will, as appropriate, assist with the collection of required care management and patient experience of care data from State designated Health Home providers in its' network.

The State has a health home advisory committee of providers and managed care plans through which any issues with payment would be raised and addressed. Directions have been given to health plans to match health home payment to providers based on relative health home care management effort. Further information on specific construction on health home rates includes specific administration compensation to guide rate differential construct.

Targeted Case Management (TCM) Conversion Considerations:

The State envisions that eventually all targeted case management programs operating in New York will convert to or become part of health homes, and these providers will require time to meet State and Federal health home standards. The State will allow TCM providers that can meet health home standards to convert to health homes or join with larger health homes. TCM providers that convert to health homes will be governed under NYS Health Home Provider Qualification Standards, not TCM standards. The payment method will be designed to transition all existing TCM capacity from the current rates to the new Health Home payment structure. Effective January 1, 2015 TCM programs for adults will be paid

their existing TCM rates until November 30, 2016. Effective October 1, 2016 through September 30, 2018 TCM programs for children will be paid a transitional rate that is as financially equivalent as practicable to their current rate.

Health Home care management services may be provided to children that are eligible and enrolled in both the Early Intervention Program and Health Home, and will meet and fulfill the requirements of the ongoing service coordination required to be provided to children enrolled in the Early Intervention Program.

All payments will be made under the health home payment detailed above in the care management fee section if they convert to or become part of a health home. Effective October 1, 2017, the case finding PMPM will be paid under the provisions described in the care management fee section.

Children's Transitional Rates

Providers delivering Individualized Care Coordination (ICC) under the 1915c SED or Health Care Integration (HCI) under the 1915c B2H waivers, who shall provide Health Home Care Management services in accordance with this section effective on January 1, 2019, shall be eligible for a transition rate add-on for two years to enable providers to transition to Health Home rates. Health Home Care Management Services eligible for the transition rate add-on shall be limited to services provided to the number of children such providers served as of December 31, 2018. Services provided to a greater number of children than such providers served as of December 31, 2018 shall be reimbursed the Health Home rate without the add-on. The transition methodology is set forth in the transitional rate chart.

Effective October, 1, 2022, Children's Health Homes may receive an assessment fee to ensure that any child who may be eligible for Home and Community-Based Services (HCBS) under the Children's Waiver, demonstration or State Plan authority will be eligible

to receive a timely HCBS assessment under the Health Home program. The HH HCBS assessment fee will compensate the HH for the costs associated with conduct of:

- Evaluation and/or re-evaluation of HCBS level of care;
- Assessment and/or reassessment of the need for HCBS;
- Inclusion of all aspects of an HCBS Plan of Care in the HH's Comprehensive Care Plan.

This fee will be paid in addition to the PMPM calculated above and is contingent upon the Health Home completing a timely and complete assessment.

Effective January 1, 2024, a per member per month (PMPM) care management fee was developed separately for the Health Homes Serving Children designated by the NYS designation process and providing High Fidelity Wraparound. The fee is based on modeling estimated enrollment, staff salaries, benefits, non-personnel costs, overhead, and administrative costs that is based on region under High Fidelity Wraparound based on the caseload assumptions. Separate projections and rates are developed for this population of most vulnerable children who meet the following conditions to be part of this service:

SED diagnosis as well as additional criteria, namely that the child or youth is:

- Between 6 and 21 years of age;
- Has a functional impairment in the home, school, or community as measured by the Children and Adolescent Needs and Strengths (CANS-NY);
- Is Health Home (HH) Enrolled/Eligible through SED or 2 MH diagnoses;
- Is involved with two or more systems;
- Has a history of service utilization with out-of-home residential or inpatient services, crisis and emergency services, intensive treatment programs or represent high needs populations.

Separate rates are developed for the children's High Fidelity Wraparound services for the Health Homes Serving Children.

State Health Home Rates and Rate Codes Effective January 1, 2024 can be found at:

https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/billing/index.htm

Effective April 1, 2024, a supplemental per member per month (PMPM) care management fee was developed for the Health Homes Serving Adults designated by the NYS designation process and providing Health Home Plus Care Management to members who are receiving Health Home Plus Care Management due to an Assisted Outpatient Treatment (AOT) Order. Also rates are adjusted to reflect a 2.84% COLA for Health Home Plus members.

Assurances

- The State provides assurance that it will ensure non-duplication of payment for services similar to Health Homes services that are offered/covered under a different statutory authority, such as 1915(c) waivers or targeted case management.

Describe below how non-duplication of payment will be achieved: All rates are published on the DOH website. Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. All of the above payment policies have been developed to assure that there is no duplication of payment for health home services.

https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/billing/hh_rates_updated_may_2024.htm

- The state has developed payment methodologies and rates that are consistent with section 1902(a)(30)(A).
- The State provides assurance that all governmental and private providers are reimbursed according to the same rate schedule, unless otherwise described above.

PUBLIC NOTICE

New York City Deferred Compensation Plan

The New York City Deferred Compensation Plan (the "Plan") is seeking qualified vendors to provide active Intermediate Fixed Income investment management services for the Stable Income Fund ("the Fund") investment option of the Plan. The Plan is seeking qualified vendors to manage a portfolio against the Barclays Intermediate Aggregate Index. The objective of the Fund is to provide an opportunity to invest in high quality fixed income securities with an emphasis on safety of principal and consistency of returns. To be considered, vendors must submit their product information to Segal Marco Advisors at the following e-mail address: nycdcp.procurement@segalmarco.com. Please complete the submission of product information no later than 4:30 P.M. Eastern Time on April 1, 2024.

Consistent with the policies expressed by the City, proposals from certified minority-owned and/or women-owned businesses or proposals that include partnering arrangements with certified minority-owned and/or women-owned firms are encouraged. Additionally, proposals from small and New York City-based businesses are also encouraged.

SUMMARY
SPA #24-0041

This State Plan Amendment proposes to increase the reimbursement rates for EPSDT early intervention (EI) services. This rate increase is needed to address provider capacity issues that municipalities are facing statewide.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long term care services to comply with the 2024-2025 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2024, the Department of Health will adjust rates statewide to reflect a 1.5% percent Cost of Living Adjustment for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$25.1 million.

Non-Institutional Services

Effective on or after April 1, 2024, noticed provision for a rate change regarding Emergency Medical Services will be revised. All such Emergency Medical Services will be paid established fees for ambulance services providing treatment in place (TIP) without transport, a base fee without a mileage charge. This change will reduce unnecessary Emergency Department (ED) trips, thus relieving ED wait times, improving overall ED and EMS care and reducing Medicaid costs.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$1.2 million).

Effective on or after April 1, 2024, the reimbursement rate for Early Intervention services will increase by 5%. These rates are being increased to address capacity issues that municipalities are facing statewide.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$12 million.

Effective on or after April 1, 2024, rates of payment for Early and Periodic Screening Diagnosis and Treatment (EPSDT) related to behavioral health services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements related to delivery of care in Qualified Residential Treatment Facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$18 million.

Effective on April 1, 2024, conflicts of interest between Consumer Directed Personal Assistance Program (CDPAP) CDPAP Fiscal Intermediaries (FIs) and Licensed Home Care Service Agencies (LHCASAs) will be eliminated.

Effective on October 1, 2024, consumer self-direction will be required in the CDPAP program, and proposed regulation authority relating to quality-of-care standards and labor protections for the CDPAP and Personal Care programs shall take effect.

Effective on or after January 1, 2025, FI procurement will be repealed and replaced with an authorization process.

Effective on or after April 1, 2025, conflicts of interest between CDPAP Fis, Managed Long-term Care Plans (MLTCs), and Health Maintenance Organizations will be eliminated.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for state fiscal year 2025 is (\$200 million) and for state fiscal year 2026 is (\$400 million).

Long Term Care Services

Effective on or after April 1, 2024, the case mix adjustment from the operating component of the rates for skilled nursing facilities shall remain unchanged from the July 2023 rates during the development and until full implementation of a new case mix methodology in accordance with Federal acuity data.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2024 and each SFY thereafter, the Department proposes to reduce funding associated with residential health care facilities' capital reimbursement by 10 percent.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$57 million).

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long term care services to comply with the 2024-2025 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2024, the Department of Health will adjust rates statewide to reflect a 1.5% percent Cost of Living Adjustment for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$25.1 million.

Non-Institutional Services

Effective on or after April 1, 2024, noticed provision for a rate change regarding Emergency Medical Services will be revised. All such Emergency Medical Services will be paid established fees for ambulance services providing treatment in place (TIP) without transport, a base fee without a mileage charge. This change will reduce unnecessary Emergency Department (ED) trips, thus relieving ED wait times, improving overall ED and EMS care and reducing Medicaid costs.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$1.2 million).

Effective on or after April 1, 2024, the reimbursement rate for Early Intervention services will increase by 5%. These rates are being increased to address capacity issues that municipalities are facing statewide.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$12 million.

Effective on or after April 1, 2024, rates of payment for Early and Periodic Screening Diagnosis and Treatment (EPSDT) related to behavioral health services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements related to delivery of care in Qualified Residential Treatment Facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$18 million.

Effective on April 1, 2024, conflicts of interest between Consumer Directed Personal Assistance Program (CDPAP) CDPAP Fiscal Intermediaries (FIs) and Licensed Home Care Service Agencies (LHCASAs) will be eliminated.

Effective on October 1, 2024, consumer self-direction will be required in the CDPAP program, and proposed regulation authority relating to quality-of-care standards and labor protections for the CDPAP and Personal Care programs shall take effect.

Effective on or after January 1, 2025, FI procurement will be repealed and replaced with an authorization process.

Effective on or after April 1, 2025, conflicts of interest between CDPAP Fis, Managed Long-term Care Plans (MLTCs), and Health Maintenance Organizations will be eliminated.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for state fiscal year 2025 is (\$200 million) and for state fiscal year 2026 is (\$400 million).

Long Term Care Services

Effective on or after April 1, 2024, the case mix adjustment from the operating component of the rates for skilled nursing facilities shall remain unchanged from the July 2023 rates during the development and until full implementation of a new case mix methodology in accordance with Federal acuity data.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2024 and each SFY thereafter, the Department proposes to reduce funding associated with residential health care facilities' capital reimbursement by 10 percent.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$57 million).

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long term care services to comply with the 2024-2025 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2024, the Department of Health will adjust rates statewide to reflect a 1.5% percent Cost of Living Adjustment for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$25.1 million.

Non-Institutional Services

Effective on or after April 1, 2024, noticed provision for a rate change regarding Emergency Medical Services will be revised. All such Emergency Medical Services will be paid established fees for ambulance services providing treatment in place (TIP) without transport, a base fee without a mileage charge. This change will reduce unnecessary Emergency Department (ED) trips, thus relieving ED wait times, improving overall ED and EMS care and reducing Medicaid costs.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$1.2 million).

Effective on or after April 1, 2024, the reimbursement rate for Early Intervention services will increase by 5%. These rates are being increased to address capacity issues that municipalities are facing statewide.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$12 million.

Effective on or after April 1, 2024, rates of payment for Early and Periodic Screening Diagnosis and Treatment (EPSDT) related to behavioral health services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements related to delivery of care in Qualified Residential Treatment Facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$18 million.

Effective on April 1, 2024, conflicts of interest between Consumer Directed Personal Assistance Program (CDPAP) CDPAP Fiscal Intermediaries (FIs) and Licensed Home Care Service Agencies (LHCASAs) will be eliminated.

Effective on October 1, 2024, consumer self-direction will be required in the CDPAP program, and proposed regulation authority relating to quality-of-care standards and labor protections for the CDPAP and Personal Care programs shall take effect.

Effective on or after January 1, 2025, FI procurement will be repealed and replaced with an authorization process.

Effective on or after April 1, 2025, conflicts of interest between CDPAP Fis, Managed Long-term Care Plans (MLTCs), and Health Maintenance Organizations will be eliminated.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for state fiscal year 2025 is (\$200 million) and for state fiscal year 2026 is (\$400 million).

Long Term Care Services

Effective on or after April 1, 2024, the case mix adjustment from the operating component of the rates for skilled nursing facilities shall remain unchanged from the July 2023 rates during the development and until full implementation of a new case mix methodology in accordance with Federal acuity data.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2024 and each SFY thereafter, the Department proposes to reduce funding associated with residential health care facilities' capital reimbursement by 10 percent.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$57 million).

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long term care services to comply with the 2024-2025 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2024, the Department of Health will adjust rates statewide to reflect a 1.5% percent Cost of Living Adjustment for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$25.1 million.

Non-Institutional Services

Effective on or after April 1, 2024, noticed provision for a rate change regarding Emergency Medical Services will be revised. All such Emergency Medical Services will be paid established fees for ambulance services providing treatment in place (TIP) without transport, a base fee without a mileage charge. This change will reduce unnecessary Emergency Department (ED) trips, thus relieving ED wait times, improving overall ED and EMS care and reducing Medicaid costs.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$1.2 million).

Effective on or after April 1, 2024, the reimbursement rate for Early Intervention services will increase by 5%. These rates are being increased to address capacity issues that municipalities are facing statewide.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$12 million.

Effective on or after April 1, 2024, rates of payment for Early and Periodic Screening Diagnosis and Treatment (EPSDT) related to behavioral health services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements related to delivery of care in Qualified Residential Treatment Facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$18 million.

Effective on April 1, 2024, conflicts of interest between Consumer Directed Personal Assistance Program (CDPAP) CDPAP Fiscal Intermediaries (FIs) and Licensed Home Care Service Agencies (LHCASAs) will be eliminated.

Effective on October 1, 2024, consumer self-direction will be required in the CDPAP program, and proposed regulation authority relating to quality-of-care standards and labor protections for the CDPAP and Personal Care programs shall take effect.

Effective on or after January 1, 2025, FI procurement will be repealed and replaced with an authorization process.

Effective on or after April 1, 2025, conflicts of interest between CDPAP Fis, Managed Long-term Care Plans (MLTCs), and Health Maintenance Organizations will be eliminated.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for state fiscal year 2025 is (\$200 million) and for state fiscal year 2026 is (\$400 million).

Long Term Care Services

Effective on or after April 1, 2024, the case mix adjustment from the operating component of the rates for skilled nursing facilities shall remain unchanged from the July 2023 rates during the development and until full implementation of a new case mix methodology in accordance with Federal acuity data.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2024 and each SFY thereafter, the Department proposes to reduce funding associated with residential health care facilities' capital reimbursement by 10 percent.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$57 million).

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Date of Issuance – December 27, 2023

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act (CZMA) of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent with the federally approved New York State Coastal Management Program (NYSCMP). The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2023-0839, Chelsea Piers, LP is proposing the Chelsea Piers NYC Public Access Improvements. The project calls for the removal of the walkway and replacing it with a pile supported walkway. The new walkway will be wider at the eastern end to meet the existing shoreline esplanade (Hudson River Greenway) to the southeast and will cover an area of 5,447 SF (2,474 SF more). The new walkway will be supported by 36 - 10.75-inch hollow steel pipe piles. Where the new platform meets the granite block seawall, a new vertical 29.5' x 3.83' concrete seawall extension will be installed to meet the existing grade. The project site is located on the Hudson River at Pier 59, New York, NY 10011.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/system/files/documents/2023/12/f-2023-0839.pdf> or at <https://dos.ny.gov/public-notices>

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice or January 26, 2024.

Comments should be addressed to: Department of State, Office of Planning and Development and Community Infrastructure, Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231, (518) 474-6000. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long term care services to comply with the 2024-2025 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2024, the Department of Health will adjust rates statewide to reflect a 1.5% percent Cost of Living Adjustment for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$25.1 million.

Non-Institutional Services

Effective on or after April 1, 2024, noticed provision for a rate change regarding Emergency Medical Services will be revised. All such Emergency Medical Services will be paid established fees for ambulance services providing treatment in place (TIP) without transport, a base fee without a mileage charge. This change will reduce unnecessary Emergency Department (ED) trips, thus relieving ED wait times, improving overall ED and EMS care and reducing Medicaid costs.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$1.2 million).

Effective on or after April 1, 2024, the reimbursement rate for Early Intervention services will increase by 5%. These rates are being increased to address capacity issues that municipalities are facing statewide.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$12 million.

Effective on or after April 1, 2024, rates of payment for Early and Periodic Screening Diagnosis and Treatment (EPSDT) related to behavioral health services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements related to delivery of care in Qualified Residential Treatment Facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$18 million.

Effective on April 1, 2024, conflicts of interest between Consumer Directed Personal Assistance Program (CDPAP) CDPAP Fiscal Intermediaries (FIs) and Licensed Home Care Service Agencies (LHCSAs) will be eliminated.

Effective on October 1, 2024, consumer self-direction will be required in the CDPAP program, and proposed regulation authority relating to quality-of-care standards and labor protections for the CDPAP and Personal Care programs shall take effect.

Effective on or after January 1, 2025, FI procurement will be repealed and replaced with an authorization process.

Effective on or after April 1, 2025, conflicts of interest between CDPAP Fis, Managed Long-term Care Plans (MLTCs), and Health Maintenance Organizations will be eliminated.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for state fiscal year 2025 is (\$200 million) and for state fiscal year 2026 is (\$400 million).

Long Term Care Services

Effective on or after April 1, 2024, the case mix adjustment from the operating component of the rates for skilled nursing facilities shall remain unchanged from the July 2023 rates during the development and until full implementation of a new case mix methodology in accordance with Federal acuity data.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2024 and each SFY thereafter, the Department proposes to reduce funding associated with residential health care facilities' capital reimbursement by 10 percent.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$57 million).

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. All such Emergency Medical Services will be paid established fees for ambulance services providing treatment in place (TIP) without transport, a base fee without a mileage charge. This change will reduce unnecessary Emergency Department (ED) trips, thus relieving ED wait times, improving overall ED and EMS care and reducing Medicaid costs.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$1.2 million).

Effective on or after April 1, 2024, the reimbursement rate for Early Intervention services will increase by 5%. These rates are being increased to address capacity issues that municipalities are facing statewide.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$12 million.

Effective on or after April 1, 2024, rates of payment for Early and Periodic Screening Diagnosis and Treatment (EPSDT) related to behavioral health services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements related to delivery of care in Qualified Residential Treatment Facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is \$18 million.

Effective on April 1, 2024, conflicts of interest between Consumer Directed Personal Assistance Program (CDPAP) CDPAP Fiscal Intermediaries (FIs) and Licensed Home Care Service Agencies (LHCSAs) will be eliminated.

Effective on October 1, 2024, consumer self-direction will be required in the CDPAP program, and proposed regulation authority relating to quality-of-care standards and labor protections for the CDPAP and Personal Care programs shall take effect.

Effective on or after January 1, 2025, FI procurement will be repealed and replaced with an authorization process.

Effective on or after April 1, 2025, conflicts of interest between CDPAP Fis, Managed Long-term Care Plans (MLTCs), and Health Maintenance Organizations will be eliminated.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for state fiscal year 2025 is (\$200 million) and for state fiscal year 2026 is (\$400 million).

Long Term Care Services

Effective on or after April 1, 2024, the case mix adjustment from the operating component of the rates for skilled nursing facilities shall remain unchanged from the July 2023 rates during the development and until full implementation of a new case mix methodology in accordance with Federal acuity data.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2024 and each SFY thereafter, the Department proposes to reduce funding associated with residential health care facilities' capital reimbursement by 10 percent.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024-2025 is (\$57 million).
